Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the Juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
A few well known gentlemen and physicians, who have tried the Wine.
Gen. W. Scott, U. S. A. Dr. Ward, Newark,
Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y.
Dr. Parker, N. Y. City Dr. Dougherty, Newark
Dr. J. R. Chilton, " Dr. Parish, Phila.
Dr. Drey and Nicholl, Newark, N. J.
None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.
Make One Trial of this Wine.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. WEDNESDAY, JAN. 21, 1863. NO. 144.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined:
The world our home; our brothers, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, [under the Act of 1837,]
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full access to all patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JANUARY 21, 1863.

A POSTAL MONEY ORDER SYSTEM.—The bill for this purpose, which passed the House of Representatives at the last session of Congress, now seems likely to become a law. The loss of small sums of money enclosed in letters, which is constantly occurring, to the great annoyance both of correspondents and the department, imperatively demands the adoption of some safer mode of transfer. This is easily effected by the proposed method, which provides that any person, instead of sending money, may purchase an order at one post office made payable at another, to the party designated and described therein, on the latter's endorsement of the order. These orders will vary in amount from one to thirty dollars, and to be valid, must be presented within ninety days. The extra charge to purchasers will be five, ten or fifteen cents, according to the amount required; and this tax, it is estimated, will be more than sufficient to reimburse the Department for the extra clerical expense required to carry out the details of the system. Thus, by a simple process, familiar in commercial operations, the Government will be enabled to put a stop to numberless petty thefts, and guarantee safety to the public, without exposing itself to risk or responsibility.

☞ The President has signed the bill authorizing the issue of one hundred million dollars in treasury notes, to provide for the immediate payment of the army and navy. In his message he calls the attention of Congress to the evils of an unlimited paper currency. He regrets that it is necessary to authorize so large an issue, when this circulation and that of the suspended banks have already become so redundant as to increase prices beyond real values. Continued issues of U. S. Notes, he says, without any check to the issues of suspended banks, must soon produce disastrous consequences. Congress has power to regulate the currency of the country, and the President suggests a reasonable taxation of bank circulation. In order to raise money by way of loans most easily and cheaply, it is necessary to have a uniform currency, and such a currency can be furnished by banking associations, authorized under a general act of Congress, as suggested in the President's message at the beginning of the present session. The securing of this circulation by the pledge of United States bonds, would still further facilitate loans by increasing the present and causing a future demand for such bonds.

NIGHT TRAINS FROM MAINE TO BOSTON.—There is a talk among the managers of some of the Eastern lines of railroad, of doing something towards accommodating that large class of people who wish to economize daylight; in other words it is proposed to run night passenger trains on some of the principal roads. The Commercial Bulletin hears that the Kennebec & Portland R. R. Co. propose to run a night train to Boston, leaving Skowhegan about eight o'clock, Augusta at ten o'clock, and reaching Boston early in the morning.—There are to be elegant sleeping cars, with a mail and express car attached. It is also probable that trains from Bangor will connect at Kendall's Mills. Another plan is to leave Skowhegan at 5 P. M. and run to Bath, to connect with a nightly line of boats, with mail and express facilities as before mentioned.

RADICAL OPINIONS.—"No Union *with* Slavery" may be as fatal a declaration as "No Union *without* Slavery." The Republican party adopts neither alternative, but goes for quelling the Rebellion—leaving Slavery to abide the consequences of the commotion of which its apologists were the authors. If Slavery be overthrown in the strife, all the better; but if restoration seem practicable upon no other basis than with Slavery, probably a great majority of the people would consent to reunion with it.—The Democratic party entire, and a large portion of the Republican party would undoubtedly assent to reunion *with* Slavery.—But we have not reached a state of affairs when such a decision is to be made. Until that time comes there is no need of resolving we will consent to no Union *with* Slavery in it; and none but desperate men will denounce Restoration, unless Slavery exists as it was before the War.—*Concord Statesman.*

ABOLITION ANTECEDENTS.—We spoke recently of the fact that the Mayflower, after landing the "Pilgrims" at Plymouth, was employed in the slave trade; and that its next venture was a cargo of negro slaves to the Carolinas. We see in the Boston Courier, a letter from Peter Faneuil, dated Feb. 3, 1738, sending fish and alewives to the amount of £75 to Antigua, to barter for "as likely, straight-limbed negro lad as possible—for my own purpose—one that has had the small pox preferred." Faneuil gave the name to Faneuil Hall, in Boston—the so-called Cradle of Liberty—a squally Liberty when it is not asleep!—*N. Y. Argus.*

☞ Mr. Keys, late editor of the Circleville, Ohio, Watchman, has become a raving maniac, owing to his incarceration as a State prisoner. He is at present in the Lunatic Asylum at Columbus.

THE REBELLION.

Rear Admiral Porter, in his official report of the victory at the Post on the Arkansas, says the forts were completely silenced, and the guns, 11 in number, were all dismounted in three hours. The action was at close quarters on the part of the iron-clads, and the firing splendid. The list of killed and wounded is small. The Louisville lost 12, the DeKalb 17, the Cincinnati none, the Lexington none, the Rattler 2. The vessels, although much cut up, were ready for action in half an hour after the battle.

An army letter of the 17th in the N. Y. Tribune says the reports from Nashville that Longstreet's corps has removed westward to reinforce Bragg, are unfounded.—Some batteries, brigades and divisions have been detached and sent to Tennessee.

The New York Express says that parties who left Washington on Sunday, report that orders for the forward movement of the army across the Rappahannock had been countermanded, and that a change of the military programme had been resolved upon, with a view of reaching Richmond by some other route. A special Washington dispatch states that Carl Schurz has received command of Gen. Sigel's corps, Gen. Sigel being placed in command of the Reserve Grand Division.

Gen. McClellan states that when his army went to the peninsula, he left over 70,000 men, and 109 pieces light artillery for the defence of Washington. There are discrepancies between the statements of Gen. McClellan and of other officers of the Government, in this respect.

The gunboat Wissahicon recently drove the rebels out of a battery at Branch Island. A party of cavalry forced them back, and they again opened fire, and the Wissahicon received a shot which nearly sunk her.—She went into Port Royal for repairs.

The N. Y. Post has a rumor that General Halleck has determined to send a large part of the Army of the Potomac to the West. Six deserters from Fort Sumter bring a doubtful story of an extensive mutiny of the rebel garrison there.

☞ A Philadelphia dispatch states that Senator Wall, of New Jersey, was serenaded at the Girard House on Monday night, and made a speech comparing the Union to a ship at sea in distress with an incompetent pilot at the helm. It would never be able to ride the storm till a Democrat took his place. The crowd groaned at the mention of the names of Messrs. Lincoln and Butler, and cheered McClellan. The proceedings were attended with considerable excitement.

☞ Mr. Robinson, the Superintendent of Public Instruction in Kentucky, argues that ignorance was the tool of treason in the South. He produces statistics to show that the counties in Kentucky in which common schools have been most largely established and most liberally sustained, are those which have been most distinguished for a cordial, innovable and self-sacrificing attachment to the Union.

☞ A dispatch to the the N. Y. Times states that there is in the Quartermaster's department at Washington, condemned clothing to the value of $1,280,000, which was regularly inspected and passed last year by the inspector at Philadelphia, and the contractors paid their full value. Being unfit for use in the field, it has been turned over to the hospitals.

☞ The joint resolution authorizing the issue of one hundred millions of U. S. notes having become a law, the Secretary of the Treasury immediately placed to the credit of the several Paymasters an aggregate amount sufficient to pay the arrears due the Army and Navy. Fifty-three Paymasters have been supplied with funds, in sums ranging from $50,000 to $7,250,000.

☞ A son of the Hon. Edward Everett, who is in Cambridge College, England, recently made a marked impression by the ability he displayed in a debating society which was arguing the American question. He demolished the secesh arguments of young Lords Russell and Trevelyan.

THE PRESSURE TAKEN OFF.—A letter from New Orleans, Dec. 30, says:

"The people of New Orleans feel quite free since Gen. Butler left; secessionists feel well. Three shooting affairs in the city within three days, and loud talk of President Davis and insulting remarks to officers and Union men such as have not been known for many months."

☞ Special Washington dispatches state that the Senate has confirmed the nomination of Rear Admirals on the retired list, except Admiral Shubrick, whose name has not yet been reported from the Naval Committee, and Admiral Paulding who was informally passed over in the Senate.

☞ In the Washington correspondence of the Herald, it is said that "the President is anxious to engage the services of enterprising and active young men to distribute copies of his emancipation proclamation throughout the Cotton States.—*Good wages will be given.*"

☞ The recent fire in Arpinwall destroyed some thirty buildings. The total loss is estimated at $250,000.

NEW HAMPSHIRE ITEMS.

—— We knew this was a remarkable winter, but we were not quite prepared for a statement in the Manchester American. One day last week it said:—"For two days we have had a heavy fall of rain, with a temperature far *below* freezing."

—— The name Winona, which is used so often in naming ships, and which is now upon one of the gunboats in the navy, is derived from a legend of northern New Hampshire. This legend is told as follows:

Winona was a daughter of an Indian chief, who had rescued from the hands of the savages a traveller by the name of Thornton, with whom she eloped, and whom she subsequently married. A few years of forest life so wearied the husband, that he concluded to go back into society and communicated that fact to his wife, who was so overcome by the announcement that she killed herself by drinking tea from the nightshade berries. Thornton after performing the last sad rites for his devoted wife, removed to Boston, where in the busy world he hoped to forget this unhappy occurrence. Twenty years rolled by, when one day a traveller came to a public house in Winchester, N. H., and after depositing his baggage, hastened to a grove of cedar, and was found next day, lying by the grave of Winona, dead.

—— Saturday, (the 17th) the anniversary of the birthday of BENJAMIN FRANKLIN, was appropriately celebrated by members of the craft in Manchester. The eleventh toast was—"woman, second only to the press in the dissemination of news." This appears to have been drunk in silence; but the Mirror explains, reportorially, that while the craft honor and adore the "gentler sex," the above was intended as a thrust at our competitors, who throw off mammoth editions of gossipping intelligence.

—— A Concord correspondent of the Boston Journal states that Gov. Seymour of New York, has consented to visit New Hampshire for the purpose of enlightening the people on the merits of the Democratic platform. He will speak in Manchester, Concord and Nashua, and perhaps in Portsmouth and Dover.

☞ Mr. Fessenden, during the spicy debate on the West Point bill last Thursday, a debate abounding in military criticism of the Congressional sort, said a shrewd word for the Academy. He hoped a vote would be taken. He had sometimes almost regretted that all the officers of our army had not been taken from the Senate or House, as they would have had all the knowledge by *a sort of instinctive perception.*

COTTON, RICE, AND SUGAR LANDS are so uninteresting and so unhealthy, that the longer the free people of the North can keep from cultivating them, the better they will be off. The South would be as uninhabitable as the Pontine marshes, were it not for the "niggers;" and in my opinion, the unhealthy parts of Italy might be turned to valuable account, and the poisonous malaria abated, if they would but employ African laborers to drain the swamps and work the lands.—*Genio C. Scott.*

☞ Mr. Aaron Sargent died suddenly in Newburyport on Sunday morning, from no apparent cause. He had been slightly indisposed some days before, but to his physicians, who visited him about an hour before his death, he appeared to have recovered his usual health. He was the father of Hon. A. A. Sargent, one of the representatives in Congress from California.

LOOKING OUT FOR SLIGHTS. Some people have a peculiar facility for making themselves uncomfortable. Keeping self uppermost in their thoughts, they imagine that others are negligent in attentions which courtesy or friendship exact, and discern offence where nothing of the kind was intended.

☞ A correspondent of the Portland Transcript, vouches for the truth of the following:—

"A woman was married in the vicinity of North Paris, Me., last week to her third husband, all three of whom are now living. By mutual consent the last one that gets her is welcome to her. The name of this woman is somewhat remarkable. We give it in full as it is now, viz.: Diantha Jane Angeline Rawson Washburn Estes Dunham Dammon."

☞ A correspondent of the Portland Press, describing the reception of Gen. Butler in Faneuil Hall, says that Butler is like one of those ingenious signs which can be read from three different points of view at once, and so when he looks at any part of the hall you feel sure he is looking at you, and of course you have to cheer all the time.

☞ Baron Rothschild's expenses for the breakfast at Ferrieres, to Louis Napoleon, were one million and a half of francs—$300,000. Things were done in bang-up style, but it was "steep" for a two hours' entertainment.

☞ The French and Spanish Consuls were ordered out of the Confederacy because of their efforts in the Texas scheme.

☞ Advices from Havana state that the rebel steamer Alabama was off there January 5th.

☞ A hospital to accommodate about 4000 patients is being established at Aquia Creek.

The railing of a cross woman, like the railing of a garden, keeps people at a distance.

☞ In the S. J. Court, at Saco, Me., on Saturday, was commenced the trial of the case John H. Ellis vs. Ira Andrews. Assumpsit, to recover damages sustained by reason of alleged false representations made by the plaintiff in exchange of horses.

On Monday morning the Court charged the jury in the case, when the jury retired to their room and remained out all day Monday and till late at night, but were unable to agree upon a verdict.

☞ During banking hours on Monday, a man entered the banking house of Jay, Cook & Co., Philadelphia, and carried off one of a number of bags of gold lying on the counter awaiting shipment to New York. The bag contained $5900. The thief was subsequently arrested at a jewelry store on Chestnut street and the money recovered.

☞ The gunboats building in Maine are each to have the following armament, viz.: two one hundred-pounder pivot guns, rifled; four nine-inch Parrot guns; two thirty-two pounders. This will make a battery almost equal to an old fashioned line-of-battle ship.

☞ Prentice, of the Louisville Journal says "those who talk of a reconstruction of the Union, with New England left out, are no better than the other rebels," which statement tersely sums up the whole question.

☞ The redoubtable "Benicia Boy" has joined a society for the promotion of horticulture. Vanity Fair says it is the Pummelogical Society.

LOST—On Monday, 19th inst., probably between South School House and Market Square, a leather POCKET BOOK, containing about $150, more or less, mostly in out of town bank bills.—The finder shall be *liberally* and *satisfactorily* rewarded on leaving the same at the Chronicle Office.

Special Notices.

Notice.

WANTED, Immediately, 1000 Barrels first quality APPLES, to be delivered in Portsmouth. Apply to G. V. ROWE, or at the store of JOHN STOKELL, Market Street.

A vessel will leave Portsmouth for the Potomac, on or before the 1st of February; and in reply to numerous inquiries would state that he will take charge of packages or boxes for the Army, and use all endeavors to have them safely delivered, for a fair compensation.

G. V. ROWE.

Portsmouth, Jan 19, 1863.

One Hundred Men Wanted!

One hundred good, able bodied MEN are immediately wanted by the subscriber. The duty for which their services are required is of the light est, pleasantest, most exciting and agreeable character. The inducements are equal to any which have been offered within the last two years:—the pay is large and prompt, and the treatment of a very superior nature.

Wagoners, Hostlers, Blacksmiths, Saddlers, Buglers and Tailors will find employment in their several callings and extra pay.

Full particulars can be obtained by applying to the subscriber, at No. 53 Congress Street, Portsmouth, N. H. tf W. O. SIDES.

NOTICE.

From this date, the Prices of our Daily and Weekly issues will be—

DAILY CHRONICLE 85 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. For eight months, $1.

Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

THE REPUBLICAN CONVENTION for the nomination of Senator from the 1st District, was held at the Franklin House in this city on Tuesday. The Convention was called to order by John H. Bailey, Esq., of Portsmouth, and on motion a committee, of which Aaron H. Young was chairman, was appointed to nominate permanent officers for the Convention. The committee reported —for President, Samuel Colley, Esq., of South Newmarket; Vice Presidents, G. B. Sanborn of Hampton Falls, and G. R. Davis, of New Market; Secretaries, J. T. Brown, of Hampton, and John S. Harvey, of Portsmouth. These nominations were ratified.

After the appointment of the usual committees, an informal ballot for candidate for Senator was had with the following result:

Whole number of votes cast	40
John French had	1
Charles A. Nason	4
Samuel H. Haley	4
Darius Frink	7
William Sanborn	9
Charles W. Hatch	15

The formal ballot resulted:—Scat. 2; Sanborn, 7; Frink, 7; Hatch, 24; and on motion the nomination of Chas. W. Hatch, Esq., of Greenland, was made unanimous. A committee was appointed to inform Mr. Hatch of his nomination, and they having attended to their duty, Mr. Hatch appeared, and in an appropriate speech accepted. Speeches were also made by Messrs Brooks, Colley, Batchelder, Morse and others, after which the Convention adjourned without day.

☞ In a private letter from an officer of the 4th regiment, at Port Royal, S. C., which we received on Tuesday, the writer thus refers to the recent severe illness of Capt. Geo. F. Towle, Co. F, of this city:—"I suppose you are aware how near Capt. Towle came to death. Indeed, we had no idea that he would survive a single day. But he is much better now, and I presume will go to New Hampshire on a furlough, to effect a permanent cure. Capt. Towle is our best officer and ought to be promoted to a field appointment."

☞ The U. S. screw-sloop Sacramento, at the Portsmouth Navy Yard, has been ordered after the Alabama. If Captain Boggs has an opportunity to point his guns at him, the coon may as well "come down."

☞ A Fortress Monroe letter of the 18th says the Vanderbilt was being rapidly coaled, and would leave in a day or two in search of the Alabama. She left Fayal Dec. 31, leaving in port the clipper ship Typhoon, Capt. Salter, from Calcutta for Cork. The Typhoon arrived at Fayal Dec. 24, having lost six of her men, including the chief mate, by over exertion.

☞ We have received per mail, the report of the New England Soldier's Relief Association, Rooms 194 Broadway, New York. A glance at it will satisfy any one of the benefits this Association is conferring. Inclosed also we find an envelope addressed, "New England Soldier's Relief Association, 194 Broadway, New York," with the statement that "donations of money and material are solicited for the comfort of the soldiers. If these envelopes are used for inclosing money, or are attached to any parcel forwarded for that purpose, Elias Howe, Jr., of New York, will be responsible for the expenses of transportation."—And we are requested to "please use or place this envelope in good hands, and call the attention of our readers thereto, and oblige The Daughters of New England." All which we hereby do, and the Report and envelope may be seen and obtained at the Chronicle Office, by any interested parties.

☞ Gen. McClellan is expected to arrive in Boston to-day, (Tuesday,) where he will remain about a week. It is said he declines any public reception.

☞ Five companies of the Maine 7th regiment will leave Portland this (Wednesday) morning, on its return to the seat of war. They will go in a special train.

☞ There has been a subscription among the Americans in Chili to aid sick and wounded Federal soldiers. Minister Mackie has been presented with a Chilian flag to raise in Washington as a pledge of fraternity.

☞ It is doubtful if there is any truth in the story of the drowning of thirty or more of a skating party in Broome county, N. Y. Thus far it lacks confirmation.

☞ There was a severe earthquake in Guatemala Dec. 19th. Two towns were nearly destroyed, and great damage done to buildings in all places.

☞ A large quantity of counterfeited issues of the Concord, Manchester and Lawrence Railroad are now in circulation in Boston. They are well done.

Remember that it is a great deal better to suffer wrong than to do wrong.

☞ A man named A. Muller was arrested in New York, on Saturday, while about having some $30,000 counterfeit New York city currency finished for country circulation. The bogus notes were captured. The real city currency has not yet been put in the market.

☞ Propositions are before the Legislatures of Pennsylvania and New Jersey to prohibit negroes from coming into those States hereafter. Memorials numerously signed have been presented in favor of the measure.

☞ If half as much zeal were shown here at the North, in encouraging the soldiers and in strengthening the hands of the Government, as is shown in carping and criticising and croaking, there would be some prospect of bringing the war to an end.

Cowper says that "the tear that is wiped with address may be followed, perhaps, by a smile." If it is a woman's tear the perhaps is unnecessary; you can always dry it with a dress.

☞ The last story of the "reliable gentleman" is that a number of Federal soldiers took three contrabands across the Rappahannock into the rebel lines, and traded them off with the rebel soldiers for three sheep.

☞ A new and beautiful house of worship erected by the First Congregational Church at Wells, Me., was dedicated Thursday, the 8th inst.

☞ The course of true love with a certain couple in Elmswell, England, recently terminated in a happy marriage, after a courtship of 26 years.

☞ It is stated that Messrs. Baring, of London, have five million dollars on deposit belonging to citizens of the South, who are either now in Europe or on the way thither.

☞ In Manchester, England, a young woman was passing the fire when her crinoline pulled a kettle over, and the boiling contents scalded a child to death.

MARRIAGES.

In Exeter, on the 13th inst., Mr. MARTIN VANBUREN CLEMENT, aged 37.

In South Dartmouth, Mass., Jan. 12th, Mrs. C. C. BAILEY, relict of the late J. A. Bailey, aged 77 years 7 months.

DEATHS.

In this city, Sunday evening, Jan. 18, BOARDMAN MATHES, aged 7, son of Thomas Mathes.

In Exeter, Mr. BENJAMIN F. LANG to Miss HANNAH S. HARVEY, both of Lee.—Jan. 17th, Mr. JOHN F. BARKER to Miss HANNAH L. WIGGIN, both of Stratham.

In Newmarket, Jan. 1st, Mr. CHARLES BENSON to Miss MARTHA MURRAY, daughter of David Murray, Esq., of Newmarket.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Sld 19th, sch L M Stewart, Stewart, Boston.

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

Wedding, plain, Initial, or Business ENVELOPES, on hand, furnished, or Printed to order—in any style.

All sorts of Cards, Papers, and other stock, furnished for Printing.

☞ MATHEWS' ARNICA HAIR GLOSS is the FINEST HAIR-DRESSING compound in the world. dec31-1m

CARDS AND BILL HEADINGS are indispensable to the business man, and we would remind all in want of such work, that the Chronicle Office is the place to get it done.

BRUSSELS TAPESTRY CARPETS FOR 87½ CENTS.—Balance of invoices of these goods we are selling at old prices. Also, 8-plys, Kidderminsters and Ingrains, purchased at the auction trade sales in New York before the advance in prices. Also, Oil Cloths at manufacturers' prices. Also, Royal Medallions and Velvets of English productions, all of which are selling at much under the market rates, by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—Having placed in store a large stock of Carpetings from the auction trade sales in New York, previous to the great advance in prices, we are now offering all grades at much less than the ruling rates. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—There can be but one best place at which to select your Carpets. Large assortment—low prices—correct representation—no deviations from prices—terms cash. On the principles embodied in the above phrases a large trade and satisfactory to all concerned, is carried on by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston. dec 20

CARPETS.—*Our systems of trade*—One price system; cash system. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

☞ 1,000 pieces Tapestry Brussels, of English manufacture, from the late auction trade sales in New York, now selling at much under price by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

E. A. STEVENS,

NO. 46 MARKET STREET,

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to bake six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Halt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesver, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj. M. Parker, Charles A. Wiggin, George W. Plumer, Natl'l Dennett, Henry F. Gerrish, John Barratt, Thos Murphy, Capt. Wm. Lambert, Joseph Miles, John Sowle, Wm. Bell, Rufus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel S. Dixon, Daniel I. Pryor, Cashman Pryor, of Trefethens Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Hoben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling plate, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to Independence." Let every man, woman and child who uses Wine, see that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

LEWIS RICE, Proprietor.

Boston, Jan. 1862. jan31 6tyr

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1862. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May* 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Emery Eiles, a well-known merchant of Orford, Mass.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratten, Bristol, England.

"I only pay my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged 14, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months past."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Cogs, Esq., of the widely-known firm of Cogs, Murray & Co., manufacturers of enameled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks longer a new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without the slightest trace of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Swain, Houston St., New York.

"Dr. AYER. I seldom fail to remove *Erysipelas and Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of Erysipelas *Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. C. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had yellow blotches on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicine. The sleeves were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Shelkey, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other medicines, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the lotion of Sarsaparilla, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The chilblains vanished, his hair came out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Stout, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. AYER. My dear Sir: I have found your SARSAPARILLA an admirable remedy for *Syphilis*, both of the *primary* and *secondary* type, and effected in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had business on the subject of his health, was free of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of AYER'S SARSAPARILLA. Some cases, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Worcester, of Nashua, N. H.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Scrofula, and other kindred diseases, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when the effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,
when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S
CATHARTIC PILLS
possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of **WATCHES** in all its branches.

Particular attention paid to adjusting CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE EQUATION TIME of Portsmouth at this establishment, and are invited to call.

Also Agent of

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new and elegant and extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress street arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and by an independent entrance.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions, which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,
Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.
DR. GOODALL

Would respectfully inform his patrons and the public, that he is still prepared to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, on the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: it is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no insertices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a substitute. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too! I will warrant it perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

St. Louis Flour.
TO BARRELS Whitehead Family Flour, "*war ranted,*" for sale by
MOULTON & BLAISDELL,
jy31 No. 1 Market Square.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats is prevented from being noticeable to the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and will burn a continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them to the highest terms of praise.

We would refer to the following purchasers:

MAGEE COOK.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, pure and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache, so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former modes, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass through the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

The heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the coolest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire can be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the skin, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SPEER'S SAMBUCI WINE
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Intermittent, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, is mild and pleasant, of a peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO a few well known gentlemen and physicians, who have tried the Wine.

WEEKLY $1.50 per year, or $1.25 in adv.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. THURSDAY, JAN. 22, 1863. NO. 145.

Advertising.
For a Square (1 inch) or less, one insertion 60 cents, three insertions $1, one week $1.50, one month $3, three months $5, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly Gazette without special order and charge.
Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.
Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State—a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.
—Also—
Particular attention given to LAND SURVEYING, DRAFTING and CIVIL ENGINEERING.

N. B.—Premium allowed on Gold and Silver coin.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1857,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal and early terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and all other advice rendered in all matters touching the same. Copies of the claims of any Patent, furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL. ALL THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
There, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now *pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN LAGGART.
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

New Music,
For sale by JOSEPH H. FOSTER

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JANUARY 22, 1863.

☞ Gen. Sigel, it seems, is not an admirer of the red tape system. It is told of him that, a day or two since, he procured a steamer load of soft bread for his troops and carried it to Bella Plain, where the officers in charge of the landing would not allow it to be landed. The General immediately marched a force to the wharf, sufficient to overawe the harbor master's guard, and triumphantly took the bread on shore.

☞ One of the Sons of Portsmouth, just from the South, in the U. S. service, informs us that he is surprised and indignant at the "secesh talk" of certain busy managers here—such as he had not heard. An old acquaintance, knowing him to be a life-long democrat, urged him to subscribe for the Boston Grumbler's Organ. The answer was, No, if you would give me such a paper, I would not take it, except with the tongs.

☞ The workmen at the Portsmouth Navy Yard have not yet received their pay for the month of December. The cause of the delay is owing to the fact of the Purser having received no information from Commissioner Boutwell in relation to the number of days which constitute a working year. A tax of three per cent is to be levied on all whose income exceeds six hundred dollars per year, (i. e. $600 is exempted from taxation,) and it is a matter of considerable interest to the workmen as to whether 365 or 313 days should constitute a working year.

☞ The machinery of the Sacramento is in working order, and she will soon proceed to sea. She is of the same class as the Juniata, built in Philadelphia, which proved a complete failure. The former however, is of a different model, and she will, undoubtedly, give a good account of herself.

☞ Lieut. John S. Sides, of Co. K, 2d N. H. Regiment, has been compelled by reason of ill-health to resign and has returned to his home in this city. For many months he has been in command of Company K, and has ever been a prompt, efficient, and popular officer. George E Sides, who went out as a Sergeant, now has command of the company.

The President himself holds his place not by the will of the majority, but by virtue of the provisions of the Constitution, which placed him in his office by the votes of about 1,800,000 against the votes of about 2,800,000 who did not agree among themselves as to opposing candidates. He continues rightfully to hold his office, although the popular majorities, even in the States which placed him there, have in the recent elections declared themselves politically opposed to his administration. The majority are still bound to respect his constitutional rights, to uphold its powers and to sustain his acts done within the limits of rightful authority.—*Gov. Seymour.*

☞ In skating upon a pond at Bloomfield, N. J., some days since, a boy named Higgins fell through the ice, remaining in the water out of sight some fifteen minutes, when he was taken out for dead. A village physician, however, applied a galvanic battery, with other means, and after six hours' labor succeeded in restoring animation.

☞ A black horse, belonging to the estate of the late Gen. Philip Kearney, was sold on Tuesday in Newark, and brought only $130. The horse was captured from the renowned "Black Horse Cavalry" regiment, during its charge at Manassas, and subsequently purchased by Gen. K., who had it brought to Newark before his death.

☞ The London Court Journal announces that the last descendant of Calvin has turned from Protestantism to Roman Catholicism. Monsieur Calvin was received into that church in Paris last month.

The above report is declared to be untrue, on the simple ground that Calvin left no children.

☞ Mons. Thouvenel, the French Minister of Foreign Affairs, lately said to one of the Japanese Ambassadors at Paris, whom he saw devouring his food raw: "How can you eat raw fish?" "The same way you eat raw oysters," was the quiet reply. It silenced Mons. Thouvenel.

☞ The N. Y. Tribune of Saturday notices that "operators appear to have abandoned the idea that the Government is in its death throes, and that its securities and others are valueless, placing all their faith in gold. This was a very general sentiment in the early part of the week."

☞ The Rev. Dr. Nott, President of University College, is dangerously ill at his residence at Schenectady. He is paralyzed, and cannot long survive, though he still retains the strength and clearness of his great intellect. The venerable doctor is now in his 90th year.

☞ A Washington correspondent counted 140 Union officers in the whiskey shops of Washington—most of them drunk, during two hours time.

THE REBELLION.

Four refugees from Richmond, who are reported to have left that city Jan. 12th, state that there was much excitement in Richmond, owing to reports of immense Federal forces in North Carolina. Anderson's rebel division of Jackson's corps passed through Richmond southward, which fact added much to the excitement. The Merrimac was fully tried, and proved a complete failure. The main body of the rebel army is said to be about midway between Fredericksburg and Richmond, on the railroad. There is said to be considerable Union sentiment yet in the city.

During Saturday and Sunday nights the rebels were actively engaged in massing their artillery and infantry opposite the fords on the Rappahannock above Falmouth. They are also engaged in constructing and extending new lines of rifle pits and redoubts for artillery up the river. The weather was cool and clear. The roads are hard, and everything favorable for active operations. The health of the army is good.

Eighty-four members of the Missouri state Legislature have adopted a memorial to the President, stating that there is still a very large substratum of treasonable sentiment, which may break out at the first favorable opportunity, and asking therefore that the vigorous policy of the Government in that State may be still maintained.

☞ By a note from Mr. James S. Pierce, at Panama, we learn that the U. S. storeship Warren, was sold at auction at that port, on the 1st day of January, for $3800. She was purchased by the Panama railroad company, who will make use of her as a store-ship in the bay of Panama. By the terms of the sale, which was made at the order of Rear Admiral Bell, all articles, including anchors, cables, tanks, ballast and armament, were to be removed from her previous to her being delivered to the purchaser.

☞ Thomas Blanchard, who asked for an extension of his patent by Congress, for his wood-bending machine, has had his case examined, and an adverse report has been made.

☞ About seven sixteenths of the persons liable to do military duty in Androscoggin County, Me., are in the army in the service of the United States.

☞ Mrs. Wealy, wife of Lackman Chapman of Gilead, was killed instantly, a few days since, by falling out of a sleigh. She was 51 years of age.

When one of two or more women, approaching you on a narrow walk, falls behind the other to enable you to pass, you may be sure she is a lady of uncommon politeness and consideration.

☞ The Liverpool Chamber of Commerce has resolved to give a suitable reception to the officers of the first ship from America with provisions for the distressed operatives.

☞ The main English journals indignantly repudiate the Times' recent advocacy of slavery on Scriptural grounds.

☞ A ship had reached Liverpool with 1700 bales of cotton from Cape Good Hope, grown from Sea Island cotton seed. Another vessel brought 350 bales from Portugal.

☞ It is said that the State Department is in receipt of intelligence of the most cheering nature from abroad in regard to our foreign relations.

"Bobby, what is steam?" "Boiling water." "That's right, compare it." "Positive, boil; comparative, boiler; superlative, burst."

☞ A deed was executed in Hartford a few days since on which the revenue stamps cost $89.

☞ Thieves entered a store in New York city through a hole in the rear wall, and removed $20,000 worth of silks and other goods, which have been recovered by the police. The robbers are yet uncaught.

☞ A gang of burglars has been broken up in Sussex county, N. J. Three men were wounded in accomplishing the arrest of one of the guilty parties. None of the men were seriously injured.

☞ A Washington dispatch states that the President has a list of 120 Generals to be nominated to the Senate for confirmation. It is doubtful if all these candidates for military honors will pass the searching investigation of the Senate.

We suppose that if Wendell Phillips had made such a radical speech in New York as Ben Butler made, the whole city stock of rotten eggs would have been exhausted on him, and yet Ben only told the truth.—*Lewiston Journal.*

☞ The Tribune's dispatch says there is a dead lock between the Federal and State authorities in Wisconsin upon the subject of the draft.

☞ Alderman Boole has telegraphed from Washington "to see to the defences of New York harbor."

☞ In consequence of sickness in his family, Gen. McClellan has postponed his visit to Boston.

☞ We are indebted to Mr. James S. Pierce for late Panama papers.

NEW HAMPSHIRE ITEMS.

—— A newspaper correspondent states that the 5th New Hampshire, although numbering only about 100 men capable of bearing arms, has more men than muskets. Circumlocution has interposed obstacles since two weeks prior to the Fredericksburg battle, against furnishing 40 or 50 muskets more than were on hand, and Quartermaster's requisitions, though made several times, have not been answered. Practical people at home will wonder that men should go unarmed so long; but "red tape" is the cause.

—— The following are the gubernatorial and Congressional candidates of the two political parties in this State: For Governor—Joseph A. Gilmore, of Concord, (R); Ira A. Eastman, of Concord, (D.). For Congress—1st District, Joel Eastman, (R) of Conway, Daniel Marcy, (D) of Portsmouth; 2d District, Edward H. Rollins, (R) of Concord; Col. Geo. H. George, (D) of Concord; 3d District, James W. Patterson, (R) of Hanover, William Burns, (D) of Lancaster.

—— The only paper now published in Grafton County is the Free Press, (republican) at Lebanon.

—— Capt. Horace C. Bacon, of the 11th regiment has been serving on Court Martial.

—— Judge C. R. Morrison, of Nashua, Adjutant of the 11th Regiment, having received a severe wound at the battle of Fredericksburg, is now absent from his post on a furlough extending to February 1st.

—— At the Butler reception in Boston, last week, Capt. Wm. Sanborn of Seabrook, had his pocket picked of $165.

—— On Friday night last, about sixty feet of the upper portion of the mill being erected at Suncook, fell to the ground, in consequence of the action of the frost on the mason work done since the cold weather began.

—— The N. Y. Argus thus speaks of Col. Cross:—

Col. Edward Cross, of the 5th N. H. Volunteers, a regiment which has no superior in the Army of the Potomac, has been three times mentioned in orders for "gallant and meritorious conduct," and has been recommended for promotion by the following Generals: McClellan, Burnside, Sumner, Couch, Hancock, Howard, French, Richardson, Sedgwick and Caldwell. Notwithstanding this, and the fact that Col. Cross has been wounded nine times in battle, we see by the papers that he is yet in command of his regiment, and, although still suffering from wounds, has again taken the field.

A Gentleman was riding with a lady in an open carriage, "all of a summer's day," and accidentally—men's arms, awkward things, are ever in the way—dropped an arm round her waist. No objection was made for awhile, and the arm gradually relieved the side of the carriage of the pressure upon it. But of a sudden (whether from a late recognition of the impropriety of the thing, or the sight of another beau coming, never was known) she started with volcanic energy, and with a flashing eye, exclaimed, "Mr. Brown, I can support myself!" "Capital!" was the instant reply, "you are just the girl I have been looking for these five years—will you marry me?"

☞ Mr. Jessie Harding, of Skowhegan, Me., was killed a few days since by two boys who were coasting. He said the boys ran him down on purpose. He was so badly injured that he died in a day or two afterwards.

In the days of the old volunteers, a respected inhabitant of Greenock commanded a company, which he duly drilled and paraded, though his recruits were but an awkward squad. They would never draw up in a straight line, do what he might.—"Oh," he cried, one day, holding up his hands in horror as he looked along the front rank—"Oh, what a bent row! Just come out, lads, and look at yourselves!"

☞ An army correspondent of the Boston Journal speaks of Col. John H. Jackson, of this city, of the 3d N. H. Regiment, as having "a profound respect for the Sabbath, regularly attending religious services, and encouraging his men to do likewise."

Treading on Impossibilities.—When stretched upon his bed in the agony of gout, it was reported to Chatham that one of his official subordinates pronounced an order impossible of execution. "Tell him," said he, rising up and marching across the room on his painfully swollen feet, his face streaming with perspiration from the excruciating effort, "tell him it is the order of a man who treads upon impossibilities."

☞ A letter from Lieut. N. J. Coffin, Co. K., 13th regiment, informs us that he has got been seriously sick, as was reported.—He has been constantly on active duty except on two days, when he was slightly unwell.

☞ Surgeon S. F. Cooke, of the Housatonic, on the Charleston blockade, has returned home to Washington, on account of ill health.

☞ On New Year's evening, in East Greenwich, R. I., Cæsar Clark, aged about 100, was married to Betsy Fry, aged about 70.

A man inquired in the office of The Aroostook Times, the other day, if they charged as much for advertising a colt, as they did for an old horse.

He who said that the half is often better than the whole, might have added that none at all is often better than the half.

[Communication.]

Acts of the Fathers.—The New-York Argus makes mention of the famed Mayflower, which brought the Pilgrims to Plymouth, and says that her next adventure was to carry a cargo of slaves [from Africa] to Carolina. It also fishes up, by means of the Boston Courier, an old letter of Peter Faneuil, dated 1738, wherein he seeks to buy a negro boy as a slave. These two items of history are paraded under the head of "Abolition Antecedents," accompanied by a sneer of the Argus at the "Cradle of Liberty," showing that the whole paragraph was designed to help the rebel crew who are drenching the land with blood, in the hope to establish an empire whose corner stone shall be slavery.

But, asks Uncle Toby, what improvement shall we make of these facts? after the manner of the old fashioned preachers. Are the pilgrims disparaged by the fact that the Mayflower, which they did not own, once carried negro slaves? We don't see it. But if they had owned her, and if, like Peter Faneuil, they had bought negro boys, what then? Was it right or wrong? If right, it is no reproach to any body. If it were wrong, as we say it was,—then we, as honest men should renounce it, and denounce it, even though some blockhead or hypocrite should find fault because we transgress "the tradition of the elders."—We would say, Take care not to make void the law of God by your tradition!

We honor the forefathers—but that is no reason why our wheels must always travel in their old ruts. One of Uncle Toby's illustrious predecessors in the pastoral office, persecuted and drove away a Baptist church and minister from Kittery, almost 200 years ago,—as if Baptists "had no rights which [parish priests] were bound to respect."—Uncle T. never felt bound by this "antecedent," nor is he bound in the least degree by that grand judicial and historical sham, on which Judge Taney tried in vain to make a great decision. He failed, only because an old lie could not be transfigured into a new truth.

☞ A convict who attempted to escape from the N. Y. State prison received five pistol bullets in his body, and was put in a narrower cell—from which there is no escape—his coffin.

☞ Seventy nine thousand passengers were carried by the Atlantic steamers last year—28,500 to Europe, and 50,400 to the United States. This is an increase of 9600 over the previous year.

A little girl was standing by a window, busily examining a hair which she had just pulled from her head. "What are you doing, my daughter?" asked her mother. "I'm looking for the number, mamma," said the child; "the Bible says that the hairs of our head are all numbered, and I want to see what number is on this one."

☞ The Bartlett Mills of Newburyport have declared an extra dividend, payable on the 1st of February, of 10 per cent. The three dividends declared for the year amount to 26 per cent.

☞ The President is reported as far more hopeful of the country than he was a year since.

A little fellow who had just mastered the first few chapters in the New Testament, as he came in shivering with cold from the nearest patch of ice, where he had been watching the skaters, told his mother he wished she would make a fire in the oven so as to warm the weather. When asked what he meant, he archly replied "Don't the Bible say 'tomorrow is cast into the oven!'"—*Portland Press.*

CONGRESS.

Tuesday.—In the Senate, Mr. Hale, from the Naval Committee, reported back the bill to authorize letters of marque and reprisal, and said he should call it up at an early day. The bill to reorganize the Court of Claims was taken up and several amendments adopted.

In the House, the Committee on the Postal and Military Railroad between Washington and New York was empowered to examine witnesses under oath as to the probable cost, receipts, &c. A resolution that Wm. Vanilever is not entitled to a seat in the House, since he was mustered into the service of the United States as Colonel of the 9th Iowa regiment in September, 1861, was adopted. Mr. Maynard raised a question that the resolution expelled Mr Vandever, and that the Constitution in such cases required a vote of two-thirds. The Speaker overruled the point. Mr. Maynard appealed from the decision. Pending the question on the appeal, the House went into committee of the Whole on the bill providing Ways and Means for the support of the Government.

☞ From several sources reports are received that the Northwestern Indians are preparing for a renewal of hostilities in the Spring. Troops are being stationed for the protection of the frontier.

☞ The Rev. Dr. Tyng, of New York city, in a recent sermon at St. George's Church, said that during the past five years he had been absent from his pulpit but 15 times.

☞ Capt. John Brown, of the 30th Ohio, the son of the famous John Brown, is one of the officers dismissed from the service for being absent without leave. He is sick.

☞ Sympathizing addresses to President Lincoln have been adopted at meetings in London and Birmingham.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard therein, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, late intestate deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded on the north by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth

in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge

ja22 S. D. WINGATE, Register of Probate.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

DAILY CHRONICLE $5 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 9 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. For eight months, $1.

Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

To Nervous Sufferers of Both Sexes.—

A REVEREND GENTLEMAN HAVING BEEN restored to health in a few days, after undergoing all the usual routine and irregular expensive modes of treatment, without success, considers it his sacred duty to communicate to his afflicted fellow-creatures the MEANS OF CURE. Hence, on the receipt of an addressed envelope, he will send (free) a copy of the prescription used. Direct to Dr. JOHN M. DAGNALL, 186 Fulton Street, Brooklyn, N. Y. jan17

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

LOST—Some time since, a Lady's GOLD SCROLL PIN. The finder will be rewarded on leaving it at the Chronicle Office. jal2

☞ An Albany paper tells a pretty tough story of a dog which forsook his master, an Englishman, the moment he renewed his oath of allegiance to the British crown; and took refuge at the railroad station, where the Stars and Stripes are kept flying, and *dog*-gedly refused to be enticed away, even by the choicest of sirloin steak.

☞ The Courier denies that Rev. Dr. Nehemiah Adams of Boston, on casting his vote at the last State election, said, "I mean that vote for Charles Sumner." Dr. Adams made no such remark, and his vote was of the opposite character to that intimated.

☞ The Portland police discovered a barrel of liquor the other day, buried deep in the ground, from which a pipe conveyed the beverage to the counter of the owner—with the aid of suction.

☞ The book publishers held a meeting in New York on Friday and passed resolutions denouncing the paper makers' monopoly, and calling upon Congress to repeal the present prohibitory duty on paper.

☞ Pennsylvania last season exported coal to the value of $34,000,000. Of coal and coal oil she produces more value than California does of gold.

☞ Miss Allen, a handsome young lady of Woonsocket, committed suicide a few days ago. Grief and love.

BIRTHS.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to bake six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not it has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Burnham, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hasley, Mr. Melvin Huntress, Jos. D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cannon, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry E. Gerrish, John Barrett, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Sohier, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts of Portsmouth, Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island, Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use.

Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

☞ ATTENTION, THE WHOLE! ☜

SYR, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about one year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may30o

Ayer's SARSAPARILLA,
THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.
From Emery Eden, a well-known merchant of Corinth, Maine.
"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree that it has been no medicine like it before in our community."
Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.
From Rev. Robt. Stratton, Bristol, England.
"I only do my duty in speaking out to the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an affecting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."
From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.
"My daughter has suffered for a year past with a very virulent eruption, which was pronounced tetter. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."
From Charles P. Gage, Esq., of the widely-known firm of Gage, Hubbard & Co., manufacturers of enamelled papers in Nashua, N. H.
"I had for several years a very troublesome humor in my face, which at times so disfigured me as to render me almost unfit for business. The worse I dosed with your SARSAPARILLA, which soon completely cured me."
From Charles F. Gage, Esq., of the widely-known firm of Gage, Hubbard & Co., manufacturers of enamelled papers in Nashua, N. H.
"I had for several years a very troublesome humor in my face, which at times so disfigured me as to render me almost unfit for business. The worse I dosed with your SARSAPARILLA, which soon completely cured me."
Erysipelas—General Debility—Purify the Blood.
From Dr. Robt. Searle, Houston St., New York.
"DR. AYER: I seldom fail to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."
From J. R. Johnston, Esq., Wilkesville, Ohio.
"For two years I was troubled with a large tetter on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of their medicines. The sores were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA, took two bottles, and was cured by THREE. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and others are taking it."
From Hon. Henry Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.
"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."
St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.
From Harvey Sickler, Esq., the able editor of the "Independent Democrat," Harrisburg, Pa.
"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until his face was covered with a mass of one sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other external remedies, but to no apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and frightful wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion as you direct. The result was that in a few weeks we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew and now are as fine as ever, and his hair as raw other. The whole neighborhood predicted that the child must die."
Syphilis and Mercurial Disease
From Dr. Hewes Stout, of St. Louis, Missouri.
"I find your SARSAPARILLA a most effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."
From A. J. French, M. D., an eminent physician of Lancaster, Ohio, who is a prominent member of the Legislature of Massachusetts.
"DR. AYER: My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."
Mr. Chas. S. Van Ilem, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, and of mercurial physic, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.
Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and the very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in addition, the use of the SARSAPARILLA, the skilful application of local remedies.
From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati, O.
"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when the effect is properly aided by local treatment."
A lady, unwilling to allow the publication of her name, writes:
"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."
Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,
when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S
CATHARTIC PILLS
possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. Greenough, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers**, and **Fine Watches**, has located himself at the store of
A. L. BENNETT, No. 7 Congress St,
PORTSMOUTH, N. H.
And is prepared to attend to the repairing of WATCHES in all its branches.
Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.
SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.
Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE MERIDIAN TIME of Portsmouth at this establishment, and are invited to call.
Also Agent of
N. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.
AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov. 1, 1862. 3mos*

Notice.

FRANKLIN HOUSE
Portsmouth, N. H.
The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.
A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added, and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and refined apartments connected with the street and dining hall by an independent staircase.
The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.
A good STABLE is connected with the house, where gentlemen's horses and carriages, will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.
1st. It is stronger and lighter than any known material.
2d. From two to six times the amount of suction or adhesion can be obtained by it.
3d. When the arch is irregular we can by building out the figure—which can be done to any extent—give the mouth a more natural appearance.
4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.
5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.
6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.
DR. A. P. STEVENS, *Surgeon Dentist,*
No. 3 Daniel St., Portsmouth.
Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

Dr. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH.
DENTISTRY.
No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.
DR. GOODALL
Would respectfully inform his patrons and the public, that he has adopted the use of the teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.
The Rubber has several important advantages, viz.: It is very light and elastic, and adapts itself perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.
Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.
Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.
In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and, by the best dentists too! I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.
ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

St. Louis Flour.
70 BARRELS Whitehead Family Flour, "*never varied,*" for sale by
MOULTON & BLAISDELL,
jy31 No. 1 Market Square.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and cast-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large capacity for hot water; there is a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are using them, are willing to testify, and speak of them in the highest terms of praise.
We would refer to the following purchasers:
Portsmouth.

We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.
The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus should be to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, with mixed success. Little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, a delightful one, them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of heat, by being permitted, taking the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.
☞ MATTHEWS' VENETIAN HAIR DYE.—The celebrated Dye was first prepared in 1846; since that time it has been used by THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.
THE VENETIAN DYE is the cheapest in the world. Its perfect simplicity, cleanliness, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.
THE VENETIAN DYE is the safest composition of the kind. It is warranted NOT TO INJURE the hair, or the scalp, in the least.
THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.
THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.
THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.
THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.
SOLD BY ALL DRUGGISTS.

SPEER'S SAMBUCI WINE
PURE AND FOUR YEARS OLD.
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.
SAMBUCUS TREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints
Excellent Wine for Females.
Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, for it contains no ardent spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
WE REFER TO
a few well known gentlemen and physicians, who have tried the Wine.
Gen. W. Scott, U. S. A. Dr. Ward, Newark.
Gov. Morgan, N. YState Dr. Wilson, 11th St., N. Y.
Dr. Parker, N. Y. Dr. Dougherty, Newark.
Dr. J. R. Chilton, " Dr. Parish, Phila.
Drs. Darcy and Nicholl, Newark, N. J.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.
☞ **Make One Trial of this Wine.**
For Sale by **W. H. PRESTON,** Portsmouth.

AND
BOOK, JOB AND CARD PRINTER.
OFFICE,
EXCHANGE BUILDING, OPP. POST-OFFICE,
Portsmouth, N. H.
DAILY $5 per year, or $4 in advance.
WEEKLY $1.50 per year, or $1.25 in adv.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. FRIDAY, JAN. 23, 1863. NO. 146.

Advertising.
For a Square (1 inch) or less, one insertion 50 cents, three insertions $1, one week $1.50, one month $3, three months $6, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly Gazette without special order and charge.
Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.
Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State: a State for every star.
NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.
—Also—
Particular attention given to LAND SURVEYING, DRAFTING and CIVIL ENGINEERING.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an exclusive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is now only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that in no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Portsmouth, N. H.

FRIDAY, JANUARY 23, 1863.

THE REBELLION.

At the late battle near Murfreesboro the Federals lost 1474 killed, 6813 wounded and 2000 prisoners.

There are many reasons to suppose that the Army of the Potomac has advanced, but too implicit reliance should not be placed in the following from the N. Y. Times, unless further and more authentic accounts are received:—

Persons who arrived on the through train from Washington on Wednesday night state that Gen. Burnside has again crossed the Rappahannock, and a terrible battle is being fought. One wing of our army, probably Sumner's, had succeeded in flanking the rebel position and advanced two miles. Gen. Hooker is mortally wounded. The above we give merely as rumors from Washington and not as reports from the army. It is probable there is some truth in them, but how much we are not prepared to say.

Lieut. W. B. Cushing, while proceeding up Little River, N. C., Jan. 8th, was fired on by rebels near Fort Caswell. Landing they formed in line and advanced to a fort and camp fire, when they made a bayonet charge. The rebels, ignorant of their number, escaped on one side as our troops entered on the other. After taking what property they could, our troops destroyed the rest and return n.

There was a report at Norfolk on the 18th, possibly well founded, received from Newbern, that Gen. Foster has abandoned his projected expedition for the present.

Southern papers say that the rebel steamer Huntress, with 400 bales of cotton, was burnt while running the blockade; and that the U. S. steamer Columbia, being ashore at Masowhars Inlet, her commander, 12 officers and 28 men surrendered to Col. Lamb on the 17th. They report Gen. Foster in motion in North Carolina with 60,000 men, having 20 days' rations; and that Gen. Burnside had crossed the Rappahannock. The Richmond Enquirer says important news from North Carolina and Charleston had been received. A letter from an officer of the Mass. 44th, dated Newbern, Jan. 12, says the general opinion there seemed to be that Gen. Foster was to command a Charleston expedition.

THE SPECULATION IN GOLD.—The N. Y. Evening Post has an elaborate article on this subject, in which the rise in gold, or fall in paper, is considered to be due, in a great degree, to the custom of making loans on a pledge of gold. The increase in the premium on that commodity is owing to its scarcity, and this scarcity has been artificially created. The Post says of the action of the Banks in this matter: "To withdraw the available half of their whole stock of coin by the suspension of specie payments, and then to promote the sequestration of the residue by receiving and holding it in pledge for loans from speculators, is certainly the most effectual way that can be conceived to make gold scarce and dear."

The writer goes on to illustrate his idea in the following manner:—

Let us suppose that the dealers in coffee or tea, after having raked all of it in the city, except what the women held for daily consumption, into their own stores, should suddenly and simultaneously proclaim that no more coffee or tea should be let out or issued, even to pay their own debts!—Would there not be, think you, a remarkable scarcity of coffee all at once, and a prodigious rise of price? But gold is a commodity of trade as much as coffee, and when the banks shut it up by suspending payment in specie, they become its monopolists.

☞ The New York Assembly again met on Wednesday, to which day it had adjourned. There was the greatest excitement, the floor and the lower lobbies being crowded with persons not members. The upper galleries were locked, and after a short and excited discussion, in which the closing of the doors was denounced as an outrage, the Assembly adjourned to Thursday, without a ballot for Speaker. Soon after, the doors of the galleries were smashed, and the crowd rushed in.

On Thursday the Democratic candidate's name was withdrawn, and a new one nominated. Gov. Seymour stated, in a message, that he could afford either branch protection, only on its own application, but the Mayor had made adequate arrangements to prevent outside interference. There was no prospect of a ballot.

☞ The report of the Senate Finance Committee upon the Civil Appropriation bill strikes out the clause reducing the mileage of Congressmen to 10 cts. per mile, and curtails other minor appropriations, and also reduces the estimate of the Agricultural Department from $130,000 to $60,000, and the printing of the laws in newspapers from $17,000 to $4000.

☞ The Navy Department has ordered the iron-clads Lehigh and Saugamon to be completed at once and made ready for sea. They were built at Chester, Pa.

TRANS-CONTINENTAL STAGE LINE.

Hon. Frank Fuller of this city, now Secretary of Utah, and residing in Great Salt Lake, in a recent letter to a gentleman in Portsmouth, writes as follows in reference to the connecting lines of stages which carry mails and passengers from the Missouri River to the Pacific coast. The subject is one of so much interest to the constantly increasing throng passing between the two oceans, that we need hardly bespeak for the extract a careful perusal.

"When the terrible disaster of the 'Golden Gate' occurred in July last, by which so many lives were sacrificed, and so much treasure swallowed up, my mind was not a little exercised. I longed then for some medium of communication which could reach the ear of the entire travelling public. I wanted to state a few facts which could hardly fail to convince those who were anticipating a journey to or from California, that a safe, economical and expeditious means of travel existed, by which the horrors of a crowded steamer, the miseries of sea-sickness, the malarious fevers of the Isthmus, and the dangers—always apparent, but rendered doubly and painfully so by the burning of the steamer alluded to—of the California line of the sea-going rattle-traps, might be avoided.

"I do not know by whose adroit management, a recommendation from the Indian Department at Washington, followed instantly upon the loss of the steamer, advising travellers to avoid the overland mail line to California, on account of an Indian war in Minnesota! If it was brought about by the steamship company, it was a shrewd but most unscrupulous dodge. It afforded the travelling public an opportunity to choose between the possibility of being drowned, or burned to death on ship-board, and the certainty of being compelled to run the gauntlet of murderous savages! The Indian war in Minnesota no more endangered travel overland between the Missouri River and San Francisco, than would a war in China. It was as if citizens of Portsmouth should be recommended not to visit the District of Columbia via New York city, because of an Indian uprising in Canada. The seat of disturbances in Minnesota was a thousand miles away from the overland mail line, at the nearest point.

"This continuous line of stages across the continent, is a marvellous enterprise. From my window I daily observe the arrival of the coaches, from the regions of sunrise and sunset alike. I keep no record, yet I can tell you within an hour at what moment either coach arrived on any given day within the past eight months. The dinner hour is not more regular, day-light not more punctual. They come and go with the regularity of the pendulum.

"'Sandy Marden' could drive his four-horse coach from Portsmouth to Concord, rarely exceeding "schedule time." If a trifle late at "Epping Corner," the animal quartette invehicled at that station, would soon become cognizant of the fact by the extra allowance of lash. But station New Hampshire's seaport and her capital eighteen hundred miles apart—the distance from Atchison to Placerville—place between them immense barren deserts, lofty mountains with precipitous sides and snow-clad summits, to discover a passage over which might well confer the title of "Pathfinder" upon the intrepid explorer; cover two-thirds of the territory with snow, in some regions to the depth of thirty feet, during the winter months: rein it with broad rivers, swollen in spring-time to mighty torrents, and tell your veteran stage-driver to carry mails and passengers over the entire distance in sixteen and half days, reaching either terminus precisely on time, and to accomplish this, not once simply, but continuously from one years' end to another, and Sandy might well stand aghast.

"The Overland Mail Company have contracted with the United States Government to discharge this service for the space of three years, during from July 1, 1861.

"The President of this Company is Wm. B. Dinsmore: the financial manager is D. N. Barney; and the Treasurer is A. J. Center, all of New York, and having their office at 84 Broadway. The Company sublet the portion of the route between the Missouri and Salt Lake City to Ben Holladay, of the firm of Holladay & Flint, San Francisco and New York, the great steamboat operators between San Francisco and Oregon. I may here remark that both members of this firm took passage for New York on board the 'Golden Gate,' on her last trip; both jumped into the ocean when the deck became too hot for safety. Mr. F. was struck by the paddle wheel and lost, while Mr. Holladay, clinging to a floating door, was saved, returned to San Francisco, took the overland coach for the east, and notwithstanding all delays, reached New York at the time appointed for the arrival of the lost steamer!

The distance from Atchinson, Kansas, the starting point of coaches, to Great Salt Lake City, is 1250 miles, via Denver, Colorado Territory. The coaches of the "Overland Stage Line" span the distance in precisely ten days, including all delays. Once in about every twelve miles, a station is reached, where the horses are changed, and where the traveller can procure a substantial meal, if so inclined. The teams are in excellent condition, the coaches substantial and comfortable, as Messrs. Abbott and Downing, of Concord, N. H., whose names they bear, will attest.

A change of drivers occurs at the end of every 45 miles, and all are attentive and polite. Gen. Bela M. Hughes, the principal agent and business man of the line, residing at Atchinson, understands the wants of the public, and is aware that temperate and civil employees are not less essential to the success of the enterprise, than well-kept horses and comfortable carriages. He is endeavoring to render his line the model stage-route of the world, and testimony to his success is by no means wanting.

"This ten days' journey, albeit it sets the brain in a whirl for a day or two, is by no means devoid of interest. We begin now to realize that there is a good deal of "free soil" between the two oceans, besides some rocks. There is much to see and enjoy. You witness the grandest sunsets in the world. In the distance you discern what you fancy to be the ruin of some grand old city; but the driver, who has been instructed to be your friend, tells you it is "Count House Rock," or "Chimney Peak." No human hand laboriously erected those frowning walls; once, far back among the ages, Nature's great heart was disturbed; she heaved a sigh and the mountains were lifted up like tiny baubles on her breast.

"Onward you speed, and upward. The air grows more elastic. Innocent of champagne, you yet feel quaffled to enter the lists of any well-conducted leaping match or high-toned foot-race. You descend at a station, and imagine yourself supplied with a bran-new muscular system. Every inhalation is an elixer, and you bless the man who invented breathing.

"Still upward. Is the driver taking us to heaven over an inclined plain? Such is indeed your destination, else are the thousands who yearly travel this same road on foot, it may be pushing a hand-cart toilsomely before them, greatly in error. You will see it soon, the "New Jerusalem."

"You have been heading northward for some hours. But now that pair of prancing leaders face toward the west, and you follow, as is your duty. You descend a beautiful mountain gorge or canon, and as you emerge upon a broad bench, the City of the Saints lies before you. Twenty miles beyond it you see the great lake. Sunset is approaching, such a sunset as would fill you with wonder and admiration if you had time to enjoy it. But you cannot get beyond the burnished, golden mirror, which forms the back-ground to the beautiful picture.

Concluded to-morrow.

NEW HAMPSHIRE ITEMS.

—— Capt. R. N. Batchelder, of Manchester, has been appointed Assistant Quartermaster of an army corps, under General Sedgwick, with the rank of Lt. Colonel.

—— The Mirror states that the celebrated trotting stallion Ethan Allen, and his son Honest Allen, formerly owned by Henry T. Nichols, of Manchester, and afterwards by Richmond Smith, of Concord, have been sold to F. Barker, New York, for $17,000, for his private team. They go together better than they go single.

—— The wool dressing establishment of Mr. Wm. Lane, in Exeter, was somewhat injured by fire on Monday afternoon. The loss was not heavy and was covered by insurance.

—— A new telegraph station has been established at Hampton Depot, on the line of the Eastern Railroad, a convenience that has long been needed both by the citizens of Hampton and the Railroad corporation.

—— Hon. Lizkin D. Mason, Agent to attend to the wants of sick and wounded New Hampshire soldiers, has recently returned from Washington. He states that more than 800 of the original members of the Second New Hampshire Regiment are still living. His statement is founded upon a careful and accurate examination, in company with Col. Marston, of the rolls of the regiment.

—— On Wednesday night, an Englishman named Edward Smith, broke into the saloon of Harris G. Morey, in Manchester, by forcing two back doors, and appropriated the contents of the money drawer. Mr. Morey, hearing the noise, found the robber concealed in the cellar. He demanded the money of him, whereupon he drew a loaded pistol and threatened to blow Morey's brains out. Mr. Morey took the matter coolly, and finally obtained the money, and let the robber depart. Information was immediately given to the Police, and Smith was soon arrested and locked up.

—— Two young women in Bedford (one has a husband gone to the war, the other is unmarried) one day last week sawed and split a cord of wood fit for the cooking stove. One did the sawing and the other the splitting.

"I had rather," said Lucian, "please by telling truth, than be diverting in telling tales; because, if I be not agreeable, I may be useful."

POESY.

There breathes no being but has some pretence
To that fine instinct called poetic sense;
The rudest savage roaming through the wild,
The simplest rustic, bending o er his child,
The infant listening to the warbling bird,
The mother smiling at its half-formed word;
The boy uncaged, who tracks the field as large,
The girl turned matron to her babe like charge,
The freeman casting with unpurchased hand
The vote that shakes the turrets of the land;
The slave, who, slumbering on his rusted chains,
Dreams of the palm trees on his burning plains—
All, all are glowing with the inward flame,
Whose wider halo wreaths the poet's name.

—O. W. Holmes.

COURAGE.

But wherefore do you droop? Why look you sad?
Be great in fact, as you have been in thought;
Let not the world see fear and sad distrust
Govern the motion of a kingly eye;
Be stirring as the time; be firm with fire;
Threaten the threatener, and outface the brow
Of bragging horror; so shall inferior eyes
That borrow their behaviors from the great,
Grow great by your example. *—Shakespeare.*

☞ Richmond papers say that the negroes employed there on the fortifications are literally starved. The rations given them are: For dinner, 3-4 of an ounce of meat and 3 and 3-4 ounces of bread; the same of bread without meat for breakfast and supper—and the bread is heavy and indigestible; altogether, 12 ounces of food per day. The owners of the negroes are raising a row about the matter.

☞ Billy Wilson's Zouaves get a hard rub from a New Orleans army correspondent, who says that the boys not liking their camping ground, made a rush for the State Prison, knocked down the keepers, entered the building, turned the key on the inside of the wall gate, locked themselves in the cells and cried, "*Now we are at home!*"

☞ In the California Legislature, on Tuesday night, there were 12 ballotings for U. S. Senator, without choice. The indications were that none of the candidates then prominent could be elected, and compromise was talked of.

☞ A lady recovered $2779.16 and costs in a suit-at-law against the Brooklyn, N. Y., horse railroad, for injuries sustained by the conductor's starting the car too quick as she was getting into the vehicle, causing her to fall.

For Washington, D. C.

Schooner SARAH, with dispatch. For Freight apply to GEO. W. TUCKER.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge.
jan22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Yennard; southerly by land of said Yennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet B. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth to wit: Tuesday, January 20th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge.
ja22 S. D. WINGATE, Register of Probate.

One hundred good, able bodied MEN are immediately wanted by the an scriber. The duty for which their services are required is of the lightest, pleasantest, most exciting and agreeable character. The inducements are equal to any which have been offered within the last two years:—the pay is large and prompt, and the treatment of a very superior nature.

Wagoners, Hostlers, Blacksmiths, Saddlers, Buglers and Tailors will find employment in their several callings and extra pay.

Full particulars can be obtained by applying to the subscriber, at No. 52 CONGRESS STREET, Portsmouth, N. H. tf W. O. SIDES.

NOTICE.

From this date, the Prices of our Daily and Weekly issues will be—

DAILY CHRONICLE $5 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. For eight months, $1.

Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate, to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED D. TAVETS,
Dealer in Crockery, Fancy Goods, &c.

To Nervous Sufferers of Both Sexes.—

A REVEREND GENTLEMAN HAVING BEEN restored to health in a few days, after undergoing all the usual routine and irregular expensive modes of treatment, without success, considers it his sacred duty to communicate to his afflicted fellow-creatures the MEANS OF CURE. Hence, on the receipt of an addressed envelope, he will send (free) a copy of the prescription used. Direct to DR. JOHN M. DAGNALL, 186 Fulton Street, Brooklyn, N. Y. Jan17

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

LOST—Some time since, a Lady's GOLD SCROLL PIN. The finder will be rewarded on leaving it at the Chronicle Office. ja13

Local.

☞ Two deserters, Daniel Kelly and Patrick Murphy, were arrested at the Portsmouth Navy Yard on Wednesday by Provost marshal John H. Cokely, of Providence, and Lieut. Horace B. Rogers, of the 2d R. I. Cavalry. Quite a large number of New York roughs organized a company in that city, to go to Rhode Island and enlist in the cavalry, with the express understanding among themselves, it is thought, that they should draw the unusually liberal bounty and desert. They carried out the programme to the letter. Fortunately most of them have been arrested. These two went to Boston, shipped on board the receiving ship Ohio, and were sent here as a portion of the crew of the Sacramento. The above named officers, accompanied by City Marshal Bragdon, visited the ship and singled them out from among the crew. Deserters are beginning to get their deserts.

☞ In Board of Aldermen, Thursday evening, an ordinance for the appointment and organization of the City Police was read and referred.

☞ Much did we regret that inexorable duty compelled us to decline the kind invitation received on Thursday evening. Yet in imagination we watched the not too boisterous or roistering company as it formed in procession near the City Rooms,—heard the gentlemanly Superintendent, who so faithfully and efficiently attends to the wants of the city's poor, direct the City Marshal whither as chief marshal to lead—saw them enter Mr. Whitcomb's saloon,—heard the Superintendent order—but such imaginings became painful, for even in these war times we cannot object to such "stews." The Superintendent has our thanks.

☞ Every weary pedestrian was compelled last evening to take heed unto his steps; otherwise there was a sudden decline in winter dress goods.

S. J. COURT,—EXETER.

Tuesday.—The first case marked for trial is No. 1—Frank T. Pickering and wife, v Frederick W. DeRochemont—which the plff.'s counsel stated was not ready for trial by reason of the sickness of Mrs. Pickering, who is an important witness in the case. The case was entered at Feb. Term, 1851, and has formerly been tried before Judge Bellows as an Auditor, and from its having so long been upon the docket is of course not so easily disposed of. Stickney and Christie for plffs. Hatch and Rollins for deft.

No. 72—Kelly & Gardner, vs Ellison & Dearborn, and Gardner Towle, trustee—was commenced on Wednesday. The defendants were defaulted; and the trustee having made his disclosure, plaintiff, by leave of Court, elects to try his liability as such trustee by the jury. The issue is between the plaintiffs and the trustee, the plffs. claiming that the trustee is chargeable for sundry bills against said defendants, collected by him and not accounted for, and for money and other property of said defendants in his hands and possession. Stickney and Wilcox for plaintiffs. Wood and Small for defendants.

CONGRESS.

WEDNESDAY.—In the Senate, a joint resolution for printing the eighth census was adopted. The bill to re-organize the Court of Claims was passed, after amendments had been made, providing that no money be paid out of the treasury under a judgment of the Court until after the appropriation shall be estimated by the Secretary of the Treasury; and striking out the provision for two additional judges.

The House tabled Mr. Maynard's appeal from the decision of the chair, 82 against 36. The vote by which Mr. Vandeveer was declared not entitled to a seat, was reconsidered—70 against 64. After debate, the House voted to postpone the resolution to the 30 of March. The House concurred in all the Senate's amendments to the Military Academy bill.

☞ The Times' Washington despatch says the verdict of the court in Fitz John Porter's case was approved by the President. Contrary to former reports, the court found him guilty of the charges preferred, and he was accordingly cashiered and dismissed from the service.

☞ The President has appointed Mr. Bullett, formerly of New Orleans, but recently of Kentucky, Collector of the port of New Orleans.

ENERGY.—Goethe says: "The longer I live, the more certain I am that the great difference between men, the great and insignificant, is energy—invincible determination—an honest purpose once fixed, and then victory."

The dove, recollect, did not return to Noah with the olive branch till the second time of her going forth; why, then, should you despond at the failure of the first attempt?

☞ The Richmond correspondent of the London Times writes that the North is financially used up—and directs his employer's agents in New York to remit him his wages in *greenbacks!—Post.*

☞ All the bodies of the Sioux Indians who were recently hung at Mankato, Minn. have been resurrected by the doctors for scientific purposes.

Disappeared.

From his home in this city, on the afternoon of January 8th, EDWIN H. GOODWIN, aged 16 years. He has light complexion, blue eyes, and dark hair; does not speak plainly at all times.—He had on, when last seen, a black sack coat, somewhat worn; a dark vest, dark cloth cap, small checked pants and arctics. Any information concerning him will be thankfully received by his afflicted parents at No. 126 Market Street.

ivory GOODWIN.

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night, if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be a *favorite* for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We challenge the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Anna T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Foster, (4 Mdvis Heatres, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard C. Randall, (sec. Mar. Bank, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel J. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

ATTENTION, THE WHOLE!

RYE, N. H., Feb. 25, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress after my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May 3d, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and had previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far, as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26a

No. 6 Market Street. (West Side.)
aprl5 Four Doors from Market Square.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaint; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lark within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing, but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

FRANKLIN HOUSE
Portsmouth, N. H.
The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.
A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent entrance.
The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.
A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.
1st. It is stronger and lighter than any known material.
2d. From two to six times the amount of suction or adhesion can be obtained by it.
3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.
4th. No bad taste arises in the mouth by its use, as the portions of the stomach and mouth do not affect it in the least.
5th. Teeth mounted upon this base can be kept clean and sweet so easy as a paper, as when finished the work presents one whole piece.
6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.
DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,
Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DR. GOODALL'S
DENTIST,
60 Congress St.
PORTSMOUTH.

DENTISTRY.
No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.
DR. GOODALL
Would respectfully inform his patrons and the public, that he had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.
The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.
Besides all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.
Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as I have had occasion to but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set of Gold.
In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.
ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

St. Louis Flour.
70 BARRELS Whitehead Family Flour, "*war rented,*" for sale by
MOULTON & BLAISDELL,
jy31 No. 1 Market Square.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in the city can testify, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.
Also on hand an assortment of the different sizes of
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, which is not scorched and so poisonous to the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache is much complained of in other furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus are, to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former models, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass of into the top of the cone unburned, and lost unconsumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off into the cone, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the operation of other furnaces so costly.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Leavitt, Esq., Albert H. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.
☞ MATTHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.
THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.
THE VENETIAN DYE is the safest compound ever offered to the public. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.
THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to the operator.
THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or rub off, or wash out,—one that is as permanent as the hair itself.
THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.
THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.
SOLD BY ALL DRUGGISTS.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEERS SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to all other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no admixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
WE REFER TO
a few well known gentlemen and physicians, who have tried the Wine.
Gen. W. Scott, U.S.A. Dr. Ward, Newark,
Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y.
Dr. Parker, N. Y. City Dr. Dougherty, Newark.
Dr. J. R. Chilton, " Dr. Parish, Phila.
Drs Darcy and Nicholl, Newark, N. J.
Those genuine, unless bearing the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.
Make One Trial of this Wine.

Daily Morning Chronicle

VOL. 2. PORTSMOUTH, N. H. SATURDAY, JAN. 24, 1863. NO. 147.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined,
The world our home, our children, all mankind,
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the novelty of any intended patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but though its inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere, as the testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE MEASURE OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office of the land, at the charges for professional service as moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of unquestionable and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, with its usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me FIFTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Portsmouth, N. H.

SATURDAY, JANUARY 24, 1863.

THE REBELLION.

The report of a battle at Fredericksburg, and the wounding of Gen. Hooker was unfounded. Gen. Burnside, on Tuesday evening, (the day on which the battle was said to have commenced,) issued a spirited address to his soldiers, in which he says:—

The Commanding General announces to the Army of the Potomac that they are about to meet the enemy once more. The late brilliant actions in North Carolina, Tennessee and Arkansas have divided and weakened the enemy on the Rappahannock, and the auspicious moment seems to have arrived to strike a great and mortal blow to the rebellion, and to gain that decisive victory which is due to the country. Let the gallant soldiers of so many brilliant battlefields accomplish this achievement and a fame the most glorious awaits them. The Commanding General calls for a firm and united action of officers and men, and, under the Providence of God, the Army of the Potomac will have taken the great step towards restoring peace to the country, and the Government to its rightful authority.

Special despatches to the New York papers very kindly give full accounts of what the Army of the Potomac is about to do, stating the points at which the crossing will be made, and the general plan of the movement. They seem to agree in this that the crossing is to be made above Fredericksburg, and that Gen. Sigel's corps will move in concert with the main army. "All operations below are but feints to deceive the enemy; but a real crossing will be made there, should a certain emergency arise."—The World's account says:—

"Gen Hooker and Gen. Franklin moved on Tuesday, at 1 o'clock, marching in heavy order, with tents, knapsacks, blankets, &c. They took the road toward Hartwood Church, which is directly northeast of the U. S. Ford. Gen. Sigel moved at 4 P. M. in the same direction. They bivouacked about 8 miles out at night. Gen. Sumner would probably move in the morning in the same direction."

Gen. Foster's expedition had not left Newbern, Jan. 16. Its destination was a secret to all, except the general officers. A smaller expedition had been sent out.

A letter from Col. Pennock, of the Missouri militia, dated Independence, Jan. 11, states that five of his men were murdered the week previous by guerrillas. The soldiers were all shot, and their heads and bodies horribly mangled. The faces of some of them were cut to pieces with boot heels. Powder was exploded in one man's ear, and both ears cut off. Whether these barbarities were committed before or after death is unknown.

Gen. Bragg now estimates his losses in the battle at Stone's river at 9000, which includes the wounded left at Murfreesboro'. Capt. B. C. Yancey, son of William L. Yancey, was one of the slain in that battle.

4793 prisoners, captured at the Post of Arkansas, were brought to Cairo on Thursday.

Rebel accounts report that Gen. Rosecrans has resumed his original position before Murfreesboro', and that there was a great scarcity of provisions in his army.

Gen. Grant is reported to be preparing a formidable expedition at Memphis against Vicksburg.

CONGRESS.

THURSDAY.—In the Senate, a joint resolution directing the Sec. of the Navy not to accept the title to League Island until Congress shall so direct, was offered; a motion to refer it to the Naval Committee was rejected. The bill to reimburse Minnesota for expenses incurred in defending the State against the Indians was passed with an amendment limiting the amount to $350,000.

The House passed a bill providing for the appointment of a Deputy Register of the Treasury, with a salary of $2000 per annum, and extending one year from the date of the provision for the appointment of Assistant Secretaries of War.

The President made 89 military nominations to the Senate, including Maj. Gens. Heintzleman, Hooker and Sumner, for promotion for meritorious conduct by dating their commissions back to embrace the different battles, where they severally distinguished themselves. 20 Brigadiers to be made Major Generals, and 63 Colonels and other officers to be Brigadier Generals.

☞ It appears that the findings of the court martial in Gen. Porter's case are that he is guilty on every one of the charges preferred. They are disobedience of orders, retreating from the enemy without cause, failure to aid his associate generals in action and unnecessary slowness by delays.—The President approved the finding on Wednesday afternoon. About an hour afterward, Gen. Porter heard of his fate, and when told he was dismissed the service, he was very much affected as well as astonished. It is said that on the previous day he had applied to the President for a furlough.

☞ Senators Wade, of Ohio, and Doolittle, of Wisconsin, have been re-elected, the former by 24 majority.

TRANS-CONTINENTAL STAGE LINE.

(Continued.)

"You can tarry at "Zion," in fact at any station on the route, as many days as you please, and go forward when tired of sight-seeing. If I have my way, I shall keep you a month. You will put on your good clothes, for you looked a little shabby and dusty on your arrival, and I will introduce you to the Governor of the Territory, and to that other personage whom you have more curiosity to see,—the Governor of the People, the great Brigham. He will treat you politely, and when you tell him that you are from Portsmouth, he will remember that it is near Dover, where he once preached and visited great cotton factories. I shall hint to him that you enjoy dancing, and he will invite you to a ball which you shall testify is well conducted, and where you shall see "Saints" of five years and seventy-five "join hands" in the same cotillon. You shall ask no impertinent questions, make no absurd comments, but the most entire freedom of speech and liberty of conscience shall be allowed you in the matter of thinking. In short, I shall point out to you many strange things, and you will be in no hurry to leave. If all stories are true, I may be enabled to take you to a gold mine, and not utterly exhaust you in the tramp.

"But the best friends must part, and some morning you will learn from Mr. Cook that the next coach will have a vacant place, and at night you will start. I shall be sorry to lose you, but I shall feel that you are as safe in the care of the Overland Mail Company, as if I had you in my "spare room." Let me give you a little list of the principle "articles" which you will find on the route which you are just entering upon:—

Splendid horses, Superior coaches,
Careful drivers, Accommodating Agents,
High Mountains, Deep Valleys,
Rapid travelling, Excellent grub,
Temperate Employees!

"The portion of your journey up to this point was made under the auspices of the sub-contractor, Mr. Ben. Holladay. You are now in charge of the original contractors, the "Overland Mail Company", which company proposes to carry you to Carson City, the capital of Nevada Territory, distant 560 miles from Salt Lake City. Thoroughly rested by your brief sojourn here, for the effects of travel are soon recovered from, you will make the journey with ease. Five days or less will find you in Carson. I made the trip last August in three days, eighteen hours and a half. At that period, this was the shortest time on record. It has been beaten since by several hours.

"All along this route you will discover evidences of a leading spirit at the head of affairs. You will notice that men and means have been employed not to effect certain ends in a slovenly way, but in the best possible way. You will observe that the human and animal and material parts of the machine seem to act in harmony.—Not a cog broken, not a screw loose, not a jar or a rattle anywhere. The brains of the Engineer lubricate the whole machinery.

"But long before you leave for Carson, you will have been made acquainted with the thinking portion of the vast concern.—The entire management of the line is in the hands of Mr. Frederick Cook, of New York, Assistant Treasurer of the Company, and formerly its Treasurer, who for the past year and a half has had his office in this city. You would tire of my letter were I to tell you of all the improvements which he has introduced during that period. It has been a laborious task. It has required activity alike of brain and body. It has called for the ability to read the good and bad points of horses, and more important still, and more difficult, the good and bad points of men. "Eternal vigilance" is not less the price of an efficient stage line of this magnitude, than of liberty.

"Mr. Cook is a total abstinent, and seeks to employ such. He knows that a drunken hostler will abuse or neglect his stock; a drunken driver will endangar the lives of passengers; a drunken agent, station-keeper or employee of any kind, will bring disgrace upon the line. The first drunk, therefore, is the signal for discharge. The men know it, and the knowledge, doubtless, strengthens them to resist temptation.

"It is the holiday season as I write, and Mr. Cook kindly tempers the sternness of his discipline, by providing for the men on his line, a Christmas dinner. He directs it in the following dispatches, copies of which I have solicited:

SALT LAKE CITY, Dec. 17, '62.

J. Gooding, Line Sup't Overland Mail Co., Carson:—If you can supply Wilson's and Wines's division with turkeys and oysters for Christmas dinners, at a cost of one hundred dollars ($100), you may do so, provided the men will promise not to have intoxicating drinks on the occasion. But not on any account if one man will be made drunk by it. Wallace has provided for his division. Answer, FRED'K. COOK,
Ass't Treasurer.

SALT LAKE CITY, Dec. 18, '62.

Wm. T. Wallace, Division Agent Overland Mail Co., Fort Crittenden:—I intended to see you to warn you against permitting intoxicating drinks to be used at Christmas dinners. You know the consequence to those who get drunk. Request all to avoid use on that occasion.

FRED'K COOK, Ass't Treasurer.

To be concluded.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Randolph—Mason—Death of President Cutt.—Randolph had been appointed by the King collector of the customs for New England. On the 22d of March, 1680, he seized a vessel belonging to this place, under pretence of a breach of the acts of trade and navigation. The master, Mark Hunking, brought an action against him, before the President and Council, and recovered judgment for thirteen pounds damage and cost. Randolph appointed Captain Walter Barefoote deputy collector, for this port, who advertised "that all vessels should be entered and cleared with him." For attempting to execute an office, not derived from the constituted authorities of the province, he was indicted on the 24th of March before the President and Council, and found guilty, and sentenced to pay a fine of ten pounds, and stand committed till sentence was performed.

Robert Mason, who claimed the territory of New Hampshire, arrived from England on the 30th of Dec., 1680, with a writ of mandamus from the King commanding the President and Council to admit him one of the Council.

Richard Chamberlayne was appointed by royal authority Secretary of the Province in the place of Elias Stileman.

"Taxes were commonly paid in lumber or provisions at stated prices, and whoever paid them in money was abated one third part.

The prices this year were as follows:—Merchantable white pine boards 30s. per M. White oak pipe staves 3l. per M. Red oak staves 30s. per M. Red oak hhd. staves 25s. per M. Indian corn 3s. per bushel. Wheat 5s. per bushel. Malt 4s. per bushel. Silver was rated at 6s. 8d. per ounce."

Before the change of the government, the King had required Mason to relinquish all demands he might have for rents, against the inhabitants of New Hampshire prior to the 24th of June 1679, and made him engage not to molest any of them in their possessions, provided they would pay him sixpence in the pound, according to the just and true yearly value of the houses and lands possessed by them. On his arrival here, in 1681, he took his seat at the council-board, and assumed the title of Lord Proprietor. He made great exertions through his agents, to obtain leases of the inhabitants upon the stipulated terms, but without much success. His failure irritated him, and he threatened to sell their houses and lands for rents. This excited a great clamor against him, and the people applied for protection to the President and Council, who issued a writ of prohibition against him. Mason refused to meet the Council when summoned, mutual recriminations passed between them, and being quite dissatisfied with the reception he met with, and disappointed in his hopes of establishing his fortune, he returned to England on the 27th of March.

President Cutt, being considerably advanced in years, and very infirm, died on the 5th of April 1681. He was a native of Wales, and with his brothers, Robert and Richard, came to this country previous to the year 1646. John settled in this town, and became a very respectable and opulent merchant. Richard settled at the Isle of Shoals and carried on the fisheries there. He afterwards removed to this place, and lived in the great house at the bottom of Pitt street. Robert went first to the Island of Barbadoes in the West Indies, and after a short residence there, he came to this town and lived at Great Island. He afterwards removed to Kittery, where he established a ship-yard, and carried on the business of ship-building very extensively. During the life of President Cutt, the inhabitants of this town were chiefly settled at the South End near the Point of Graves. The upper part, which was *the Bank*, was principally owned by him, his brother Richard, Major Wm. Vaughan, and Richard Waldron, jr., who were the first persons in the province, both in point of wealth and family connexions. This large space of ground, which is now so thickly inhabited, contained then but ten or twelve dwelling houses, and about as many warehouses, which belonged to the above named gentlemen.

President Cutt in his last will, made a short time before his decease, says, "I commit my body unto a decent burial in my orchard, where I buried my wife and children that are deceased." This spot has been enclosed and kept as a family burying ground by some of his descendants, and is now thickly surrounded by buildings. It is on Russell street, and the railroad track passes within a few feet of President Cutt's grave.

President Cutt was esteemed by all who knew him. He had been much engaged in public business, and had filled some of the most important offices under the government of Massachusetts, before he was appointed President of New Hampshire.

As he had been active and useful in life, his death was universal lamented.

Major Richard Waldron succeeded Mr. Cutt as President, and appointed Elias Stileman his deputy.

☞ The Liverpool Courier of the 7th instant offers the following notable explanation of the Cabinet imbroglio at Washington:—

"The ultra Republicans, or Abolitionists, detest and fear Mr. Seward. He held office under the preceding Administration, and was more than suspected of being the chief supporter of Mr. Buchanan's Southern proclivities."

This is rich, decidedly, when it gets this side the water where it is well known that Mr. Seward failed of the nomination for President, chiefly because he was supposed to be too strongly committed to anti-slavery views and measures.

☞ Speaking of the threat which is made, of leaving the New England States out in the cold, the Quebec Chronicle says:

"Maine we want, and must get some day; but it is not at all improbable the whole of these five States may sometime seek to ally themselves to the prospective British North American Confederation. Boston would find a congenial Negro ostracizing spirit in our little London, C. W."

☞ The money to pay the armies of Generals Rosecrans and Grant has been furnished, and the greater part of the funds to pay the soldiers in North Carolina and the Department of the Gulf has also been issued. Gen. Burnside's army will very soon be paid.

☞ The number of men discharged from the Charlestown Navy Yard for participating actively in the late strike, is about fifty-two, a great part of whom desire to be reinstated.

☞ The Boston Post says George T. Blake, forty-six years old, is missing from the first police station. He has not been seen since New Year's day, when he left on a spree with $700 in his pocket.

☞ A Mr. Carle of Sangerville, was killed at Dexter, Me., on Monday last. He was coming into town on a load of bark, when it slewed, tipped over, and threw him off, the back of his head striking on the frozen ground.

☞ The City Council of Macon, Ga., has fixed the license to retail spirituous liquors in that city at $10,000.

☞ Lehigh coal is now selling in Philadelphia at $6 per ton—a decline of one dollar.

BRIGHTON CATTLE MARKET.

THURSDAY, Jan. 22.

At market 960 beef cattle, 455 Stores, 2200 Sheep and lambs, and 250 swine.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.

ja24 WILLIAM H. HACKEIT.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Veunard; southerly by land of said Veunard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nesley, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication thereof to be at least thirty days prior to said Court.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may select the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been renumbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents spiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article it is safe to recommend.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

To Nervous Sufferers of Both Sexes.—A REVEREND GENTLEMAN HAVING BEEN restored to health in a few days, after undergoing all the usual routine and irregular expensive modes of treatment, without success, considers it his sacred duty to communicate to his afflicted fellow-creatures the MEANS OF CURE. Hence, on the receipt of an addressed envelope, he will send (free) a copy of the prescription used. Direct to Dr. JOHN M. DAGNALL, 186 Fulton Street, Brooklyn, N. Y. jan17

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhoea, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

LOST—Some time since, a Lady's GOLD SCROLL PIN. The finder will be rewarded on leaving it at the Chronicle Office. ja13

Local.

☞ Thanks to Mr. LaFayette Laighton, of the "tip-top" Grocery, No. 44 Market Street—for that very acceptable sample of the fresh "Shelf Goods" which he advertises this morning. It will serve to put us in mind that "L. Laighton" keeps one of the nicest-looking stores in this or any other town; and so we'll remind the public of that fact. With the modern style of putting up grocers' goods in neat boxes, bottles, jars and packages, the tasteful dealer may have one of the prettiest and most attractive of all shops; and friend L. spares no pains to keep his in as good style as "any other man,"—and he and whoever else has tried to keep their premises in this manner, have found out, with us, that "eternal vigilance is the price of liberty" from dirt, and disorder, and clutter.

☞ Mr. JAMES LITTLEFIELD, the Engineer who was very badly scalded in the Excursion Train Disaster on the Eastern Railroad last Fall, was first carried to the Hospital in Boston, and after some days or weeks conveyed to the house of his father at South Newmarket. Here he has lingered, until Thursday morning, January 22, when he died, at the age of 22 or 23, much lamented by his comrades on the Road, and by all who knew him, as he was a young man of good promise.

☞ The body of Mr. Charles E. Huntress, of this city, who died at Alexandria, in September last, has just been brought home, and the funeral services will be observed on Tuesday afternoon next, Jan. 27th, at two o'clock, at the residence of Mr. Joseph F. Dennett, at Gravelly Ridge. Relatives and friends are invited to attend. Mr. Huntress was 21 years of age, and son of the late John S. and Ann S. Huntress. He was a volunteer in Co. K, 2d regiment, and an exemplary young man, and a true soldier; but though exposed to the perils of numerous battles, his death was caused by sickness and exposure.

RESIGNED.—We are told that Col. John H. Jackson, of the 3d Regiment, has resigned.—*Manchester American.*

The above statement, which probably arose from an incorrect reading of a passage in an army letter to the Boston Journal, is an error. At least, Col. Jackson's friends in this city, by whom letters from him have been received within a day or two, have heard nothing of such an act on his part.

☞ The Monitor at the Temple is as true a representation of what she really was as can be. She is there seen doing the master work that has given her such a world spread reputation. This scene is perfectly magnificent. The Merrimac, Monitor and the ships of war are in a great naval battle, and the view is as natural as life—all are in moving water and in moving order. The sinking of the Cumberland is a terrible reality, and one cannot but feel that he is looking upon the real action as it transpired. This, in connection with Wesley's Grand War Tableaux, makes up an exhibition excelling all others before presented. There will be an exhibition for the school children this afternoon for the trifling sum of six cents. We advise all the little folks to go and see it. Last exhibition in the evening at the usual hour.

☞ The recent appeal to the benevolent for aid for our sick and wounded soldiers, is being promptly responded to by the religious societies in this city. We learn that the Universalist Society has already forwarded four packages of clothing and hospital stores, to the value of $165; and that the Unitarian Society will probably dispatch many similar articles early next week.

☞ The Journal states that since the establishment of the grave-yard at the City Farm, in 1834, 216 graves have been made.

NEW HAMPSHIRE ITEMS.

—— A dispatch to the Boston Journal states that Miss Ella K. Hayes, of Great Falls, on Wednesday skated from Cocheco railroad wharf, Alton, to the Weirs, some twenty miles, in less than three hours. She is the first lady who has ever skated the whole length of Lake Winnipissecges. It was proposed to run excursion trains from Dover to Great Falls during the good skating on the Lake.

—— The President has nominated Hon. Isaac W. Smith, of Manchester, Assessor, in place of Hon. Herman Foster, resigned.

—— A skeleton of a medium sized man was found in the woods in Londonderry, on Wednesday. A rope was found suspended from a tree over the skeleton; the tree had grown so as to burst the rope. The clothes were decayed, and the flesh had entirely disappeared. The individual probably committed suicide some time ago, but from the obscurity of the place was not discovered until now.

—— The N. H. 2d having no field officers, Brig. Gen. Carr has appointed Lieut. Col. Porter D. Tripp, of the Mass. 11th, acting Colonel of the 2d.

☞ A letter from Lewes, Delaware, dated 20th inst., says iron-clad steamers Nahant and Weehauken were anchored in the roadstead. A Fortress Monroe dispatch, dated 22d, announces the safe arrival there of the Weehauken. It is said she rode out the late terrific gale as well as any vessel could do, being perfectly manageable and staunch throughout.

☞ Grant Thorburn, (the Laurie Todd of literature,) died at New Haven, on Wednesday, at the aged of 90.

☞ Advices from St. Thomas state that the rebel steamer Retribution was formerly the steam-tug Enoch Train of Boston.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

ARR 22d, sch David Crockett, Daniel, York.

Sch Abigail Haynes, Staples, old Boston 22d, for this port.

Ship Dashaway, Coster, Calcutta for London, had been repaired at Mauritius, and would sail in about two weeks from Dec. 5.

☞ Mathew's Arnica Hair Gloss is unequalled for the REMOVAL OF DANDRUFF. ja22

☞ See yon fair maiden in another column, picking Sambucl Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 8 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

Wedding, plain, Initial, or Business ENVELOPES, on hand, furnished, or Printed to order—in any style.

All sorts of Cards, Papers, and other stock, furnished for Printing.

CARDS AND BILL HEADINGS are indispensable to the business man, and we would remind all in want of such work, that the Chronicle Office is the place to get it done.

BRUSSELS TAPESTRY CARPETS FOR 87½ CENTS.—Balance of invoices of these goods we are selling at old prices. Also, 3-plys, Kidderminsters and Ingrains, purchased at the auction trade sales in New York before the advance in prices. Also, Oil Cloths at manufacturers' prices. Also, Royal Medallions and Velvets of English productions, all of which are selling at much under the market rates, by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—Having placed in store a large stock of Carpetings from the auction trade sales in New York, previous to the great advance in prices, we are now offering all grades at much less than the ruling rates. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—There can be but one best place at which to select your Carpets. Large assortment—low prices—correct representations—no deviations from prices—terms cash. On the principles embodied in the above phrases a large trade and satisfactory to all concerned, is carried on by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston. dec 20

CARPETS.—*Our systems of trade*—One price system; cash system. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

☞ 1,000 pieces Tapestry Brussels, of English manufacture, from the late auction trade sales in New York, now selling at much under price by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

Attention, Home Guards!

THE HOME GUARDS are hereby notified to meet at JEFFERSON HALL, on MONDAY EVENING. Roll call at 7½ o'clock.

Per order, JAS. H. HEAD, Clerk.

The Citizens of Portsmouth, both young and old, are cordially invited to join the Military Company entitled "Home Guard." Regular company drills are held at Jefferson Hall on Monday and Thursday evenings. For order.

J. H. HEAD, Clerk.

Disappeared.

From his home in this city, on the afternoon of January 8th, EDWIN H GOODWIN, aged 16 years. He has light complexion, blue eyes, and dark hair; does not speak plainly at all times.—He had on, when last seen, a black sack coat, somewhat worn; a dark vest, dark cloth cap, small checked pants and army shoes. Any information concerning him will be thankfully received by his afflicted parents at No. 126 Market Street.

d8t* IVORY GOODWIN.

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals or away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Hall.

All soldiers who have ever enlisted and who have been or may be discharged from the service are required to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them.

(Signed) JONATHAN DEARBORN,
J. B. ADAMS,
J. E. RIDER,
PRINEAS NICHOLS.

Portsmouth, Jan. 23, 1863. ja23

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

E. A. STEVENS,

NO. 46 MARKET STREET,

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cannon, Benj M. Parker Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Sculer, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm Locke, Kittery; G. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Hye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to Independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and

The Port is excellent because it is pure.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of those complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

This peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. If either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial diseases, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the end of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaint; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, find these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proved by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in the AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is compounded of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the disempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments secreted in the rear of the street and dining hall by an independent staircase. The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good HOSTLER is connected with the house where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is *irregular*, it can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one uniform surface.

6th. While it is better, never in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth.

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1862.

Dr. GOODALL,
DENTIST,
60 Congress St.,
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has of late many calls to insert teeth upon VULCANIZED RUBBER, that he has prepared the best TEETH EVER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no insertions or open joints to collect food, &c., consequently they can be worn night and day, and are very easily kept neat and clean.

Besides all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will do well to consider the advantages offered with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my place for EXTRACTION is 25 cents.

St. Louis Flour.

70 BARRELS Whitehead Family Flour, "*warranted,*" for sale by
MOULTON & BLAISDELL,
jy26 No. 1 Market Square

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, Tin Ware, &c., especially call the attention of the public to the
CELEBRATED AND UNEQUALED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly come into the room, and the slow-sifting of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as testimony of the highest kind in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

Greenland.	
Albert Blaisdell	
J. B. Robinson, *Epping.*	
Isaac Joy, *South Berwick.*	
Capt. Andrew Allen, *Hollis, Me.*	

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes of the
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable article.

We therefore say,

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air should come in contact with the heated metal for respiration, we would ask those who have suffered from the effects of the fumes of the furnace, to carefully observe this.

The objections set out by the constructors of heating apparatus have been to obtain the great amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive contrivances have been devised and constructed, some possessing but little improvement over former modes, while many have proved total failures. Our furnace meets all these objections. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is entirely obviated.

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are borne up by the ascension of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 25 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases. The pipe or flue is of no order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, little sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—Are celebrated Dye was first prepared in 1840; since then time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is warranted not to injure the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or become rusty out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the natural softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *purchased* Dye ever used.

SOLD BY ALL DRUGGISTS.

Excellent Wine for Females.

The Great Remedy for Kidney Affections, Dissemination, Chronic Complaints.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the islands and kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in Oporto, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and beneficiting ladies and children.

A TABLE WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.
Gen. W. Scott, U. S. A. Dr. Ward, Newark.
Gov. Morgan, N Y. State Dr. Wilson, 11th St., N. Y

VOL. 21. PORTSMOUTH, N. H. MONDAY, JAN. 26 1863. NO. 148.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JANUARY 26, 1863.

THE REBELLION.

A dispatch of Friday from Gen. Burnside's army states that the late storm had rendered the roads so impassable that any advance of the army beyond the Rappahannock was a matter of utter impossibility.—The same causes so delayed the transportation of the pontoons and heavy artillery to the designated points as to prevent a surprise of the enemy at the points designed to cross. On Friday afternoon the clouds broke away.

A dispatch to the Boston Journal on Saturday, says the storm has stopped all operations on the Rappahannock. There had been no fighting. Naval operations on the coast have been delayed from the same cause. Four of the vessels which are to take a part were at Fortress Monroe on Friday.

The last of Gen. Banks' expedition left New York on Saturday in the steamer Illinois.

The Tribune's Washington despatch says it may be positively stated that Gen. Butler will resume command of the Department of the Gulf. His headquarters will at first be at New Orleans.

Another battle near Murfreesboro' is reported as probable, Gen. Rosecrans having been effectively reinforced.

Nassau advices report the arrival from Liverpool of the steamers Douglas, Nicholas, J. Thistle and Calypso with assorted cargoes. The steamer Antonica arrived in 58 hours from Charleston, S. C., at Nassau.

By Telegraph, Sunday, to Messrs. Hutchings, Haley, and others.

Gen. Burnside was in Washington on Saturday and had an interview with the President, Sec. Stanton and Gen. Halleck. A dispatch from his army, Saturday night, states that there was nothing of interest to communicate.

Accounts from Mexico, via Havana, give an improbable story that 4000 men of the French army were surprised by 800 Mexican cavalry, suffering a loss of 2000 killed and wounded, many French officers being taken with the lasso and dragged off. The position of the French army is represented to be very dangerous; their communication between Vera Cruz and Orizaba has been cut off, they are constantly harassed by Mexican guerrillas, and they cannot obtain supplies from the country.

☞ A Washington despatch to the Tribune states that on Friday Count Mercier repeated anew his assurances of the friendly regards of the Emperor Napoleon, and said he wished to have it announced that the intentions of France in her proposal of mediation and in her expedition to Mexico are in consonance with the most friendly feelings to the American Union and American interests.

☞ The N. Y. Tribune has a rumor from Washington that the French Government has opened a correspondence with the British Government on the subject of the Alabama, and that Drouyn De L'Huys' opinion is that the tacit consent of England to the launching and fitting out of a privateer is in violation of the treaty of Paris, signed in 1856, and as such is a breach of the law of nations; and further, that the British Cabinet has taken under serious consideration the representations of France, and is trying to find a way to extricate itself from all connection in the matter.

☞ A woman, living alone in the Rue des Tourneurs, at Liege, was found a few days since hanging by one hand from the ceiling of a room in an upper story, and quite dead. It was supposed that in descending from a loft above, where she had been to fetch wood, the trap-door had accidentally shut down upon her hand, and being unable to release herself, she had hung there in dreadful agony till death put an end to her sufferings.

Age and Agility.—A retired Boston merchant, now nearly 80 years of age, residing some thirty miles from the city, is in the habit, twice or three times in the week, of going five miles by rail and a mile and a half afoot, to a favorite pond to skate. It is said that for speed and agility he surpasses all the young folks.

☞ Mr. Abbott, of the famous New York Spingler Institute for young ladies, has been turned out of doors. He purchased the Townsend house on Fifth Avenue a few years ago, for $200,000, paying $50,000 down, the balance remaining on a mortgage recently foreclosed. The house was sold to A. T. Stewart, who made a New Year's present of it to his wife.

☞ The inaugural of Gov. Cannon, of Delaware, expresses strong Union and emancipation sentiments, and favors an active prosecution of the war.

☞ The market-house at Janesville, Ohio, was crushed on Saturday by snow on the roof. Seven persons were killed and many wounded.

NEW HAMPSHIRE ITEMS.

—— Scarlet fever, in a malignant form, is prevailing in Concord and other towns in this State. Three children of Mr. C. C. Clark, of Concord, on one Saturday night were all placed in their beds in usual health, and the next Saturday night were all "beneath the clods of the valley." A similar fatality took place in a family in Woodstock, three children dying within six days.

—— The Concord Statesman says: "We learn that an effectual attempt has been made to procure the use of the ancient Stickney mansion, next north of the City Hall, for use as an asylum for sick and wounded soldiers."

—— $200 were recently forwarded by friends of the soldiers at Great Falls to the N. H. Soldiers' Aid Society at Washington

—— The Concord Statesman says: "the ponderous boilers in use several years ago in the steam mill near Horseshoe Pond, were last week conveyed down Main street, on their way to Boston. This is probably "the beginning of the end" of an unfortunate enterprise. Doubtless the edifice in which those boilers were placed will soon be converted into a useful purpose where it is, or taken down and erected elsewhere."

—— Rev. John H. Edwards, a recent graduate of Union Theological Seminary, will be ordained as pastor of the Congregational Church at West Lebanon, Wednesday, Feb. 3.

—— Mrs. Agnes Sanborn, of Littleton, was sitting before the fire on Saturday, when her clothes caught fire from a spark, and she was so shockingly burned that she died on Sunday.

NEW PUBLICATIONS.

The Atlantic Monthly, for February, which we have received, contains a new Biglow Paper, by J. R. Lowell, and contributions from R. W. Emerson, J. G. Whittier, Bayard Taylor and other popular writers.

The Continental Monthly, for February, contains, as its initial article, "Our National Finances," by Hon. Robert J. Walker, of especial interest at the present time. The Continental has assumed a high position among similar publications.

Godey's Lady's Book, for February, contains, as usual, a vast amount of useful and entertaining matter for the ladies, with copious and well executed illustrations.

Peterson's Magazine, for February, as we should have said long ago, has a fine engraving—Little Red Riding Hood, beside the fashion plates, &c. "Peterson" is cheap in price and excellent in quality.

CONGRESS.

Friday.—The Senate passed the bill from the House to print the annual report of the Banks of the United States. Mr. Wilson offered a resolution, which on his motion was laid over, instructing the Committee on the conduct of the war to inquire whether any Generals of the Potomac army have written to or visited Washington to interfere with any proposed movement by Gen. Burnside, since the battle at Fredericksburg. The bill to provide for the greater comfort of sick and wounded soldiers was passed. It authorizes the Surgeon General to procure such articles as are necessary for the proper diet of sick and wounded soldiers.

The House, in committee of the whole, considered the bill to provide ways and means to support the Government, and by a vote of 31 against 67 rejected the Banking plan of Sec. Chase, as presented by Mr. Hooper.

☞ "Parley" writes to the Journal that the President looks haggard and care worn—who wonders at it?—yet he preserves his good nature, and some new story or *bon mot* from him is always in circulation. The last was uttered on Saturday at the public reception, when a Western paymaster in full Major's attire was introduced, and said: "Being here, Mr. Lincoln, I thought I'd call and pay my respects."—"From the complaints of the soldiers," responded the President, "I guess that's about all any of you do pay."

☞ The rebel government has been impressing flour, whisky, sugar and bacon, in Lynchburg, Va., paying its own price.—The Richmond Whig deplores the proceeding as a shame and reproach to free government, and calls upon the State authorities to vindicate the rights of the citizen against the "spoliation of a military tyranny." So it seems that everything does not go smoothly in Dixie.

☞ Mr. George Gowen and wife were drowned while skating on a pond in Wilmington, Mass., on Tuesday afternoon.—Mrs. Gowen skated through the ice, and her husband attempted to rescue her, when he also fell in, and both were drowned.—They leave four children. Mr. Gowen was one of the Selectmen of the town.

☞ Leonard Scott & Co.'s office in New York city, with all their English publications, back numbers, &c., was totally destroyed by fire recently.

TRANS-CONTINENTAL STAGE LINE.

[Concluded.]

"Drunkenness is the one crying evil in all our young communities. It demands great decision of character to cope with and subdue it, along a line extending for hundreds of miles, only a limited portion of which can be under the actual eye of the Chief at one time. The duties of Mr. Cook, as disbursing officer and general manager of the Company, require him at his office here constantly. Yet he takes time to pass too and fro over his line as often as once in every 3 months. The line Superintendent must travel constantly and with open eyes. The Division Agents, of whom there are three, must see that no failure in duty occurs on the section assigned to them. All must move smoothly, unitedly, and the least friction or derangement of the machine must be instantly reported to Mr. Cook, the fountain-head. This is rendered possible by the telegraph, which has nine stations between this city and Carson.

"The interest excited on your journey hither will not flag as you roll rapidly westward. You have crossed the Rocky Mountains and have now to span the more level country to the other great range, the Sierra Nevadas. Your eye will rest upon broad alkaline flats, apparently the bed of some lake, whose waters evaporating have deposited for miles around the saleratus once held in solution, which now glistens in the sunlight, and in contact with which the iron shoes of the horses give a sharp ring as if the great mirror were solid ice.

"I shall not attempt to describe to you the grandeur and beauty of much of the scenery, for I expect you will see it all some day, and thus discover the poverty of my descriptive resources. Let me only remark, that, vast as are the plains over which you will roll, you will never be out of sight of mountains, and as they are always grand, majestic, sublime, and ever-varying, your eyes will not be wearied with gazing. After one of those gorgeous sun-sets, you will wrap your blankets around you, stretch out upon the cushioned seats and sleep as soundly as you do in your own chamber. At least such is my experience, and I have come to the conclusion that the motion of the coach is conducive to sleep. If it is not, then cradles should be abolished.

"Arriving at Carson, you can at once connect with the coaches of the Pioneer Stage Co., Louis McLane, Esq., proprietor, which contracts with the O. M. Co. to carry mails to Placerville; or you can stop and descend into the great silver mines of that region. Here you will see large cities, where two years since only a few rude huts existed. The great steam mills, into which very ordinary looking flinty rocks are cast, and out of which issue great bricks of solid silver, will interest you. But your destination is San Francisco, and you will depart on your journey up the steep Sierras. Fifteen miles north east of Carson you will have seen a 'city set upon a hill,' Virginia city, higher above sea-level than any on the globe, save Quito. But on the summit of Sierra mountains, you will discover a greater 'curiosity than this. 'Lake Bigler,' a broad sheet of water, its surface reflecting the great piney woods which encircle it, its transparent depths filled with delicious trout, will woo you to tarry for a day's enjoyment. The cheerful hostelry of mine hosts, Dean & Van Wagner, the broad views without and the well-spread tables within, will add their seductive arguments, and if you can summon courage to deny yourself this pleasure, and can resist the polite attentions of the judge,' or the genial hospitality of his jolly partner, who leads the 'Van,' your powers of resistance will exceed mine.

"When you proceed on your journey, you will pass through some of the most sublime scenery in the world. This alone will repay you for your long journey. If you do not stop at Lake Bigler, or any of the attractive points on the road, you will reach Placerville at the end of 22 hours after leaving Carson, (Horace Greeley has told you of a much quicker trip than this,) and your road will have been through one continuous and beautiful grove of immense pines, whose fallen leaves have carpeted your pathway, and whose fragrant aroma has filled the air with pleasant smells. Five hours more takes you to Folsom, where the iron horse stands snorting, familiarly eager to bear you to Sacramento, which place you reach in a couple of hours. Here you take a beautiful steamer, glide rapidly down the Sacramento River, out into the broad bay, and land in the 'Golden City,' after a water trip of seven hours. The actual time occupied in travelling between your eastern home, and your new home on the shores of the Pacific has been 492 hours, including all *necessary* delays. Had you taken the California steamer at New York, the journey would have occupied 624 hours. The expense would not have differed greatly, but the difference is in favor of the land route. You are strong and hearty, stronger and heartier for your journey. Had you journeyed by sea, you would have landed weak and dispirited. By the latter route you would have been allowed to look out upon a vast expanse of water, if able to hold up your head at all. You would have learned of what monotony nature is capable. You would have sailed around a Continent with which you can, by your journey overland, claim something like an intimate acquaintance, of whose magnitude and grandeur you can now speak as one having authority. You have accomplished a journey which you can never regret, never forget.

"The 'safety, celerity and security' of the Overland Mail is a matter of vast interest to us dwellers in the wilderness. It is the connecting link between ourselves and home. It brings to us letters sometimes, only fourteen days after some Portsmouth friend indited them. On this very evening in mid-winter, the last of the year, I can show you a letter, which, if the date and post-mark are to be believed, left old Strawberry Bank only fifteen days ago.

"We are three thousand miles apart; but the good Government, which ambitious villains would destroy, harnesses the lightning and controls the elements and surmounts all physical obstacles, in order that we may communicate freely with each other. Let us return for her generous devotion, the sternest loyalty and the most abiding faith."

Enjoy To-Day.—This foreverlooking *forward* for enjoyment don't pay. From what we know of it, we would as soon chase butterflies for living, or bottle up moonshine for cloudy nights. The only true course is to take the drops of happiness as God gives them to us, every day of our lives. The boy must learn to be happy when he is plodding over his lessons; the apprentice when he is learning his trade; the merchant while he is making his fortune. If he fails to learn this art, he will be sure to miss his enjoyment when he gains what he sighs for.—*Ex.*

Repentance.—False repentance has grief of mind and humiliation only for great offences, until it supposes pardon for these obtained. True repentance is a continued war against sin, a permanent inward shame for its defilements, till Death sounds a retreat.—*Venn.*

Are you fond of fugue hymn singing.—Take a note of a few. The first is the hymn we heard in meeting the last time—"O, take a pil, oh, take a pil, oh, take a pilgrim home." Another we heard from treble and soprano, the fairer portion of creation—"Oh, for a man, oh, for a man, oh, for a mansion in the skies."

The Beauty of Woman transcends all other forms of beauty, as well in the sweetness of its suggestions as in the fervor of the admiration it awakens. The beauty of a lovely woman is an inspiration, a sweet delirium, a gentle madness. Her looks are love-potions. Heaven itself is never so clearly revealed to us as in the face of a beautiful woman.

Owe Dear!—"Owing to what do you adopt such an extravagant style of dress, sir?" asked Paterfamilias of his first-born. "Owing to my tailor, my hatter, and my bootmaker, old man," was the ready reply of the Dutiful One.—*Vanity Fair.*

Special Notices.

One Hundred Men Wanted!

One hundred good, able-bodied MEN are immediately wanted by the undersigned. The duty for which their services are required is of the lightest, cleanest, most exciting and agreeable character. The inducements are equal to any which have been offered within the last two years:—the pay is large and prompt, and the treatment of a very superior nature.

Wagoners, Hostlers, Blacksmiths, Saddlers, Buglers and Tailors will find employment in their several callings and extra pay.

Full particulars can be obtained by applying to the subscriber, at No. 88 Congress Street, Portsmouth, N. H. 27 W. O. SIDES.

NOTICE.

From this date, the Prices of our Daily and Weekly Issues will be—

DAILY CHRONICLE 85 per year, or $4 in adv. 40 cts. per month, 10 cts. per week, 2 cts. per copy.

N. H. GAZETTE, $1.50 per year, or $1.25 in adv. For eight months, $1.

Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 19 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

Drake's Plantation Bitters,

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

LOST—Some time since, a Lady's GOLD SCROLL PIN. The finder will be rewarded on leaving it at the Chronicle Office. ja13

Local.

☞ The New York Tribune, of Friday, in giving an account of the state of affairs at the navy yards of New York, Philadelphia and Portsmouth, has the following in regard to the latter:—

There are about 1,500 hands at work here; disbursements about $60,000 monthly. The men-of-war in port are:—

Lassacus.....Steam Corvette.....Completing.
Pantorel.....Steam Sloop of war...Ribs up.
Nipsic.....Screw Corvette.....Keel laid.
Nyamecticus.Iron clad.....Finishing.

The Mohican, Sacramento, and indeed all the ships turned out of this yard are the best in the Navy, as a general thing.

The last statement in the above is more nearly correct than are the names of the vessels mentioned. The names are—the Sassacus, (not the Lassacus, which sounds too much like Lazy-cus) the Patoxet, the Nipsic, and the Agamenticus. Confusion might arise should the names stand uncorrected.

AN ANNUAL INSULT.—Messrs. Radway & Co., of New York, are repeatedly sending us yards of advertisements, for which they offer $20 or $30 a column, per year! If they will add another cipher at the right, to the amounts, and send cash in advance, we will try and squeeze them into our crowded columns, somehow. But it is useless for them to waste more postage on us, to send starvation offers like these—as we never notice or answer them. The more work of some kinds you do, the less you have to show for it—especially when you have to earn your money the second time in collecting it. Our cash terms are $200 per column, Daily; and $75 Weekly, per year.

☞ The Washington correspondent of the Concord Statesman, writing under date of January 19th, says:—

Hon. Wm. H. Y. Hackett, of Portsmouth, is here, in attendance upon the Supreme Court. One of the actions in which he appears is "John A. Parker v The Winnepiscogee Lake Cotton and Woolen Manufacturing Company"—which was tried in the Circuit Court in Portsmouth, in 1860, and brought, on appeal by the plaintiff, to this court. Mr. H. appears for the defendant. The published volume, embracing the evidence and records, is as big as a family bible. The Lord have mercy on a litigant who embarks his hopes of gain on such a job. He has no mercy on himself.

☞ A general meeting in behalf of the New Hampshire Bible Society will be held next Sunday evening in the North Church, to be addressed by the Secretary, Rev. Mr. Willey, and by the pastors in the city.

☞ An extensive wharf is being built in the neighborhood of Fort McClary for the purpose of landing granite and other materials to be used in the construction of the fort. George A. Hammond, Esq., of Eliot, has the contract for furnishing timber and has already commenced operations in cutting timber near Gerrish's Island. This government work will give employment to many citizens of Kittery and the adjoining towns.

☞ Among the recent nominations for Major Generals sent to the Senate are those of Gens. John G. Foster and N. J. T. Dana.

Col. Gilman Marston is nominated for Brigadier General.

☞ A wine-merchant, who appeared against a war-office clerk in the London Court of Bankruptcy, lately, stated that the bankrupt had admitted that he had drank as many as twenty bottles of wine at a sitting!

"Was Mr. Chisselem a very popular man when he lived in your town?" inquired a busybody of a friend. "I should think he was," replied the gentleman, "as many persons endeavored to prevent his leaving; and several of them, including the sheriff's deputy, followed him for some distance.

☞ Two rebels, of Stuart's cavalry, have been taken within our lines, and are now imprisoned at Washington as spies.—The penalty for that offence is death.

☞ Two army correspondents have been arrested at Falmouth, for writing letters declaring the army demoralized.

☞ Information has been received at San Francisco, of the murder of Mr. W. L. Baker, American Consul at Guaymas, by the Apache Indians.

☞ The President and his Cabinet have been discussing the question of the proper guage for the Pacific Railroad, and decided that it should be 5 feet.

☞ Old rags are coming to Boston from Canada and the Brunswick Provinces at a rapid rate.

☞ George W. Randolph is the people's candidate for the next Governor in Virginia.

☞ Flour is selling in Georgia at $46 per barrel, and in Mobile at $60.

☞ We are indebted to Hon. E. H. Rollins for a copy of the President's Message, with the Diplomatic Correspondence for 1862.

☞ In Illinois they are thinking of importing laborers from England. Thousands of acres are in need of cultivation, but the army has absorbed all the cultivators.

☞ The Empress Eugenie has ordered a life size portrait of Mdlle. Patti, as Amina, from Winterhalter. Meyerbeer, too, is writing a scene expressly for her, which will be produced on the occasion of her benefit, at the opera in Paris.

☞ Rev. John C. White, late of Delaware, has accepted a unanimous call to become Assistant Rector of St. Paul's Church, Newburyport, with Rev. Dr. Horton.

☞ The Providence Post boasts of a subscriber residing in that city, who has bathed in the water near the head of the cove every morning during the last thirteen years—in the winter cutting a hole through the ice.

☞ A poor, but honest stone-cutter in Port Byron, Conn., recently received intelligence that a fortune of $300,000 in gold is awaiting his order at the bank of Dublin. A windfall.

☞ When the rebel Gen. Wheeler cut off the supplies to Rosecrans' army, our soldiers had to live on horse-flesh for forty hours.

DEATHS.

In this city, on Sunday, Jan. 18, Mr. WILLIAM HUNTER, aged 20 years.

☞ The Funeral of Mr. CHARLES EDW'D HUNTRESS will take place from the residence of his uncle, Mr. Joseph F. Dennett, at Gravelly Ridge, on Tuesday afternoon at 2 o'clock. Relatives and friends are hereby invited.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Sld 23d, sch David Crockett, Daniel, York.
Cottage Girl, Robinson, fishing.
Prioress, Thurlow, "

All sorts of Cards, Papers, and other stock, furnished for Printing.

CARDS AND BILL HEADINGS are indispensable to the business man, and we would remind all in want of such work, that the Chronicle Office is the place to get it done.

BRUSSELS TAPESTRY CARPETS FOR 87½ CENTS.—Balance of invoices of these goods we are selling at old prices. Also, 8-plys, Kidderminsters and Ingrains, purchased at the auction trade sales in New York before the advance in prices. Also, Oil Cloths at manufacturers' prices. Also, Royal Medallions and Velvets of English productions, all of which are selling at much under the market rates, by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—Having placed in store a large stock of Carpetings from the auction trade sales in New York, previous to the great advance in prices, we are now offering all grades at much less than the ruling rates. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

CARPETS.—There can be but one best place at which to select your Carpets. Large assortment—low prices—correct representations—no deviations from prices—terms cash. On the principles embodied in the above phrases a large trade and satisfactory to all concerned, is carried on by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston. dec 20

CARPETS.—*Our systems of trade*—One price system; cash system. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

☞ 1,000 pieces Tapestry Brussels, of English manufacture, from the late auction trade sales in New York, now selling at much under price by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

Attention, Home Guards!

THE HOME GUARDS are hereby notified to meet at JEFFERSON HALL, on MONDAY EVENING. Roll call at 7½ o'clock.

Per order, JAS. H. HEAD, Clerk.

The Citizens of Portsmouth, both young and old, are cordially invited to join the Military Company entitled "Home Guard." Regular company drills are held at Jefferson Hall on Monday and Thursday evenings. Per order.

J. H. HEAD, Clerk.

Disappeared.

From his home in this city, on the afternoon of January 8th, EDWIN H. GOODWIN, aged 16 years. He has light complexion, blue eyes, and dark hair; does not speak plainly at all times.—He had on, when last seen, a black sack coat, somewhat worn; a dark vest, dark cloth cap, small-checked pants and army shoes. Any information concerning him will be thankfully received by his afflicted parents at No. 126 Market Street.

ds* IVORY GOODWIN.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large pieces on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be VERY GOOD for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Darling, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chase, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harrah, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Saleh Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Silas Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room to which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they received the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe." "one more step to independence." Let every man, woman and child who sees Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

☞ ATTENTION, THE WHOLE!

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum has been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many happy cures effected by it since. I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may25o

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Emery Eldes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As for our people they believe there have been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to those you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an offending humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane H. Bunce, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Harvey Gage & Co., manufacturers of cassinett goods, in Lyndeboro, N. H.

"I had for several years a very troublesome tumor in my face, which grew constantly worse until it disfigured my countenance to a most lamentable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I tried your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin formed under the old one, which then came out, and left my face as smooth as any body's, and I am without any symptoms of the disease that I have suffered from for years, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sands, Houston St., New York.

"DR. AYER: I believe full to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to my profession as well as to the people."

From J. E. Johnston, Esq., Wabenun, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The sores were so bad that the bones became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Emery Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Crawford County Democrat, Meadville, Pa.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and totally blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we watched the hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. We then began to use your SARSAPARILLA, in hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. We then began to hope for his life, and gave the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he has now a fair head of hair as any of us."

From Mr. Chas. S. Fox, Lion, of New Brunswick, N. J.

"Our son, had been afflicted with Scrofula in his legs, caused by the abuse of mercury, which we had given him for years, and some aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayer's SARSAPARILLA achieved him. Its effects can be lasting, more invincible and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are accompanying symptoms of scrofulous origin, of course, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in addition, the SARSAPARILLA, the skilful application of local remedies.

From the well known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, in my hands, so far as we can see, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name to her neighbors, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by the AYER SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, can be comfortably lodged in the quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of adhesion or adhesion can be obtained by it.

3d. When the stock is irregular we can by building out the depressions—which can be done in any extent—give the mouth a more natural appearance.

4th. No bad taste or smell in the mouth by its use, as the rubber is free from the animals and much do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean, of extra wear, and will generally be when finished the work presents the whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth.

Has had the care of practical experience in making the above and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

Dr. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the motion is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and the eastern states, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best dentists in the country. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and an improved boiler combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin reservoir attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise

We would refer to the following purchasers:

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would set those about erecting new churches or public buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, which is not scorched or parched, as the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating Furnaces have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over Franklin's stove, which may have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off with the smoke, if not burned without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus using at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the best part of every dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'
Arnica
HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

Beyond the wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strengthens it to a healthy and fertile.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and assists healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and agreeable, and its operator having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed not only twenty-five cents a bottle, by all Druggists.

GRACE'S CELEBRATED SALVE,
A SURE RELIEF FOR THE SUFFERER.

This Salve is a vegetable preparation, invented in the 17th century, by Dr. WM. GRACE, surgeon in King James's army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor.

Grace's Celebrated Salve cures Burns.
Grace's Celebrated Salve cures Scalds.
Grace's Celebrated Salve cures Flesh Wounds.
Grace's Celebrated Salve cures Corns.
Grace's Celebrated Salve cures Felons.
Grace's Celebrated Salve cures Frozen Limbs.
Grace's Celebrated Salve cures Scurvy.
Grace's Celebrated Salve cures Callouses.
Grace's Celebrated Salve cures Salt Rheum.
Grace's Celebrated Salve cures Chilblains.
Grace's Celebrated Salve cures Sore Breast.
Grace's Celebrated Salve cures Sore Lips.
Grace's Celebrated Salve cures Erysipelas Sores.
Grace's Celebrated Salve cures Abscesses.
Grace's Celebrated Salve cures Ulcers.
Grace's Celebrated Salve cures Chapped Hands.
Grace's Celebrated Salve cures Ringworms.

And from Sores and Wounds of the most serious nature down to a common Pimple. It eradicates Pimples from the face, and beautifies the skin. There is no preparation before the public that can equal this Salve in prompt and energetic action for the speedy cure of external diseases, as those who have tried its virtues testify. Soldiers, Sailors, and Fishermen, will find this Salve their best friend.

It has none of the irritating, heating properties of other remedies, but cools, cleanses, and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand in case of accident, for it will save them much trouble, suffering, and money. All it wants is a fair trial to cure old and inveterate Sores.

BOOK, JOB AND CARD PRINTER.
OFFICE,
EXCHANGE BUILDING, OPP. POST-OFFICE,
Portsmouth, N. H.
DAILY $5 per year, or $4 in advance.
WEEKLY $1.50 per year, or $1.25 in adv.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. TUESDAY, JAN. 27, 1863. NO. 149.

Advertising.

For a Square (1 inch) or less, one insertion 50 cents; three insertions $1, one week $1.50, one month $3, three months $6, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly (Gazette) without special order and charge.

Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.

Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus reach the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined:
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every foe fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

A. M. Hoyt,
Teacher of NAVIGATION, BOOK-KEEPING, and all branches of MATHEMATICS.
—Also—
Particular attention given to LAND SURVEYING, DRAFTING and CIVIL ENGINEERING.
49 Pleasant Street.
Portsmouth, N. H., Dec. 27, 1862.

jal 17 Respectfully, I. HAHN.
N. B.—Premium allowed on Gold and Silver coin.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on the shortest notice, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, JANUARY 27, 1863.

THE REBELLION.

New Orleans advices of the 8th say it is reported that the Winona, one of our gunboats, has been sunk by the south battery at Port Hudson.

There was nothing from Galveston up to the afternoon of the 8th.

It was reported in New Orleans at last advices, that Stonewall Jackson, with 40,000 men, had reinforced Vicksburg. It was about time to expect another report concerning him. They come along pretty regularly; beretofore, however, he has had 70,000 men.

The rebel Gens. Forrest, Sterns and Wheeler were at Franklin, Tenn., on Saturday, with 6000 cavalry. The rebels attacked the bridge guards on the Chattanooga road, ten miles from the city on Sunday, but were repulsed with two killed and twenty wounded. One of our men was killed. There is a fleet of 22 boats at Clarksville and 3 gunboats: a large mail is on the fleet.

Acting Rear Admiral D. D. Porter, on board U. S. steamer Blackhawk, at the mouth of the White River, Jan. 20, reported that the land and naval forces had taken St. Charles, Duval's Bluff and Des Arc, and the light draft boats were over three hundred miles above the mouth of the White River. The DeKalb, Lieut. Com. Walker, captured at Duval's Bluff two 8-inch guns, with carriages, ammunition, &c.; 200 field rifles and three platform cars; and at Des Arc we captured 39 prisoners, and a quantity of arms and ammunition.

Gen. Grant's expedition has left Memphis for Vicksburg.

Newbern advices report that a movement was on foot, asking the authority of Congress to raise ten loyal regiments in North Carolina, the material for which is said to be abundant.

The Washington *Intelligencer* announces that Gen. Burnside has resigned, and the command of the Army of the Potomac given to Gen. Hooker.

On Monday morning Gen. Burnside turned over the command of the army to Gen. Hooker, and, in his parting address to his troops, bespoke for him their full and cordial support and co-operation. It is understood that Gens. Sumner and Franklin have also been relieved of their commands, but the names of their successors have not been divulged. Gen. Burnside and most of his staff have been allowed 30 days leave of absence, and will go to New York.

The iron-clad Nahant arrived at Fortress Monroe on Monday.

☞ A rumor having been current that attempts had been made by Hon. Simon Cameron to bribe certain members of the Pennsylvania legislature to vote for him as Senator at the late election, or to absent themselves that he might be elected, a committee of the House was chosen a few days ago to inquire into the circumstances alleged. Since the appointment of the committee Thomas Jefferson Boyce has published a letter in which he says Cameron made the proposition to pay him $20,000 in consideration of votes to be given or neutralized in favor of Cameron's election.

A GREAT TELESCOPE.—The Cambridge Chronicle, Mass., states that Messrs. Clark & Sons, of that city, have succeeded in making a lens two and a half inches greater in diameter than that of the famous telescope in the Harvard University Observatory. That is about sixteen inches in diameter; this more than eighteen inches.—It was made for a college in Mississippi, but the rebellion has annulled the contract.—The contract price was about $10,000.

☞ Russia is a Polyglot nation. Her religious language is Greek, her polite language French, her vulgar tongue a compound of Greek, Latin, German, French, and Sclavonian. Her literati are Germans: her mechanics and merchants, to a great extent, French and British; and her bravest officers have always been Poles, Cossacks and British.

☞ A marriage engagement has been entered into between the hereditary Grand Duke Nicholas of Russia, the Cesarewitch, aged 19 years, and the second daughter of Prince Christian of Denmark, the Princess Sophie Maria Frederica Dagmar, aged 15, and sister of the Princess Alexandria, the wife elect of the Prince of Wales. If there are no lovers' or other quarrels to break up these matches, the imperial houses of Great Britain and Russia will be related by marriage.

☞ Gen. Butler has made an explicit denial of the statement that he attempted to control the Congressional interest of Mr. Bouligny.

☞ Calicott, the War Democrat adopted by the Republicans as their candidate, was elected Speaker of the New York Assembly on Monday.

NEW HAMPSHIRE ITEMS.

—— The bleachery belonging to William A. Rundlett, situated on the river road in Bedford, was burned about 8 o'clock Saturday morning. The building was a story and a half high, and about 30 feet long by 24 feet wide. It was used for bleaching cotton waste. It is supposed that the fire caught from a defect in the funnel of the stove. The loss is about two thousand dollars in waste and machinery. Rundlett's loss on the building, four hundred. No insurance.

—— Miss Rosina Delight Richardson, only daughter of Nathaniel Richardson, of East Alstead, has attracted the admiring eyes of curiosity seekers. She is nineteen years of age, is five feet three inches in height, measuring 5 feet 3 1-4 inches round the waist, and 2 feet ten inches in a straight line across the shoulders. Her weight is 478 pounds. For a full rigged dress on a winter's day, she requires 98 1-2 yards of 3-4 yard wide cloth.

—— Mr. Jeremiah Tilton, of Sanbornton Bridge, who arrived at the Bromfield House, Boston, on his way home from Worcester on Thursday evening, was found dead on the floor of his room at an early hour Friday morning. The deceased was 69 years of age and leaves a wife and family. The cause of death was paralysis of the heart.

—— A man by the name of Dow, who, for some time past has lived alone in a cave, not far from Loudon Village, was found dead on Thursday morning.

—— A woman named Bridget Gibney died recently in Manchester under suspicious circumstances, and the coroner's jury, on Saturday, brought in a verdict that she came to her death by poison administered by the hands of Samuel V. B. Bennet. A letter from Dr. Hayes, of Boston, stated that he had made a chemical analysis, and had found strychnine in the stomach of the deceased. It was in evidence that the accused was found locked in the room of Mr. Bennett, and she declared she had taken poison. In answer to a question she said it was procured by him.

——A special dispatch from Washington to the Boston Journal on Monday, states that the splendid new colors for the Fifth N. H. regiment were displayed from the porch of the National Hotel, and attracted much attention.

CONGRESS.

SATURDAY.—In the Senate, the resolution directing the Secretary of the Navy not to accept the title of League Island unless Congress shall further direct, was discussed and adopted, 21 against 18.

The House was not in session.

FROM NASSAU.—The steamer British Queen, from Havana 17th and Nassau 20th, has arrived at New York.

The Bahama Herald of the 17th, gives an absurd story that the commander of the British war steamer Galatea has received positive orders to take Admiral Wilkes when and wherever found, and convey him to Bermuda, to be detained until further orders from England. The British ship Vesuvius took a million and a half in specie from Mobile for England. The steamers Annie Childs and Flora, have arrived at Nassau from England, probably to run the blockade. The steamers Douglas, Thistle, and Antonica, had sailed for Charleston. The steamers Boura and Calypso, were still in port on the 17th. The steamer Nina had arrived from Galveston with cotton.

Most of the large sales which have transpired during the past week have been on speculative account, yet prices of those goods in which movements have occurred have apparently advanced no faster or in greater proportion, than of those in which there have been no sales. The fact is, there is but little chance for activity in trade, for though buyers outnumber sellers, the latter refuse to surrender or even name their terms of capitulation, for the very obvious reason that they cannot replace their stocks of goods for the money they get for them, either by purchase, manufacture or importation. Hence they hold with bull-dog tenacity, and are content to count their gains by the daily appreciation of their property. "Cash in hand" is no longer the favorite motto of mercantile circles, but "cotton in hand" exhibits the true art of getting rich.—*Com. Bulletin.*

☞ Gunpowder made of paper is the latest novelty. A letter from Copenhagen says that the Royal Artillery Board of Denmark has just made successful experiments with the new material. Common packing paper was in the course of ten or fifteen minutes transformed into a very powerful kind of gunpowder, and a number of shots were fired with it.

The town of Adams, Mass., has no town hall, no sidewalks, no gas lights in the streets, and never has owned a hearse, the one now in the place being an individual enterprise, procured after the citizens had refused to purchase one in a meeting called to consider the subject.

If you would relish your food, labor for it; if you would enjoy the raiment, pay for it before you wear it; if you would sleep soundly, take a clear conscience to bed with you.

☞ The circumstances attending the recent death of Mr. Bodien, draughtsman in the Engineer's branch of the War Department at Washington, were most singular and remarkable. On the occasion of the loss of the iron-clad Monitor, it was announced in the newspapers that certain officers had been lost. Among those thus mentioned were two of the special friends of Mr. Bodien. Within three days after the loss of the Monitor, the two friends of Mr. Bodien, thus supposed by him to have been consigned to the deep, made their personal appearance in his office. He was so shocked by the sight that he fainted and falling against an iron mantle, received a severe contusion of the brain, which caused his death. He was a gentleman highly esteemed among his personal and official friends.

☞ The Times' Washington dispatch says the House Committee on Territories instructed the chairman to report a bill for the admission of Utah, with the prohibition of polygamy as the condition upon which the territory shall be admitted. He is also instructed to report a bill for the erection of the territory of Shoshona. The proposed territory will include all that part of the old territory of Oregon inhabited by the Shoshone Indians, all the territory of Nebraska west of the 27th parallel from Washington, and that portion of Dacotah territory lying south of the 46th degree of latitude.

☞ The Waterville Mail tells a sad story. The Rev. Ephraim Johnson, of Pittsfield, Me., heard that one of his two sons in the army was sick in a New York hospital, and that the other had lost a leg at Fredericksburg. Starting immediately to find them, he met the dead body of one, and hurrying on to assist the living son, was robbed of his scant purse by the way, and reached Washington only to learn that the second boy was dead and buried. Kind friends assisted him in his need, and promised to send the body home to him. The coffin came—but by some mistake the body was a stranger's.

☞ Rev. Thomas K. Beecher, brother of Henry Ward Beecher, chaplain of a regiment raised at Elmira, N. Y., writes to the New York Times, from near Warrenton: "I have been glad at heart to see our men in squads taking down a useless fence by daylight, and putting the lumber to service. When they used to steal it, bit by bit, the chaplain was grieved. But when the order came 'Rise privates, take and build!' then I felt like mixing dialects and shouting Bully, Hallelujah!"

☞ There is a rumor from Washington that the Government contemplates making a military and naval station at Brunswick, Ga., which, having a magnificent harbor, and being the terminus of the Florida and Brunswick Railroad, which connects it with Mobile and New Orleans, is peculiarly fitted for a base of operations and a port for the liberation of the cotton now held in that region in large quantities, and the procuring of supplies.

TRUE FELICITY.—If men did but know what true felicity dwells in the cottage of a virtuous poor man—how sound he sleeps, how quiet his breast, how composed his mind, how free from care, how easy his prospects, how healthy his morning, how sober his night, how moist his mouth, how joyful his heart—they would never admire the noises, the diseases, the throng of passions, and the violence of unnatural appetites, that fill the houses of the luxurious and the hearts of the ambitious.—*Jeremy Taylor.*

☞ The Boston Traveller understands that the agent of Madame Bishop is about, or has, instituted a suit against the city of Charlestown, laying damages at $500, for a breach of contract, the city authorities having agreed to grant him the use of the City Hall, Jan. 22d, for a concert, forgetting that it had been previously leased.

The English papers are fond of talking of the cruelty of American ship masters, but we have seen nothing to equal the case of a Cardiff captain who, offended at one of his crew, ordered the carpenter to chop the poor fellow's fingers off with a mallet and chisel, and whilst this shocking act was being done, some of the fingers not being cut the same as the others, a second cut was made. His hands being bound up, he had to take his turn at the pumps for twenty minutes at a time, and to do the work life was lashed by each arm to the handles of the pump, and by this means he had to keep on with the rest of the men.—*Boston Post.*

NAVAL.—A Baltimore dispatch states that the steamer Vanderbilt would sail from Fortress Monroe on Monday afternoon to tow the iron-clad Weehawken South. The Vanderbilt has a full supply of coal for a cruise after the Alabama after performing this duty. It was reported in Key West on the 17th, that the pirate Alabama was off Havana, and had sent a boat ashore.

☞ A young man by the name of Shea has been arrested in New York, as an accomplice in several robberies from baggage cars on several railroads running out of New York. He is the son of the newspaper express agent, and his part in the robberies was to obtain duplicates of the baggage checks.

Don't join in the rush to hold office, for generally holding office is not worth a rush.

DIRGE FOR A SOLDIER.

Close his eyes; his work is done!
What to him is friend or foeman,
Rise of moon, or set of sun,
Hand of man, or kiss of woman?
Lay him low, lay him low,
In the clover or the snow!
What cares he? he cannot know:
Lay him low!

As men may, he fought his fight,
Proved his truth by his endeavor,
Let him sleep in solemn night,
Sleep forever and forever.
Lay him low, lay him low,
In the clover or the snow!
What cares he? he cannot know:
Lay him low!

Fold him in his country's star,
Roll the drum and fire the volley!
What to him are all our wars,
What but death bemocking folly?
Lay him low, lay him low,
In the clover or the snow!
What cares he? he cannot know:
Lay him low!

Leave him to God's watching eye,
Trust him to the hand that made him,
Mortal love weeps idly by:
God alone has power to aid him,
Lay him low, lay him low,
In the clover or the snow!
What cares he? he cannot know:
Lay him low.

INFANT ASKING FOR A DIVORCE.—Harriet A. M Laughlin, of Chicago, asks for a divorce from Henry A., her husband. She is only 14 years old, and has been married but a single month.

☞ The late Dr. Beecher's estate in New Haven has been purchased by the Catholics, who will erect an educational institution upon it. At one period of his life Dr. Beecher made himself very popular by a series of lectures against the Catholic hierarchy.

☞ Humphrey Marshall's law library, sold for the benefit of the Government, brought $1367.

CARPETS.—*Our systems of trade*—One price system; cash system. NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

☞ 1,000 pieces Tapestry Brussels, of English manufacture, from the late auction trade sales in New York, now selling at much under price by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston.

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them.

Sin gle copies 3 cents; in all cases.

P ortsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR. No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-bound, and the arrangement of the catalogue. will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, settle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only unbreakable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction and will do what it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic- and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

LOST—Some time since, a Lady's GOLD SCROLL PIN. The finder will be rewarded on leaving it at the Chronicle Office. ja13

Local.

THE SLOOP OSSIPEE.—The Boston Journal, some days since, contained the following item:—

The Ossipee, in October, made her debut at Portsmouth, but was disabled on her first voyage, and put back to Fortress Monroe, on account of her engines giving out. She has gone to Washington Navy Yard, where her engines are undergoing a thorough inspection. The repairs and alterations will probably take some two months. It is unfortunate that such a fine vessel should be so carelessly furnished.

The fault with the Ossipee, we believe, was entirely in her engines. These were made and put in by contractors, who had every facility afforded them to do the work properly and substantially. The vessel was in their hands a long time, and it really seems that there should have been no occasion for doing twice what might have been done properly at first. But it has been hinted that there has not always been manifested at headquarters that practical knowledge of the actual requirements of such vessels, as regards machinery, which in such hazardous times as these is desirable, and it is gratifying to know that a commission, composed of nine engineers, entirely disconnected with the naval service, is to examine into the efficiency of the engines on the newly built war steamers, including those of the "Monitor" pattern. Senator Grimes, of the naval committee, says that "when these gentlemen act upon this matter, when they go personally and make an examination of the plans and drawings, the models and the specifications, and then go to the ships that are said to be defective in their construction, and examine them and see of what material their engines are composed, and what the character of the workmanship is, they can give an intelligent answer; and if the vessels are defective, they can fix the responsibility upon the parties who have been really remiss in their duties; but the Senate never can do it."

HONOR TO WHOM HONOR IS DUE.—Happening to be in Dover last Sabbath, it was our privilege to attend morning worship at the Unitarian Church, where the services were performed in a chaste, dignified and appropriate manner, by one of our young townsmen, Mr. William G. Nowell, a recent graduate of the Divinity school at Cambridge. His sermon was plain, practical and familiar, delivered with good voice and distinct utterance, engaging and interesting the audience throughout. It gives us great pleasure to say that the whole appearance, as to matter and manner, of this young candidate for the honors and toils of the pulpit, is highly creditable, alike to his own efforts, and to his tutors in preparing him for the sacred office. U. T.

☞ Rev. Mr. Gage delivered his farewell sermon to the North Church and Parish on Sunday afternoon. He is the fifth pastor since Rev. Dr. Putnam, who has been settled at Middleboro, Mass, 27 years. Mr Putnam was here 20 years, and previous to him there had been five pastors, between 1671 and 1812.

☞ An excellent opportunity is afforded persons in this vicinity to send articles to the soldiers in the Army of the Potomac, as will be seen by reference to Mr. Rowe's advertisement. Capt. G. W. Tucker also advertises that general freight will be taken for Washington, D. C.

An old resident informs us that in 1817, there was not two inches of snow on the ground till after December. At that time, the roads were dusty and the weather mild. *Belfast Age.*

We can add that the ground was as bare of snow, here, in January, 1818, as it was in July, but in February it began snowing on the 5th, and snowed three days. There was good sleighing six weeks from February 8, and snow and ice remained on the ground till the 1st of April.

☞ The new Eastern Railroad depot, in Boston, is completed, exteriorly, and the cars ran from it on Monday. The new structure is of brick; the front, a square, abutting on the track, two stories high, to accommodate the offices, surmounted by a spacious clock tower, that rises from the ground some seventy feet. The architecture is graceful, and the work substantial. The track is covered by an iron-framed roof, self-sustained, upon which the slates are immediately placed, thus being completely fire-proof.

Michigan Central 8s sold in Boston on Saturday at 127, and Illinois Central R. R. 6s are worth in New York 122, yet this latter railroad made an assignment in 1857. People are becoming almost as wild on bonds as they were in 1856, and a coupon is the ignis fatuus that they cannot refrain from running after. Some New Hampshire 6s actually sold last week for 118, having only three years to run; the purchaser gets no interest for his money, and loses the interest on it besides—a difference of 12 per cent. per year—he must have had great faith in gold being at a high premium in 1866; and that the State would be sure to pay in specie at that time. Massachusetts 6s bring now 130!—*Com. Bulletin.*

GETTING A CHARACTER.—Be wondrous wary of your first compartments; get a good name, and be very tender of it afterwards; for 'tis like the Venice-glass, quickly cracked, never to be mended, though patched it may be.

☞ John H. Boyle and Charles Powell, lately arrested near Dumfries, were both rebel captains on Gen. Stuart's staff. The evidence against them seemed to be conclusive as to their being spies, who, dressed as citizens, kept their chief constantly advised of our movements, and especially just before the last rebel raid on Dumfries.

When a provincial alderman named Gill died, his wife ordered the undertaker to inform the Court of Aldermen of the event, when he wrote to this effect: "I am desired to inform the Court of Aldermen, Mr. Alderman Gill died last night by order of Mrs. Gill."

☞ The Herald's Washington despatch states that information has been received that the rise in the Mississippi River has caused the water to flow through the canal cut by the Federals opposite Vicksburg.

There are two classes of disappointed lovers; those who are disappointed before marriage, and the more unhappy who are disappointed after it.

☞ A soldier was hanged at Fortress Monroe on Friday, for shooting a negro at Hampton, three months ago.

Why is the President like an owl in the day time? Because he is always A'blinkin.

☞ Richmond papers state that Floyd, the thief, is involved in a difficulty with a Virginia Senator, which will lead to a duel.

☞ Rev. Dr. Chapin of New York spent New Year's in Rome. His health is quite restored, but the date of his return home is still uncertain.

☞ A California pear, just arrived in New York weighs three pounds and seven ounces. It is of the duchess d'Angouleme graft.

DEATHS.

In this city, Jan. 24th, SARAH HARLAN HODGDON, aged 6 years and 5 months, daughter of John and Mary F. Hodgdon

☞ The Funeral of Mr. CHARLES EDW'D HUNTRESS will take place from the residence of his uncle, Mr. Joseph F. Dennett, at Gravelly Ridge, this Tuesday afternoon at 2 o'clock. Relatives and friends are hereby invited.

FUNERAL NOTICE.—Officers and members of the HOME GUARD are hereby notified to appear at Jefferson Hall this Tuesday Afternoon at half-past 1 o'clock, for the purpose of acting as military escort at the Funeral of Mr. C. E. HUNTRESS, late private in the N. H. 2d Regt.

Per order J. H. HEAD,
Jan. 27. Clerk of the Company.

N. B.—Invitation is extended to all military men in the vicinity, to meet at the above place, to join the escort—in uniform.

On the principles embodied in the above phrases a large trade and satisfactory to all concerned, is carried on by the NEW ENGLAND CARPET COMPANY, 75 Hanover street, Boston. dec 20

Attention, Home Guards!

THE HOME GUARDS are hereby notified to meet at JEFFERSON HALL, on THURSDAY EVENING. Roll call at 7½ o'clock.

Per order, JAS. H. HEAD, Clerk.

The Citizens of Portsmouth, both young and old, are cordially invited to join the Military Company entitled "Home Guard." Regular company drills are held at Jefferson Hall on Monday and Thursday evenings. Per order.

J. H. HEAD, Clerk.

Disappeared.

From his home in this city, on the afternoon of January 8th, EDWIN H. GOODWIN, aged 16 years. He has light complexion, blue eyes, and dark hair; does not speak plainly at all times.—He had on, when last seen, a black sack coat, somewhat worn; a dark vest, dark cloth cap, small checked pants and army shoes. Any information concerning him will be thankfully received by his afflicted parents at No. 126 Market Street.

38* IVORY GOODWIN.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANO THER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long, or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this oven by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept today and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the STOVE for farmers, mechanics, professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Some thousands might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. J. T. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Rollt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. J. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Nevens, Horton D. Walker, Benj. Cheaver, John Trandy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wigin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John H. Marratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Klum er, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, C ushman Pryor, of Prudentes Island; Geo. N. D ixon, Samuel F. Paul, Elias Remick, Timothy I. Jane, Elliot; Wm. S. Locke, Benj. Ferrald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery P oint; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Spart, Stratham; Mrs. Reuben P. Jenkins, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well know n in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill, through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1848. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Sweet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, Portsmouth, N. H., promptly attended to. may26o

Ayer's SARSAPARILLA,
THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Emery Eden, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction in those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty when you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Allen, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which defied every remedy. Nothing afforded her relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Harvey Gage, Jr., manufacturers of assorted papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which defied all remedies, and at last it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any effect, until I tried your SARSAPARILLA. At first it immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form beneath the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I ever felt of it, enjoying perfect health without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Swain, Houston St., New York.

"DR. AYER: I without fail to remove Erysipelas and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For 7 years I was a sufferer from Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of their medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and one of your pills, and I begin to feel that they have cured me. I am now as well and sound as any body. Being a public place, my case is known to every body in the community, and they look upon it as a wonder all."

From Hon. Henry Moore, M. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and it has proved a good, and, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Lancaster Democrat, Lancaster, Ohio.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver, which gave a temporary, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had my hope from, we began giving your SARSAPARILLA, and applying the "Golden Ointment" to his whole face. Having tried every thing else we had my hope from, we began giving your SARSAPARILLA, and applying the "Golden Ointment" to his whole face. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now healthy and fair as any other. The whole nighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sheets, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profounder ones are indicated to you for some of the best medicines we have."

From A. J. Preeli, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER: My dear Sir: I have found your SARSAPARILLA a startling remedy for *Syphilis*, both of the primary and secondary type, and effected that in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, and could find no remedy which gave so speedy and more permanent relief as, in spite of every remedy or treatment that could be applied, until the persevering use of Dr. AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, a dose of the SARSAPARILLA, the usual application of local remedies.

From the well-known and widely-celebrated Dr. Hunt, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effects are properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very troublesome Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is in excellent repair, and was built about six years since; very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are situated about one mile west of the churches, school-house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of the well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the traveling public that has so long been extended to the house.

A new and convenient suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall, by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams will be promptly and carefully served upon

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth made upon this base can be kept clean and sweet as easy as a saucer, as when lined the work presents one whole piece.

6th. While it is vastly better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth.

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DR. GOODALL,
DENTIST,
60 Congress St.,
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 16, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has had his many calls to insert teeth upon VULCANIZED RUBBER; that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no insertions or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth in Rubber for what you would pay $60.00 for an upper or lower set in Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best dentists. I will warrant a perfect fit and teeth from the best manufacturer in the country.
S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet introduced, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and air iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper reservoir for hot water; also large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask the attention of those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, there is no chance for bronchitis so much complained of in other Furnaces, is entirely obviated.

The objects sought for by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe unused.

To accomplish this many complicated and expensive heating arrangements have been constructed, but little improvement has been made over former methods, while many have proved a total failure. The reason for this is obvious. The economical heating power is greater than the space allotted for other Furnaces, and the heat passes off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pots, which causes them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the best in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of heat, to be generally lost in the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are usually placed in other Furnaces, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS' ARNICA HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

GRACE'S CELEBRATED SALVE,
A SURE RELIEF FOR THE SUFFERER.

This Salve is a vegetable preparation, invented in the 17th century, by DR. WM. GRACE, surgeon in King James's army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor.

Grace's Celebrated Salve cures Burns.
Grace's Celebrated Salve cures Scalds.
Grace's Celebrated Salve cures Flesh Wounds.
Grace's Celebrated Salve cures Corns.
Grace's Celebrated Salve cures Felons.
Grace's Celebrated Salve cures Frozen Limbs.
Grace's Celebrated Salve cures Scurvy.
Grace's Celebrated Salve cures Callouses.
Grace's Celebrated Salve cures Salt Rheum.
Grace's Celebrated Salve cures Chilblains.
Grace's Celebrated Salve cures Sore Breast.
Grace's Celebrated Salve cures Sore Lips.
Grace's Celebrated Salve cures Erysipelas Sores.
Grace's Celebrated Salve cures Abscesses.
Grace's Celebrated Salve cures Ulcers.
Grace's Celebrated Salve cures Chapped Hands.
Grace's Celebrated Salve cures Ringworms.

And from Sores and Wounds of the most serious nature down to a common Pimple. It eradicates Pimples from the face, and beautifies the skin. There is no preparation before the public that can equal this Salve in prompt and energetic action for the speedy cure of external diseases, as those who have tried its virtues testify. Soldiers, Sailors, and Fishermen, will find this Salve their best friend.

It has none of the irritating, heating properties of other remedies, but cools, cleanses, and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand in case of accident, for it will save them much trouble, suffering, and money. All it wants is a fair trial to cure old and inveterate Sores.

MANUFACTURED BY
WILLIAM GRACE,
Amesbury, Mass.

PRICE 25 CENTS PER BOX.

Each box has the above cut and the fac-simile of the proprietor's signature attached to it, which is duly copy-righted.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. WEDNESDAY, JAN. 28, 1863. NO. 150.

The Chronicle.

A star for every State: a State for every star.
NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ Gen. Fitz-John Porter, who has just been cashiered, is a native of Portsmouth and a graduate of West Point. He served with credit and promotion in the Mexican war, where he appears to have been earnest and active. At the close of that war he went to West Point as an Instructor of Artillery, and thence went into the field, in which he was one of Gen. McClellan's right hand men. Being under Gen. Pope's command when the latter made his dash into Virginia, Porter failed to support him by bringing his large command into action,—and Pope officially charged him with wilful failure and treachery. Porter demanded investigation, and a Court Martial was organized, of nine Generals, viz. Hunter, who was president; Hitchcock, Rufus King, Prentiss, Ricketts, Casey, Garfield, Buford, and Morris. All of these, except Prentiss and Garfield, were West Point graduates, and five of them belong to the regular army. The judge-advocate was Joseph Holt. Gen. Porter was defended by Reverdy Johnson and Charles Eames, "with such eminent ability, (says the N. Y. Tribune,) as to make the defense especially notable, and to lead to the opinion that he would be acquitted." The Times suggests that his acquittal was expected because people supposed "no HIGH officer could be convicted by a Court Martial."

He was convicted, however, and the Boston Advertiser says "the country learn it with surprise and regret." We share in this regret, that if guilty, so fine a young officer should have suffered his envy and jealousy to make him betray his brethren in arms to defeat and death, and his country to disaster. If not guilty, then we regret still more, that at least five, and perhaps nine generals, have so yielded to outside pressure or to any thing else, as to perjure themselves, and condemn the just.

The Newburyport Herald suggests that "He was a firm friend to Gen. McClellan and probably held Pope in contempt." It is certain that he did NOT reinforce him—and the Court decide against him for wilful failure in this respect. Either he is wrong, or else the Court is. The reader must balance the scale as best he can.

INSANITY.—During the past year the number of patients admitted into the City Asylum for the Insane of Philadelphia was 360, while 352 were discharged. One man was discharged cured who had been in the asylum for six years, and one woman was discharged cured who had been under treatment a dozen years. In a brief discussion by Dr. Butler, the physician, of the causes of insanity, prominence seems to be given to intemperance and its concomitant vices. The Doctor expresses himself as an uncompromising opponent of the drinking usages of society, and he does not see how any one connected with an almshouse, who daily witnesses the amount of poverty, wretchedness and sin that flows from intemperance, can be an apologist for the use of intoxicating beverages. Among the causes of insanity given in the report is the sad lack of family discipline that is so prevalent, and which seems to be increasing. In 1861 the war excitement caused a great many cases of insanity. As the public mind seems to have accustomed itself to a state of war, these have greatly diminished, yet there are occasional heart-rending cases, caused by the loss of husbands, brothers or lovers.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JANUARY 28, 1863.

LETTER FROM GEN. HOWARD.

The following from one of the "first in war" and one of the bravest of our Generals, from the State of Maine, whose courage has been fully tested, and whose "empty sleeve" tells the story of devotion to, and sacrifice for his country, appeared in the New York Times of Friday, and will be read with interest by every loyal citizen:

HEADQUARTERS 2d Division, 2d Corps,
Near Falmouth, Va., Jan. 1, 1863.

The critical state of our Government, just at this juncture, has induced me to risk being misinterpreted, and set before you some of the feelings and thoughts of an officer in the field, who yearns for the welfare of his country. Sometimes I hear, "there is apathy at home amongst a large class;" then, "that the disloyal are gaining over to themselves this apathetic class;" that "very many even rejoice at our failures;" that "thousands are crying for 'peace,' 'peace,' at all events." What does all this mean? What does it portend? I have left my precious family and offered myself to my country; gone to the threatened points, breasted the storm, and thrown every obstruction I could in the way of the enemy, and am still facing him; but what boots it if there is no support from home? if there is nothing but indifference or open opposition there? Why struggle on and wet this soil with our blood if there is no love of country among our people? Let the enemy come in like a whirlwind. Let the cities of New York and Philadelphia be turned over to pillage. Let all the horrors of a desolating war sweep over the thickly populated districts of the Western and Middle States, then perhaps, by-and-by, our good people will wake up to a sense of their sinful selfishness and folly. Peace! There is no peace. God will not give us peace till we conquer it. We may change the theatre of the war, but we can have no peace, short of the destruction of our country.

From infancy I have been taught to love my country and to love freedom. At times I have been able to apologize for slavery, but have always felt that it was a blot upon us. Now must I sacrifice my country to save slavery! The rebels might have enjoyed their darling institution awhile longer; but they would not have it so; they might still, perhaps, preserve a transitory remnant by promptly yielding to law and returning to allegiance; but this they will not do. Let us out with it; we have no alternative; we must destroy slavery root and branch; we must do it in order to "subjugate" the persistent enemy of republican government. God grant us the strength and stamina to meet the issue boldly. If we do not He will bring us to it by chastening and scourging. This is a hard duty—a terrible, a solemn duty—but it is a duty.

I am not prepared to see this Government destroyed; not willing to give my children anarchy and shame for an inheritance; not ready for a patched up peace that will cause the land to be again drenched in blood in a few short years. Neither am I satisfied at the prospect of a border that five hundred thousand troops could not more than half man. No, we will bear our own burdens, and not bequeath them to our children. While I have a corporal's guard to lead, I will lead them against the enemy of my country.

Mr. Editor, you are a writer. This is your business. Work, work—destroy this fatal apathy—convince the faint-hearted of their hopeless folly, and root out the insidious, poisonous plants of disloyalty that are growing up in the shape of partisan opposition to the Government. Yours, truly,

O. O. HOWARD, Brig. Gen. Vols.

AMERICAN HOUSE, BOSTON.—We take pleasure in calling attention to the advertisement of this house in to-day's paper.—It has won a reputation as a hotel, under the direction of its landlord, Mr. Rice, which has secured it popularity with the travelling public not surpassed by any similar house in the United States. It is spacious, conveniently arranged, well superintended in all its departments, and presents as many comforts for the enjoyment of its lodgers, as can be found between the four walls of any dwelling for the wayfarer.

☞ In the Massachusetts Senate, on Thursday, the resolve providing for an amendment of the Constitution, by which the section requiring a foreigner to be an inhabitant of the State two years after naturalization before acquiring the right to vote is repealed, was agreed to by a yea and nay vote, Mr. Andrews, of Essex county, alone voting in the negative. The Traveller says that among the affirmative votes were several who were formerly members of the "Know Nothing Party."

☞ A haul of counterfeiters was made at Indianapolis, Ind., on the 19th inst.—Eight or ten were arrested. They imitated greenbacks to the ascertained amount of $10,000.

☞ Fort Caswell, said to have been attacked by our gunboats on the 14th, is situated at the entrance of Cape Fear river, on a sandy island, and completely commands the channel of the river. It is one of the defences of Wilmington.

☞ The new Merrimac in the James River is pronounced a failure—so top heavy as to be useless, careening at a fearful rate. This report comes via Richmond, and according to the usual mode of interpretation must be understood to mean—mischief.

THE REBELLION.

The rebel General Wheeler has been made a Major General, and is now in command of all the rebel cavalry in Tennessee. An intercepted letter from a member of Gen. Bragg's staff indicates that the feeling against Bragg is so strong that he will be superseded. The writer admits that notwithstanding the rebels captured the most guns and several thousand prisoners from us, they were badly whipped. He says the slaughter of their officers was terrible, and although the fighting of the rebel army was splendid, they were beaten by superior Generalship and by the obstinacy of the Yankees. The whole number of rebel prisoners captured in the battle was about 3500, with 8 guns and 4 standards.

From Galveston, Texas, an account comes that on the 17th, the U. S. Sloop Brooklyn, with six other steamers, being off that port, a steamer was seen in the offin. What vessel this was, is not known, and it is variously suggested that it may have been the Alabama, the recently-captured Harriet Lane, or the Oreto from Mobile. The transport steamer Hatteras, carrying four guns of light calibre, got under way to speak to her, and when within hailing distance asked who she was and received the answer, "Her Majesty's sloop-of-war Spitfire." The Commander of the Hatteras told them to wait and he would send a boat to her, and had just lowered a boat with an officer and crew in her, when the steamer opened her broadside and fired into the Hatteras, sinking her in nine fathoms of water. The Brooklyn started in pursuit of the stranger, but night coming on, lost sight of her, and was compelled to give up the chase.

In a fight at Berwick's Bay, Jan. 14th, between Gen. Weitzel's forces and the rebels, Com. Buchanan of the Calhoun was killed, being shot in the head from a rifle pit. A man named Whitehurst, also of the Calhoun, was killed at the same time. The Vermont 8th were thereupon ordered to charge the pit, and captured 30 rebels, dispersing the rest. The captain of the rebel gunboat Cotton, and six others, were killed, and it is reported that the boat was captured. A letter from off Galveston states that the rebel rams and fortifications there are formidable.

The Tribune's dispatch states that upon the arrival of Gen. Butler at New Orleans, to resume command of the Department of the Gulf, Gen. Banks will be ordered to Texas to assist the loyal men there.

The rebel steamer Oreto has escaped from Mobile, and on the 17th, off Tortugas, captured a Boston brig, from Cuba.

The Key West correspondent of the Herald states that the steamer Antonica, with a cargo of powder from England, was captured off Mobile by the steamer Pocahontas.

Three gunboats, and a number of transports, under Gen. Foster, sailed from Newbern, N. C., on the 24th. Another exdedition would follow immediately.

A letter from Hampton Roads gives a rumor that the new Merrimac, reported to be a failure, has been showing herself lately at the mouth of James River, on the lookout.

The Times' Washington dispatch states that Gen. Couch succeeds Gen. Sumner, and W. F. Smith succeeds Gen. Franklin.

Gov. Andrew, of Massachusetts, has been authorized to raise detached companies of heavy artillery, and such corps of infantry as he may deem expedient, for 3 years, unless sooner discharged; and to receive negroes, but to have them organized into separate corps.

NAVAL.—Of the nine iron-clad steamers of the Monitor class, all of which are now afloat, the Passaic, the Patapsco and the Montauk are awaiting active operations in the waters of North Carolina. Two, the Weehawken and the Nahant, are on their way to join them at the rendezvous at Beaufort, the latter having arrived at Hampton Roads on Saturday night. The Sangamon is to be ready to sail on the 27th inst., and the Nantucket about the middle of February; the Catskill will be finished in a week, and the Lehigh was launched about a week since at Chester, Pa.

The Secretary of the Navy has asked for an appropriation of $200,000 to establish a Navy Yard at League Island.

The Senate, on Monday, confirmed the following nominations:—

Capt. Charles Stewart and Wm. B. Shubrick to be Rear Admirals in the Navy; Capt. George S. Blake, Cadwallader Ringgold, Henry W. Morris, James L. Lardner, Henry R. Hoff, Charles Henry Davis, Henry H. Bell, Wm. Smith, John W. Livingston, H. R. Thatcher, Wm. D. Porter, John S. Missroon, and Robert Hitchcock, to be Commodores on the active list; and Capt. Joseph Lanman to be Commodore on the retired list.

☞ The New York City Council on Monday tendered a reception to Gen. Fitz John Porter!

☞ Gen. Wool, Commander of the Department of the East, with members of his staff, will shortly visit Boston.

☞ The Bangor Whig says an attempt was made Friday morning to burn one of the schoolhouses in that city.

NEW HAMPSHIRE ITEMS.

——The Amoskeag Veterans have voted to celebrate their 9th anniversary on Tuesday, the 24th of February, by an address by Rev. Mr. Wall, and a levee in the evening at Smyth's Hall, Manchester. The 22d of February comes on Sunday this year, and it was thought advisable on the whole to have the celebration on Tuesday instead of Monday. We are glad the Veterans are to remember Washington thus and of course this ball will be, like those which have preceded, amongst the most brilliant, notable and successful entertainments ever given in this State or Country.

—— The initiatory steps are being taken at Concord, for tendering a public reception to Gen. Butler. The City and State Governments will act in concert, and give the "Hero" a rousing reception. Gen. Butler by birth is a New Hampshire boy, and there is a general desire to welcome the gallant officer to the capital of the State.

—— Mr. Isaac Flagg, of Exeter, was somewhat injured last Thursday by being thrown from his wagon, in consequence of the breaking of the harness.

—— The N. H. 10th and 13th regiments have seen the Paymasters, and the boys are very happy in consequence. The 13th regiment, Col. Stevens, has now about 600 men for duty. The 13th has a most excellent band, consisting of 17 pieces, Wm. Critchley, of Portsmouth, leader. The band furnishes music for the brigade.—There is another good band near it—the band of the 11th N. H., which has served to make that regiment good fighters under Col. Harriman.

—— Rev. Mr. Lawrence, who for more than twenty-four years has been pastor over the Congregational church at Claremont, delivered his farewell discourse on the 18th inst., his connection with the church having dissolved.

CONGRESS.

MONDAY.—In the Senate Mr. Wilson introduced a bill, which was referred, to organize a volunteer militia force, to be called the National Guard of the United States. A bill for the better protection of overland emigrants was passed; also, the bill abrogating the treaties withthe Sioux, and indemnifying the citizens of Minnesota for the late Indian outrages; and that to suspend the sale of land on the coast of South Carolina, and Georgia and at Port Royal. There was presented a communication from laborers in England expressing thanks for the munificent donations, and expressing a wish that means may be provided for their emigration to this country.

The House passed the Financial bill.—

Nearly all the amendments of the Committee of the Whole were agreed to. The amendment authorizing the Secretary to dispose of the bonds at any time, on such terms as he may deem advisable, was agreed to, 33 against 50. The amendment taxing the aggregate of bank deposits was disagreed to.

The Post Office appropriation bill was also passed. A resolution legalizing the transfer of criminals from the District of Columbia to the jail at Albany was passed.

☞ Senator Wilson's Volunteer Militia bill provides for a force to be called the National Guard, comprising 200 regiments of 12 companies each, every regiment to be divided into 3 battalions, commanded by a Colonel, Lt. Colonel, 3 Majors and 12 Captains, to be appointed by the Governors of the States, among which the force is to be distributed pro rata. Any portion of this militia may be called by the President into service during a war of invasion or rebellion.

☞ The steamer Sonora, at San Francisco, from Panama, reports that 4 French war vessels bombarded Acapulco for three days, commencing on the 16th. The fire was returned from the fort, doing some damage. The people abandoned the town. But thirteen Mexicans were killed. The fort was finally silenced, when 100 sailors landed and spiked the guns. The fleet then left.

GENERAL POST OFFICE.—The bill passed by the House appropriates twelve millions for the Post Office Department for the year ending June 30, 1864. For the first time for many years no appropriation from the Treasury for postal deficit was required, there being enough of last year's appropriation unexpended to cover the small deficit of the coming year.

☞ Beside the Speaker, all the Republican candidates were elected officers of the New York Assembly on Monday, amid considerable excitement. Chafing under their defeat, the opposition introduced a resolution charging Mr. Callicot, elected speaker, with bribery, corruption, &c., and after a long debate without action, the Assembly adjourned.

☞ Gen. Hooker has been presented with a magnificent sword by his friends in California. The blade is of fine steel, the scabbard of solid silver covered with bands of California gold.

☞ Gold advanced in New York on Tuesday to 55 per cent. premium. In Boston it closed at 54 1-4 per cent. premium.

NO PARTY BUT OUR COUNTRY.

Then none was for a party—
Then all were for the State;
Then the great man helped the poor,
And the poor man loved the great;
Then lands were fairly portioned;
Then spoils were fairly sold.
The Romans were like brothers,
In the brave days of old.

New Roman is to Roman
More hateful than a foe,
And the Tribunes beard the high,
And the Fathers grind the low.
As we war but in faction,
In battle we war cold,
Wherefore men fight not as they fought
In the brave days of old.

—Macaulay.

AMERICAN HOUSE,

ja19 22 Market Street.

Attention, Home Guards!

THE HOME GUARDS are hereby notified to meet at JEFFERSON HALL, on THURSDAY EVENING. Roll call at 7½ o'clock.

Per order, JAS. H. HEAD, Clerk.

The Citizens of Portsmouth, both young and old, are cordially invited to join the Military Company entitled "Home Guard." Regular company drills are held at Jefferson Hall on Monday and Thursday evenings. Per order.

J. H. HEAD, Clerk.

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information up regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them

(Signed) JOHNATHAN DEARBORN,
J. B. ADAMS,
J. E. RIDER,
WILLIAM NICHOLS.

Portsmouth, Jan. 23, 1863. ja23

Special Notice

To the Families of Volunteers.

The following Resolution was passed at the last meeting of the Relief Committee:—

Resolved, That if it comes to the knowledge of the Relief Committee that any persons are receiving State Aid for children that may be deceased or shall die during the time they are receiving State Aid, and said persons do not render to the City Clerk a statement of the fact; or if any persons have or shall have claimed to have children, when said children have been taken merely for the purpose of obtaining said Aid, the Committee will stop the payments to all such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS BUFFORD,
Clerk Relief Committee.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:—

"The party required to publish an notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper thereof."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR. No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been renumbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to, smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 19 Market Street by

ALFRED STAVERS,

Local.

THE GLORIOUS FOURTH.

From the Boston Sat. Eve. Gazette, Jan. 24.

SONS OF PORTSMOUTH.—The Portsmouth Chronicle reminds us that nearly a whole decade has passed since the happy occasion of the return of the Sons of Portsmouth to their old home, which occurred July 4th, 1853. There was an understanding among the "boys" at that time, that at the expiration of ten years the same scene should be re-enacted, and, as far as possible, the same feeling enjoyed. From a conversation with many of the participants in that occasion, we find the same disposition prevailing, and they respond heartily to the hint of the Chronicle. The venerable chief marshal, of that time, expresses his warm sympathy and co-operation in any movement to secure the desired end. The lapse of ten years has touched him but lightly, and he would bring the same living interest to the work as characterized him on the first occasion. Many have fallen by the way since then, and the gathering will afford an interesting opportunity to note the decrease, and, shaking hands in the memory of vanished pleasures and times never to return, to pledge each other, in the wisdom of ten years older experience, to new and more earnest friendship. B. P. S.

☞ The New York correspondent of the Commercial Bulletin, says:—

"Hardware dealers and other retail merchants are coming into the early-store-closing arrangement, with right good will, believing that not only their clerks, but themselves, will be benefitted by the change, both physically and financially. It is to be hoped that the clerks will employ their spare hours advantageously—not by frequenting theatres and billiard rooms, but in more intellectual, more commendable pursuits. There is probably no class more largely represented among our fast young men than that to which I now refer. There certainly is no class having greater need to heed the present and provide for the future."

We chronicled, a few weeks since, at the request of one of dry goods dealers, a statement that the trade in Portsmouth, had all agreed to close shop at 7 o'clock on all evenings but Saturday. Next day we learned, however, from another dealer, that there was *one* who would not close his doors; and for his adherence to that determination, all, or many of the others have since fallen from grace in this matter, and now burn out their gas and eyes, and wear out their clerks' seats and patience till towards midnight—just for the fun of the thing.

"Every man to his own notion," we say, —but we don't believe than any man's notion would keep *our* store open, if we had ever and wanted to close it. Neither should any man (or boys either) force us to close, if we enjoyed keeping open. And a hastily little chap who shew some impudence to the persistent dealer referred to, at his sole-open store or "castle," righteously found out to his cost, that it was not a safe game to intrude or interfere with another man's premises. Served him right, too.

A clothier, also, a few days ago, said he wished all *his* class of trade would shut up on most evenings; and desired us to suggest this through the columns of the Chronicle. But we don't see much use in mentioning it, so long as one dealer must depend so much on his neighbors. For ourselves, we should dislike to have a business which couldn't take care of itself, regardless of anybody else, in a measure. And if "the life *is* more than meat, and the body than raiment"—then the actual personal interest, of a man and that of his family, should be regarded before and above the success of any business.

We have written much more than we at first intended to say about this matter—which, after all, is not a trifling affair, affecting as it does, the interests of a large portion of all communities. We are among those who don't believe it is necessary or advisable for traders generally to keep open store so many hours, especially so late at night; and that the health and comfort of themselves, and their employees, would be promoted by a curtailment. And we can conceive of no more cogent argument in favor of keeping open at night, generally, than that more than once offered by a young trader in this city, (who had a beautiful young wife and child) in reply to repeated requests to shut up evenings,—that he "had no place to go to!" We think it about time for such as he, to cultivate acquaintance at home, in the absence of any inproving or amusing public entertainment —if there can *be* any "entertainment" better, to a true man, than an evening "at home."

COMPANY C, G. H. G.—The Company of the Governor's Horse Guards located in Portsmouth, Great Falls and vicinity, have, by the allowance of the City Government, taken the former Navy Agent's room in the City Building, as an Armory. Not a whit does the interest of the members, or the public, in the corps, fall off; and it is hoped that by next summer, the ranks of the third company will count as strong as either of the others, at Concord and Nashua. Besides the full, uniformed members, there are, as usual in such cases, several gentlemen in Portsmouth, who do not ride on horseback, but who like to aid and encourage the Guards, and so do this very effectively in the capacity of fine members, so called, of Co. C.

☞ We learn that at an adjourned meeting of the Middle Street Parish on Monday evening, a preamble and resolutions were adopted, accepting the resignation of their pastor Rev. E. B. Eddy.

☞ A dispatch from Salt Lake City, Utah, states that on Sunday, an expedition of cavalry and infantry, with two howitzers, under command of Col. Connor, started north to chastise the Indians. Six hundred Snakes are intrenched at Bear River with rifle pits, two hundred miles to the northward. They have recently become outrageous—murdering the Beaver head miners and bidding defiance to the soldiers.

☞ Mrs. Eliza Sharpe, an actress of celebrity a long time ago, died in Brooklyn, N. Y., on Friday morning. She was the daughter of Sugg, the famous English ventriloquist, and a sister-in-law of Hackett, the comedian. Mrs. Sharper retired from the stage shortly after her marriage with Capt. Brevoot, of the Marine Corps.

DEATHS.

In this city, Jan. 26th, ALBERT EDWIN GERRISH, aged 2 years and 4 months, son of Capt. Edwin A. Gerrish.

In Greenland, Jan. 26th, MRS. SARAH P. FRINK, aged 62 years, wife of Simes Frink, Esq.

Funeral services this, Wednesday, afternoon, at half past 1 o'clock.

☞ The Funeral of Mr. CHARLES EDW'D HUNTRESS (postponed from Tuesday on account of the storm,) will take place from the residence of his uncle, Mr. Joseph F. Dennett, at Gravelly Ridge, on Thursday afternoon, Jan. 29th, at 2 o'clock, if not stormy—if stormy then, on the first next favorable afternoon, at same hour.—Relatives and friends are hereby invited.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who does Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said state, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be held at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,
jan22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newmarket, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family in homestead, situate in said Newcastle, described as follows: Bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is, the occupant of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A.D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing thereon be had at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested thereto to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,
ja23 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.
ja24 WILLIAM H. HACKETT.

NOTICE.

The undersigned hereby gives public notice that he has been duly appointed Administrator of Estate of HENRY C. WEBSTER, late of Portsmouth, Acting Master's Mate in the U. S. Navy, deceased, intestate. J. M. EDMONDS.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove, beyond none in MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, he can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full records of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great success and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

ANOTHER NEW *STOVE!*

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately by roasting or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A clock draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not: it has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Davis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, Jos. Walker, Jr., Stephen C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Wm. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry Carpenter, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel L. Pryor, Cushman Pryor, of Tredwell's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Farnald, Mrs. Wm. Locke, Kittery; R. H. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mr. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very simple—no dust need escape into the room—a continuous fire may be kept burning throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed; there is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

EXACTINGS OF JOURNALISM.—Every editor knows the truth of the following from the New York *Journal*:

"It is one of the hardships of the profession that its working wheels—brains and hearts—are not allowed to lag for sickness, or stop for calamity or sorrow. The judge may sojourn his court; the school and the workshop may close shutters; the mourner may veil features, and turn friend and stranger from the door—but the journalist must forget before the to-morrow of to-day—must write gaily and freshly as a newsmonger on the trifle of the hour, whatever burden has been laid on that same hour, by Providence, for his heart and brain as a man. It sometimes tries and mocks—as the world that reads what is thus written, would never dream of."

ARTEMUS NONPLUSSED.—In his new lecture, Artemus Ward makes some fun of Dr. Windship, the New England "strong man," who advertises that he will lift twelve able bodied men at one time, at the close of his lecture. "Artemus" travesties the muscular New Englander by facetiously inviting twelve agreeable young ladies up to the platform, stating that he will lift them one at a time or "perish in the attempt." That's pretty good; but out in Indiana, at a town rejoicing in the name of Nolan, the girls rather more than got even with him, for when he extended the aforesaid invitation, twelve fair damsels arose and solemnly advanced to the platform and demurely arranged themselves to be "lifted." The audience gave a regular Hoosier scream, but the showman failed to say anything particularly funny. He didn't lift 'em!

Boots & Shoes.

☞ ATTENTION, THE WHOLE! ☜

EPE, N.H., Feb. 26, 1866. "I hereby certify that my daughter has had the salt rheum for almost 6 years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large portion of the time she was in the most celebrated physicians, for sarsaparilla, iodine, &c., &c., but she obtained no relief until I procured other but a few bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicine ever equal Dr. SWETT'S in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were affected in the same way, and many will cure effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS."

PORTSMOUTH, April 21st, 1862.

☞ I have for several years been troubled with Spitting Blood, from my stomach, loss of appetite, and often vomited up all of my food immediately after eating. I tried all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

☞ *From* ELDER I. CHENLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our town she was in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHENLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Pin Worm Syrup.

FRANKLIN HOUSE
Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A GOOD STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material for the purpose.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the alveolar ridge wasted away by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

DR. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that up had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently it perfectly easy to the muscles of the mouth and cheeks. There are no insertices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber as a base. The expense is but a little more than for Silver, and you get the same teeth inserted for which you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country.

S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meals are prevented from escaping into the room. With the extension top there is a large enough kettle for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The draft is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night, for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The considerations of economy have been lost sight of, thus allowing the heat to escape without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat, unless by making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

feb18 MANUFACTURERS.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes the growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charming, soft and lustrous. The odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

GRACE'S CELEBRATED SALVE,
A SURE RELIEF FOR THE SUFFERER.

This Salve is a vegetable preparation, invented in the 17th century by Dr. Wm. Grace, surgeon in King James's army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor.

Grace's Celebrated Salve cures Burns.
Grace's Celebrated Salve cures Scalds.
Grace's Celebrated Salve cures Flesh Wounds.
Grace's Celebrated Salve cures Corns.
Grace's Celebrated Salve cures Felons.
Grace's Celebrated Salve cures Frozen Limbs.
Grace's Celebrated Salve cures Scurvy.
Grace's Celebrated Salve cures Callouses.
Grace's Celebrated Salve cures Salt Rheum.
Grace's Celebrated Salve cures Chilblains.
Grace's Celebrated Salve cures Sore Breast.
Grace's Celebrated Salve cures Sore Lips.
Grace's Celebrated Salve cures Erysipelas Sores.
Grace's Celebrated Salve cures Abscesses.
Grace's Celebrated Salve cures Ulcers.
Grace's Celebrated Salve cures Chapped Hands.
Grace's Celebrated Salve cures Ringworms.

And from Sores and Wounds of the most serious nature down to a common Pimple. It eradicates Pimples from the face, and beautifies the skin. There is no preparation before the public that can equal this Salve in prompt and energetic action for the speedy cure of external diseases, as those who have tried its virtues testify. Soldiers, Sailors, and Fishermen, will find this Salve their best friend.

It has none of the irritating, heating properties of other remedies, but cools, cleanses, and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand in case of accident, for it will save them much trouble, suffering, and money. All it wants is a fair trial to cure old and inveterate Sores.

VOL. 21. PORTSMOUTH, N. H. THURSDAY, JAN. 30, 1863. NO. 152.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair withal;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address*

Boots & Shoes.

Having purchased of Mr. T. E. WOOD his stock and trade in the manufacture and sale of BOOTS & SHOES, the subscriber begs to inform the public that he carries on the above business in all its branches.

The services of faithful and competent workmen secured for making to measure, MEN'S FRENCH CALF DRESS BOOTS, LADIES' GLOVE-CALF, JEMBLEGRAIN, KID & CLOTH, COND. & BAL. TRIPLE SOLE BOOTS, for Winter wear.

☞ Satisfaction guaranteed to customers in Making and Repairing.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 20, 1846. "I hereby certify that my daughter has had the sale rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JANUARY 29, 1863.

☞ A correspondent from the interior of the State, informs us that notwithstanding everything is so quiet—"dead," politically, down this way, yet at Concord and elsewhere in the heart of New Hampshire, the political pot is beginning to boil pretty hotly. It is particularly idle at *this* time, and in these very unsettled and uncertain times, to guess or predict any result, but the Democrats all about, seem to grow in confidence of success; while the Republicans also keep up good hopes.

Of course this independent paper has no interest or choice in the matter, and we are entirely content to wait the event, as we are not among those who are always doubting the ability of *any* legal majority of the people to carry on their own Government.

THE RIGHT SPIRIT.—We publish below an extract from a private letter written by a soldier in the Army of the Potomac, which is in the right spirit:

"Let every loyal man and woman cease wrangling about the government, and about generals, and about measures. However positive they may be about these things, there are none of them that can be any more sure of being right than in telling what the weather will be next March. *Nothing has so bad an effect on the army.* Newspapers and individuals who are loyal ought to trust it to the government, and let it go at that.

THE REBELLION.

Gen. Hooker's address to his troops, on assuming the command, is published. He says:—"In equipment, intelligence and valor the enemy is our inferior: let us never hesitate to give him battle wherever we can find him." On Tuesday Gen. Hooker was in Washington, in consultation with the President and Sec. of War.

It is understood that Gen. Hooker has already his plan of campaign well chalked out, and that with the very first opportunity for breaking the mud blockade he will enter upon its active developement.

Gen. Franklin has issued a farewell address to his troops, closing as follows: In severing a connection which you have made so dear, he asks that no one will believe that he voluntarily parts with you in the face of the enemy.

Many gunboats and transports had left Newbern, N. C., previous to Saturday, for their Southern destination, and the large Federal force was ready to march at short notice. A sufficient force would be left to protect Newbern. The rebels are evidently alarmed at the concentration of troops in that department, and it is asserted that 75,000 of their troops have been sent there from the Rappahannock. The iron-clad Montauk and other steamers left Hilton Head on the 24th.

A letter from Hatteras Inlet of the 22d says Gen. Neglee and his fleet were at anchor there, riding out a heavy storm.

Gen. Banks has sent to Port Royal for a large supply of intrenching tools of all descriptions.

Gen. Hunter has arrived at Port Royal, S. C., and assumed command of the Department. The rebel ram Atlanta now lies in full view of our blockading fleet in Ossabaw Sound.

The fight at Berwick's Bay, La., resulted in a Union victory and general retreat of the rebels, 30 of whom were taken prisoners. The rebels had been assembling there for some time, and Gen. Weitzel was sent to drive them away.

It is stated that when the pirate Oreto escaped from Mobile, she was chased by the gunboat R. R. Cuyler, which followed her to Havana. The Oreto had 1700 bales of cotton.

☞ The American Screw Company, Providence, at its annual meeting on Tuesday, passed a vote authorizing its directors to erect, at a cost not exceeding $500,000, a new building to accommodate its entire business, which is now subject to the disadvantage of being conducted in two establishments, at opposite extremes of the city.

☞ The N. Y. Herald's Washington dispatch says more than 80 officers are to be summarily dismissed from the service for the use of improper language in reference to their superiors and the Commander-in-Chief, in connection with the removal of Gen. McClellan and the court martial and sentence of Gen. Fitz John Porter.

☞ Gen. Burnside is in New York. Gen. McClellan arrived at Springfield, Mass., on Wednesday, and dined at the Massasoit House with the city officials. He left in the afternoon for Boston.

☞ It was snowing in Washington, Philadelphia, New York and Boston on Wednesday. It began to snow here early in the evening, and there was then prospect of an early arrival of the long-deferred sleighing.

—— Manchester is at present infested with a lot of petty thieves who steal robes and horse blankets from carriages left for a moment in the street.

LETTER FROM NEW YORK.

From our Regular Correspondent.

CLINTON PLACE, N. Y., JAN. 22.

Dear Chronicle:—Here surrounded by all that adorns and embellishes civilized life, excepting of course one of the fair sex and including (also, of course) several copies of the Chronicle,—I am assured by the occupation of my table by these periodicals of the continued existence of the D. M. C., despite the efforts of its "Freeman's-weapon—surer-set-and-firmer-than-the-bayonet" friend of the interior, and reminded of the long lapse of time since my last regular contribution to your columns.

"What about war, politics, and everything else?" your letter inquires. Well, it's easy to write about the "everything else," and there is nothing very difficult in an allusion to politics, but as to the *war*, any one who can tell how *that* is, must be endowed with perceptive qualities immensely superior to those possessed by your metropolitan correspondent.

Public sentiment on the war, however, is growing every day, every hour more conservative. New York City, which two months since polled a majority of thirty-two thousand for the candidate of a party, opposed not to the administration, but to the *course* pursued by the administration, (and there is a wide difference between these two) would increase that majority today, from thirty to fifty thousand!

If there is one point on which the people are unanimous, it is on the necessity of a re-organization of the Cabinet. Of course men who are obnoxious to one party, are not those who are obnoxious to the other, but no composition of that body can be so objectionable as the present heterogeneous agglomeration of dissentients, who have no confidence in each other and cannot be brought to act in concert.

And the Senate is little better than the Cabinet. The world has fallen into the error of regarding the Senate of the United States as a serious body, meeting for the purpose of discussing public affairs, with some regard for international prosperity and practical fitness of things. The world is sadly mistaken in this, but 'tis not the business of senators to dissipate a delusion which contributes to maintain the national respectability.

In regard to the war question—that is assuming each day new and strange features. Two years ago when our country's flag was assaulted, and strongholds seized, the indignant patriotism of the people blazed fiercely all over the land.

All merely partizan feeling was merged in higher and noble impulses. During the first year of the war it had with few exceptions the hearty support of all political parties. It was prosecuted earnestly but with indifferent success, with more heart than head,—more zeal than knowledge.

The ill success of our armies in the field, and the policy of the government, have caused popular impatience, and already withdrawn New York, Ohio, New Jersey, Indiana and Illinois from the political support of the administration.

The rebellion has been two years in progress, with what measure of success, and with what promise of a termination we can judge, one as well as another. Men with souls in their bosoms shrink from giving up the contest, but they also shrink from giving thousands of millions of treasure and hundreds of thousands of lives to be squandered as treasures and lives have thus far been squandered, without bringing the contest visibly nearer a termination. The lesson that we have gleaned from the results of the struggle, is that it requires all the strength of a united North to suppress the rebellion, to preserve the Union, and uphold the government,—perhaps it would be well for each and every one of us, *willing* to view the subject rationally, to question ourselves earnestly, whether the experiences of the first year and a half of war with all parties heartily engaged in it, justifies the hope that the rebellion can be crushed and the Union preserved with a united South, and a divided North?

Much excitement exists in the city, arising from the resignation of Burnside, the reported relief of Franklin and Sumner, and the cashiering of Fitz John Porter.—(There seems to be, Wanted—a pair of Napoleon's old boots to command the Army of the Potomac.) The streets are also rife with rumors, very authentic, of trouble between Gen. Wool and the State militia—that it is designed to call out the militia for ninety days, in order to have every available force in the field before the expiration of the term of service of the two years' men in May—that Wool was sent here to slyly usurp the authority of our Governor—that he ordered the staff officers to report to him—and that they *refused*, with the reply, "We recognize the authority of only one man,—and that man Horatio Seymour!" More of this is coming yet!

I'll write about the "everything else" next week, meanwhile cogitate on the con: Why Eve resembled one of our well-known Broadway concerns? NEWINGTON.

—— In Dover this season, over 1000 pairs of skates have been sold, one firm having sold over 500 pairs.

CONGRESS.

In the Senate, Tuesday, Jan. 27, a resolution of enquiry was adopted, as to a bounty for re-enlistment of volunteers, for one year or longer, and for three months.

The bill providing for the removal of the Indians from Kansas was passed, also bill for removal of the Sioux Indians from Minnesota.

The bill indemnifying the President and other persons for the suspension of the privilege of the writ of habeas corpus, and other acts done in pursuance thereof, was taken up.

Mr. Saulsbury, of Del., made a long speech, and was called to order several times in the course thereof. Finally, when censuring the course of the President of the United States, calling him an imbecile, and calling him by name, the Vice President called him to order and requested him to take his seat. Mr. Saulsbury continuing his remarks, the Vice President said if the Senator did not take his seat he should order the Sergeant-at-Arms to take him in charge.

Mr. Saulsbury—Then the voice of freedom is not allowed in the American Senate.

The Vice President—The Sergeant-at-Arms will take the Senator in custody.

Mr. Saulsbury was thereupon taken out of the Senate, displaying a revolver which he took from his coat pocket.

After a short time, Mr. Saulsbury came into the Senate again and began to speak.

Mr. Doolittle, of Wisconsin, called him to order, on the ground that he had been called to order for contempt of the Senate, and could not be allowed to go on without leave of the Senate.

Mr. Saulsbury—Does the Senator from Wisconsin say that I am in contempt of any honorable man?

The Chair—(Mr. Clark)—The Senator from Delaware will take his seat, as he is out of order.

Mr. Saulsbury—Just as I please or otherwise.

Cries of order.

The Chair—The Senator will take his seat, and the Sergeant-at-Arms will take him in custody.

After further discussion, Mr. Saulsbury attempted to speak.

The Chair—The Senator will take his seat.

Mr. Saulsbury—No, sir.

Mr. Sumner, of Mass., rose to the question of order, that the Senator from Delaware had been committed to the custody of the Sergeant-at-Arms, and he saw him on the floor.

The Chair said the Senator was in the custody of the Sergeant-at-Arms, and if he made further disturbance he would be removed from the Senate.

Mr. Saulsbury took his seat, shaking his fists, and swearing at the Sergeant-at-Arms and Mr. Sumner.

Mr. Sherman of Ohio offered an amendment, that any person not in the military or naval service of the United States, and not subject to the articles of war, who shall be arrested in any State or district wherein the power of the Courts is not obstructed, during the rebellion, for aiding the rebellion, or obstructing the execution of any law or military order, shall be discharged, unless within ten days charges are filed in the Clerk's office of the district where he is arrested, and it shall be the duty of the Judge to discharge such person or hold him to bail, as he may deem necessary for the safety of the country. Adopted.

The bill then passed—yeas 38, nays 7.

Adjourned at 10 30.

In the House, several propositions for increasing soldiers' pay, new enlistments, &c., were considered, but no action taken.

In the Senate on Wednesday, Mr. Clark offered a resolution that Mr. Saulsbury, of Delaware, be expelled from the Senate, for disorderly conduct, threatening to shoot the Sergeant-at-Arms, &c. Mr. Saulsbury said he "had not a word to say on the merits or demerits of the resolution, and neither avows nor disavows what is charged. Let the Senate act according to its judgment." Laid over.

☞ A. D. Boileau, editor of the Philadelphia Evening Journal, has been arrested and taken to Washington.

PERILOUS EXPERIMENTS.—*Read, if you value Life.*—Our public hospitals need reform. Neither the food nor the treatment of their inmates is what it ought to be.—The great object in most of these institutions seems to be, to doctor the sick at the least possible expense. As Captain Bunsby might say, "if they live, so. If they die, so, also." The worst feature of the whole is, that the patients are *used as living subjects for young practitioners to experiment upon.* These *sieves* of the medical school expect to obtain the knowledge necessary in private practice, by *testing* the properties and powers of medicines upon the helpless wretches placed under their charge. Deny this who will, we know it to be true.

For our own part, we are far from placing implicit faith in the prescriptions of the faculty.—*As a conservative*, we have infinitely more confidence in the world-revaging remedies of Professor Holloway, than in all the tinctures, decoctions, anodynes and cathartics recommended in the professional text-books. Doubtless, the egotistic nabobs at the head of some of our medical institutions would designate his Pills and Ointment as empirical preparations. But we say, no. Empirics *experiment* upon the diseased system; but he does not. He claims the trust and confidence of mankind on sure grounds—an unbroken series of cures, bracing all internal and external complaints, and running through no less a period than the fourth of a century! Can imagination conceive of more conclusive testimony than this? Does not such a voucher, bearing the indorsements of the sick in every clime, and backed by the favorable opinions and friendly decrees of some of the leading governments in Europe, carry more weight with it than a whole stack of *diplomas.*—*Sunday Times.*

Communication.

THE ELECTION of Governor of New-Hampshire, State and County Officers, legislature, and Representatives in Congress, will take place five weeks from next Tuesday. Little is said about local or State policy, but the issue is made up on National Politics, especially slavery and the war; and the platforms and programmes are so sharply defined as to be plainly stated in few words. One party proposes to make an armistice with the rebels, to make peace and restore union by new concessions to slavery, and to secure liberty of speech and the press by Mr. Vallandigham's plan of "the utter suppression of anti-slavery," and of the abolitionists. The other party advocates a vigorous prosecution of the war, to crush the rebellion by all the means within our power; not objecting to emancipation, nor to the utter prostration of the slave power.

It may interest some readers to exhibit the votes of former years in this State. In 1861, Gov. Berry had 35,467; Stark, 31,452, and 42 scattering. Berry's plurality 4015. At the same time Col. Marston, in District No. 1, was elected by a plurality of 1,413 over Capt. Marcy, and there were 76 scattering votes. In No. 2, Mr. Rollins had 972 plur.; 78 scat. Mr. Edwards, in No. 3, had 1,638 plu. and there were 60 scat. The total of the Congress vote was nearly the same as that for Governor.

The whole vote in '61 was a little over 67,000; but in March 1862, it fell down to a little less than 62,500—so that the official returns show a diminution of exactly 4,872 votes for governor. In the mean time we had sent 8,000 volunteers into the field; of these, the republican state committee's canvass reported, just before election,—5,000 were voters, and 3,000 were republicans, to 2,000 democrats, so that the former must lose 1000 net.

The voting in March, 1862, justified this. Gov. Berry, rep. had 32,150,—loss 3,317: Stark, dem. had 28,566,—loss 2,886. But to account for parts of both these losses, Paul J. Wheeler, loyal war dem. had 1709. Gov. Berry's plurality was 3,584, only a slight diminution—but there were 45 scat., which, with the vote for Wheeler, left his clear majority only 1830.

Since that election we have sent out, say 8,000 more men; and if, as before, 3-5ths of the voters among them are republicans, then their majority is cut down to a very small figure. It is not certain that this proportion is the same, however, nor is it probable that all the War Democrats of 1862 will turn a summerset and vote with the Peace Democracy of 1863. True their candidate has deceased, and their loyal editor, Col. Harriman, has gone to the war; but their body of voters remain, and they may, this year, hold the balance, and decide the election, which will be warmly contested.

We have not heard of any conversions, either way.—Previous to our late city election, an expert canvasser informed us that republicans had sustained a NET loss by the balance of enlistment, &c. of about 20 votes since last spring. At the same time he predicted the result nearly as we now see it.—The margin for loss or gain this spring is so narrow, that both parties will work. U. T.

—— A few prominent men connected with the third party in this State, known last year as the "Union party" held a preliminary meeting in Manchester, on Monday evening, and, as we understand, framed a call for a convention of all men opposed to the election of Judge Eastman and Col. Gilmore. The call will probably be issued in a few days.

IN THE FOG.

My vision is dim this morning
With gazing far out in the mist,
Where the shadowy boats glide softly
Like spectres no sun hath kissed.

No ripple upon the waters—
No dash of the dripping oar—
They come, like pictures from Dreamland,
They pass, and are seen no more.

And which is the sky or the ocean,
And which is the land or the sea,
And where is the sign of their greeting
Is mystery to me!

Even thus is my soul outreaching
A far to the wide unknown,
Bewildered with grasping at shadows,
Drifting away alone!

Enwrapped in the mists of the morning
So dim, yet so cold and gray,
But whether to shipwreck or shelter,
My life-bark, oh! who can say?

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish the notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS, CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT! !

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, scale and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 19 Market Street by

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

☞ A general meeting in behalf of the N. H. Bible Society will be held at the North Church in Portsmouth, on Sunday evening next, to be addressed by the Secretary of the Society, and by the clergymen of the city.

☞ The correspondent of the Boston Traveller says it is reported that Gen. Burnside prefers charges against Hooker for interference with his plans. In regard to the same reports the Boston Post says it seems that when the artillery got stuck in the mud Gen. Burnside proposed a bold attack with infantry alone. Gen. Hooker not merely demurred but refused to advance, and the army was consequently ordered back. That is said to be the cause of their quarrel.

☞ A Newbern, N. C., dispatch states that Gen. Foster says that a Military Governor is no longer a military necessity in his department. Gov. Stanley has rendered himself very obnoxious to the loyal portion of the people.

TOO FAR OFF.—A friend was trout fishing on the sides of Old Saddleback, a mountain in the interior of Maine a hundred miles from the coast. Supposing himself ten miles from a village and half as far from a house, he was surprised by hearing the blows of an axe. Soon he came to a small clearing, where the proprietor of the axe surveyed him with some curiosity.

"Halloa, stranger!" said he.

"How are you, sir?"

"Well, now, stranger, where be you from?"

"I'm from New York."

"From New York? Why, I should think you'd hate to live so far off."

SAMBUCI WINE.—This article upon trial, we find quite palatable. It is recommended for weakly females and invalids generally. The agents have just received a large invoice of this wine, four years old, which is selling in large quantities.—*Portland Argus.*

PROPOSALS FOR GRANITE.

PORTSMOUTH, N. H., Jan. 28, 1863.

Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth Harbor, of the following described good, sound, cut granite scarp facing, for which the price will be stated by the superficial foot, face measure.

1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 2 ft. 3 in.; one course of 2 ft. 4 in. rise.—80 lineal feet; one course of 1 ft. 10 in. rise.—110 lineal feet; and one course of 1 foot rise.—800 lineal feet.

2d. One course of 4,000 lineal feet, of 2 ft. rise, to be in stretchers and headers alternately; the stretchers are not to be more than 8 ft. long on the face and to average in width equal to the rise, and not to vary more than 3 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 ft. long. The headers will be dovetailed 5 of 1 in. to 1 ft. from the front,—the ends of the stretchers of this course being chamfered to correspond.

The beds of the headers and their builds and joints, for 3 inches more than the rise of the course, and the beds, builds, and joints of the stretchers of all the courses, are to be "rough hammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying. A draft line 1 inch wide will be cut around the face of each stone, and these lines in the vertical joints, will have a level or batter of ¼ of one inch, to 1 foot.

There will also be required,—to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of same character as those specified, and to be of the same characters as to the material and workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that just described for Fort Constitution; to wit,—2,420 linear feet of 2 ft. 4 in. rise; 3,180 linear feet of 2 ft. 2 in. rise; 3,520 linear feet of 1 ft. 10 in. rise; 1,100 linear feet of 1 ft. 6 in. rise; and 100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in. rise, the stretchers shall not average less than 1 ft. 9 in. in width, the batter for which to be dressed back accordingly, for 2 ft., and that the bevels or batter of the vertical joints, shall be ¼ of 1 inch to 1 ft. rise.

The above material is to be delivered as follows, provided the wharves shall be in readiness, as is expected; to commence at each Fort between the 10th and 20th of April, a due proportion first, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 25th of June, and the balance by the 31st of July. The wharves are expected to have 12 to 14 feet of water, at high tide.

The material must be satisfactory to the United States Engineer, or his Agent, and the right will be reserved to reject any bids not approved as to amount, or as to sureties, two of whom, of approved responsibility, will be required, to ensure the faithful performance of each contract.—Payments will be made as reasonably desired, from time to time, with deductions of 10 per cent., till the completion of the contract. Proposals will be addressed, and delivered, at Post Office box, No. 130, Portsmouth, N. H.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hook" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said county, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A.D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863.

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.

ja24 WILLIAM H HACKETT.

T. S. CARTER,
H. B. CARTER.

Hampstead, Jan. 1st, 1863. 2 3t*

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the nature of their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it will save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in the city who have friends in the Hospitals or away from their regiments in different parts of the country, are requested to give information in regard to the wheereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is also called to the above, which we would ask to be kept in mind by them

(Signed) JONATHAN DEARBORN,
J. B. ADAMS,
J. E. RIDEL,
PHINEAS NICHOLS.

Portsmouth, Jan. 23, 1863. ja22

Special Notice

To the Families of Volunteers.

The following Resolution was passed at the last meeting of the Relief Committee:

Resolved, That if it comes to the knowledge of the Relief Committee that any persons are receiving State Aid for children that may be deceased or shall die during the time they are receiving State Aid, and said persons do not render to the City Clerk a statement of the fact; or if any persons have or shall have children, or have children, when said children have been taken care for the purpose of obtaining said Aid, the Committee will stop the payment of such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims, shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS EMERSON,
Clerk Relief Committee.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately as a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James Pickering, Charles H. Marvin, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Kevin Huntress, Jos. D. Abernethy, Thos. F. Hill, Rev. Wm. C. Newton, Horton D. Walker, Benj. Francis Ward, Joseph Richard L. Randall, Geo. Rice, Benj. F. Caney, Albert M. Parker, Charles A. Wiggin, George W. Plumer, Nathl Bennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Freeman Hard, James R. Lord, Capt. Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Freeborn's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrand, Mark W. Locke, Pottery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

75 State Street, opposite Kilby Street,

BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to ascertain the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its members have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that if no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and outstanding practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, six of all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents. **R. H. EDDY.**

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, No. 7 and 8 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unprecedented with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of groin, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attendant upon the Secret Habit, are made to become as harmless as the simplest ailing of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the individual for the duties of business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dullness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous forebodings, aversion to society, self-distrust, timidity, are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days, can have board furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 8 Endicott Street, Boston, is consulted daily for all diseases peculiar to the sex, such as Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppressed and other menstrual derangements, are all speedily cured by his unrivalled Medicines, and speedy relief guaranteed in a few days. No instrument is used in the new mode of treatment, that invariably yields relief. Persons who have tried many other physicians, and have suffered long, will find in Dr. Dow's treatment a new idea, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

☞ All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April7, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

A medical graduate in Boston, pay none stands higher in the profession than the celebrated DR. DOW, No 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr Dow reports and has for sale a new article, called the INVIGORATING ELIXIR. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw

Pin Worm Syrup.

Just received Dr Gould's PIN WORM SYRUP—the only safe, sure and effectual remedy ever offered to the public for the removal of Pin Worms. The above valuable medicine for sale at the Medicine Store of B. BUTCHINGS.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a sweet, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*

No. 5 Daniel St., Portsmouth,

Has had four years of practical experience in adapting the material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

DR. GOODALL,

DENTIST,

60 Congress St.

PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has of late been able to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently it is perfectly easy to the muscles of the mouth and cheeks. There are no insertions or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,

TEACHER OF MUSIC,

PORTSMOUTH, N. H.

☞ PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven sides are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats is entirely prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin water-boiler attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any stove, and the testimony of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over previous ones, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coals, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the dome can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the dome the hottest part of the dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and by the use of a damper keep the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'

Arnica

HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying inflammatory diseases are well known to everybody.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strengthens it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken special pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only twenty-five cents a bottle, by all Druggists.

SPEER'S SAMBUCI WINE

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medicinal properties superior to any other Wines in use, and as excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

Gov. W. Scott, N. J. Dr. Ward, Newark.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. FRIDAY, JAN. 30, 1863. NO. 153.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

THE SANDWICH ISLANDS.—The Boston Transcript recently published a very interesting narrative of a visit to some of the principal of the Sandwich Islands, from the pen of a physician well known in Boston.

The party, consisting of C. C. Harris (Attorney General) and wife, the writer and wife, debarked from the steamer on the last day of August, at Kawnihae, and made a tour, mule-back, of several days' duration. We can give only a reference or two to the "Attorney General," who is well remembered as a former citizen of Portsmouth. * *

"Sixteen miles brought us to Wai-o-hina (the Shining Water.) No wonder the natives give it that appreciative name. Our eyes were glad to see its silvery stream, the first running water since leaving Hilo.—Wai-o-hina is a picturesque spot, nestled on the hill-sides; it is bright with verdure and vegetable life. It is an Alpine village. Its large stone church is a conspicuous object. We remained here three days, viewing the lands, and more especially Kuhuku, owned by our companion du voyage, the Attorney General. This land is sixteen miles in breadth, extending, for length, from the sea to the top of Mauna Loa. It is the largest land in the kingdom, wherefore its owner has facetiously been dubbed "Duke of Kuhuku." It is not all arable, as you may suppose, else the Duke might be the envy of his neighbors. On Kuhuku we found two pits or depressions, one of them more than forty acres in area, their sides covered with luxuriant grass, the bottom cultivated with taro, bananas and fruit trees.

* * Our file leader, the worthy Attorney General, illustrates our dangers by a sudden gyration over his horse's head, regardless in that proceeding of personal risk, or the dignity in him represented as a Crown officer. A convenient rock receives his head, with a concussion that sends a shiver through the whole party. Strange to say, neither the horse or the rock are a bit disturbed with the disaster.

* * Up to Hilo we had been following in the train of the Circuit Court, and we were now detained a few days while the Attorney General, Mr. Harris, attended its session. The principal cause before the Court, was a suit to break the will of a certain John Ely, who, with his wife, was murdered about a year since. The son was dissatisfied to be practically disinherited by a mere friend of the deceased, who was named residuary legatee. * *

Boots & Shoes.

Having purchased of Mr. T. E. WOOD his stock and trade in the manufacture and sale of BOOTS & SHOES, the subscriber begs to inform the public that he carries on the above business in all its branches.

The services of faithful and competent workmen secured for making to measure, MEN'S FRENCH CALF DRESS BOOTS, LADIES' GLOVE-CALF, FERRIGRAIN, KID & CLOTH, COXO & BAL TRIPLE SOLE BOOTS, for Winter wear.

☞ Satisfaction guaranteed to customers in Making and Repairing.

Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JANUARY 30, 1863.

FROM BEAUFORT.

☞ From a private letter, date of Jan. 7, from a Portsmouth gentleman at Beaufort, N. C., we quote as follows:—

"Maj. Gen. Foster has a large force at Newbern, which will be in readiness to move in a few days, probably on Wilmington. Many of the regiments are from Massachusetts, and not a few Portsmouth boys are enlisted in them. This Department has lately been heavily reinforced.

"On the water, Capt. Alexander Murray late of the Portsmouth Navy Yard, is in command of the squadron in the Sound.—Paymaster Frank F. Hastings of the storeship Albemarle, is highly esteemed among navy officers in these waters.

"At Hatteras Inlet, our vessel (the Miami) went to the assistance of the schooner "A. Colby," of Bucksport, from Portland, bound to Fernandina, Fla, with Government stores, &c. She was leaking badly, having struck on the outer Diamond. On Wednesday, Dec. 31, she picked up a Master's Mate, Mr. Brown, of the "Rhode Island," in that ship's first cutter, with "seven men. The Rhode Island had been towing the Monitor, and when the latter was sinking, sent a boat to her assistance. Mr. B. brought away one boat load, and was returning for a second, when the blue lights of the Monitor went out, and it was impossible to find her. A heavy sea ran at the time, and it was so dark and stormy that he lost sight of the Rhode Island also. After a steady pull of twelve hours, during which time they had been drifting up the Gulf Stream, they were at last seen and taken on board the Colby. This vessel, providentially, had got far out of her proper course. The officer and men of the Rhode Island are now at Beaufort, awaiting the arrival of their ship, (which came to B. and went directly back to Hampton Roads) on board of which they have long ago been given up as lost.

"The Montauk and Passaic are here, and other iron-clads are painted lead color, and look very much like the original Monitor, except that they are of a larger size, and have only one smoke stack. Through the kindness of Capt. Worden we visited the Montauk, and found her fully equal to all that has been said of her. The 15-inch gun is an enormous affair, measuring no less than four feet across the butt, and yet can be easily handled by four men. This gun weighs 42,000 lbs., or 21 tons. A 8-inch gun on ship board ordinarily weighs 9000 lbs. and requires seventeen men to handle it. The 11-inch gun in the turret becomes dwarfed alongside of its enormous companion. The engines of the iron-clads are unusually well made, and contrary to what might be expected, the engine rooms are quite comfortable. The ward room opens directly off the berth deck, and the cabin next,—the last being the furthest forward: consequently the anchor chains are directly forward of the cabin. The finish of the ward room and cabin is of black walnut; both are furnished richly, and in good taste. Capt Worden bears with him, as he always will, the marks of the encounter with the Merrimac. His eyes are still weak, and the upper part of his face is much blackened with gunpowder. Every one is confident that he will handle his noble vessel with the ability and bravery he displayed upon the Monitor. A combined attack of the iron-clads, wooden ships, and a land force may be looked for before the end of the present month."

☞ The French iron-clad steamship La Normandie—so late Havana advices state, has been sent back to France, as it has been found the crew could not live in the hot climate of the Gulf of Mexico with the defective ventilation of that ship. This circumstance, together with the fact that the vessel was strained on her voyage out, shows that the French have as much trouble with their iron-clads as have the English and Americans with theirs. The critics of the Monitors, therefore, may be consoled.

☞ Mrs. Swisshelm, in her lecture upon the Minnesota Indians and their atrocities during the recent outbreak, states that some of the corpses of the whites had sticks thrust through them, others had their hands and ears cut off. Several infants were nailed to the sides of houses with their feet upwards, and thus left to die. After murdering all the adults in the house, in some instances the small children were put in an oven, a fire built, and they were left to burn to death. Eight were locked into a small room and left to starve. According to her accounts, the massacre was one of the most bloody that has occurred since the settlement of the country.

☞ The resolutions complimentary to Gen. Fitz John Porter, offered in the New York Board of Aldermen on Monday evening, were all separately adopted, three members voting in the negative.

THE REBELLION.

The Memphis Bulletin reports that Gen. Joe Johnston commands the whole Western Department of the rebel army, and is marching with a large force to Vicksburg, where, it states, he can concentrate 150,000 men. The rebels are determined to stake everything to hold Vicksburg and Port Hudson and to keep open the communication between Louisana, Arkansas and Texas. The rebel fortifications at Port Hudson are complete. Gen. McClernand's forces and Commodore Porter's squadron have reached Young's Point, a place only 20 miles above Vicksburg.

It is said the government does not anticipate support from Farragut and Banks in the assault upon Vicksburg, as it is not probable they will be able to pass the rebel works at Port Hudson, Point Coupee and St. Francisville in season.

A special Cairo dispatch reports that Gen. McClernand's forces had landed on the Louisiana side of the river, five miles below the mouth of the Yazoo, in full view of Vicksburg. Two brigades were engaged in opening the famous cut-off, the river being "bank-full" at the city. Gen. Grant left Memphis, for below, with one division, on Tuesday.

A rebel paper states that Gen. Wheeler has got in Gen. Rosecrans' rear, and captured a bridge-building party, 9 miles from Nashville, destroying the bridge, an engine, two cars, and all the tools.

The U. S. steamers San Jacinto and Oneida are in search of the pirate Oreto.

The pirate Florida (the Oreto) arrived at Havana on the 21st inst., from Mobile.—She coaled during the night, and sailed on the 22d. On the same day, four miles from the coast, she robbed and burnt the brig Windward, from Matanzas for Portland, with molasses, the crew being sent ashore in their own boat. On the 24th, off Cardenas, one mile from land, a Maine brig met with the same fate. Soon after, the pirate captured two more brigs just out from Cardenas, burning one and sinking the other. The pirate was last seen, with British flag flying, steering for the Bahamas.

Gen. Butler left Boston on Wednesday, for Washington, in obedience to a summons from the Government.

It is reported that Gen. Burnside will soon take the field at the head of an important command, with his entire staff.

It is reported that the removal of Gens. Franklin and Sumner was an absolute necessity, in order to secure harmony of action in Gen. Hooker's plans.

Col. Wyndham pursued a party of rebels who had driven in our pickets at Chantilly, and coming up with them at Middleburg, he fell upon their rear, capturing 26 and scattering the rest.

$30,000 worth of rebel property, embracing cotton, salt, provisions, etc., all ready to be shipped across the Chowan river, has been seized.

CONGRESS.

WEDNESDAY.—In the Senate, the bill establishing postal money orders was reported back from the committee, with the recommendation that it do not pass. A resolution was adopted instructing the Military Committee to inquire into the propriety of extending relief to Mr. Thomas, known as the French lady, who is insane and in the dungeon at Fort Lafayette. A resolution was adopted requesting the President to furnish copies of all orders issued prohibiting the export of arms to Mexico. The bill relative to the appointment of Midshipmen in the Naval Academy, the bill making appropriations for the payment of invalid pensions, and the army appropriation bill, were passed.

In the House, the bill authorizing the employment of negro soldiers was taken up and debated. The yeas and nays were repeatedly called on trivial questions, the object of the opposition being to defeat a vote on the bill, which the Republicans were determined, if possible, to obtain. The House was still in session at midnight, but there not being a quorum no business could be transacted.

At half-past three the House adjourned, the bill by general consent being left open to amendment or debate.

In the Senate on Wednesday, Mr. Saulsbury, of Delaware, expressed regret at what occurred on Tuesday evening, and said he was satisfied that he was wrong and that he was willing to make any reparation. Mr. Clark then said he would not call up the resolution to expel Mr. Saulsbury on that day.

☞ Harper's Monthly, for February, contains the second paper of the "Californians in Iceland," with some of the best illustrations that have appeared in this popular magazine. There are thirteen other rich articles, with various illustrations, besides the usual monthly record of current events, &c. For sale by J. F. Shores, jr., and J. H. Foster.

☞ The New England Dessicating Company, in Portland, daily grinds and dries from 3000 to 5000 bushels of potatoes.

NEW HAMPSHIRE ITEMS.

—— Mr. Samuel V. B. Bennett, of Manchester, who was arrested on the 16th inst., on suspicion of being connected with the death of Bridget Gibney, has been bound over for trial on a charge of murder by strychnine.

—— Maj. Gen. Hancock, in the official report of his division at the battle of Fredericksburg, thus refers to the 5th N. H. Volunteers:—

"Col. Edward E. Cross, commanding the 5th N. H. Volunteers, seriously wounded, behaved in the handsomest manner. The conduct of this regiment was heroic. Refusing to yield any ground, his brave officers and men died where they stood. This regiment had five commanders, during the action, the first four having been killed or wounded."

—— Prof. Lowe, the well known balloonist, is a native of Randolph, Coos County. Cradled among the White Mountains, no wonder his youthful aspirations were to get into something that could rise above their snowy peaks.

—— An aged and respected citizen of Canterbury died last week. The day before his death he made all necessary arrangements for his funeral, selecting the clergyman, the pall bearers and the director of the ceremonies, and after enumerating them exclaimed: "*and they are all Democrats too; that's worth something.*" An example of the "ruling passion" strong in death.

—— A live butterfly was caught in Exeter, on Monday, in the open air.

—— At a meeting of the Rockingham Bar, in Exeter, on Tuesday, resolutions of respect for the late Attorney General, Hon. John Sullivan, were adopted, and were presented to the Court on Wednesday afternoon, with appropriate addresses.

—— A young woman disappeared from Londonderry a short time ago, in a mysterious way, and her friends are unable to obtain any knowledge of her. A man by the name of Smith has been arrested and placed under $3000 bonds to appear at the next term of the Court for Rockingham county to answer to the charge of abducting her or causing her death.

—— Some bold and adroit robbers entered the Tannery establishment of J. B. Moulton, Esq., in North Weare, on Friday night last, perforated the lock of the safe, charged it with powder and blew off the door. They then took all the money there was, $360, and skedaddled. It was a bold and audacious affair.

ADVERTISING.—The tax on advertisements will yield a large revenue to Uncle Samuel, for advertising is one of the necessities of trade. A shrewd merchant once told the Boston Sat. Gazette that advertising enabled him to sell sixty thousand dollar's worth of goods per annum instead of forty thousand, and the expense of selling the extra twenty, does not increase store rent, clerk hire or gas light. It is a large business, even at a small profit, which can be accomplished in a short time, which pays, for it makes all the difference in the world whether a merchant sells sixty thousand dollars in a year, or ten thousand dollars in six years.

A heavy and successful business man in New York, said, years ago, that a trader who paid more for store rent than for advertising, made a great mistake.

In 1851 the tax on advertisements in England amounted to about eight hundred and twenty-five thousand dollars, but in 1853 in compliance with the unanimous voice of the public, the duty was entirely abolished. Advertising as an art is better understood in this country than in any other, and there is more system in the mode of attracting the public eye.

To impress the public mind with the recollection of one's business, is the aim of advertising, so that when persons require an article, they immediately connect it with the vender's name.

RETIREMENT OF THURLOW WEED.—Thurlow Weed has retired from the Albany Evening Journal, and in his valedictory assigns the following reasons:—

"I differ widely from my party about the best means of crushing the rebellion. That difference is radical and irreconcilable. I can neither impress others with my views, nor surrender my own solemn convictions. The alternative of living in strife with those whom I have esteemed, or withdrawing, is presented. I have not hesitated in choosing the path of peace as the path of duty. If those who differ with me are right, and the country is carried safely thro' the present struggle, all will be well, and nobody hurt.'"

☞ The N. Y. Times in its leading editorial, hesitatingly gives currency to a statement that Horace Greeley has entered into personal negotiations with M. Mercier for the promotion of French intervention; and that he has tolerated if not opened a correspondence on this subject with Mr. Vallandigham of Ohio, with a view to co-operation in some plan, and in mediation as the most plausible plan of putting an end to the present war.

☞ Two separate attempts at highway robbery were made near Lowell last Friday night.

IMMORTELLES.

WHAT OF THE DAY?

Oh! for the faith to read the signs aright,
And from the angle of God's perfect sight
See Truth's white banner floating on before;
And the Good Cause, despite of venal friends,
And base expedients, move to nobler ends:
See Peace with Freedom make to Time amends,
And, through the cloud of dust, the thrashing floor,
Flailed by thy thunder, heaped with chaffless grain

HOPE FOR THE FUTURE.

I have not seen, I may not see,
My hopes for man take form in fact,
But God will give the victory
In due time; in the faith I act.
And he who sees the future sure,
The baffling present may endure.
And bless meanwhile, the unseen Hand that leads
The heart's desires beyond the halting step of deeds.

God's ways seem dark, but, soon or late,
They touch the shining hills of day;
The evil cannot brook delay
The good can well afford to wait.
Give crimsed knaves their hour of crime;
We have the future grand and great.
The safe appeal to Truth and Time!

—*Whittier.*

☞ Mr. Bouligny, of New Orleans, denies having said that Gen. Butler interfered to prevent his election to Congress.

It takes four springs to make one leap year.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had a bad sore on her breast for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla, Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine was equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*
Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to waste away till she commenced taking your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

PROPOSALS FOR GRANITE.

PORTSMOUTH, N. H., Jan. 28, 1863.
Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth, N. H., of the following described good, sound, cut granite scarp facing, for which the price will be stated by the superficial foot, face measure.—
1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 2 ft. 3 in.; one course of 1 ft. 6 in. rise.—80 linear feet; one course of 1 ft. 6 in. rise.—125 linear feet; and one course of 1 foot rise.—200 linear feet.
2d. One course of 4,000 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face, and to average in width equal to the rise, and not to exceed the rise by more than the rise, and not to be less than the rise of the course, and the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 3 ft. long. The headers will be dovetailed ½ of 1 in to 1 ft. from the front,—the ends of the stretchers of this course will be chamfered to correspond.
The beds of the headers and their builds and joints, for 8 inches more than the rise of the course, and the beds, builds, and joints of the stretchers of all the courses, are to be "roughhammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying. A draft 1 inch wide and will be cut around the face of each stone, and these lines on the vertical joints, will have a level of batter of ¼ of one inch to 1 foot.
There will also be required,—to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of headers and stretchers alternately, and to be of the same characters as the material and workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that just described for Fort Constitution; to wit,—2,420 linear feet of 2 ft. 4 in. rise; 3,120 linear feet of 2 ft. 2 in. rise; 3,520 linear feet of 2 ft. rise; 1,100 linear feet of 1 ft. 6 in. rise; and 100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in., the stretchers shall not average less than 1 ft. 9 in. in width, the joints being dressed back accordingly, for 2 ft., and that the bevels or batter of the vertical joints, shall be ¼ of 1 inch to 1 ft. rise.
The above material is to be delivered as follows, provided the water will admit of the business, as is expected; to commence at each Fort between the 10th and 20th of April, a due proportion first, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 30th of June, and the balance by the first of July. The vessels are expected to have 12 to 14 feet of water, at high tide.
The material must be satisfactory to the United States Engineer, or his Agent, and the right will be reserved to reject any bids not approved as to amount, or as to sureties, two of whom, of approved responsibility, will be required, to ensure the faithful performance of each contract.—Payments will be made as reasonably desired, from time to time, with deductions of 10 per cent., till the completion of the contract. Proposals will be addressed to the undersigned, at Post Office box, No. 130, Portsmouth, N. H.
H. W. BENHAM,
U. S. Engineers.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any carpet sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With recent improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enlighten the mind;
They prevent miasmatic and intermittant fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ A movement is being made at the present time for the organization of a Unitarian Association for the State of New Hampshire. A preliminary meeting was held in this city in November last, at which the pastor and several prominent members of the Unitarian Society in this city were present, with one or two other gentlemen of the denomination from other portions of the State. At this meeting a committee was appointed to consider a plan of organizing such an Association and report at a subsequent meeting. The second meeting, which was held in this city in the first part of this month, endorsed a circular prepared by the committee. This circular is to be sent to the several Unitarian Churches in this State and invites them to be represented by pastor and delegates at the first State Meeting, to be holden at Manchester on Wednesday, Feb. 25, at 11 o'clock, A. M. Unitarians residing in towns in which there is no organized church of the denomination, are also invited to be represented. Hon. H. A. Bellows, of Concord, was appointed to prepare a Constitution to be presented at the first State meeting.

S. J. COURT.—Exeter. The action of Kelly & Gardner v. Gardner Towle, as trustee of Ellison & Dearborn, was on trial until Monday afternoon, when a verdict for trustee was taken by consent of parties, and the questions of law reserved for the determination of the whole Court.

Moses G. Steele v. George W. Barker—Replevin for a chaise attached by deft. as a Deputy sheriff. Verdict for plf. for 50 cents damages.

Israel A. H. Bartlett v. Amos Kimball—Action of trespass and false imprisonment against deft., who as a Deputy Sheriff, in Dec., 1860, arrested the plf. upon a complaint and warrant for violation of the liquor law and carried him to Exeter jail. The arrest was made in the disputed "Delaware Territory." The officer justifies under the complaint and warrant. Plf. claims that the arrest was made in Massachusetts, and consequently illegal.

CITY COUNCIL, Thursday evening.—In Board of Aldermen the following officers were elected:—

Assistant Marshals—Daniel L. Randall, Chas. W. Bailey, Frank B. Johnson, Sam'l Rowell, Charles A. Shannon, Joseph D. Pillow.

Lot Layer—Charles A. Wiggin.

Harbor Master—John N. Frost.

The Committee on the Fire Department made a report recommending the purchase of a new carriage for the Hook and Ladder Company, at a cost of $600.

In Common Council a resolution was adopted that a committee of two from each Board be appointed to purchase a Steam Fire Engine for the use of the City, and to provide a proper house for the same, provided the whole expense shall not exceed $4000; and Messrs. McIntire and Marston were appointed the committee on the part of the Common Council. Sent up for concurrence. [The Aldermen so amended the resolution that the committee are to consider the expediency of making such a purchase, and appointed Aldermen Moulton and Broughton.]

In Convention, Messrs. Geo. T. Vaughan, John N. Frost, and John A. Yeaton were elected Port Wardens.

☞ A portion of the machinery of the Portsmouth Steam Factory, such as looms, dressing frames, &c., has been sold to one of the manufacturing corporations in Manchester.

☞ The time in which Postage Stamps, which have been used for currency, will be received at the Post Office in this city, for redemption, expires on Wednesday next, Feb. 4, and it is officially stated that this time will not be extended. Persons having receipts for soiled postage stamps, numbered from 1 to 112 inclusive, can now obtain government currency for the amount.

☞ He did the "fair thing;" so we lisp not his name.

☞ The U. S. steamer Keaney, with the American mails and government dispatches, left Havana on the 23d, but returned on the same afternoon, having been fired into, while flying the American flag, by the Spanish man-of-war Princess de Asturia. She was sent out again by the American Consul, with the gunboat Oneida as convoy.

☞ There was a proposition in the New York Assembly on Tuesday to have the members paid in gold. It was rather unceremoniously voted down.

The man who don't believe in daily papers recently went into the Elm House to book his name for Boston. He had not learned that the iron horse has taken the place of the old stage coach.—*Portland Press.*

☞ The Tribune's Washington dispatch states that Gen. Cameron will soon resign his office of Minister to St. Petersburg, and has offered to the War Department to lead a brigade of colored Unionists into the heart of the rebellion!

☞ Mathew's Arnica Hair Gloss is unequalled for the REMOVAL OF DANDRUFF. ja29

☞ The gunboat Slidell, reported as surrendered to the rebels, did not belong to the Navy, and there is no such officer as Van Dorn connected with it.

☞ The amended treaty of peace, friendship, commerce and navigation between the United States and the Republic of Bolivar is officially promulgated.

☞ It is said there is a man in Philadelphia, living in the bosom of luxury, whose father vends apples from a basket, on the street corner next his own door.

☞ Grau's opera troupe will soon visit Boston. The New Yorkers will not be permitted to hear any more opera for the present.

BUY CALIFORNIA WINES.

They are the Purest!!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "Come more link broken which has bound us to Europe." "One more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge.

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz:—bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner give notice to persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

Hampstead, Jan. 1st, 1863. 2w

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or Chairman of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Hospital.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are required to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind.

(Signed) JONATHAN DEARBORN,
J. B. ADAMS,
J. S. RIDER,
PHINEAS NICHOLS.

Portsmouth, Jan. 23, 1863. ja23

Special Notice

To the Families of Volunteers.

At a meeting of the Relief Committee held on Friday, Jan. 23, 1863, the following Resolution was passed at the last meeting of the Relief Committee:—

Resolved, That if it comes to the knowledge of the Relief Committee that any persons are receiving State Aid for children that may be deceased or shall die during this time, that are receiving State Aid, and said persons do not render to the City Clerk a statement of the fact; or if any persons have or shall have claimed to have children, when said children have been taken merely for the purpose of obtaining said aid, the Committee will stop the payments to all such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS BUFFINGTON,
ja28 Clerk Relief Committee.

AMERICAN HOUSE,

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove—above the fire; so arranged, that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long, or large enough to take six large plates on the bottom, every part of which will be cooking at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the best stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it, whether they intend to purchase or not. It has had a very extensive sale, and gives universal satisfaction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. S. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. Amos Davis, Jeremiah Emitt, Mrs. Ann T. Perkins, James W. Richards, Frederick Jervis, Thos. L. Tullock, Jacob Wendell, Capt. Amos Morrill, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton J. Walker, Benj. Weaver, John Tendy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Donnell, Henry F. Gerrish, John Harrutt, Thos Murphy, Capt. Wm. Gilbert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Pinkham, Freeman Rand, George M. Locke, Daniel L. Randall, Isaiah Wilson, John R. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Prudentes Island; Geo. N. Dixon, Samuel F. Paul, Silas Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Hatfield, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room with fresh air, a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle

EASTERN RAILROAD.—The report of the Eastern Railroad Company for the year ending Nov. 30, 1862, has been published. It gives a full and succinct account of the business of the Corporation during the past financial year and the relation which the road sustains to its various branches. We copy a few items of general interest from the document. The total income from all sources during the year ending Nov. 30, 1861, was $535,989; for the past year, $631,307.85. The net income for the year ending Nov. 30, 1861, was $139,262.27 and the net income for the past year $218,537.-31. 24,097 more passengers have been transported during the past year than the year previous, the total number being 1,246,502. The road has been run during the year at 4 cents per mile cheaper than in 1861.

The system of package tickets, at reduced rates, the introduction of which, to a limited degree, was referred to in the last Report, has been considerably extended, and with increasing success, especially to points affected by horse railroad competition. Between Lynn and Boston, in particular, during the six months from June 1 to December 1, 1862, while the package tickets have been in use, we carried (beside the season ticket travel, which has but little varied) 120,006 passengers, for which we received $22,793 70, while, for the corresponding period of the preceeding year, the number was but 57,386, receiving therefor $11,395.-80, showing an increase of 82,020, or more than 200 per cent. in numbers, and 160 per cent. in receipts.

A settlement of our difficulties with the Eastern Railroad in New Hampshire and its stockholders has been agreed upon, which will be submitted for action at the annual meeting.

The earnings of the Portland, Saco, and Portsmouth Railroad have been largely increased, and we have received, within the year, $5000, and may reasonably expect further income from that source.

IMPORTANT TO THE AFFLICTED.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pains and distresses in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Frightful Swellings, and the long train of horrible symptoms arising therefrom, which are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are those to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, these are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Pills, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
April 7—1y Saw.

CAUTION
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female constitution, whether Uterine, or falling of the Womb, Fluor Albus, Suppression and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of Female Complaints, and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to his office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
April, 1862—1y Saw

CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. at the above place, on all diseases and every disease of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
F. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
April 7, 1862—1y Saw.

Teeth on Vulcanized Rubber.
SOME OF ITS ADVANTAGES.
1st. It is stronger and lighter than any known material.
2d. From two to six times the amount of suction or adhesion can be obtained by it.
3d. When the arch is irregular we can by building out the depressions which can be done to any extent—give the mouth a more natural appearance.
4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.
5th. Teeth mounted upon this base can be kept clean and sweet as easy as a tumbler, as when finished the work presents one whole piece.
6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.
DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,
Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DR. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH.
DENTISTRY.
No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.
DR. GOODALL,
Would respectfully inform his patrons and the public, that by dint of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.
The Rubber has several important advantages, viz: It is very light and elastic, and consequently it perfectly easy to the muscles of the mouth and cheeks. There are no insertions or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.
Beside all this, the most accurate fit is obtained, as the Rubber is vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.
Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for on upper or lower set on Gold.
In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.
ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,
TEACHER OF MUSIC,

PIANO-FORTES FOR SALE.

Marriage Certificates.
For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.
The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and oven heater combined, by which the odor of broiling meats are prevented from passing into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now to be seen, no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We would refer to the following purchasers:

Portsmouth.

And the hosts of others who are using them.
We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.
"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, pleasant and agreeable, and at which the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe and chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipes to discharge themselves unconsumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of atmospheric air in the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the best in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will burn from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used.
We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron B. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

THE ONLY SAFE,
Of Boston Manufacture,
That has not failed in any fire to preserve the Books and Papers uninjured, is the
Marland Patent,
See: "Important Testimony" of the Fire at Laconia, N. H., Nov. 21, 1860; Fire at Saco, Aug. 4, and 6, 1860; Aug. 14, 21, and 28, 1861; also circulars at our office or sent by mail.
All other Safes possess the same Defects as those therein named, except the
MARLAND PATENT.
Safes built to order without extra cost. Prices to correspond with the times. Second hand safes taken in exchange, and for sale at LOW PRICES. Safes moved.

MATHEWS Arnica HAIR GLOSS
This is a new and invaluable preparation for preserving and beautifying the hair.
ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.
ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.
ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.
ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charming, soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.
ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.
ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

SPEER'S SAMBUCI WINE
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS.
SAMBUCUS TREE, OF PORTUGAL,
The Great Remedy for Kidney Affections, Mismenstrion, Chronic Complaints
Excellent Wine for Females.
Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
DO NOT FAIL TO REFER TO
a few well known gentlemen and physicians, who have tried the Wine.
Gen. W. Scott, U.S.A. Dr. Ward, Newark,
Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y
Dr. Parker, N. Y. City Dr. Dougherty, Newark
Dr. J. R. Chilton, " Dr. Parish, Phila.
Drs. Darcy and Nicholl, Newark, N. J.
None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.
Make One Trial of this Wine.
For Sale by W. R. PRESTON, Portsmouth.
The trade in Boston supplied by G. C. GOODWIN & CO., and WEEKS & POTTER.

WEEKLY $1.50 per year, or $1.25 in adv.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. SATURDAY, JAN. 31, 1863. NO. 154.

Advertising.
For a Square (1 inch) or less, one insertion 50 cents, three insertions $1, one week $1.50, one month $3, three months $5, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly (Gazette) without special order and charge.
Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.
Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State: a State for every star.
NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ A Paris paper publishes some curious statistical returns, showing the number of murders committed in all the different countries in Europe. It appears from this paper that there are 4 murders committed in England for every million inhabitants, 17 in Belgium, 20 in Sardinia, 31 in France, 36 in Austria, 68 in Bavaria, 45 in Lombardy, 100 in Rome, 90 in Sicily, 200 in Naples. Murder is almost wholly unknown in the valleys of Vaduois.

☞ It is stated that Gen. Scott's health is fast failing him now. He is confined to his apartment entirely helpless, and it is said his mind is breaking down under the weight of years and mental and bodily trouble.

☞ Mr. Harry Reynolds, of Fryeburg, Me., on opening a door, knocked down a charged gun that stood against it. In falling it went off and the charge entered one of his legs, shattering it so that amputation became necessary.

☞ Two boys belonging to the High School in Bangor were held in the sum of $200 each, on Saturday, to answer for an assault in the street upon their teacher, who had severely punished one of them.

☞ The Ellsworth, Me., American says 283,000 box shooks were manufactured on that river last year, and about 26,000,000 feet of lumber sawed during the season.

☞ The original manuscript of Gray's Elegy, consisting of two small half sheets, written over closely and much mutilated, sold at auction in London recently for one hundred pounds sterling.

☞ A ruined young girl shot her seducer a few days since in Pittsburg, waited calmly to see him die, and then gave herself into custody.

☞ There are eight Major and eighteen Brigadier-Generals at present without actual command.

Boots & Shoes.
Having purchased of Mr. T. E. WOOD his stock and trade in the manufacture and sale of BOOTS & SHOES, the subscriber begs to inform the public that he carries on the above business in all its branches.
The services of faithful and competent workmen secured for making to measure, MEN'S FRENCH CALF DRESS BOOTS, LADIES' GLOVE-CALF, PEBBLEGRAIN, KID & CLOTH, CONG. & BAL. TRIPPLE SOLE BOOTS, for Winter wear.
☞ Satisfaction guaranteed to customers in Making and Repairing.

SATURDAY, JANUARY 31, 1863.

THE REBELLION.

Advices from New Orleans state that Gen. Weitzel destroyed the rebel gunboat Cotton; she was blown to atoms. She is said to have been iron-clad. The object of the expedition had been entirely accomplished, and Gen. Weitzel was on his return. Gen. Banks was still in New Orleans. He had reiterated Gen. Butler's order taxing certain rebel merchants for the support of the poor. He had cautioned the public against offering insult to the soldiers, and had refused to allow the republication of Jacob Barker's paper. Gen. Hamilton, Military Governor of Texas, had addressed a large Union meeting in New Orleans.

Gov. Hamilton arrived at New York from New Orleans on Thursday night, and left immediately for Washington.

A New Orleans letter says: The Harriet Lane is blockaded in Galveston Bay. The rebels are fortifying the island, and fitting out the Harriet Lane, and large numbers of rebel troops are concentrating on the island to resist our attack. 1300 Unionists are organized on the Rio Grande, near Brownsville, into two cavalry regiments.—They have horses and about one-half are armed. About 1500 more are ready to join the Union ranks as soon as arms and ammunition are furnished them.

The Navy Department has received information that the naval expedition up the White River, under command of Lieut. Commanding John G. Walker, was successful in accomplishing the duty in which it was sent. The official report states that there were captured two fine 8-inch guns and carriages, 200 stand of arms, with their accoutrements, and three platform cars.—The guns were being hoisted on the cars when the rebels took the alarm and fled.—The guns and carriages are in good order, and many of the small arms are Enfield rifles.

A Mobile dispatch states that on the 24th the Union troops attacked Morgan's regiments at McMinnieville. After two hours hard fighting the rebels fell back two miles.

The rebels report an "abolition" fleet, 92 sail, including two Monitors and six other iron-clads, in Beaufort harbor; also that 52,000 Abolitionists are encamped in Moorehead and Carolina cities.

A dispatch from Newbern states that the 3d N. Y. cavalry, followed by Gen. Amory's brigade and artillery, had made a tour of three of the eastern counties of North Carolina, completely cleaning out a large number of rebel guerrillas, and made important captures of teams, mules, horses, forage, &c. The column returned after five days' arduous duty.

An exciting naval conflict is believed to be impending in the Ogeechee river. An effort will be made by Capt. Worden, of the Montauk, under the orders of Admiral Dupont, to attack and destroy the Fingal, and capture the Nashville.

A dispatch to the N. Y. Tribune states that Gen. Couch is now in command of the right grand division of Gen. Hooker's army, Gen. Meade the centre, Gen. W. F. Smith the left, Gen. Sigel the reserve. It is tho't however, that in a few days, Gen. Reynolds will have command of the left grand division.

The President's emancipation proclamation is to be read at the head of every regiment in the service.

NAVAL.—The iron-clad Indianola has gone to fight. She is new, and has a most formidable armament. The theatre of her initiatory operations will be the Cumberland. Her commander is Lt. Brown, who opened the ball at Cape Hatteras. It would seem likely that the power of the 15 inch guns on walls and fortresses will, after all, be tested first in the West, while the Charleston fleet is "preparing to do it."

The U. S. frigate Sabine, Capt. Ringgold, from New London, arrived at Fayal, Nov. 19, and sailed Dec. 3, on a cruise.

The reported loss of screw steamer Winona, 4, Lt. Com'r Thornton, was incorrect.

☞ The armament of the pirate Florida is reported to be very heavy. She is known to have two 11 inch guns, two rifled 32-pounders, two rifled 64-pounders and two pivots, one forward and one aft. She is a propeller, barque rigged, with two pipes, 1100 tons burden, and is said to be able to make 16 miles an hour. Her officers and crew consist of 120 men. Her hull is whitewashed. Commander Preble was cashiered because with two vessels he let her, a stranger, run into Mobile. Now nine men-of-war have had no better luck, although on the watch for her.

☞ The Judiciary Committee of the House of Representatives, to whom was referred the resolution to confirm the President's Proclamation of Emancipation, have agreed to indefinitely postpone action on the subject.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Recollections of President Madison, by an old body servant.

[We lay by our items of 200 years ago, (for a week or two) to give some fresh recollections of 50 years ago, by a man now living in Washington city. We find them in Notes and Queries for Jan. 1863.]

Among the laborers at the Department of the Interior is an intelligent colored man, Paul Jennings, who was born a slave on President Madison's estate, in Montpelier, Va., in 1799. His reputed father was Benj. Jennings, an English trader there; his mother, a slave of Mr. M., and the granddaughter of an Indian. Paul was a "body servant" of Mr. M. till his death, and afterwards of Daniel Webster, having purchased his freedom of Mrs. Madison. His character for sobriety, truth, and fidelity, is unquestioned; and as he was a daily witness of interesting events, I have thought some of his recollections were worth writing down, in almost his own language. J. B. K.

About ten years before Mr. Madison was President, he and Col. Monroe were rival candidates for the Legislature. Mr. Madison was anxious to be elected, and sent his chariot to bring up a Scotchman to the polls, who lived in the neighborhood. But when brought up, he cried out, "Put me down for Col. Monroe, for he was the first man that took me by the hand in this country." Col. Monroe was elected, and his friends joked Mr. Madison pretty hard about his Scotch friend, and I have heard Mr. Madison and Col. Monroe have many a hearty laugh over the subject, for years after.

When Mr. Madison was chosen President, we came on and moved into the White House; the East Room was not finished, and Pennsylvania Avenue was not paved, but was always in an awful condition from either mud or dust. The city was a dreary place.

Mr. Robert Smith was then Secretary of State, but as he and Mr. Madison could not agree, he was removed, and Col. Monroe appointed to his place. Dr. Eustis was Secretary of War—rather a rough, blustering man; Mr. Gallatin, a tip-top man, was Secretary of the Treasury; and Mr. Hamilton, of South Carolina, a pleasant gentleman, who thought Mr. Madison could do nothing wrong, and who always concurred in every thing he said, was Secretary of the Navy.

Before the war of 1812 was declared, there were frequent consultations at the White House as to the expediency of doing it. Col. Monroe was always fierce for it, so were Messrs. Lowndes, Giles, Poydrass, and Pope—all Southerners; all his Secretaries were likewise in favor of it.*

Soon after war was declared, Mr. Madison made his regular summer visit to his farm in Virginia. We had not been there long before an express reached us one evening, informing Mr. M. of Gen. Hull's surrender. He was astonished at the news, and started back to Washington the next morning.

After the war had been going on for a couple of years, the people of Washington began to be alarmed for the safety of the city, as the British held Chesapeake Bay with a powerful fleet and army. Everything seemed to be left to Gen. Armstrong, then Secretary of War, who ridiculed the idea that there was any danger. But, in August, 1814, the enemy had got so near, there could be no doubt of their intentions. Great alarm existed, and some feeble preparations for defence were made. Com. Barney's flotilla was stripped of men, who were placed in a battery at Bladensburg, where they fought splendidly. A large part of his men were tall, strapping negroes, mix d with white sailors and marines. Mr. Madison reviewed them just before the fight, and asked Com. Barney if his "negroes would not run on the approach of the British?" "No, sir," said Barney, "they don't know how to run; they will die by their guns first." They fought till a large part of them were killed or wounded; and Barney himself wounded and taken prisoner. One or two of these negroes are still living here.

Well, on the 24th of August, sure enough, the British reached Bladensburg, and the fight began between 11 and 12. Even that very morning General Armstrong assured Mrs. Madison there was no danger. The President, with General Armstrong, General Winder, Colonel Monroe, Richard Rush, Mr. Graham, Tench Ringgold, and Mr. Duvall, rode out on horseback to Bladensburg to see how things looked. Mrs. Madison ordered dinner to be ready at 3, as usual; I set the table myself, and brought up the ale, cider and wine, and placed them in the coolers, as all the Cabinet and several military gentlemen and strangers were expected. While waiting, at just about 3, as Sukey, the house servant, was lolling out of a chamber window, James Smith, a free colored man who had accompanied Mr. Madison to Bladensburg, galloped up to the house, waving his hat, and cried out, "Clear out, clear out! Gen. Armstrong has ordered a retreat!" All then was confusion. Mr. Madison ordered her carriages, and passing through the dining-room, caught up what silver she could crowd into her old-fashioned reticule, and then jumped into the chariot with her servant girl Sukey, and Daniel Carroll, who took charge of them; Joe. Bolin drove them over to Georgetown Heights; the British were expected in a few minutes. Mr. Catts, her brother-in-law, sent me to a stable on 14th street, for his carriage. People were running in every direction. John Freeman (the colored butler) drove off in the coachee with his wife, child and servant; also a feather bed lashed on behind the coachee, which was all the furniture saved, except part of the silver and the portrait of Washington (of which I will tell you by-and-by.)

I will here mention that although the British were expected every minute, they did not arrive for some hours; in the mean time, a rabble, taking advantage of the confusion, ran all over the White House, and stole lots of silver and whatever they could lay their hands on.

RECENT CAPTURES.—The U. S. steamer Aurora, on the 10th inst., captured the English steamer Rising Dawn, with a cargo of 2638 bushels of salt, and a large quantity of lucifer matches, soap, coffee and gunny bags. She was from Nassau, N. P., and was trying to run the blockade.

The U. S. steamer Ottawa on the 21st, captured the schooner Hitiwan, with 99 bales of cotton, while attempting to run out from Charleston harbor.

On the 8th, the steamer Tropic, formerly the Huntress, of Charleston, while attempting to run the blockade, was destroyed by fire. Her crew and passengers were saved by the boats of the Quaker City.

The gunboat Tioga arrived at Key West on the 22d with a valuable prize, the British steamer Pearl, captured off the Bahamas.

FROM MEXICO.—Advices from Mexico of the 9th, confirm the reported defeat of 4000 French, under Gen. Berthin, by 800 Mexican cavalry. It occurred in a fog at 2 o'clock on the morning of the 18th of Dec. The French were completely routed. The Mexican Gen. Juesada had captured a convoy from Jalapa for Perote. The Mexican Gen. Negrete, with 10,000 men, made a sortie from Puebla and attacked a French division, 14,000 strong, at Acapete, eight leagues from Puebla, completely routing the latter. The French had to retreat to Orizaba. French communication was almost cut off. Jalapa and Tampico had been abandoned by the French. The small pox was raging in Vera Cruz.

☞ The *Tribune's* Washington dispatch states that Gen. Burnside on Wednesday informally tendered his resignation as an officer of the army to the President, but Mr. Lincoln declined to receive it, remarking that he had "other fish for him to fry."—Gen. Burnside rejoined that he hoped to be set at work at once; he would willingly accept any command, he cared not how small, but he was extremely reluctant to wear a Major General's stars, and draw a Major General's pay, while doing nothing to earn his honors or his money.

☞ An enthusiastic Union meeting was held in Fayetteville, Ark., on Tuesday evening, at which over 1000 loyal citizens of Arkansas were present. Fifteen home guard companies were organized, and a large number of citizens signed a petition asking Congress to order an election for a member of Congress from that State. It is said all citizens having arms in their possession have given them up for the defence of their homes. Another meeting is to be held at Huntsville in a few days, and the Union sentiment is daily growing stronger in that section.

☞ A letter from Port Royal to the N. Y. Times says: "Admiral Dupont is of opinion that the torpedoes and other obstructions which have with so much pains been placed in the Savannah river and Charleston harbor will prove of little avail. An ingenious Yankee down here has invented an apparatus which will precede our iron-clads, piloting each expedition, and which will explode any torpedoes that may be submerged, either in the river or harbor, at a distance of not less than 60 yards from the bow of the first vessel."

☞ The President has nominated to the Senate Andrew Wylie to be Judge of the Criminal Court of the District of Columbia, the place being vacated by the death of Judge Crawford.

The London Times, for a wonder, disapproves of Jeff. Davis's message—calls it "ill timed," and as inaugurating a state of things which will startle humanity everywhere.

* NOTE.—It is well understood that Mr. Madison was one of the most pacific public men we ever had, though the federalists used to speak of "Madison's War." They had excuse enough for calling it by that name, as it was recommended in his message, and became the leading measure of his administration. Yet it has been asserted and nobody denied that we have seen, that Pres. Madison had his message prepared, recommending further negotiation with Great Britain, but was induced to alter it and call for War, by advice of Messrs Clay and Calhoun, then young, ambitious men, with their fortunes to make. U. T.

THE WORLD IS WHAT WE MAKE IT.

Oh call not this a vale of tears,
A world of gloom and sorrow;
One-half the grief that o'er us comes,
From self we often borrow.
The earth is beautiful and good:
How long will man mistake it?
The folly is within ourselves:
The world is what we make it.

Did we but strive to make the best
Of troubles laid beside us,
Instead of meeting cares half-way,
They would not so appal us.
Earth has a spell for loving hearts:
Why shouldst we seek to break it?
Let's scatter flowers instead of thorns—
The world is what we make it.

If truth, and love, and gentle words,
We took the pains to nourish,
The seeds of discontent would die,
And peace and concord flourish.
Oh, has not each some kindly thought?
Then let's at once awake it:
Believing that for good or ill
The world is what we make it.

Hampton Academy.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—so it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicines failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered from her sickness so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

PROPOSALS FOR GRANITE.

PORTSMOUTH, N. H., Jan. 28, 1863.
Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth Harbor, of the following described granite, sound, cut granite scarp facing, for which the price will be stated by the superficial foot, face measure.
1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 3 ft. 3 in.; one course of 2 ft. 4 in. rise,—80 linear feet; one course of 1 ft. 6 in. rise,—125 linear feet; and one course of 1 foot rise,—200 linear feet.
2d. One course of 4,000 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face and to average in width equal to the rise, and not to vary more than 3 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 ft. long. The headers will be dovetailed 1 of 1 in. to 1 ft. from the front.—the ends of the stretchers of this course being chamfered to correspond.
The beds of the headers, and their builds and joints, for 3 inches more than the rise of the course, and the beds, builds, and joints of the stretchers of all the courses, are to be "rough hammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying, a draft line inch wide will be cut around the face of each stone, and these lines on the vertical joints, will have a level or batter of ¼ of one inch, to 1 foot.
There will also be required,—to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of headers and stretchers alternately, and to be of the same character as to the material and workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that just described for Fort Constitution; to wit,—2,420 linear feet of 2 ft. 4 in. rise; 6,130 linear feet of 2 ft. 2 in. rise; 3,520 linear feet of 2 ft. rise; 1,100 linear feet of 1 ft. 6 in. rise; and 100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in., the stretchers shall not average less than 1 ft. 9 in. in width, the joints being dressed back accordingly, for 2 ft., and that the bevels or batter of the vertical joints, shall be ¼ of 1 inch to 1 ft. rise.
The above material is to be delivered as follows, provided the wharves shall be in readiness, as is expected; to commence at each Fort between the 10th and 20th of April, a due proportion first, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 30th of June, and the balance by the 31st of July. The wharves are expected to have 12 to 14 feet of water, at high tide.
The material must be satisfactory to the United States Engineer, or his Agent, and the right will be reserved to reject any bids not approved as to amount, or as to stretcher, two of whom, if approved responsibility, will be required, to ensure the faithful performance of each contract.—Proposals will be made as reasonably desired, from time to time, with deductions of 10 per cent., till the completion of the contract. Proposals will be addressed to the undersigned, at Fort Office box, No. 180, Portsmouth, N. H.

Single copies 3 cents, in all cases.

Portsmouth, Dec. 1, 1862.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside, and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by TRACHER and PRESTON.

Local.

☞ The funeral of Mr. Charles Edward Huntress, of the 2nd Regt., N. H. V., was attended on Friday afternoon, at Gravelly Ridge. A squad of the Home Guard performed the military services and escort, with the U. S. Marine Band. The religious services were by Rev. Mr. Waterhouse.

☞ The last sensation in Paris is a man who has a perfect genius for making and fitting women's dresses. He is called the Pontiff of the Petticoat. He not only makes the ladies' dresses, but he puts the dresses on the ladies. Sometimes as many as fifty carriages are in front of his door at the same time, the feminine owners being up stairs having their dresses put on, as a dress should be put on. For cutting a dress he charges $10! for dressing a lady he charges $15, and for fitting her for a party $25.

☞ One of the stories about McClellan is the following in Russell's Diary:—McClellan is, however, considered a very steady and respectable professional soldier. A friend of his told me to-day, that one of the most serious complaints the Illinois Central Railroad had against McClellan was that, during the Italian war, he seemed to forget their business; and that he was busy with maps stretched out on the floor, whereupon he, superincumbent, penned out the points of battle and strategy when he ought to have been attending to passenger trains and traffic. That which was that blasphemy in a railway office may be amazingly approved in the field."

☞ The brig J. P. Ellicott, from Cienfuegos for Boston, was captured by the rebel privateer Retribution, and a prize crew put on board. The original crew, however, overpowered them and took the vessel into St. Thomas. It is not stated to what port the prize crew were ordered to take her.

☞ Gov. Stanley, of North Carolina, has sent in his resignation. It is based upon the President's Proclamation, which he strenuously opposes. Gen. Foster is accepting the services of negroes for garrison duty, notwithstanding the remonstrances of Gov. Stanley.

☞ When the United States were at war with Mexico, it was universally admitted that one Yankee, in personal prowess, was a match for ten Mexicans. The papers tell us that in a recent scrimmage, 800 Mexicans routed 4000 Frenchmen. Now the Boston Post wants to know, if 800 Mexicans are equal to 4000 Frenchmen, and one Yankee is equal to ten Mexicans, how many Yankees are equal to—how many Frenchmen?

☞ The N. Y. Tribune gives a virtual denial to the charge of the Times relative to a correspondence between Messrs. Greeley, Mercier (the French Minister) and Vallandigham.

☞ The Missouri Senate, on Thursday, passed the House resolution asking Congress to appropriate $25,000,000 for emancipation purposes in that State, by a vote of 26 to 2.

☞ The recall of Gen. Butler is regarded with satisfaction by a majority of the English journals, and is considered hopeful, although not an act of grace.

☞ A young lady who was shopping in Cleveland, Ohio, a few days since, had her hand so badly lacerated by a furious Newfoundland dog, who misinterpreted her motives in taking up a piece of goods to examine, that amputation of three of her fingers will be necessary.

☞ Six thousand fuses were simultaneously ignited at the Warervliet (New York) Arsenal, Friday afternoon, causing a terrific explosion. Fortunately there was no powder or shell within exploding distance, and no one was injured.

☞ A little girl, aged eight years, died of starvation in Brooklyn, N. Y., on Wednesday. The parents and a little sister were found nearly dead from the same cause.

☞ Copper cents, nickel cents and three cent pieces are all of much less intrinsic value than the sums they represent, and people will make nothing by hoarding them.

☞ Mr. H. Reynolds, of Fryeburg, Me., who was accidentally shot by the fall of a gun left standing against a door, has died since the amputation of his leg.

☞ A lady slipped upon the sidewalk in New York, a day or two since, and strained one of her lower limbs so severely as to burst a blood vessel, causing her to bleed to death in thirty minutes, notwithstanding medical aid was promptly extended her.

☞ A thief who had robbed a merchant at Wilmington, Ill., of about forty dollars, being detected on board a railroad train, by means of the telegraph, jumped from the car when in motion and broke his neck.

☞ The Washington *Republican* says that a new court martial has been organized for the trial of Gen. Charles P. Stone, and that it is sitting daily with closed doors.

☞ Reed Saunders, recently captured on the southern coast, with rebel dispatches and letters in charge, arrived at New York on Thursday, and was sent to Fort Lafayette.

☞ The President's Emancipation Proclamation was ratified in St. Louis by a large and enthusiastic meeting on Wednesday evening.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man and child who does not use Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine

The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, Intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,
jan22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,
ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.
ja24 WILLIAM H. HACKEIT.

NOTICE.

The undersigned hereby gives public notice that he has been duly appointed Administrator of Estate of HENRY C. WEBSTER, late of Portsmouth, Acting Master's Mate in the U. S. Navy, deceased, intestate. J. M. EDMONDS.

T. S. CARTER,
H. B. CARTER.

Hampstead, Jan. 1st, 1863. 2 3t*

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families. Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them

(Signed) JONATHAN CLEARBORN,
J. B. ADAMS,
J. E. RIDER,
CHRISTIAN NICHOLS.

Portsmouth, Jan. 22, 1863. ja23

Special Notice

To the Families of Volunteers.

The following Resolution was passed at the last meeting of the Relief Committee:—

Resolved, That if it comes to the knowledge of the Relief Committee that any person is not receiving State Aid, and said person is able to render to the City Clerk a statement of the fact; or if any persons have or shall have claimed to have children, when said children have been taken merely for the purpose of obtaining said Aid, the Committee will stop the payments to all such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS BUFFORD,
Clerk Relief Committee.

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven, which renders the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be TRUE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Kaitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tulloch, Joseph Wendell, Capt. Jacob Thompson, Gen. J. G. Hatley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Hanford, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Pike, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Jos. Clement, March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Strathum; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS;

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Reissues, Extensions, Reports, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into Patents, Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions not possessed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE, than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of skill, fair dealing, and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most careful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1862. 3mwly

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Secondary Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, Abscess, Gravel, Strictures, Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim for the duties of life or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil foreboding, aversion of society, self-distrust, love of solitude, are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving a remittance by your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
April 7—1y Saw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott street, Boston, Mass., continues to be consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most cases complained of yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.
April, 1862—1y Saw

CERTAIN CURE

in all cases, or No Charges Made.

Dr Dow is consulted daily, from 8 A.M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain relief.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
April 7, 1862—1y Saw.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. Greenough, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches,** has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much *cheaper* than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DR. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, JAN. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no insertions or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,
TEACHER OF MUSIC,
NO. 20 HANOVER STREET,
PORTSMOUTH, N. H.
PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which pastry can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would invite those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The difficulty met with by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some patented, and many patented over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than air, rush off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large portion of the heat of the fire, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without ever going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Shaw, and others.

M. B. BIGELOW & ANSON HARDY,
32 School Street, Boston,
feb18 MANUFACTURERS.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful influence of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

GRACE'S CELEBRATED SALVE,
A SURE RELIEF FOR THE SUFFERER.

This Salve is a vegetable preparation, invented in the 17th century, by DR. WM. GRACE, surgeon in King James's army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor.

Grace's Celebrated Salve cures Burns.
Grace's Celebrated Salve cures Scalds.
Grace's Celebrated Salve cures Flesh Wounds.
Grace's Celebrated Salve cures Corns.
Grace's Celebrated Salve cures Felons.
Grace's Celebrated Salve cures Frozen Limbs.
Grace's Celebrated Salve cures Scurvy.
Grace's Celebrated Salve cures Callouses.
Grace's Celebrated Salve cures Salt Rheum.
Grace's Celebrated Salve cures Chilblains.
Grace's Celebrated Salve cures Sore Breast.
Grace's Celebrated Salve cures Sore Lips.
Grace's Celebrated Salve cures Erysipelas Sores.
Grace's Celebrated Salve cures Abscesses.
Grace's Celebrated Salve cures Ulcers.
Grace's Celebrated Salve cures Chapped Hands.
Grace's Celebrated Salve cures Ringworms.

And from Sores and Wounds of the most serious nature down to a common Pimple. It eradicates Pimples from the face, and beautifies the skin. There is no preparation before the public that can equal this Salve in prompt and energetic action for the speedy cure of external diseases, as those who have tried its virtues testify. Soldiers, Sailors, and Fishermen, will find this Salve their best friend.

It has none of the irritating, heating properties of other remedies, but cools, cleanses, and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand in case of accident, for it will save them much trouble, suffering, and money. All it wants is a fair trial to cure old and inveterate Sores.

VOL. 22. PORTSMOUTH, N. H. MONDAY, FEB. 2, 1863. NO. 1.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined:
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the relief of the Families:—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have ever enlisted and who have been or may be discharged from the service are requested to report, as above, so that a correct record may be kept for any future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept in mind by them

(Signed) JONATHAN DEARBORN,
J. B. ADAMS,
J. E. RIDER,
PHINEAS NICHOLS.
Portsmouth, Jan. 23, 1863. ja23

Special Notice

To the Families of Volunteers.

The following Resolution was passed at the last meeting of the Relief Committee:—

Resolved, That if it comes to the knowledge of the Relief Committee that any persons are receiving State Aid for children that may be deceased or shall die during the time they are receiving State Aid, and said persons do not render to the City Clerk a statement of the fact; or if any persons have or shall have claimed to have children, when said children have been taken merely for the purpose of obtaining said Aid, the Committee will stop the payments to all such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS BUFFORD,
ja28 Clerk Relief Committee.

Portsmouth, N. H.

MONDAY, FEBRUARY 2, 1863.

THE REBELLION.

Gen. Burnside said in New York on Friday that while he anticipated and wished an eventual peace, this war must be fought out. He was going to Rhode Island for a few weeks' repose, and then would return to active service in the battle-field. This assertion he repeated more than once.

A Fortress Monroe letter says the rebels crossed the Blackwater on Friday. Gen. Peck sent out a force which met the rebels on Saturday morning at 4 o'clock, and drove them back with some loss. Our loss was 40 is killed and wounded. Gen. Peck took several prisoners. At last accounts the enemy were retreating towards Franklin.

It is said a dispatch has reached Washington from Gen. Dix at Fortress Monroe, stating that he had been informed by a telegram from Gen. Peck, in command of our forces at the Blackwater, that in an interview which had just taken place between that officer and the rebel General (Pryor) who commanded the rebel force facing Gen. Peck's army, he (Pryor) stated that he had information of a very recent engagement near Savannah, in which the rebels had suffered a defeat.

The official report of Gen. Sherman shows that the attack on Vicksburg was made strictly in accordance with orders from Gen. Grant, at the very time and in the very manner. Gen. Sherman was ignorant of the capture of Holly Springs, and the subsequent retreat of Gen. Grant. The attack was made with great gallantry, and would have been successful but for the large reinforcements the enemy was able to send to Vicksburg. Gen. McClernand, on his arrival, out-ranked Sherman, as the Major General of older date, and both were acting in pursuance of a plan formed before the expedition moved from Memphis.

A dispatch from the U. S. Consul at St. Thomas says it was the prize crew, placed on board the captured brig J. P. Ellicott by the pirate Retribution, and not the original crew, that rose on the prize master, put him in irons, and took the vessel into St. Thomas.

By Telegraph, Sunday, to Messrs. Hutchings, Disley, and others.

Gen. Hooker was in Washington on Saturday; nothing of importance has been received from his army. Gen. Butler and Col. Hamilton, Military Governor of Texas, were also in Washington, in consultation with the authorities.

Two more of Gen. Banks' transports, the Lucinda and the Sparkling Sea, are reported to have run aground on a reef; the former was got off, but the latter would prove a total wreck, the battery, horses, forage, &c., being all lost.

Our victory on the Blackwater on Friday seems to have been more complete than was at first announced. The fight, which was between some of Gen. Corcoran's troops and the rebels under Pryor, resulted in a rout and retreat of the latter, who had been driven six miles and at last accounts were still being pursued by our victorious troops.

☞ A Nassau letter of Jan. 19th, gives the following items:—

In port, Anglo Confederate steamers No. 1, Gladiator, No. 2, Douro, No. 3, Flora. The steamer Leopard has arrived from Charleston, S. C., with cotton. Key Island is lined with vessels laden with contraband cargoes for rebeldom. The feeling against the North is intense, and pervades all classes. Vessels from New York bring full cargoes, which the consignees solemnly swear are intended solely for home consumption in the Bahamas, but which are soon reshipped to Southern ports.

The N. Y. Times' Washington dispatch states: It is ascertained that the rebel government have regularly commissioned agents at St. Thomas, Bermuda, Kinston, Jamaica, and all the principal points on the Spanish Main. These agents continually communicate with the insurgents, and advices received by the pirate Semmes are communicated through them.

☞ Three pretty rebel young ladies, in their enthusiasm for the war, announce through the columns of the Raleigh, N. C., Standard that they will provide clothes for three soldiers as long as the war continues, if the soldiers whom they select will consent to marry them when the war is over.

☞ Orders have been received at the Brooklyn Navy Yard to repair screw frigate Colorado with all possible speed, and despatch her to sea. Her officers and crew are on board in dock, and her cosign up.

☞ It is stated that after the train had been prepared and ignited, which was to cause the destruction of the Westfield, Commodore Renshaw discovered that two of his men were missing and went back to search for them. In this humane act he lost his life.

☞ A large screw steamer, pierced for 16 guns and supposed to be the pirate Alabama, was seen, Jan. 24, lat. 35, lon. 74 30.

NEW HAMPSHIRE ITEMS.

—— In Bedford resides the wife of a certain soldier. Now it happened that a few nights since this lady, being weary, fell asleep, and in her sleep she dreamed that her husband had returned from the wars, but so poor and emaciated that she did not at first recognize him. The next morning she told those with whom she lived that her husband would be home that day, for she had dreamed it. During the morning she went to a neighbor's to pass the day; late in the afternoon a sick, prison-worn, but cheerful soldier was seen coming slowly up the road; when it was announced, the lady exclaimed, "It's my husband," and, approaching the window, still further exclaimed in disappointment, "Oh, no! it is not he." But the children soon came running in sayin, "He says he's your husband" —and lo, it was her husband, who had returned from a rebel prison.

—— The Manchester Mirror utters its lamentation as follows;—

A fence has lately been erected in the yard of the High School, apparently to keep the males and females separate. As an open gate still exists and by going a few rods from one side an entrance to the other can be found, the fence seems frivolous.—Besides it conveys the idea that there is a new order of things, and that the Shaker idea of the separation of the sexes prevails.

—— An incendiary fire occurred in New Milford, on Saturday evening, which burned an eating saloon and dwelling house, and five other buildings, occupied as shops and stores. A Mr. Warner, who was engaged in putting out the fire, had both legs broken by the falling of a chimney.

—— Henry R. Chamberlain, Esq., has been unanimously elected City Treasurer of Manchester—the thirteenth time he has been chosen to fill that office.

—— The Mirror states that at Henniker, Jan. 21st, Miss Mary Brown was arrested on complaint of Warren Childs, Esq., for entering his house on Sunday, while the family were at church, and taking about $40. This being found in her possession, was given up, and it was proposed to let the matter drop. But the next day a letter without signature was brought to Mr. Childs by a young man, who said he had been directed to do so by Miss Brown, she claiming to have received it from the spirit land. The letter stated that if the money was not given back to Miss Brown, his buildings would be in danger. Mr. Childs then caused her to be arrested, and also the young man, suspected accessory to the stealing. The parties have heretofore borne good character, and Miss Brown is a member of the Congregational Church.

CONGRESS.

FRIDAY.—In the Senate a resolution was adopted that the documents intended for Senators from States not represented be distributed among those present. A resolution of inquiry was offered relative to the construction of war vessels by American officers for the Japanese Government. The resolution censuring Van Brunt, Southard and others, for matters connected with the chartering of vessels for the Banks' Expedition, was considered. The bill granting aid to Missouri for emancipation was considered, and then recommitted to the Judiciary Committee.

In the House, a message was received from the President recommending the thanks of Congress to Com. Porter for bravery displayed at the capture of Arkansas Post. Referred to the naval committee. A resolution was adopted that the General-in-Chief inform the House whether paroles have been granted to any rebel officers since the proclamation of Jeff. Davis. Mr. Stevens, from the Committee on Ways and Means, reported a bill making appropriations for the construction, preservation and repair of fortifications; also appropriations for the support of the navy for the year ending July, 1864. In the course of the debate Mr. Wright opposed the employment of negroes in putting down the rebellion. He also referred to Gen. McClellan as "the heart of the American army" and urged his restoration to the command, at which there was hearty applause from the galleries.

☞ A newspaper correspondent states that when the gauge of the Pacific Railroad was being determined, the narrow gauge men brought a volume of facts to bear against the broad gauge, and the broad gauge men as many against the narrow.—The President listened patiently to both parties, and finally concluded to compromise. He did not adopt the broad gauge nor the narrow gauge, but the gauge between the two—five feet—and has therefore given the Pacific a guage of its own, unlike any in the country.

☞ Capt. Ericsson in a recent letter argues that until the boilers of the new Monitors have been got into proper working order, and their engineers have acquired the necessary experience, it is not fair to expect that they will realize all expectations under which they were built. These two requirements fulfilled, he is convinced that they will easily accomplish their intended nine knots an hour.

☞ The Navy Department has received information of the capture of the English steamer Antonia, direct from England via Havana, by the gunboat Pocahontas, on the 8th inst. She had on board a valuable cargo of munitions of war, and was first discovered by the blockading force off Mobile, but was captured by the Pocahontas 39 miles S. S. E. of Cape San Blas.

Rear Admiral Farragut has forwarded to the Navy Department the report of Com. Bell, of the steamer Brooklyn, at Galveston, giving an account of the sinking of the Hatteras, 11th inst. Com. Bell states that he has heard of six persons who escaped.

The Navy Department has also received the report of the Court of Inquiry into the Galveston affair. One of the witnesses, a rebel, testified that 110 men were landed from the Harriet Lane. If so the loss of life cannot be so great as it was previously reported.

☞ The Navy Appropriation bill in the aggregate appropriates $68,195,000—including nearly $15,000,000 for the pay of officers and seamen, $9,298,000 for the construction of vessels, $3,250,000 for purchase, charter, &c., $12,000,000 for iron steamers, $2,000,000 for equipments, $5,000,000 for machinery, and over $7,000,000 for ordnance and stores.

The following appropriations are made for Navy Yards:—Portsmouth, N. H., $152,000; Boston, $228,000; New York, $463,000; Philadelphia, Penn., $230,000; Washington, $132,000; Mare Island, $366,000; Sackett's Harbor, $1500; and the Naval Academy, nearly $25,000.

☞ Among the items in the fortification bill, reported by Mr. Stevens, are the following — $200,000 for Fort Carroll, in Baltimore harbor; $50,000 for Fortress Monroe; $200,000 for Fort Wool, in Hampton Roads; $150,000 for Fort Clinch, Florida; $300,000 for Fort Taylor, Key West; $300,000 for Fort Jefferson, Garden Key; $175,000 for the fort at Ship Island; $100,000 for the new depot at Dry Tortugas; $100,000 each for Forts St. Philip and Jackson.

☞ The following interesting incident is narrated by the Frankfort, Ky., correspondent of the Cincinnati Gazette, Jan. 19:—

Some slave traders from Henderson, Ky., arrived at Capital Hotel on Saturday, from Lexington, where they had purchased several negroes, among which were a woman named Harriet and her infant child. The slaves were placed in a basement room for safety, as it was known that Harriet had a strong repugnance to going away, having been separated from her husband and other children.

She is a large, powerful woman, apparently about thirty years old, and possesses strong domestic instincts. About 11 o'clock, when most of the guests had retired, Harriet, with her child clasped to her bosom, dashed frantically from the basement to the hall, and finding the door locked, raised her clenched hand, and, with powerful blows smashed the lights surrounding it, shivered two sections of two inch sash, forced herself through the aperture, and with lacerated arm and hand, streaming with blood, fled, as if for life.

Subsequently she was found, exhausted from loss of blood, and almost frozen, crouched in the corner of a stable, whither she had been traced by her blood upon the snow. The door sill and wall at the Capital Hotel are saturated with this slave mother's blood—mute but eloquent appeal, and there it will remain "for not all Neptune's ocean can wash this blood clean," and Senators and law makers shall see it as they go and come from the legislative halls, another evidence of the instinctive and ineradicable love and aspiration for freedom.

☞ The big story of the New York Times, about Horace Greeley's letter to Mercier and Vallandigham, proposing mediation or compromise, turns out to be all smoke and no fire, like the exhalations of a manure heap. The Tribune of Friday, after giving its views of the war and peace, says:—

We do not know that M. MERCIER or Mr. VALLANDIGHAM are aware of these convictions—they certainly have not learned them from any private communications, written or oral, from us. We certainly do not believe that the loyal people of this country, however much they may desire Peace, are ready to purchase it at the cost of Disunion, and we have never told any one that they were.

Dispatches from Washington state that Count Mercier gives a public and explicit denial to the published fabrication that he has been a party to any scheme, or proposed to bring about intervention or mediation in our war to suppress the rebellion, and further denies that any proposal to that effect has ever been made to him.

☞ The following rather singular letter we find in the Portland Argus:—

PORTLAND JAIL, Jan. 26, 1863.

John P. Heath:—Dear Sir:—I would like to enlist in the naval service. I am now in jail for flogging my wife and wish a chance to flog the Southern rebels, as they deserve it as my wife did for leaving my Union, please call soon. P. S.

☞ Chas. F. Brown, (Artemas Ward, the showman,) according to the Lexington Observer, is about to lead to the altar one of the most beautiful girls in Kentucky. The young lady is very wealthy, too: in her own right having no less than one hundred "contrabands."

Notice to Volunteers and Their Families.

Volunteers who have returned home, either as disabled and furloughed or as discharged soldiers, are hereby requested to report the same, with their Certificate as above, either to the City Clerk or one of the Relief Committee for the Families of Volunteers, of this city. Also all Soldiers who have enlisted in Portsmouth and who may return or shall have returned to their homes since Dec. 1, 1862.

The Committee would ask that the above may be carefully observed by all persons who are directly interested in the State Aid to Families.—Especially as it may save a great inconvenience to parties by having said aid stopped when they are justly entitled to the same. All persons in this city who have friends in the Hospitals away from their regiments in different parts of the country, are requested to give information in regard to the whereabouts of the same, either personally or by letter, to the City Clerk or either of the Committee, that we may be able to place the same from time to time, on the record kept for that purpose at the City Rooms.

All Soldiers who have been enlisted and who have been or may be discharged from the service are requested to report as above, so that a correct record may be kept for future use, and the attention of the families and friends of Volunteers is called to the above notice, which we would ask to be kept standing for a time.

(Signed) JONATHAN DEARBORN, J. B. ADAMS, J. E. RIDER, PHINEAS NICHOLS.

Portsmouth, Jan. 28, 1863. Ja28

Special Notice

To the Families of Volunteers.

The following Resolution was passed at the last meeting of the Relief Committee:—

Resolved, That if it comes to the knowledge of the Relief Committee that any persons are receiving State Aid for children that may be deceased or shall die during the time they are receiving State Aid, and said persons do not render to the City Clerk a statement of the fact; or if any persons have or shall have claimed to have children, when said children have been taken merely for the purpose of obtaining said Aid, the Committee will stop the payments to all such persons, from time to time, until the amount of said Aid which should have been received by the parties making such false claims shall have amounted to the sum unlawfully obtained, as aforesaid.

All persons to whose knowledge circumstances may come which will lead to the detection of cases as aforesaid, or whereby any fraud is being practiced, will confer a benefit on the city by giving such information to the Committee.

MARCELLUS BUFFORD, Clerk Relief Committee.

Portsmouth, N. H., 1863.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." Ja26 ISAIAH CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicine shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may28o

PROPOSALS FOR GRANITE.

PORTSMOUTH, N. H., Jan. 28, 1863.

Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth Harbor, of the following described good, sound, cut granite scarp facing, for which the price will be stated by the superficial foot, face measure.

1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 2 ft. 3 in.; one course of 2 ft. 4 in. rise,—30 linear feet; one course of 1 ft. 6 in. rise,—125 linear feet; and one course of 1 foot rise,—200 linear feet.

2d. One course of 4,000 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face, and to average in width equal to the rise, and not to vary more than 3 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 ft. long. The headers will be dovetailed ½ of 1 in. to 1 ft. from the front, so that each of the stretchers of this course being chambered to correspond.

The beds of the headers, and their builds and joints, for 3 inches more than the rise of the courses, and the beds, builds, and joints of the stretchers of all the courses, are to be "rough hammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying. A draft line 1 inch wide will be cut around the face of each stone, and these lines on the vertical joints, will have a level or batter of ¼ of one inch, to 1 foot.

There will also be required,—to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of headers and stretchers alternately, and to be of the same character as to the material and workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that just described for Fort Constitution; to wit,—2,420 linear feet of 2 ft. 4 in. rise; 3,130 linear feet of 2 ft. 2 in. rise; 3,520 linear feet of 2 ft. rise; 1,100 linear feet of 1 ft. 6 in. rise; and 100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in., the stretchers shall not average less than 1 ft. 9 in. in width, the joints being dressed back accordingly, for 2 ft., and that the bevels or batter of the vertical joints, shall be ¼ of 1 inch to 1 ft. rise.

The above material is to be delivered as follows, provided the wharves shall be in readiness, as is expected; to commence at each Fort between the 10th and 20th of April, a due proportion first, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 30th of June, and the balance by the 31st of July. The wharves are expected to have 12 to 14 feet of water, at high tide.

The material must be satisfactory to the United States Engineer, or his Agent, and the right will be reserved to reject any bids not approved as to amount, or as to sureties, two of whom, of approved responsibility, will be required, to ensure the faithful performance of each contract.—Payments will be made as reasonably desired, from time to time, with deductions of 10 per cent., till the completion of the contract. Proposals will be addressed to the undersigned, at Post Office box, No. 180, Portsmouth, N. H.

H. W. BENHAM,
U. S. Engineers.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Special Notice.

PORTS, CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With the late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 19 Market Street by

ALFRED STAVELS,

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ Officer Johnson informs us that about 10 o'clock on Friday evening, a man named Augustus Brown, who has been in the employ of a gentleman residing near the Plains, was brought to the Station House—he having, while in a store in Kittery, near the end of Portsmouth Bridge, inflicted a severe and ghastly wound in his throat with his knife, in an attempt to commit suicide while suffering under the effects of delirium tremens. Bystanders wrenched the knife from his grasp, as he was endeavoring to accomplish his purpose, and for safe keeping brought him over to this city. He was taken by an officer to Dr. Perry, by whom his wound was dressed, and was then returned to the Police Station, where it was found necessary to manacle him, with his hands behind him, as he made frantic efforts to tear away the bandages from his throat, and open the wound afresh.

☞ Carpenter Wm. M. Laighton, of this city, has been detached from the U. S. screw frigate Colorado, on account of disability arising from injuries received at the time of the sinking of the Cumberland by the rebel Merrimac, and has been ordered to superintend the fitting out of gunboats at the Charlestown Navy Yard.

☞ Ship Kate Prince, Libbey, (owned in this city,) from Philadelphia for Acapulco, with a cargo of coal and iron for Pacific Mail Co., anchored in Five Fathom Hole, Bermuda, on the 7th Jan. in distress. The K. P. sailed from Philadelphia on the 30th Dec. On the 1st and 2d of Jan., while lying to in the Gulf Stream in a heavy gale from the N and a high sea from the ENE, had her decks swept, foremast and rudder sprung, and shifted cargo, which caused the ship to leak. On the 8th inst, while being towed into port by steamer Phœbe, the hawser parted and the ship went on the rocks, where she remained 24 hours. On the 9th she was floated off and taken into port, and was being lightened for examination on the 14th ult. She will probably leave a portion of her cargo there, and proceed to Boston or New York for repairs.

☞ The Chicago Tribune says intense excitement prevails in that city among the business and banking community, concerning an alleged deficiency of $600,000 in the Marine Bank of Chicago. The defalcation occurred in 1860, while the President of the Bank was in Europe, $517,000 of which is traced to a party high in official position in the bank, who had ample means of knowing its exact financial resources.—As it occurred in 1860, the statute of limitation bars any proceedings against the parties which might otherwise be instituted in the courts.

☞ "Burleigh," in a letter from New York to the Boston Journal, states that the St. Nicholas Hotel has recently been sold to gentlemen from Kentucky, well known for their connection with the turf. All the leading hotels are to raise the fare from $2.50 to $3 on Monday next.

☞ At the opening of business in New York on Saturday gold sold at $1.59. At noon it had risen to 160 1-4; and U. S Sixes were selling at 94 1-4, and 7 3-10 at 101 7-8.

☞ The average weekly receipts at the Bureau of Internal Revenue are about one million and a half of dollars. When matters shall have become systematized the receipts are expected to foot up $3,000,000 a week.

☞ Surgeon E. S. Hoffman, of the 90th New York Volunteers at Port Royal, S. C., has been dismissed the service, for tendering his resignation while a fatal epidemic was raging in his regiment.

☞ An Irishman named Kearns was hanged the other day in St Louis, for murder. To show his gratitude to one of the officers who stopped with him the night before his execution, and as a last favor, he invited him the next night to attend his wake!

☞ Gen. McClellan is to give a public reception to his friends, at the Tremont House, Boston, this Monday afternoon, from 1 to 3 o'clock.

☞ The merchants of New York are chartering all the old vessels they can find to bring ice from Norway and Sweden—the home crop being short.

TALES OF THE DAY, for February, being No. 4 of Vol. 3, is published. It is now published once in two months, but the readers of excellent tales and sketches should not permit this fact to cause them to forget this collection.

☞ It is stated that the mortuary statistics of the United States show that New Orleans is the healthiest city in America, and fewer die there than in any other city of the same population in the world.

☞ Mr. Wm. F. Chase, of Newburyport, has been appointed Ensign in the U. S. Navy.

☞ Pennsylvania has voted to pay the interest on her State debt in coin.

☞ Mathew's Arnica Hair Gloss is unequalled for the REMOVAL OF DANDRUFF. ja29

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,
JAMES S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon on a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,
ja24 | S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.
ja24 | WILLIAM H HACKETT.

NOTICE.

The undersigned hereby gives public notice that he has been duly appointed Administrator of Estate of HENRY C. WEBSTER, late of Portsmouth, Acting Master's Mate in the U. S. Navy, deceased, intestate. J. M EDMONDS.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who love Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Marshall, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Exitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pulbeck, Jacob Wendell, Capt. Thompson, Gen. J. G. Hatley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Tunney, Richard L. Randall, Geo. Rice, Benj. F. Cannon, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel A. Randall, Isaiah Walton, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryer, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Benj. Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our last season and they received the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
73 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent issued by Patent, including One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it the inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

There, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, enables him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

In regard Mr. Eddy as one of the *most capable and successful practitioners* with whom I have had official intercourse
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such a remarkable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on their rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1862. 3mwly

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Stricture, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscess, Bunion, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those affections of a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the many melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. Such fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such cases require a physician of contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale Female Cooptics, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
April 7—1y Stay.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Leucorrhœa, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.
April7, 1862—1y Stay

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention, and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

F. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
April 7, 1862—1y Stay.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. S. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches,** has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

SEXTANTS, QUADRANTS, COMPASSES, SPY-GLASSES, and every variety of NAUTICAL INSTRUMENTS repaired with accuracy and dispatch.

Gentlemen carrying fine Watches, wishing to compare, will always find the TRUE MEANTIME of Portsmouth at this establishment, and are invited to call.

Also Agent of
S. C. GREENOUGH,
For the sale and hire of
MARINE CHRONOMETERS.

AUGUSTINE JEWETT,

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a tooth, as when finished the pores are invisible to the eye.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

DR. GOODALL,
DENTIST,
60 Congress St.,
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he has had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, on the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently it is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth, will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, *Justices*, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the cleaning out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any stove, as hundreds in our families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Moses	John R. Holbrook

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this invaluable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air ever comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on top of the coal can possibly burn or consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire can be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert H. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS Arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all disease.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and leaves the skin healthy and free from dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is exquisitely delicate and permanent. Its proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

GRACE'S CELEBRATED SALVE
A SURE RELIEF FOR THE SUFFERER.

This Salve is a vegetable preparation, invented in the 17th century, by DR. WM. GRACE surgeon in King James's army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor.

Grace's Celebrated Salve cures Burns.
Grace's Celebrated Salve cures Scalds.
Grace's Celebrated Salve cures Fresh Wounds.
Grace's Celebrated Salve cures Corns.
Grace's Celebrated Salve cures Felons.
Grace's Celebrated Salve cures Frozen Limbs.
Grace's Celebrated Salve cures Scurvy.
Grace's Celebrated Salve cures Callouses.
Grace's Celebrated Salve cures Salt Rheum.
Grace's Celebrated Salve cures Chilblains.
Grace's Celebrated Salve cures Sore Breast.
Grace's Celebrated Salve cures Sore Lips.
Grace's Celebrated Salve cures Erysipelas Sores
Grace's Celebrated Salve cures Abscesses.
Grace's Celebrated Salve cures Ulcers.
Grace's Celebrated Salve cures Chapped Hands.
Grace's Celebrated Salve cures Ringworms.

And from Sores and Wounds of the most serious nature down to a common Pimple. It eradicates Pimples from the face, and beautifies the skin. There is no preparation before the public that can equal this Salve in prompt and energetic action for the speedy cure of external diseases, as those who have tried its virtues testify. Soldiers, Sailors, and Fishermen, will find this Salve their best friend.

It has none of the irritating, heating properties of other remedies, but cools, cleanses, and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand in case of accident, for it will save them much trouble, suffering, and money. All it wants is a fair trial to cure old and inveterate Sores.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every law fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—It is common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1862. Stawly

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEBRUARY 3, 1863.

NEW HAMPSHIRE ITEMS.

—— A correspondent of the Mirror states that the disaffection that existed in the 12th Regiment on account of Col. Potter's appointment, instead of Col. Whipple, has all subsided, and that there is at present the best feeling existing between the Colonel and his men. He proved himself a gentleman and hero on the field at the late battle. He manifested great care for his men and exhibited as much bravery in shielding them from the "jews of death" as many who fell on the field.

—— Lieut. Prescott Jones, 16th Regiment, of Wilmot, died at Carrolton, La., on Sunday Jan. 11th, of typhoid fever.

——As an officer at an early hour on Friday morning, was going up Elm street, Manchester, his suspicions were excited by hearing the sliding of a sash in the basement window of a store. Obtaining assistance and a lantern, he found an offender, one Sidney Nelson, in an Auction Store, whom he arrested. He appears to have made a regular business of visiting that place at night and appropriating articles of clothing, &c., and it has been ascertained that he has been selling such articles to the workmen with whom he has been employed, at a decidedly low figure. This was the second visit he had made on that night.

— At a meeting of citizens at the Eagle Hotel in Concord on Monday morning a committee was appointed to invite Gen. McClellan to visit that city. Hon. Ira A. Eastman presided at the meeting.

—— In January, in Nashua, Mr. Chas. Shipley found a chickadee's nest on land near his premises with three fresh eggs in it.

☞ The Richmond Examiner of Jan. 27, received at New York, contains a remarkable editorial article, in reference to peace rumors and the stories told at Richmond of disorganization in the North.—These rumors say that Northern finances are in inextricable confusion; that Gov. Seymour is as good a Southerner as Toombs; that New York City wants Jeff. Davis for President; that Wall and Parker of New Jersey are in accord with McClellan, who meditates fearful schemes against the Abolitionists; that the Northwest is ripe for revolution, the armies going to mutiny as soon as they get their pay, &c. The editor opposes to all these bright visions the fact that the fall of Arkansas Post is a terrible blow, putting a heavy balance of prisoners on the Union side, and deranging Davis's nice plan of hanging officers; that Arkansas is open to the Union arms; that Bragg's army is overworked, while Rosecrans is heavily reinforced; that there is trouble and danger on the seaboard, and a gloomy view all around. The Confederate Congress is discussing plans for peace; if they could get rid of New England all would work smoothly.

The New Opera Season.—Mr. Grau has been promising to come to Boston for some time past with his splendid opera troupe, and it is announced that he will begin next Monday, Feb. 9th. Madame Lorini, the lyric tragedienne; Miss Clara Louise Kellogg, the celebrated cantatrice, soon about to leave for London; M'lle Cordier, the brilliant artist newly arrived from Havana; and M'lle Morensi, the much admired new contralto; Brignoli, Susini, Maccaferri, Amodio, Barilli, and others, form the company. Their reputation in their several *roles* is well known, and the public will be quite sure to have all their anticipations granted, and a lavish expenditure of resources to make the season a brilliant one. The fashionable world will be on the *qui vive*. Mr. Grau has every reason to expect the best season ever known in Boston.

A philosophical editor argues that it is not slavery, but anti slavery that caused the rebellion. Not the green apples that he eat, but the bellyache was what hurt the boy. The reasoning in one case is as conclusive as the other, and quite as sensible. —*Portland Press.*

The Cause.—*More Logic.*—The Governor of New Jersey says, "to those who blind themselves to all conviction of fact, by the plea that slavery is the cause of the war"—

"Yes, it is the cause of the war, as gold is the cause of robbery and murder. With the same propriety it might be said that commerce was the cause of our last war with Great Britain, and that commerce should be abolished because the impressment of American seamen led to the collision."

☞ The Messrs. Clark, of Cambridge, have recently disposed of their large refractory telescope to the University of Chicago. This is the instrument with which Mr. Clark discovered the companion star of Sirius, and for which he has been awarded the La Lande prize of astronomy by the French Imperial Academy of Science.

☞ Mr. Boileau, of the Philadelphia Evening Journal, has been released from Fort Henry.

THE REBELLION.

The Acting Assist. Paymaster of the New London has sent a detailed account of the bombardment of Galveston, on the 10th. The Brooklyn, Sciota and New London were engaged; a well-directed shot from the latter exploded in the fort, cutting the halliards and bringing down the rebel flag. On the night of the 10th the squadron was reinforced by two gunboats carrying 16 guns, and on Monday an attempt would be made to pass the forts at the mouth of the harbor.

New Orleans advices of the 25th represent everything as quiet in that city. Gen. Banks returned from Baton Rouge on the 22d. Nearly all the old troops formerly under Gen. Butler are at Baton Rouge. Gen. Weitzel had returned from Berwick Bay, and would go to Baton Rouge with his forces to assist in the attack on Port Hudson, where the rebels have been strengthening the works. Our gunboats, it is thought, cannot assist much in the attack, but the mortar fleet will operate more advantageously. The Alabama had not been heard from since the sinking of the Hatteras. A number of vessels are cruising for her in the Gulf.

A New Orleans letter says the Harriet Lane escaped from Galveston on the morning of the 19th. The Brooklyn and two or three gunboats started in chase.

The gunboat Essex, on Jan. 28th, made a reconnoissance to Port Hudson, within range of the rebel batteries, but failed to draw their fire. She picked up four river torpedoes, containing at least a barrel of powder.

Eight pilots of the Passes, who boarded the Alabama on the 8th (previous to the capture of the Hatteras off Galveston,) are under arrest at New Orleans.

The Tribune's Washington dispatch says the President has formally renewed to Gen. Butler the proposition that he should go back to New Orleans to resume command of the department of the Gulf, except Texas and the troops which Gen. Banks shall lead thither, but with additional powers and responsibilities, including those attached to the organization of an African army on the Mississippi.

The Memphis Bulletin says the rebels are advancing on our lines as fast as the condition of the roads will allow; the object evidently being to get possession of the Tennessee and Cumberland rivers. The water is running through the cut-off at Vicksburg, at a depth of from two to four feet. There are no signs yet of the channel's "widening."

A Murfreesboro dispatch of the 24th, states that on the previous Monday, a Federal division was sent out against seven rebel regiments, at Woodbury, 20 miles distant, hoping to surprise them; but the rebels scented the movement, and by the time our forces were full upon them they were in a promiscuous skedaddle. They showed some fight, however, wounding 9 and killing two of our troops. We killed their Colonel commanding and 34 others, and took 100 prisoners.

A scouting party from Fayetteville to Van Buren, Ark., captured the steamer Julia Roan and 300 prisoners, about 200 of whom were paroled.

A letter from the Army of the Potomac in the N. Y. Times, says Gen. Burnside has been offered the command of a new department, embracing North and South Carolina. Thirty days time are given him to decide whether he will accept or otherwise.

A Charleston dispatch states that the Federal gunboat J. P. Smith, carrying 11 guns and 280 men, surrendered unconditionally to the rebels Jan. 30th, after a sharp engagement at Stono river. Our loss is stated as heavy, while the rebels had but one man wounded. Another Federal gunboat, it is stated, escaped in a crippled condition. The loss at that place of the J. P. Smith indicates that the attack on Wilmington has been abandoned, and that operations have been transferred to Charleston.

A private letter from one of our gunboats at Beaufort, states that on the 26th the whole of our fleet had left for Port Royal. It is said that there were collected at Beaufort some sixty large army steam transports with nearly 70,000 soldiers.—There were also in the harbor 150 schooners loaded with artillery, ammunition, &c., which, together with the transports, would leave for Port Royal to join the naval fleet as soon as they could get ready. The whole composes the most powerful expedition of the war.

The Richmond Whig of Saturday announces the capture, on Thursday, of the British propeller Princess Royal, Capt. Lawson, while attempting to run the blockade off Charleston, with a valuable cargo—consisting of 8 Whitworth guns, steam engines for gunboats, rifles, powder, &c.

Rebel newspapers report that one of our iron-clads made an attack upon Fort McAllister, at the mouth of the Ogeechee river, Jan. 27th, but was obliged to retire in consequence of injury to her turret. The rebels' solid shot broke in pieces as they struck her sides.

CONGRESS.

Saturday.—In the Senate resolutions of thanks to Com. Worden were passed. Also to Com. Charles H. Davis, J. H. Dahlgren, S. C. Rowan, David H. Porter and S. H. Stringham. The bill to increase the compensation of the Chief Clerk in the Paymaster's Department was disagreed to—15 against 21. The resolution requesting the President to transmit orders, papers, &c., relative to the prohibition to export arms, etc., to Mexico, was passed. Also the consular and diplomatic bill. The Legislative appropriation bill was taken up, and the amendment striking out the provision reducing the mileage to ten cents was agreed to. Yeas 30, nays 7. The committee on Finance offered an amendment to reduce the appropriation for the agricultural department from $130,000 to $65,000. Debate followed. Without action the Senate adjourned.

In the House, the negro regiment bill was considered. Mr. Thomas, of Mass., opposed the bill and a debate ensued. Without taking a vote the House adjourned.

☞ A Havana letter of the 28th states that rumors place the Oreto at Grand Inagua, at the Bahamas, and off Abaco, while other rumors state that she had a fight with a Federal gunboat, and was on fire off Abaco, and was being chased off the Bahama banks by a war steamer, painted black, &c. The Steamer R. R. Cuyler got ashore near Cienfuegos, but got off again, and met gunboat Santiago de Cuba, and sailed on a cruise. The gunboats Sonora and Tioga have sailed from Havana on a cruise. The San Jacinto passed Mayaguez on the 12th. One vessel, burned by the pirate Oreto was at anchor at the mouth of the harbor of Cardenas.

At the time the Columbia left for New York it was generally believed at Havana that several of our gunboats had attacked the pirate Florida, and sunk her. Just before the Columbia sailed, an American vessel arrived, and reported that on the 24th she had been hailed by the U. S. gunboat Cuyuga, and informed by her captain that a number of national gunboats and the Oreto had a sharp engagement, during which the Oreto was struck by a shell and sunk.

☞ The last volume of the New American Cyclopedia, which is a monument of native talent and a mine of scientific knowledge, is already printed; and the demand cannot be supplied rapidly enough—the work, as yet, having been published only by subscription. E. C. Eastman, Concord, General Agent for New Hampshire; J. H. Foster, agent for this city.

☞ Dr. Jacob Harsen, a well-known physician of New York city, lately deceased, has left to the New York Eye Infirmary $10,000; Northern Dispensary, $10,000. New York Universalist Relief Fund (founded by testator's father) $10,000; N. Y. Society for the relief of Widows and Orphans of Medical Men, $10,000; New York Society for the relief of Poor Widows with Small Children, $5000.

Gen. Hooker's Appointment.—The country is safe; and the utmost mischiefs which seditious home traitors can perform, will all be rendered null and void by the invigorating influence of Hooker's actions. Victory to our arms is defeat not only of the rebels, but confusion to the seditious scoundrels who are plotting for the confederates in our midst.—*Wilkes' Spirit.*

☞ At the Sailor's Snug Harbor, Staten Island, on Saturday morning, the Rev. Mr. Quinn, the pastor, while coming out of the Chapel, was shot through the heart by one of the inmates, who immediately after attempted to commit suicide. The most prevalent opinion is that the man was insane.

☞ A wrestling match for $1400 has been arranged, to take place in Jersey City, between Mr. Frederick Bunnell of Chenago Co., N. Y., and a young man from Connecticut, who is reported to be a champion wrestler, and has never yet been thrown. The parties wrestled a few days since, but neither was thrown.

☞ A beautiful house on the Fifth Avenue, N. Y., all carpeted, mirrored, pictured, furnished, grocered, wined and supplied, has been presented to Mrs. McClellan by some of her husband's friends, the Astors, Aspinwalls, &c., &c.

☞ The iron-clad Patapsco went to sea from Hampton Roads on Friday evening under the convoy of the U. S. gunboat Pawtee.

☞ Joe Colburn the pugilist, is in jail in New York for nearly killing a woman by beating her with an iron dumb-bell.

☞ Three charity concerts, given in London by Jenny Lind, have produced over thirteen thousand dollars.

As distant lands beyond the sea,
When friends go thence, draw nigh,
So heaven, when friends have thither gone,
Draws nearer from the sky.

"Luck!" cries a self-made man; "I never had any luck but getting up at five every morning, and working as hard as I could."

☞ ATTENTION, THE WHOLE! ☜
Eye, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. Josiah Jenness.
Portsmouth, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of Dr. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From Elder I. Chesley, *Lee, May* 31, 1841.
Dr. Swett: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." Israel Chesley.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

PROPOSALS FOR GRANITE.
Portsmouth, N. H., Jan. 28, 1863.
Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth Harbor, of the following described good, sound, cut granite coping facing, for which the price will be stated by the superficial foot, face measure.
1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 2 ft. 8 in.; one course of 2 ft. 8 in. rise; linear feet; one course of 1 ft. 6 in. rise,—125 linear feet; and one course of 1 foot rise,—300 linear feet.
2d. One course of 4,000 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face and to average in width equal to the rise, and not to vary more than 6 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 ft. long. The headers will be dovetailed 2 ft. 4 in. rise; linear feet; one course of 1 ft. 6 in. rise,—125 linear feet; and one course of 1 foot rise,—300 linear feet.
2d. One course of 4,000 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face and to average in width equal to the rise, and not to vary more than 6 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 ft. long. The headers will be dovetailed 2 ft. 4 in. rise; linear feet; one course of 1 ft. 6 in. rise,—125 linear feet; and one course of 1 foot rise,—300 linear feet.
The beds of the headers, and their builds and joints, for 8 inches more than the rise of the course, and the beds, builds, and joints of the stretchers of all the courses are to be "trough hammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying; a fine line, 1 inch wide will be cut around the face of each stone, and these lines on the vertical joints, will have a level or batter of *not* one inch, to 1 foot.
There will also be required,—to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of headers and stretchers alternately, and to be of the same character as to the material and workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that described for Fort Constitution; to wit,—2,420 linear feet of 2 ft. 4 in. rise; 3,130 linear feet of 2 ft. 2 in. rise; 2,520 linear feet of 2 ft. rise; 1,100 linear feet of 1 ft. 6 in. rise; and 100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in., the stretchers shall not average less than 1 ft. 9 in. in width, the joints being dressed back accordingly, for 2 ft., and that the bevels or batter of the vertical joints, shall be ½ of 1 inch to 1 ft. rise.
The above material is to be delivered as follows, provided the wharves shall be in readiness, as is expected; to commence at each Fort between the 10th and 20th of April, a due proportion, dressed, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 20th of June, and the balance by the 31st of July. The wharves are expected to have 12 to 14 feet of water, at high tide.
The material must be satisfactory to the United States Engineer, or his Agent, and the right will be reserved to reject any bids not approved as to amount, or as to sureties, two of whom, of approved responsibility, will be required, to ensure the faithful performance of each contract.—Payments will be made as reasonably desired, from time to time, with deductions of 10 per cent., till the completion of the contract. Proposals will be addressed to the undersigned, at Post Office box, No. 180, Portsmouth, N. H.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR. No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

S. A. AVERY would inform Smokers that he has just received from New York a good assortment of SMOKERS'S ARTICLES.

They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

AN OLD SEAMAN DECEASED.—Mr. Richard Dunn, who has been for many years a Gunner in the United States Navy, died at his home in Kittery, Feb. 1. He was a seaman on board the frigate Constitution, Capt. Hull, and lost a leg in the action which resulted in the capture of the British frigate Guerriere. He was employed in the Gunner's department at the Navy Yard for many years, and received a Gunner's warrant several years since; but has been excused from active duty there for a considerable time. His age was about 74.

☞ Mr. Hewlett, an eloquent speaker, is to lecture on temperance at the Temple, Wednesday evening. The following notice of him is from the New York Observer:—

A COINCIDENCE.—J. B. Gough, and S. M. Hewlett, the two popular Temperance speakers, were both born in England—were both actors upon the stage—both dissipated—both rescued from the slough of despair at the same time—both same age—have both buried the companion of their first choice—are both good singers, and both are now filling the land with their eloquent appeals for suffering humanity. God bless and speed them both.

☞ Mr. Lamprey advertises one of his Social Assemblies, for this (Tuesday) evening. Although the price of tickets is but a trifle, yet in almost every other respect, (excepting, of course, supper) these dances afford opportunity for as good a time as almost any Ball, with scarcely any trouble of preparation. The music is fine, the hall inviting and comfortable, and the company always unexceptionable. We say this for the information of strangers here, who might like to improve such occasions—as all our citizens already well know that when Mr. Lamprey has charge of affairs, all will be done up in good style.

S. J. COURT—EXETER.

Town of Newmarket v John C. Fowler. The action is brought to recover of deft. money which it is alleged that he received from the sale of materials of the old meeting house which formerly stood near the Railroad Junction at Newmarket. The town claim to own the property in question, and the title is in dispute. This case was not finished when the Court adjourned on Saturday.

EASTERN RAILROAD.—The annual meeting of the stockholders of this company was held in Chapman Hall, Boston, on Monday forenoon, the President, George M. Browne, in the chair. The report of the Directors, of which an abstract has previously been published, was presented.—The President stated that the dispute between the officers of the company and the E. R. R. in New Hampshire had been settled, and on motion the settlement was ratified and confirmed, and the report was accepted.

A ballot for Directors resulted in the choice of Geo. M. Browne, Samuel Hooper, Franklin Haven and Benjamin E. Bates of Boston; Micajah Lunt of Newburyport; Wm. L. Dwight of Portsmouth; and Henry L. Williams of Salem. The meeting then dissolved.

☞ It is thought somewhat strange, by musical people, that a church should sometimes be obliged to forego singing, or at least regular choir performances, on account of the sickness or non-appearance of a single singer. And no doubt that is silly enough,—when so many can or should be able to sing, to be so helplessly dependent on a few. But what shall be said, when the accident of a prominent tenor (Brignoli) having a sore throat, keeps three great cities—Boston, New York, and Brooklyn—deprived of opera for weeks and months—everything else being in readiness! No doubt his place can't be filled in this country, but that doesn't make the fact any less queer.

☞ The Turks prefer the wood of the jessamine or the wild cherry to all others for pipe stems, although they make pipe stems of every wood. Indeed it is not uncommon for a luxurious Turk to send out for the branch of a large rose bush, have his servant bore the stem with the ever ready gimlet and string, and then hand the pipe to his guest, blooming with fragrant roses.

The Richmond Dispatch says Reid Saunders was betrayed by his crew; as soon as they got out of Charleston harbor they tied him and steered for the Federal fleet.

☞ Gold declined about 3 per cent. in New York on Monday.

☞ A family of eight persons having been poisoned in Brooklyn by using of rye coffee, its sale there has been prohibited. It is supposed that the seeds of poisonous weeds growing with the rye were roasted and ground with it.

☞ George Wilkes, of Wilkes' Spirit, styles the Mexican war, the pro-chivalry Mexican campaign a crusade in which everybody was invited, whether deterring it or not

IMMORTELLES.

EARNEST WORDS.

Earnest words must needs be spoken
When the warm heart bleeds or burns,
With its scorn of wrong, or pity
For the wronged, by turns.

But, by all thy nature's weakness,
Hidden faults and follies known,
Be thou, in rebuking Evil,
Conscious of thine own.

ALL'S WELL.

The clouds, which rise with thunder, slake
Our thirsty souls with rain;
The blow most dreaded fails to break
From off us its chain;
And wrongs of man to man but make
The love of God more plain.
As through the shadowy lens of even
The eye looks farthest into heaven,
On gleams of star and depths of blue
The glaring sunshine never knew.

OCEAN FLOWERS.

Born where the golden drift
Of the slant sunshine falls
Down the green, tremulous walls
Of water, to the cool, still, Coral bowers.
Where, under rainbows of perpetual showers,
God's garden of the deep
His patient angels keep;
Gladdening the dim, strange solitude
With fairest forms and hues.

—*Whittier.*

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. ly.

Notice.

The undersigned would respectfully notify the citizens of Portsmouth that he will comply with any orders for his services which may be useful to them in the transaction of business.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken, which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Teneriffe, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,
Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Neale, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.
Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that the same be heard thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,
ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.
ja24 WILLIAM H HACKETT.

NOTICE.

The undersigned hereby gives public notice that he has been duly appointed Administrator of Estate of HENRY C. WEBSTER, late of Portsmouth, Acting Master's Mate in the U. S. Navy, deceased, intestate. J. M EDMONDS.
Portsmouth, Jan. 14, 1863.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a single plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James Jenkins, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Abbott, James F. Shores, Wm. A. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Dell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel D. Dixon, Daniel Tryon, Freeman Tryon, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrand, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mark Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as need no commendation.

A great variety of cheaper Stoves for coal and wood—Cool-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

New Dress Goods.

Purchasers of DRESS GOODS can find a large assortment to select from at OLD PRICES, at No. 23 Market Street. THOMAS TREDICK.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and dirty habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. AYER & Co.,
Practical and Analytical Chemists,
Lowell, Mass.

Sold by all druggists every where.

CHRONOMETER TIME!

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that by had of late many calls to insert teeth upon VULCANIZED RUBBER (that is he has purchased the best VULCANIZE in the market, and is now prepared to do work on RUBBER, or the other bases of GOLD and SILVER, as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c., consequently it can be worn night and day, and are very easily kept sweet and clean.

Beside all this, the most accurate fit is obtained as the Rubber is Vulcanized directly upon the plaster model, and the section is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but little more than for Silver, and you get the same teeth (in blocks) that you would pay $5000 for a upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country 8. 8. Whites.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and mid-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

	Portsmouth.
J. Woodman Moses	John R. Holbrook
George Billbrook	Frank Jones
George L. Trowbrill	Henry L. Richards
John H. Piper	John Warburton
Asa Quimby	Louis Green
Robert King	George B. French
John W. White	Phillip Woods
James Shaw	Mrs. Mary Jones

Albert Blaisdell, *Greenland.*	
J. H. Robinson, *Rigby.*	
Isaac Doy, *South Berwick.*	
Capt. Ira Andrews, *Biddeford, Me.*	

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and pure, circulating in every part of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former models, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'

VENETIAN LIQUID

HAIR DYE.

☞ MATTHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of the class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

april 17 SAMUEL F. COBB, Agent.

Teeth on Vulcanized Rubber,

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*

No. 5 Daniel St., Portsmouth,

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

SPEER'S SAMBUCI WINE

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use,

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

Gen. W. Scott, U.S.A. Dr. Ward, Newark.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them, elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE TRUE PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1862. 3tawly

Portsmouth, N. H.

WEDNESDAY, FEBRUARY 4, 1863.

THE REBELLION.

Elizabeth City, N. C., is now held by the Federal troops as a military post. One company of the 1st N. C. Union regiment and about 100 negroes are doing garrison and picket duty at that point. Gen. Foster has again written to the General-in-Chief at Washington bitterly complaining of the disclosure of military and naval movements in his department. In a conference recently, Gov. Vance of North Carolina plainly informed Jeff. Davis that North Carolina would insist upon the reserve and recall of an adequate force for the protection of North Carolina from any further Federal advance. The State has now 80,000 troops in the rebel service.

A Fortress Monroe dispatch states that a Richmond paper claims to have reliable information that the vessel which sank the Hatteras was really the British man-of-war Spitfire, as the Captain indicated in his reply to her Commander.

The iron-clad which attacked Fort McAllister was the Montauk. It is not true that she was disabled. Commander Worden lay under the enemy's fire for four hours to try his vessel. The balls had no more effect upon her than so many hailstones.

Col. Robert Johnson's regiment took possession of Franklin, Tenn., on Sunday night. The rebel Gen. Forrest and his staff narrowly escaped capture. A rebel captain and two men were captured. We lost one man killed.

It is reported that Gen. Van Dorn has recaptured Holly Springs, Miss., with 100 prisoners and a quantity of army rations.

The rebels have again crossed the Blackwater, 16 or 17 miles from Suffolk, Va.—Should they approach nearer our forces would attack them.

The port of Galveston had been declared open to the trade of all nations friendly to the South, by a proclamation of Gen. Magruder, which he sent forth under a neutral register to a neutral port.

It is said that Gen. Butler has not and probably will not accept the command of the Union forces in Louisiana, tendered him by the President.

The British steamer Solent, from St. Thomas at Aspinwall, reported that the privateer Retribution burnt four or five American vessels in the neighborhood of that island.

A dispatch from Charleston, Jan. 30, says the rebel scouts report Pickney, Dawfuskie and Bull's Islands evacuated by the Federal troops. 47 sail of vessels are reported at Hilton Head. On the night of Jan. 27, another British steamer ran the blockade.

THE PAPER COMBINATION.—The Associated Press are advised from Washington that the paper combination are active in endeavoring to prevent legislative action for our relief, either in obtaining a reduction or suspension of the duty on paper.—We also believe that the combination have the power to put up the price of paper almost at will, and the fear of our getting foreign paper under the reduced duty only now prevents the exercise of this power.—When this fear is realized by the adjournment of Congress, we shall be forced to pay ruinous prices for paper.

☞ Prof. Goss, to illustrate the muscular power of the common beetle, states that he placed one for safe keeping under a quart bottle filled with milk, the bottom at the bottom allowing him room to stand upright. Presently to his surprise the beetle began to move the bottle slowly, and it was seen to glide along the smooth table. The weight of the bottle and contents, he says, could not have been less than three pounds and a half, while that of the beetle was about half an ounce; so that it readily moved a weight 112 times its own.

☞ On the morning of the 29th ult., Col. Conner had a desperate fight with the Indians on Bear River, Washington Territory, 142 miles north of Great Salt Lake City, and killed 224, and many are supposed to have been drowned. He took 175 horses, and destroyed their lodges, provisions, &c. The fight lasted 4 hours. Our loss was 15 killed, and 4 officers and 38 men wounded.

☞ The Committee on Naval Affairs have before them the communication from the Secretary of the Navy recommending an appropriation of $250,000 for the preparation of League Island as a naval station. The Secretary suggests that the acceptance of the donation from the city of Philadelphia for the purpose of an iron navy, need not conflict with the establishment of a Navy Yard at New London.

—— Gen. McClellan has declined the invitation to visit Concord, as his stay in New England has already exceeded its proposed limits.

CONGRESS.

MONDAY.—In the Senate, a petition from Madison Johnson that a committee might be appointed to investigate into the facts why he had been arrested, imprisoned and discharged without any assigned cause, gave rise to a debate; and the petition was tabled by a vote of 22 to 15. The legislative and judicial appropriation bill was amended in several particulars, and then passed.

The House resumed the consideration of the bill authorizing the employment of colored troops. Mr. May of Maryland, denounced the bill. Mr. Stevens replied, and in the course of his remarks said that 300,000 men would soon be taken from the army by reason of the expiration of their term of service, and in the present condition of the country 50,000 volunteers could not be raised to fill this vacancy, and conscription was out of the question. After further remarks the bill was passed—yeas 83, nays 55. The bill authorizes the President to enlist in the land and naval service such a number of colored volunteers "as he may deem equal to suppress the present rebellion," for a term of service not to exceed five years. No recruiting offices for these volunteers are to be opened in the border slave States without the consent of the Governors thereof.

THE POWER OF OUR GUNBOATS.—At Arkansas Post were three casemates, constructed of heavy timber and railroad iron, supposed to be impenetrable, but two hours work smashed them, and the officer's quarters and the gun carriages were knocked into kindling wood. This is the first instance of a casemated fort being reduced by a naval force. No wonder the rebels are terrified at the gunboats.

☞ Mr. Raymond, of the N. Y. Times received a telegraphic despatch announcing that the corpse of his brother, who belongs to the Army of the Potomac, was at Belle Plains. He hurried down there, and was agreeably surprised to find that his brother was well, and that it was his *corps* whose arrival it was intended to announce.

☞ A resident of Jane street, in New York, has obtained a verdict of $100 against a man who put up a boiler factory near his house, and made such an intolerable noise in hammering rivets that plaintiff's house was almost uninhabitable. The theory of the decision is that noise is a nuisance, when there is enough of it.

☞ Among the French diplomatic correspondence just published is a letter from Napoleon to General Forey, in which it is confessed that the motive for the French policy in Mexico is a desire to prevent the United States from extending their authority further Southward over the American continent.

☞ Advices from New Zealand Dec. 1, per Capt. Laurell, of the ship Flying Mist, stranded off Bluff Harbor, New Zealand, represent that the gold discoveries exceed in extent and richness those of Australia and California, with comparatively few persons engaged. 20,000 ounces per week are taken out of the mines. Horses were selling for $700 apiece. Transportation for 180 miles costs $700 per ton. Flour is 75 cents per pound.

☞ The Prince Royal, captured off Charleston, had on board 600 barrels of gunpowder, 2 Armstrong guns, a large lot of machinery, 880 bales of sheet iron, 500 boxes of tin, 1 steam bakery, 144 bales of ordnance, 95 cases of boots, 229 bags of coffee, and other valuables.

☞ Speculators in New York are represented as in a perfect panic to get hold of all cotton goods to store for the tremendous prices which are anticipated. Stewart leads the way, and he is supposed to know what he is about.

☞ The friends of a young lady at Albany gathered one evening last week to see her united in marriage to a young man from Syracuse. He did not make his appearance, and late the same evening the scamp sent a paper to the family announcing his marriage to another lady.

☞ A cake was lately presented to Mr. Spurgeon, the famous London preacher, but it seemed he lacked faith, had the confection analyzed, and found it to contain poison enough to kill six men.

☞ Col. Thorp stated at a meeting in New Orleans on the 23d ult., that the levees above the city were nearly ruined, and, unless repaired speedily, not only Louisiana, but a large portion of Arkansas and Mississippi would be submerged. The river was rapidly rising and had risen 15 feet during January, and was now within a few feet of high water mark.

☞ Movements are on foot in Liverpool to test public opinion by a meeting to consider the American war and emancipation question. A similar movement is to take place in Manchester, where a branch of the Emancipation Society is being formed.

Six steamers of Gen. Foster's expedition were passed, Jan. 31st, off Cape Fear.

LETTER FROM NEW ORLEANS.

NEW ORLEANS, Jan. 18.

After two months of unseasonably warm weather, during which vegetation was rapidly assuming the appearance of summer, we have experienced a sudden change.—The "heated term" (as that *sage* of the *thyme* E. Merrian would say) came to an end on Thursday, and ice has been plentiful in the sewers the past three mornings. People began to think the river must be open, to admit such an influx of Northern temperature, but although we read in the New York papers that Vicksburg and Port Hudson have fallen, we "can't see it."

Following the capture of the Harriet Lane and Galveston, and the blowing up of Com. Renshaw's flag ship, on the morning of the 1st inst., which created quite a stir here, we have news of the sinking of the U. S. gunboat Hatteras on the night of the 11th.

The funeral of Thos. Kean Buchanan, commander of the gunboat Calhoun, who was shot while aground in front of the Confederate works at the mouth of Bayou Teche, took place from Christ Church, on Friday. He was a nephew of Com. Buchanan, C. S. N., who commanded the Virginia at the time she sank the Cumberland and took a "bout" with the late Monitor.

A few evenings since the troops on Lafayette Square were firing by platoons opposite the City Hall, when a man by the Park gate fell, shot through the head by a Minie ball. His name was Gooden, a man of large family and no means. The Delta, with characteristic brutality, in its notice of the affair, speaks of him as "*but an Irish laborer.*"

The Northern papers, by their disapproval of the removal of the public library from Beaufort to New York, procured its return, on the ground that the war was waged for the suppression of rebellion, not the extermination of civilization. I had hoped to see them make such remonstrance in regard to the sale of Messrs. Duncan and Minor's stud of racing stock, advertised by Gen. Butler to have taken place on the 15th inst., but postponed until the 23d prox. by Gen. Banks. Surely, *all* civilization does not consist in books, to the making of which there is no end, and the improvement of our domestic animals is one of our greatest strides from barbarism. The list includes the fine stallions Panic, Ben West, Viceroy, Whale and Victory, and 16 mares and fillies.

I see a statement passing about the press that over 60,000 persons have taken the oath of allegiance in this city since its capture, but it neglects to state that an immense number of them were black. (I refer to the color of their skin, not their political complexion). At a single place of registry I noticed three tables devoted to their exclusive use.

Of amusements we have few, among which Duprez & Green's Minstrels, aided by Com. Foote and Col. Small, and the Varieties Theatre are the principal, and reading the war news and talking politics the balance. Everywhere you are met by a soldier, and the glittering barrel and sharp bayonet of the guard at the theatre remind you that though you may be viewing comedy there, the world outside is a stage for the greatest tragedy on which the sun ever shone.

Billy Wilson's Zouaves (N. Y. 6th) are now at Baton Rouge, where, on the first night of their arrival, they added to their already brilliant achievements by entering the cutler's tent of the 12th Maine Regiment, and stealing everything therefrom, including $600 in money.

The 16th New Hampshire is at Camp Parapet, two miles above Carrollton. Gen. Banks paid them a visit, and finding them dissatisfied with their arms, told them that "if they wanted better guns they must take them from the rebels." ION.

☞ A Massachusetts soldier, a color-bearer, fell and was left upon the field; his young wife wept and would not be comforted; sombre mourning she donned, and an attorney was employed to obtain what was her due from the Government. Every one sympathized,—especially a returned wounded soldier. "Pity is akin to love;" in a few days he became more intimate with the widow; in three weeks was deeply interested; on the fourth week the "engagement" was acknowleged. Time runs fast with a wedding in prospect, but still faster were the nimble fingers assisting in changing the deep mourning habiliments of the widow to those more fitting a bride. But last Friday's mail brought shocking bad news to the parties—the soldier husband was not dead. He had been taken from the battle field, carried to Richmond, exchanged, and was on his way home!—all of which is told at length in the Newburyport Herald.

☞ A large portion of the gold exported from California now goes direct to Europe. The steamer of Saturday last from San Francisco, took out $1,100,000 for England, and only $280,000 for New York.

☞ Ex-Gov. Morgan was elected Senator from New York, on Tuesday on the first ballot. The vote was—Morgan 86, Corning 70, Dix 1, Dickinson 1.

☞ John Fitzgerald, son-in-law of Senator Doolittle, of Wisconsin, and himself a wealthy banker of that State, committed suicide at the St. Nicholas Hotel in New York, on Saturday, with a pistol. He leaves property to the amount of $400,000.

☞ The steamship John Bell, from Glasgow for Portland and New York, with a general cargo, put into Queenstown, Jan. 18th, with propeller, keel, sternpost and rudder carried away, and mainshaft broken.

MR. H. M. HEWLETT,
The Celebrated
Lecturer on Temperance,
Will speak on that subject
On WEDNESDAY EVENING, Feb. 4, at 7 1-2 o'clock,
IN THE TEMPLE.
Admittance free. Collection taken.

Eastern Railroad in New Hampshire.

The Stockholders of the Eastern Railroad in New Hampshire are hereby notified that a special meeting of the Corporation will be holden at the Station House, in Hampton, N. H., on Monday the sixteenth day of February instant, at ten o'clock, A. M., for the following objects:—

1 To consider and determine whether they will ratify and confirm the doings of their Directors in executing a contract dated December 26, 1862, between said Eastern Railroad in New Hampshire and the Eastern Railroad Company—explanatory of the provisions of the lease between said Roads dated February 19, 1858, and in adjustment of all claims and disputes between the two roads.

2 To consider and decide upon any other matters which may properly come before said meeting.

By order of the Directors.
WILLIAM H. HACKETT, Clerk.
Portsmouth, N. H., Feb. 3, 1863.

☞ ATTENTION, THE WHOLE! ☜
EYE, N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing virulent kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May* 31, 1841.
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months without her natural rest by day or of night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the diseases above named. ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpet, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ Rev. Mr. Gage commenced to supply the pulpit of Rev. Dr. Spaulding, at the Whitefield church in Newburyport on Sunday last, Feb. 1,—the pastor being absent at the seat of war. At the time he was at his request, dismissed from the pastorate of the North Church in this city, Jan. 21st, the council expressed their confidence in him and their sympathy with him "in the impaired state of health which led him to resign his pastorate; and also their hope that by a change of field, he may, by the good Providence of God, be restored to confirmed health and strength." The Church also voted not to accept his request for a reduction of salary, while he was unable, in consequence of impaired health, to discharge the whole of his duties, and paid him his full salary to the close of his term of service.

☞ By a telegraphic dispatch, from Philadelphia, received in this city on Tuesday by Dr. Bennett, we learn that the death of Mr. FRANKLIN E. GARDNER occurred in hospital at West Philadelphia, February 3d, of typhoid fever. He was aged about 20 years, son of the late Joseph Gardner of this city, and a Volunteer in Capt. Towle's Company, G, 10th N. H. Regiment. He was "the only son of his mother, and she a widow." We understand that his body will be brought home for burial.

EASTERN RAILROAD.—At the stockholders' annual meeting in Boston on Monday, Hon. Geo. M. Browne, the President, presented an account of the steps which had been taken to secure a permanent settlement of the difficulties between this road and that of New Hampshire, showing that the directors of each had entered mutually into an explanatory contract to that end. A resolution was then adopted that the contract between this corporation and the Eastern Railroad in New Hampshire, explanatory of the contract of lease, dated Feb. 1840, and in settlement of the difficulties between said corporations, be ratified and confirmed.

The cost to this corporation of the settlement of these difficulties on an equitable foundation, appears to be only about twelve thousand dollars. The claims and outstanding liabilities of the N. H. Co. are assumed by this corporation, and the interest of both companies will hereafter be the same, the dividends being fairly distributed, according to the respective value of the stock of each.

Mrs. Jacob Whittemore, one of the oldest residents of Manchester, died on Saturday evening, at the age of 75 years.—She accidentally fell during the day, and although she apparently received but slight injury, it is thought that the fall produced such a derangement of the heart as to cause death in a few hours.

☞ In New York, on Tuesday, gold opened 155 1-4, but afterward fell to 154-5-8. After the Brokers' Board adjourned, it sold at 153 1-2.

DEATHS.

In this city, Feb. 3, Mrs. ELIZA OLIVER SHORES, aged 68,—wife of J. F. Shores, Esq.

Mrs. S. was daughter of the late Charles Pierce, Esq., of this city, and a most estimable and widely beloved lady—foremost in every good word and work. Death, indeed, hath a shining mark, in this affliction. Hardly a woman in our city would be so sadly missed and deeply mourned by so large a circle of friends, both young and old. It is but a short time since we heard her speak, with pleasant anticipations, of her approaching golden wedding, the fiftieth anniversary of her marriage with her now venerable partner, occurring in March proximo, we think. But instead,—and what happy exchange for sufferings here—she joins the marriage feast of the Lamb; and he who loved her so long and so well here, must join anew a holier, happier reunion. But it is hard, indeed, ever to part with such as she, for though her years had reached almost to man's allotted span, yet so young and fresh had she kept her heart, and so strong and bright were all her faculties, that no one realized that she could grow "old." But she has gone, and verily her works do follow after her, and not alone her own children will rise up and call her blessed. This estimable family has the sympathy of the community, in their cumulative grief—two beautiful grand-children having also died within a few days, one of whom yet lies unburied. How comforting to think, that the kindred spirits, so dear to each other on earth, shall so soon enjoy glad companionship where partings come no more.

In Indiana Hospital, Indiana, Dec. 2, of the 75th Reg. Ill. Vols., Mr. WILLIAM STACKPOLE, aged 42 years, of Dixon, Ill.; and formerly of this city.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

Wedding, plain, initial, or Business ENVELOPES, on hand, furnished, or Printed to order—in any style.

☞ Mathew's Arnica Hair Gloss is unequalled for the REMOVAL OF DANDRUFF. ja22

WHAT IS HOME.

Home's not made of palace walls,
Though with pictures hung and gilded;
Home is where affection calls—
Filled with shrines the heart hath builded;
Home! to which the faithful drove
Safe beneath the heaven above us.
Home is where there's one to love—
Home is where there's one to love us.

Home's not merely roof and room;
Home needs something to endear it—
Home is where the heart can bloom,
Where there is some kind lip to cheer it.
What is home with none to meet,
None to welcome, none to greet us?
Home is rest—and only rest—
Where there's one we love to meet us.

☞ Dr Dessauer would inform his friends and old customers in Portsmouth, and the public generally, that he will be in his office (see advertisement) from 8 o'clock A. M. till 8 P. M.; and that he will furnish Spectacles to suit every one, from 50 cents each and upwards. tf

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARKER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 18, A. D. 1863.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Yeomard; southerly by land of said Yeomard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupancy of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Charlotte Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss., Probate Court at Portsmouth in said County, January 13th, A. D. 1863.

Upon the forgoing Petition it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner give notice to persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for settlement.

Portsmouth, Jan. 24, 1863.

Ja24 WILLIAM H HACKETT.

NOTICE.

The undersigned hereby gives public notice that he has been duly appointed Administrator of Estate of HENRY C. WEBSTER, late of Portsmouth, Acting Master's Mate in the U. S. Navy, deceased, intestate. J. M EDMONDS.

Portsmouth, Jan. 14, 1863.

Copartnership Notice.

The Firm of MARSTON, RANDALL & CO. is this day dissolved by mutual consent.

JOHN W. MARSTON,
RICHARD L. RANDALL,
A. MARSTON.

Portsmouth, Oct. 1, 1862.

The undersigned will continue business under the same name and style as heretofore.

GEORGE H. MARSTON,

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven for baking; giving an oven nearly 3 feet long; or large enough to bake six large plates on the bottom, every part of which will bake evenly at the same time. A check draft is applied to this stove by means of which the consumption of fuel is greatly increased, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the stove, and all the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Rest, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. Wm. Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James Jones, Francis G. Jarvis, Thos. J. Pullock, Jacob Wendell, Geo. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesley, John Tuttle, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Dumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Simpson, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Tyson, N. Cushman, Exor. of Trediffern's Island; Geo. N. Dixon, Samuel F. Paul, Elias Stevens, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furbush, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement Hodgdon, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Grant, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Exe.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all buried, and not disturbed, made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove. Some of the stoves are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Flock" is a most delicious Wine, and Rivals in delicacy its German predecessor.

"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Eddy, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which gave full effect the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that which you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an affecting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Pensacola, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded her relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled paper, in Hinsdale, N. H.

"I had for several years a very troublesome humor in my feet, which grew constantly worse until it disfigured my features and became in intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately took hold of the disease and told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my feet were as free as my body's; and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purity the Blood.

From Dr. Robt. Smith, Houston St., New York.

"DR. AYER. I seldom fail to remove *Erysipelas and Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my face, and during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The nixers were so bad that the cords became visible, and the doctors decided that by an must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very gratifying results, and I feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuskhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. We skilled physicians, applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should scratch away the burning and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other child in the whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Stout, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of Mercury, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER: My sister-in-law I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Ness, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more inveterate for years, defying all of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. For some time he had been inventing and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are every where cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrell, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches**, has located himself at the store of

DR. GOODALL

Would respectfully inform his patrons and the public, that he had of late many calls to insert teeth upon VULCANIZED RUBBER; that he has purchased the best VULCANITE in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or the joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept sweet and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the section is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and smooth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,

TEACHER OF MUSIC,

NO. 30 HANOVER STREET,

PORTSMOUTH, N. H.

☞ PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED **MAGEE COOK STOVE,**

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT" VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would invite those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will burn 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATTHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; from that time it has received the sanction of THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONE FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition that is in existence, as it is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Teeth on Vulcanized Rubber,

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*

No. 5 Daniel St., Portsmouth,

Has had twenty-six years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

SPEER'S SAMBUCI WINE

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquor, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through its inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1862. Stawly

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, FEBRUARY 5, 1863.

☞ It is well at all times, and especially in seasons when the political cauldron boils fiercely—it is well that there should be a few men, and a few newspapers, and a few "statesmen" or politicians,—if these things, any or all of them, be possible—who can stand on truly independent ground, unbiased by the action of any and all parties and partisans; and who from their broader, if not higher stand-point, may take an impartial and fair view of passing events. To the vision of such, the cause of most if not all the wrangling in the world—yesterday, to-day and forever the same—is found in the intolerant, uncharitable and infallible-assuming spirit of mankind generally. To a really "charitable" mind, the fact that the whims, or prejudices, or opinions, or principles of another man, differ from his own, should not and will not cause him to respect or esteem his neighbor a whit the less—so long as that neighbor does not interfere with his rights, nor try to force him to adopt or approve his ideas.

To us this is an especially agreeable reflection, of which we never lose sight—and which influences us to regard all parties with more general tolerance, and none with such special favor as a mere partisan most do. But we have no time now to elaborate the subject; and wish only to express our own satisfaction at the result of the independent course of this Chronicle; and to assure all concerned that, we contemplate no change in our course. "Circumcision was nothing, and uncircumcision was nothing;" and so to the Chronicle, parties and party "principles," and party spoils, are nothing—slavery nor anti-slavery, war nor peace, nor any other creature, will avail to lead or drive us from our independent ground. And so we shall continue to publish all sorts of communications from all sorts of correspondents—for the views of none of whom do we hold ourselves responsible. Our columns are open to the whole public; and the fact of any article appearing therein, is no sort of evidence, that we either personally or editorially approve or endorse it.

☞ To be worthy to be called a Roman citizen was once considered the highest honor "the world" afforded. Latterly, *our* "world" has decided that to be an *American* citizen, in its true signification, was something much nobler—tho' some timid souls are just now fearing that this may not long continue. This all may be, but we have no fears for the future—but believe that "Columbia" will still remain "the gem of the ocean," and that "the red, white and blue" is not to lose its beauty, or significance, or glory yet.

Neither are the hotels numerous or easily found, which can put to blush the worthily so called "*American House*," Boston, which is regularly advertised in these columns.—Centrally, yet quietly located, on Hanover street—and presided over by that thorough gentleman and model landlord, Lewis Rice, Esq.; with agreeable and attentive clerks and assistants in all departments, and a most numerous and prompt corps of "waiters"; elegantly yet easily furnished, and comfortably warmed throughout several stories; with a superb "table"; and supplied with all "the modern improvements," which enable the experienced traveller to feel almost more "at home" than he can in his own house, unless he has an uncommonly nice one,—we never visited a public house where we thought there was better opportunity for either the quiet couple or family, or the faster or gayer youth, to enjoy a visit, each in their own way—than at the American. And this has long been a sort of headquarters for Eastern men, so that you will frequently meet there, familiar faces, besides those of mine host (who is certainly "a host in himself") and his polite clerks, all whose long continuing there is to us an excellent sign. Long life to America, and the American House! and if any reader deems this rather a "loud" notice of that prime hostlery, let him remember that the name is an inspiriting one, and "pardon something to the spirit of the hour."

☞ We are much obliged to our old friend Geo. J. L. Colby, Esq., of the Newburyport Herald, for a copy of his "Address delivered before the Essex County Agricultural Society, Oct. 1, 1862." The subject was not farming, in any of its details, but "The Relations of Agriculture to man"; and on this broad basis, Mr. Colby built one of the most entertaining and valuable treatises of the sort that we ever read. He glorified the husbandman—placing farming at the head of all earthly employments, where it ought to be and is. Every farmer in the land ought to hear or read the address—especially all who deem their calling an humbling or demeaning one, or lacking in importance, considered in any light.

To prevent blushing, keep away from girls till you become accustomed to female society.

THE REBELLION.

The General commanding the Central District of Missouri, has issued orders that all bushwhackers, robbers and rebel recruiting officers in that military district, shall be promptly executed by the first commissioned officer into whose hands they may be delivered, and all persons knowingly harboring or aiding such parties, shall suffer like punishment, and their houses be destroyed and all the personal property on the premises seized. Any officers failing promptly to execute this order will be court martialed for disobedience of orders.

Charleston despatches tell a huge story of the achievements of the "superior naval forces of the Confederates." Perhaps the official report of the rebel Com. Ingraham is as near the truth as we shall get before receiving our own accounts. He states that he with the gunboat Palmetto State, and Capt. Tucker with the Chicora, went out on the night of Jan. 30. They were accompanied by three small steamers. His vessel struck the Federal gunboat Mercedita, when she sent a boat on board and surrendered. The officers and crew were paroled. Capt. Tucker *thinks* he sunk one vessel and set another on fire, when she struck her flag. The blockading fleet had gone to the southward and eastward out of sight.

The rebel sensation newspaper account is:—

The Palmetto State opened upon the Federal gunboat Mercedita, carrying 11 guns and 158 men, which was soon sunk in 5 fathoms of water. Capt. Tucker of the Chicora, reports sinking another Federal gunboat, and the disabling of the steamship Quaker City. The latter was set on fire by the Chicora, and hauled down her flag to surrender, but afterward managed to escape, using only one wheel. She was very seriously damaged. The number of the blockading fleet was thirteen, with two first class frigates, the Susquehanna [this vessel is off Mobile] and Canandaigua. The Federal loss was very severe. It was a complete success on our part with not a man hurt. Our gunboats were not even struck. All the blockaders have disappeared.—There is not one to be seen within five miles with the strongest kind of glasses. The results are: two vessels were sunk, four set on fire and the remainder driven away. The foreign Consuls held a meeting and were unanimously of the opinion that the blockade had been legally raised.

Gen. Beauregard and Com. Ingraham issued a joint proclamation dated Jan. 31, declaring the blockade of Charleston raised and placed a steamer at the disposal of the Foreign Consuls, to see for themselves that no blockade existed. Late in the evening four blockaders re-appeared, and on the next day twenty were in sight.

A rebel despatch states that a Federal fleet, consisting of one iron-clad turret, four gunboats and one mortar boat, again attacked Fort McAllister on the morning of the 1st. The firing continued till 2 o'clock when our vessels retired. Maj. John B. Gallie, commander of the fort was killed.

The operator at Paducah reports that the command at Fort Donelson was attacked at an early hour Tuesday morning. At 4 o'clock P. M., the engagement was going on, reinforcements having gone forward.

LETTER FROM NEW ORLEANS.

NEW ORLEANS, LA., Jan. 26.

Every day makes more evident the difference in the administration of Gen. Butler and that of Gen. Banks. The former evidently considered the people of New Orleans

"A base, unthankful, slovenly brood,
Return bad offices for good:
But use them ill, they're the reverse;"

and a greater error was never fallen into. Gen. Banks is no kid glove commander, as those who venture to infringe the laws, civil or military, find to their sorrow, but he sets the example by abiding by the laws himself. The people of this city have never asked to be treated as spoiled children, but they have desired that some little show of respect should be had for the laws, by those who were put in charge to execute them.

There is considerable activity in the military line here now. For the last four or five days regiments, batteries, and army stores have been moving to different points, chiefly up the river.

On Saturday the Mississippi and Pensacola, that have so long laid idly abreast the city, got up steam and ran down the river; rumor says on account of the presence of the Alabama at its mouth.

On Saturday the British propeller Aritona, in charge of Acting Master Baker, arrived and anchored in the stream. She was captured after a fourteen hours' chase, by the Pocahontas, one of the Mobile blockading squadron, thirty miles S. S. E. of Cape San Blas, on the 7th inst. She was of Glasgow, Commander Grindle, with a crew of twenty-three men, from Liverpool, via Teneriffe, St. Thomas and Havana, bound into Mobile with a general cargo of merchandise.

Since the issuing of the emancipation manifesto, the negroes have been somewhat curtailed in their license here, so that a white man may hope he may be exalted to an equal status. Four or five hundred contrabands were arrested in a single night, for actions in contravention of the laws of this city and State. ION.

Concluded to-morrow.

CONSERVATIVES: WHO ARE THEY?

We are making history very fast, says a popular writer. Yes, that is true, says Uncle Toby, and we are also making a dictionary, with about the same speed.

The rebels report an *abolition fleet*, 22 sail, including two Monitors and six other iron-clads, in Beaufort harbor; also that 52,000 *abolitionists* are encamped in Moorehead and Carolina cities. The *abolition fleet* is a new term.

The word *conservative* is not new, but it is put to new uses, and its meaning greatly changed. To conserve, used to mean, to keep safe and sound, to preserve from decay; and a conservator of the peace meant a magistrate or police officer, who preserved order.

But now the dictionaries tell us a conservative means in "modern usage," one who wishes to maintain an *institution*, or form of government, in its present state.

This is a great change, but yet some of the modern so-called conservatives outrun the dictionary, and make radical changes in their use of the term.

The "Newington" correspondent of the Chronicle tells of the *conservative* sentiment rapidly growing in New York City, which gave 50,000 majority the other day,—and from this statement we take occasion to remark that the Wards which gave this great *conservative* vote, are those which most abound in dens of drunkenness, debauchery, swindling mock auctions, and wickedness of all descriptions. This has not been denied, and cannot be. And what sort of *conservatives* have they sent to Congress? Ben Wood and Fernando: the same Fernando whom the same Newington correspondent described only a few months ago, as one of the most barefaced swindlers who ever kept out of the State prison, and whose indictment only failed by being one day too late.

The herd of swine who rushed from the Five Points to Albany, tried to brow beat the Assembly out of a choice of Speaker, and were finally kept in order by the police, were all *conservatives* of his pattern, and so was one of their allies, who threatened the Speaker's life.

Of a similar pattern is the great conservative organ of New England, who *advised* the Republican Assemblymen of New York, (while these Five Point rowdies were bullying round the lobby and galleries,) to give way, and let the D—, we beg pardon, the *conservatives*, choose their Speaker, for fear the peace should be broken!

To complete this great circle of *conservatives*, we need only mention such patriots as Marshal Kane of Baltimore, our own Dr. Batchelder, and last but not least the eminent and conspicuous drunken brawler Saulsbury, who unmasked his treason, and poured forth his profanity in the Senate while the wine was in and the wit was out.

These are *leaders* in the *Conservative* host. They would conserve and save—what?—Order, liberty, or peace? No. The herd which went to Albany, went thither to break up the Assembly or to break it down,—and their Boston ally did his best to help them. Fernando Wood, their favorite Representative, tried to carry New York into rebel hands, and now urges the new Congress to come together without a call!

Marshal Kane did all he could to give Baltimore and Maryland to the rebels.—Saulsbury avows himself in his drunken boasting, to be on that side—and some of the sober ones are no better patriots, though they are wiser rebels.

We have no fellowship with that conservatism which would save every thing that is evil, and in so doing run the risk of destroying many good things. It reminds Uncle Toby of some experiments in taking care of fruit. A farmer or house-holder opens a barrel of apples and discovers here and there a rotten one. He would naturally proceed to pick them over. But a *Conservative* of the new school stands there and cries out, "*Don't do it!* Keep in every one! Save them all!"

Another *Conservative* roars himself hoarse lest somebody should throw out slavery from our body politic, box up the traitors, and break the augers that will not bore.

Both might succeed for a time,—but the whole concern would become rotten, unless the days should be shortened. And for the elect's sake they shall be shortened.

"Oppression shall not *always* reign,
"There comes a brighter day!"

In the meantime the conservator of rottenness, though a great peace man by profession, "pitches into" the owner of the apples, and—in the fight the barrel upsets and the apples roll on the ground. This is nearly our condition now,—and there is a large margin for improvement. U. T.

The Richmond Whig of the 2d says that Longstreet with 13 brigades has gone to Tennessee.

The gunboat New Era was attacked Sunday night, near Island No. 10, by guerrillas, with three pieces of artillery. The rebels returned the fire with shell. The conflict lasted till near daylight, when the rebels retired. Their force was believed to be between 2000 and 3000.

WOMAN'S LOVE.

Oh! woman's love is a holy light,
And, when vip kindled, we can diet
It lives, though treachery and slight
To quench the constant flame may try.
Like ivy, where it grows 'tis seen
To wear an everlasting green;
Like ivy, too, 'tis found to cling
Too often round a worthless thing.

O, woman's love! at times it may
Seem cold or clouded, but it turns
With true undeviating ray,
Nor ever from its idol turns.
Its sunshine is a smile—a frown,
The heavy cloud that weights it down;
A tear its weapon is—beware
Of woman's tears: there's danger there.
It's softest place on which to rest,
A counta t and confiding breast.
It's joy, to meet, it's death, to part—
Its sepulchre, a broken heart.

MARRIAGES.

In Portsmouth, Mr. PETER EMERY to Miss MARY J. SHERBURNE.

In Boston, FREDERICK W. TAYLOR, of Derry, to Miss HELEN MCKENNEY of Londonderry.

DEATHS.

In Raymond, Mrs. CLARA FLINT, aged 51.

In South Hampton, 24th ult., Miss BETSEY JEWELL, aged 83.

In the Hospital at St. Augustine, Fla., Oct. 8, Mr. JAS. HOYT, aged 23—a member of the 7th N. H. Regt.

In Greenland Almshouse, Mrs. SARAH HAINS, aged nearly 100 years—also Mrs. CLARK, widow of Greenleaf, at an advanced age—leaving but one person in the house.

Meinerth's Photographic VIGNETTES

No. 7 Daniel Street, Portsmouth.

Rooms open from 9½ to 3 o'clock every day, except Thursday.

MR. MEINERTH has paid to the study of the VIGNETTE his especial attention, perfectly convinced (with other writers on the same subject,) that this style will eventually supersede and survive all others, as being the nearest to reality, and remotest to mere fancy and temporary fashion; and receiving already now the attention and preference of men of refined taste and judgment.

☞ Common Photographs and Ambrotypes taken as usual.

Portsmouth, Feb. 5, 1863. 2w*

Soldiers' Special Notice.

Do your duty to yourselves, protect your health, use HOLLOWAY'S PILLS & OINTMENT. For Wounds, Sores, Bowel Complaints and Fevers, they are a perfect safeguard. Full directions how to use them with every Box.—Only 25 cents. 210

CONGRESS.

TUESDAY.—In the Senate, a petition was presented from a thousand discha ged volunteers, asking for the $100 bounty.—The Post Office appropriation was passed. Mr. Lane, of Kansas, introduced a bill to provide for stopping the pay of unemployed military officers. Referred to the Committee on Military Affairs. Mr. McDougall's resolutions,—declaring it to be the duty of this republic to require from the government of France that her armed forces should be withdrawn from the territory of Mexico; and to lend such aid to Mexico as may be required to prevent the forcible interposition of any of the States of Europe in her political affairs,—were taken up and discussed until the adjournment.

In the House, the bankrupt bill, by skillful maneuvering, was rejected. A bill creating the office of Paymaster General, was also rejected, 31 to 70. The bill for the construction of a canal, by enlargement of existing canals, from the Atlantic to the Mississippi, was recommitted. A bill was reported for the establishment of a submarine telegraph to Galveston.

☞ The arrest of deserters in Morgan county, Ia., having been resisted, a squadron of cavalry was sent there on Saturday. They were met and fired upon by an armed mob. The cavalry charged, dispersed the mob, captured the deserters and six citizens. Nobody was hurt. Considerable excitement prevailed in Morgan and the adjacent counties.

☞ The release of Mr. Boileau, of the Philadelphia Evening Journal, was effected by his giving his parole that he would not print any more such articles as that entitled "Davis's Message."

☞ Col. J. Cook, reported to have been killed and robbed at Falmouth, has arrived in Trenton, N. J. Instead of having been killed and robbed, he returns with over $100,000 to be distributed to the families of volunteers.

☞ By the arrival of the Australian, we learn of the death of Horace Vernet, the eminent French historical painter, who departed this life on the 17th of Jan., at the age of 74 years. He was born in Paris in 1789, and was a member of a family long celebrated in the annals of art in France.

The best partners are as follows: For whist, the cleverest and most indulgent; for dancing, the handsomest and the most amusing; for business, the steadiest, the wealthiest, and the most attentive; and for marriage—one who combines the qualities of all the three.

TOO TRUE.—Geo. Francis Train gives the following as the chief difference, after all, between the outs and the ins: "The republicans have their hands in the nation's pocket; the democrats want to change this, and get *theirs* in."

☞ Joe. Watson, an English burglar, has been arrested in New York, on a charge of stealing $8000 in City of Boston bonds, from a broker's office in Boston, and selling them to a Wall street broker. Six thousand dollars of them have been recovered.

☞ Artemas Ward explodes the story of the Kentucky heiress. He says he intends to commit matrimony some day or "perish in the attempt," but he is too busy just now to think of anything of the sort.

☞ Mrs. Eliza Sawyer, a widow lady, 52 years of age, residing in Newburyport, was found dead in her bed on Tuesday morning,—she having died, it is supposed, in a fit.

THE STUDENT AND SCHOOLMATE, published in Boston, is an excellent little monthly, well calculated to interest and instruct the little ones of both sexes. Published by Galen James & Co.

☞ The nine months' men in the Department of the Gulf are called "green back soldiers"—the bounty men—by those serving long terms.

☞ Prentice says whilst rags are so scarce in the United States, it is a pity we can't capture a big rebel army.

An application of "Spaulding's Glue" is said to be excellent for preventing hair from falling off the head.

☞ A Democrat was elected Mayor of Lancaster, Pa., on Tuesday, by 260 majority; said to be a large gain.

H. P. WENDELL, Auct.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended in the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it which have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Eastern Railroad in New Hampshire.

The Stockholders of the Eastern Railroad in New Hampshire are hereby notified that a special meeting of their Corporation will be holden at the Station House, in Hampton, N. H., on Monday the sixteenth day of February instant, at ten o'clock, A. M., for the purpose of

1 To consider and determine whether they will ratify and confirm the doings of their Directors in executing a contract dated December 26, 1862, between said Eastern Railroad in New Hampshire and the Eastern Railroad Company—explanatory of the provisions of the Lease between said Roads dated February 18, 1840, and in adjustment of all claims and disputes between the two roads.

2 To consider and decide upon any other matters which may properly come before said meeting.

By order of the Directors.

WILLIAM H. HACKETT, Clerk.

Portsmouth, N. H., Feb. 3, 1863.

Special Notice.

PORTS, CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper,

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

S. A. AVERY would inform Smokers that he has just received from New York a good assortment of SMOKERS'S ARTICLES.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle yet lasting stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. F. H. DRAKE & CO., 322 Broadway, New York.

For sale in Portsmouth by THACHER and PRESCOTT.

Local.

COLD.—It came all at once, very early on Wednesday morning, Feb. 4th; ice-men were jubilant, and those who enjoy "this fine bracing weather," blew a cloud before them as they rushed through the streets. All others who could kept in-doors and became very intimate with the coal-stove. The Piscataqua was smoking *cold*, and thermometers in different parts of the city vied with each other in a deplorable rivalry to see which could sink to the lowest point. It might be invidious to state, when all were so successful, what particular one was the winner: they paused in their downward careers at various points,—all the way from 10 even to 18 degrees below zero. Perhaps 13° below would be a fair average. At the Navy Yard, soon after 8 o'clock, it was 14 below, and it was deemed advisable for the workmen to omit their usual out-door labors. At the City Farm, the Superintendent informs us, the mercury at 7 A. M. was 13 below; at 10 o'clock, 11; at 12 o'clock, 10; and at 2 o'clock, 8 degrees below. On the 3d of February, 1862, in this city it was 2 degrees below—the first, and we think the only, time it was below during the winter.

☞ About half past 5 Wednesday morning, with the thermometer about a dozen below zero, the house on the Navy Yard, occupied by Mr. Edward N. Anderson, Porter of the Yard, was discovered by him to be on fire, supposed from a defect in the chimney. The alarm was promptly given, and the watchmen and other help immediately reached the place, but the house could not be saved, and only a very small portion of the furniture. Mr. Anderson's family, consisting of his wife and several children, barely escaped with their lives, being carried from the burning house in their night clothes; while the clothing, furniture and all other housekeeping articles, with trifling exceptions, were destroyed: and as he had no insurance, his loss is severe.—The house was old, and not valuable, so that the United States are not great losers by the fire.

☞ The man who was brought to the Police Station, on Friday night, while laboring under the effects of delirium tremens, was taken to the City Farm, where he received proper attention. His name is Fernald, and not Brown, as was at first by mistake stated to us.

NEW HAMPSHIRE ITEMS.

—— The call for the State Union Convention is published in the Mirror. It is very brief, and is signed by James Fellows, Chairman. The Convention is called to be held at Smyth's Hall, Manchester, Feb. 17, at 7 o'clock, P. M., to nominate candidates for Governor and Railroad Commissioner, and to make any other nominations deemed expedient. The remainder of the call is as follows:—

All loyal men who are in favor of the continued prosecution of the war until the rebellion is suppressed; who prefer not to act with existing party organizations, but yet desire an opportunity, by their vote, to declare themselves upon the side of the Union in the present struggle, and who wish to uphold the Constitutional Government of the country, are invited to meet with us.

It is understood that one of the most popular speakers in New York State will be present to address the Convention.

—— Nehemiah Stanley, well known as "Scout," an army correspondent of the Boston Journal, died at Tamworth, his native place, on Sunday night, at the age of 24 years. He accompanied the Burnside expedition to North Carolina, and was subsequently with the Army of the Potomac until after the Battle of Antietam. He is highly and affectionately spoken of by his associates.

—— The young lady who disappeared mysteriously from Londonderry a few weeks ago, has returned to her friends. She went away voluntarily and returned at her own option. A young man was arrested on a charge of having abducted her.

—— The Veterans' celebration is to be in Smyth's Hall, Manchester. The new Hall will not be in condition for use, and besides, the vote of the corps was in favor of the old Hall.

—— The officer of the 7th regiment who was taken prisoner with two privates at St. Augustine, Fla., by the rebels, while wandering incautiously outside our lines, was Lieut. Virgil H. Cate, of Manchester.

—— The Daily Wisconsin of the 20th inst., mentions Lt. Chase of the 24th Wisconsin as a brave and gallant officer who did honor to his name and his native State in the battle of Murfreesboro, where one of the bloodiest and most stubborn battles of the war was fought. Lt. Chase, is Samuel B. Chase of Warner, and son of the late Hon. B. Chase.

—— The U. S. Senate has passed a bill providing for the payment to Albert Brown, of Kingston, of $14,000 in full for the one hundred army wagons accepted by the government, sent to Perryville, Md., but there left to decay.

☞ Dr. Dessauer would inform his friends and old customers in Portsmouth, and the public generally, that he will be in his office (see advertisement) from 8 o'clock A. M. till 8 P. M.; and that he will furnish Spectacles to suit every one, from 50 cents each and upwards. 1f

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that SAMUEL BATSON, of said Newcastle, administrator of said deceased, will present his account of administering said estate, at a Court of Probate, to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge.

Ja22 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the heirs of Nathaniel and George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A.D. 1863.

Rockingham ss. Probate Court at Portsmouth, in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon at Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

Ja22 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of JOSEPH GREEN, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 2 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the best stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a stove may be needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Hart, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Joseph Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesley, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cate, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Bennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John R. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Nathaniel Pryor, of Treefoten's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ferrald, Mr. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement Marsh, Albert Hilsdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes in very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor Stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and have received the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it does, "one more link broken which has bound us to Europe," "one more step to Independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The flock" is a most delicious Wine, and rivals in delicacy its German predecessor.

"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and

The Port is excellent because it is pure.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Rufus Kiles, a well-known merchant of Orford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree that it is the most effective medicine it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that of your publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an affecting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mr. John B. Rice, a well-known and much-esteemed Judge of Dennville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until you have prepared SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of counsellor at law, Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features so as to become a terrible affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I tried your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form underneath the patches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purity the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Erysipelas and Scrofulous disease* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which we spent time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The sikers were so bad that the surgeons became unable to, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and gave over the knife. Together with what I had my body in this community, and excite the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tamhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, and covered his face, and nearly blind his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen months she we tried her hands, but with them he should tear open the festering and corrupt wound which covered his whole face. Nothing tried every thing that we heard any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal, and we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sibert, of St. Louis, Missouri.

"I find your SARSAPARILLA a most effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the primary and secondary types, and effects in these cases a speed that was unattainable to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, of mercurial rheumatism, which grew worse and more painful for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Five bottles can be found sufficient to cure the distressing disease, but it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal debility, or derangement, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, an aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrell, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of the Blood. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

CHRONOMETER TIME!

REAL ESTATE IN GREENLAND

FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient; lot 1-2 a rod wide; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school-house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to

DR. GOODALL,

DENTIST,

60 Congress St.

PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,

Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, (has so had of late many calls to insert teeth upon VULCANIZED RUBBER,) that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It never loses and retains its form, consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open pores to collect food, and consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will I am confident, be perfectly satisfied with the Rubber as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The draft regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used the temperature of the room, to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, having a little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The considerable pipe leading from the fire-pot, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, the fire-pot is now from 8½ to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'

VENETIAN LIQUID

HAIR DYE.

☞ MATTHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1840; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or rub off, and which is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Teeth on Vulcanized Rubber,

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of shelter or adhesion can be obtained by it.

3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a rancer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*

No. 5 Daniel St., Portsmouth.

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

SPEER'S SAMBUCI WINE

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use,

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other. Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All business of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made and prosecuted applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1862. 3tawly

Portsmouth, N. H.

FRIDAY, FEBRUARY 6, 1863.

THE REBELLION.

One regiment of Tennessee cavalry, and one of Kentucky infantry, surprised a camp of rebels at Middletown, 15 miles west of Murfreesboro,' on the 2d. Our cavalry made a sabre charge on the rebels, captured all their camps, equipage, horses, wagons, &c., and 100 prisoners. 25 rebels, on the same day were captured at Franklin, about 20 of them being severely wounded.

A brilliant Union success is reported at Fort Donelson. One battery of four guns was taken by the rebels in an overwhelming charge, but our men gallantly rallied and retook it. The rebel loss is reported at 135 killed and 50 (500?) wounded and prisoners. The rebel Gen. Forrest is reported among the wounded. Col. McNeil was killed. Our loss was from 40 to 50. The force of the enemy is estimated at from 3000 to 4000. Their attack on this fort was a part of their avowed plan to re-possess themselves of the Cumberland river, which it effectually commands. Had they succeeded they would have been enabled to cripple and embarrass Gen. Rosecrans very seriously. Our success, therefore, is very creditable to the troops and gratifying to the people.

All our divisions have arrived in front of Vicksburg, except Gen. Logan's, which is expected soon.

The Navy Department has ordered the iron-clads Keokuk, Catskill, Nantucket and Sagamore to be prepared for sea and sent South at once. It is believed that they can all be ready in four days.

A Savannah dispatch states that during the attackon Fort McAllister, on the morning of the 1st inst., the Federal iron clad (the Montauk) was anchored within 1000 yards of the fort. Her flag-staff was shot off and the dispatch says she retired evidently injured, as she did not reply to shots from the fort while retiring. The parapet in front of one of the fort's guns was entirely demolished. In the afternoon of the same day an iron clad and a gunboat approached within 2 miles of Thunderbolt Battery, 5 miles south of Savannah, dipped her flag, fired two shots and retired.

The New Ironsides was off Charleston on the 2d.

The Traveller says the friends of Gen. Butler in Boston have received positive assurances from the President that he will be at once reinstated in command of the Department of the Gulf, with a considerable increase of power; and that there is no doubt he will accept the offer.

☞ We are in frequent receipt of proposals,—coming chiefly from various parties in New York—offering to furnish us goods and chattels of all sorts, on our cash payment of half or two-thirds of a certain amount,—the balance to be paid by us in advertising. Now we feel competent, as yet, to manage our own business; and when we need a guardian, we may have some fancy as to who is selected. Meantime, it is all waste work, sending us any sort of trumpery offers—though, from the frequency with which they come, we suppose *some* members of the craft do get taken in by such. "We want no trade except for cash," or its full equivalent. And while we are of course glad to have exchange accounts with all fair and reliable dealers at home here in the city, we will not open accounts with anybody abroad. Our authorized agents in Boston and New York will attend to any business there. If *they* wont risk any one, we certainly will not.

ROSECRANS TO BE DEALT WITH.—The New York Evening Post contains the following sarcastic and suggestive remarks:—

We understand that a committee of "democrats" to be composed of John Van Buren, Ben Wood, James Brooks, Valandigham, and Sunset Cox, are about to address a severe note to General W. S. Rosecrans, asking him what he means by his singular proceedings in Tennessee. Their feelings have been very much hurt by his rough and ruffianly mode of handling their friends Bragg, Johnson, Hardee, Rains, &c., and they demand an explanation.

Does he not know that he is irritating the minds of our southern brethren by his harsh measures? Can he hope to win them back to a love of the old Union by his bayonets, and swords and cannon? Why did he not throw down his arms and try to coax them into their allegiance and duty? His sharp, ill-advised, radical method by gunpowder, we fear, has only confirmed them in their dislike of the Federal Government.

☞ "Perley" telegraphs that Congress will doubtless pass a law, this week authorizing the issue of letters of marque, or the hiring of private vessels by the Government, to be commanded by naval officers and regarded as national ships.

☞ The canal at Vicksburg, designed to turn the waters of the Mississippi, is two miles in length.

☞ A dispatch from St. Louis, Wednesday, 6 P. M., says—"Thermometer 32° below zero; wind east; snowing hard."—When is it "too cold to snow?"

Communication.

THE CAUSE.—*More Logic.*—The Governor of New Jersey says, "to those who blind themselves to all conviction of fact, by the plea that slavery is the cause of the war:—

"Yes, it is the cause of the war, as gold is the cause of robbery and murder. With the same propriety it might be said that commerce was the cause of our last war with Great Britain, and that commerce should be abolished because the impressment of American seamen led to the collision."

If this be logic (says Uncle Toby) it is of the flimsiest and most shallow description. If it be illustration, as it seems, then it reminds Uncle T. of a certain verse in the Proverbs of Solomon, chap. xxvi. which says, "The legs of the lame are not equal, so is a parable in the mouth of fools." The Governor's parable is a very lame one, resembling a chair that tries to stand on two legs.

Gold, or money, or property, is not the Cause of robbery or murder,—but the inordinate "LOVE of money" or other property, which Timothy declares to be the Root of Evil. The desire for wealth is a part of our nature; and within the bounds of patient industry, honest enterprize, and fair economy, its accumulation is not only lawful but laudable.

But when we transcend these limits, and begin to covet the gold which we will not earn, and resolve to eat bread, not by the sweat of our own brow, but of somebody's else,—then it is that we begin to engage in robbery and murder, piracy and the slave trade. Gold is not to blame; the slave is not to blame; but honest men blame the thieves who steal both; and honest men know that robbers, if resisted, often commit murder. It is no new thing, and no secret, that the slave trade is nothing more nor less than a compound of robbery and murder. Evidence of this has been before the world; and more than 40 years ago, viz. in 1820, the U. S. Congress declared it to be Piracy! President Monroe approved the bill, and the penalty is death!

Yet on this basis of robbery and murder and piracy, rests the whole "institution" of slavery in this country. For this we have very high pro-slavery authority, Chief Justice Taney himself. In his famous opinion on the Dred Scott case, he says:

"History shows that they [negroes] have, for more than a century, been regarded as beings of an inferior order, and unfit associates for the white race, either socially or POLITICALLY, and *had no rights which white men were bound to respect;* and the black man might be reduced to slavery, bought and sold, and treated as an ordinary article of merchandise. This Opinion, at that time [1776—86] was fixed and UNIVERSAL with the civilized portion of the White Race."

This paragraph embodies either gross ignorance or outrageous lying—for at the very period mentioned, 1776—'87, Jefferson uttered his most indignant and eloquent protest against slavery,—and in the U. S. Constitution itself there is a provision which the pro-slavery men put there on purpose to *preserve the slave trade* till 1808. These facts show conclusively that it was by no means the *universal* belief that negroes had no rights; nor yet the *universal* practice to steal and sell them, though there were *some* scoundrels who did so, and who put in this provision for *fear* the majority would go against them, as in a few years it did!

Yet on this wretched compound of falsehood and villainy, Judge Taney built his plea for slavery in substance as follows:—About 100 years ago, some white man, deeming that black women had no *rights* which he was bound to respects, stole Dred Scott's grandmother, or bought her from some black rascal who had stolen her before: the white man brought her to this country, and sold her again as a slave: she had a daughter, like herself a slave; and in due time this daughter gave birth to Dred Scott, who was *therefore* a slave also! And tho' this Dred had been carried over the Missouri compromise line,—yet the crafty old lawyer argued that being a *descendant* of a slave, he could not sue in the U. S. Courts,—thus trying to build up slave law on the foundation of the old robbery.

We reserve some thoughts on the Governor's War illustration, to another day.

U. T.

☞ Ship Noonday, (built at this port in 1855, and partially owned here,) Capt. Henry, from Boston for San Francisco, before reported wrecked off the latter port, struck a sunken rock not down upon any chart, about 8 miles north of the Fallstones, the compass bearing E, by Shalf S, about a quarter to 12 M., Jan. 2, and sunk at 3 P.M. When she struck she had all sail set. The weather was clear, sea smooth, but a very heavy swell from the northwest prevailed. After striking the ship swung off, and in a very short time sank to her upper deck—The captain, discovering a pilot boat, had turned her head landwise, with the view of beaching her, but she sank so rapidly that the officers and crew, 24 in number, were forced to take to the boats. They left the ship at 20 min. to 3, and at 3 o'clock nothing was to be seen of the Noonday but the American ensign. The pilot boat Relief picked up the officers and crew and carried them to San Francisco.

NEW HAMPSHIRE ITEMS.

—— The February term of the Supreme Judicial Court commences its session in Dover on Tuesday next.

—— On Tuesday evening a man and woman, of the Irish persuasion, appeared at the City Clerk's office in Manchester with a display of coppers, shinplasters and postage stamps, which were once worth forty-three cents, and applied for a marriage license. An hour's delay brought an additional seventeen cents and the certificate was issued. But no justice was at hand willing to bless two loving souls. At length, by the merest accident, a young lawyer passed the waiting couple as they stood shivering on the sidewalk, and was informed of their sad condition. Beneath the genial influence of the moon, with only the blue canopy above them, and the thermometer at zero, he pronounced the magic words which made the twain one flesh.

—— The case of Helen N. Dow, against the city of Manchester, for personal injury in consequence of a defect in highway, has just been settled by the parties. The city pays Miss Dow $1750, she paying all costs.

—— The War Department will not consent to the removal of New Hampshire invalid soldiers North at present. But should any movements of the Army of the Potomac bring new recruits to their care, they will then consider the proposition more favorably.

—— Col. Cross, of the 5th regiment, passed through Boston on Tuesday, on his return to the Army of the Potomac.

—— At Great Falls, at half-past seven o'clock Thursday morning, the thermometer stood 24° below zero.

CONGRESS.

WEDNESDAY.—In the Senate, the resolutions relative to French intervention in Mexico were taken up and tabled, yeas 34, nays 9. The bill for the encouragement of re-enlistments and the enrolling and drafting of the militia, being called up, an amendment was adopted providing that a drafted man may procure a substitute. Also, another amendment, providing that no clothes, arms or equipments shall be sold, and when such articles are found in the possession of any person not a soldier or officer, they may be seized. An amendment was adopted, providing that any officer absent with leave, shall receive only half pay, and when absent without leave, in addition to the penalties now provided, he shall forfeit all his pay, except when sick or wounded.—Mr. Carlile of Va. moved to strike out the second section, giving the President power to make all the rules and regulations for enrolling and drafting the militia. A long debate ensued, when Mr. Carlile's motion was disagreed to—yeas 14, nays 32.

In the House, Mr. Dawes, from the Committee on Elections, reported adversely to the credentials of J. B. McLoud, claiming a seat from the Second District of Virginia, on the ground that most of the territory in the district being in rebel possession, and consequently only 1402 votes being thrown where about 10,000 were usually polled, it was in no just sense an election. The House, 71 against 63—passed the bill authorizing the Secretary of War to contract for the construction of a telegraph cable from Fort McHenry or Fort Monroe to Galveston, New Orleans and intermediate points. A bill for the protection of overland emigrants to the States and Territories of the Pacific coast, appropriating $30,000 to be expended under the direction of the Secretary of War, was passed. A bill was also passed in relation to military hospitals, and providing for the organization of ambulance corps. It authorizes the permanent enlistment of 20,000 men to be the performance of such duties. The House passed the Senate bill for the more efficient administration of the subsistence department.—The Senate's amendment to the House bill authorizing 20,000 men to be raised in Kentucky for 12 months, for the defence of that State, etc. was agreed to. So the bill has passed both Houses.

GOOD BOYS.—At Clinton, Ill., a company of boys, from eight to fourteen years of age, assemble every Saturday to cut and split the wood for the wives and families of volunteers. They parade the street with drum and fife, visiting and working for the needy widows—one-half of them working while the other half rest, until an ample supply of wood is ready for the stove.

☞ That Shakespeare wrote for all times, and describes only too accurately these times, appears from the following lines:

"Are disputing of your Generals;
One would have lingering wars, with little cost,
Another would fly swift, but wanted wings;
A third man thinks without expense at all.
By guileful fair words, peace may be obtained.

The letters that spell DEBT are the initials of the sentence, "Dun Every Body Twice;" and the letters that spell CREDIT are the initials of the sentence, Call Regularly Every Day—I'll Trust."

It costs $20 a ton for transportation of merchandise per one hundred miles on an ordinary road; $2 on a railroad, and 20 cents on the ocean, for the same distance.

"Who was the first man?" "Adam;"—and who was the first woman?" "Madam."

☞ Gen. Hooker is the seventh commander of the Army of the Potomac. First, Gen. Scott, who was followed by McDowell, who was in turn followed by McClellan; the latter gave way to Pope—who established his headquarters in the saddle, after which he was succeeded by the General whom he ousted in the first place. Then came Burnside, and now Hooker.

☞ The venerable Josiah Quincy, of Boston, attained his *ninety first* year Feb. 4. Two well-known merchants of that city, both over four score, who were of his military family when he commanded the Hussars, the Transcript says, paid their respects to their former Chief, notwithstanding the extreme cold. The united ages of the three gentlemen exceed the period that has elapsed since the landing of the Pilgrims.

☞ Mlle. Camilla Urso, the violinist, who makes her appearance in Boston on Saturday, is the same accomplished artist who so delighted everybody eight or nine years ago. At that time she was a mere girl, in fact might have been truly styled a child-violinist, but her playing was exquisite.

NAVAL.—Commander Henry French has been ordered to the Boston Navy Yard.

Lieut. Worden was on Wednesday nominated to the Senate for Captain in the Navy for meritorious conduct.

☞ It cannot be denied that Senator Saulsbury represents the little State of Delaware *with spirit.*

☞ A return lately issued shows that no less than 3,897 sheep were killed by the dogs in Ireland last year.

WASHINGTON'S BIRTHDAY.

The Fourth Annual Ball

OF THE

ATLANTIC ASSOCIATES EX-6's

will be given at

Kerosene Oil

Of the best quality for sale low at No. 12 Market Street, by ALFRED STAVERS.

Meinerth's Photographic VIGNETTES.

No. 7 Daniel Street, Portsmouth.

Rooms open from 11 to 3 o'clock every day, except Thursday.

MR. MEINERTH has paid to the study of the VIGNETTE his especial attention, perfectly convinced (with other writers on the same subject,) that this style will eventually supersede and survive all others, as being the nearest to reality, and remotest to mere fancy and temporary fashion; and receiving already now the attention and preference of men of refined taste and judgment.

☞ Common Photographs and Ambrotypes taken as usual

Portsmouth, Feb. 5, 1863. 2w*

Eastern Railroad in New Hampshire.

The Stockholders of the Eastern Railroad in New Hampshire are hereby notified that a special meeting of their Corporation will be holden at the Station House, in Hampton, N. H., on Monday the sixteenth day of February instant, at ten o'clock, A. M., for the following objects:—

1 To consider and determine whether they will ratify and confirm the doings of their Directors in executing a contract dated December 26, 1862, between said Eastern Railroad in New Hampshire and the Eastern Railroad Company—explanatory of the provisions of the Lease between said Roads dated February 18, 1840, and in adjustment of all claims and disputes between the two roads

2 To consider and decide upon any other matters which may properly come before said meeting.

By order of the Directors.
WILLIAM H. HACKETT, Clerk.
Portsmouth, N. H., Feb. 3, 1863.

1 Lot Ready Made Clothing.
A variety of goods.

H. F. WENDELL, Auct.

☞ ATTENTION, THE WHOLE!

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEETS PANACEA, and several bottles of his HUMOR WASH, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing obstinate kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEETS PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEETT, Portsmouth, N. H., promptly attended to. may26o

Portsmouth, Dec. 1, 1862.

Special Notice.

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

S. A. AVERY would inform Smokers that he has just received from New York a good assortment of SMOKER'S ARTICLES.

100 different patterns of PIPES,—price from 1 cent to $10 each. Meerschaum, Rubber, Briar Wood, Imitation Meerschaum, Lava, and Stone Pipes

25 different styles of Cigar Holders.
25 " " Cigar Cases.
25 " " Tobacco Pouches and Bladders. Also a good assortment of Pipe Stems and Mouth Pieces nov25

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON. tf

Local.

☞ At the fire on the Navy Yard Wednesday morning, quite a number of those who manned the engines had their ears, noses and faces frozen.

A correspondent, in speaking of the fire, says: "the Steam Fire Engine, recently received at the Yard, was used at the fire. It worked well. The heat of the furnace prevented the pumps from freezing up. Both of the hand engines were rendered useless by the water freezing in the pumps."

RESUMPTION OF WORK AT THE SOUTH END FACTORY.—It is stated that the Ropewalk at the South End, which since its occupation as quarters for the Second Regiment has been idle, is to be again put in order for rope-making by Messrs. Jeremiah Johnson and John Yeaton.

☞ Mr. Howlett's lecture on Temperance, on Wednesday evening, at the Temple, drew a very large audience, notwithstanding the severely cold night. His description of a fatal duel with bowie knives, between two whiskey drinking gentry at Vicksburg, where he saw them both fall dead; the story of his own degradation and salvation; and his hair-breadth escape from hanging by the rebels,—were heard with great interest and will not soon be forgotten.

☞ Has the Ballot bolted the regular Republican nominations? We see that paper keeps at the head of its columns, the name of Charles W. March as candidate for Senator in District No. 1. Charles W. Hatch is the party nominee, we think.—Mr. March, besides being a Democrat, is at present residing in Paris, we believe.

NOT AFRAID OF THE COLD.—On Wednesday morning—thermometer 13 below zero—a man was seen on the South Mill Pond busily engaged in spearing eels. But the smelters at Great Bay were very poorly represented on the same day.

☞ The Home Guards, under the efficient drill of Col. A. J. Beck, have arrived to a marked proficiency in the manual of arms and line evolutions. The company is now considered a permanent organization.

POSTAL CURRENCY READY.—By request of the Postmaster we state that persons holding his receipts for postage stamps, may have them redeemed with the proper currency on demand.

☞ St. Valentine's Day being close at hand, the windows of the bookstores are filled with these pretty mementos of love and friendship.

☞ Our old correspondent, "S. B.," who literally "goes about doing good," or trying to, at any rate—several days since, left at our office half a braided loaf of bread, which looked exceedingly nice, and proved so in the eating. The Doctor says "it was made by Mrs. Hahn, and is of the kind described and recommended by Dr. Gleason, and verily it was bread that would do any one good to look at, smell of, and eat; and if our citizens would adopt it, they would be abundantly remunerated for attending the lectures, in the article of bread alone. The dough was risen with *hop yeast*, and afterwards well kneaded and well baked. The loaf was prepared somewhat in this way: After the dough was risen, (not too much) take about half a pound of it, roll it out long and tapering at each end, till it is well kneaded; then do the same with two other like rolls; braid them, put your hands at each end and jam them into the pan, and set the pan in a warm place to again rise or "prove;" bake with a steady heat till it is of an average brown. If, in the first place, the flour is good, and the process has been well managed, you will have bread that in reality will not only be the staff of life, but support it. The old way of baking bread in a brick oven, is still more preferable, as the bricks, being porous, more readily absorb the moisture of the loaf, which must confines to it."

☞ We often notice loads of groceries being teamed by our office windows, marked R. K. O. Besides signifying Oxford's store on State street, and indicating that he sells piles of goods there, the mark may also be understood as denoting that everything must be O. K. as to quality and prices. Rufus is one of the live ones, sure—and earns his own "luck."

☞ Hon. Theodore D. Weld, of New Jersey, will address the citizens of Portsmouth at the Temple on Saturday evening next. Subject—"The Rebel issues, and the lying pretences of the conspirators."—Also on Sunday evening, on "Truth and its antagonists." 2t

☞ Congregational singing has been adopted at the Unitarian church in this city with good success.

☞ Dr Dessauer would inform his friends and old customers in Portsmouth, and the public generally, that he will be in his office (see advertisement) from 8 o'clock A. M. till 8 P. M.; and that he will furnish Spectacles to suit every one, from 50 cents each and upwards. tf

THE FLAG.

Unroll the flag! for folded now
No truthful watch it keeps;
We'll put it by when rebels bow,
In death when treason sleeps.

Exalt the flag! each glitt'ring star
Should show itself on high,
And let each bright and crimson bar
Float out against the sky.

Fling out the flag! a traitor's doom
To him that wills it wrong;
The ride's crack, the cannon's boom
Be now our patriot song!

God bless the flag! the emblem pure
Of well earned liberty,
And under Him it shall secure
To freedom—victory.

☞ The Newburyport Herald thus writes of Beecher's recent lecture in that city:—

"We need more martyrs; we need more bloodshed. Blood is the wine of the nations. God feeds them on blood.' Now, why does not this man make a martyr of *himself*—why does he not shed a little of his *own* blood? In no way could he do his country more service, for his utterances for years have tended to bring us to our present condition. Good care does he take to keep *himself* out of danger, while he talks so bravely—so devilishly—in the Plymouth Church and Tremont Temple. Ask the wife who has lost her husband, and parents who mourn sons, and they cannot talk so flippantly of blood as this '*minister of the meek and lowly Jesus*.' If *his* God is one who 'feeds the nations with blood,' it explains much of his preaching."

In connection with this (says the Boston Courier) we place the vote of a little church in Litchfield Co., Conn., in which Dr. Beecher so long preached, and where, we suppose, this bloody minded ranter, Henry Ward was born. The church in question, as we see by the Hartford Times, is 'the Old Congregational Society,' in New Boston; and it adopted and ordered to be recorded the subjoined vote:"

"Voted, That the Pulpit Committee of this Society are hereby instructed that whenever they employ a minister of the Gospel to preach in their meeting house on the Sabbath, they shall first inform said minister that he is employed to preach the Gospel truth according to the Bible doctrine, Christ and him crucified, and *that only*. That he is strictly prohibited by a vote of this Society from delivering any discourses of any description upon the present war, and that he shall not allude to the matter, either in prayer or sermon."

'Would you suppose the Lord's Prayer could be engraved in a space no larger than the area of a half dime?" "Well, yes, if a half dime is as large in everybody's eye as it is in yours, I think there would be no difficulty in putting it in about four times."

A large school girl, not distinguished for scholarship, having spelt the word "cuticle" was asked what it meant. "Don't know, sir," she said. "What is that all over my face and hands?" asked the teacher.—"Freckles, sir."

The abolitionists out West call democrats "copperheads" and "butternuts;" and abolition papers in the East call them "traitors," and "secesh."

SHARING HAPPINESS.—Men of the noblest disposition think themselves happiest when otherssbare their happiness with them.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors of the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may think have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 18, A. D. 1863.

By order of the Judge,

Jan23 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and by George Vennard; southerly by land of said Vennard; and westerly by land of William Neal; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Nealey, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is *Ordered*, that a hearing be had thereon in a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

ja23 S. D. WINGATE, Register of Probate.

ADMINISTRATOR'S NOTICE.

The Subscriber gives notice that he has been duly appointed Administrator of the Estate of HENRY C. WEBSTER, late of Portsmouth, in the county of Rockingham, deceased, intestate. All persons indebted to said estate are requested to make payment; and all having claims to present them for adjustment.

Portsmouth, Jan. 24, 1863.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven, occupying the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be the stove for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity, who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Lewis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. J. G. Hadley, G. Melvin, Huntress, Jos. D' Aleman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesver, John Furber, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nathl Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Prudence Island; Geo. N. Dixon, Samuel P. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; S. H. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS;

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

DIPHTHERIA.—A gentleman who has administered the following remedy for diphtheria says that it has always proved effectual in affording speedy relief: Take a common tobacco pipe, place a live coal within the bowl, drop a little tar upon the coal, and let the patient draw smoke into the mouth, and discharge it through the nostrils. The remedy is safe and simple, and should be tried whenever occasion may require.—Many valuable lives may be saved, the informant confidently believes, by prompt treatment as above.—Ex.

A recent writer thus hits the pug-nosed race of people:—A man with a pug nose is a creature despised by gods and his fellow-men; he may be a counter jumper—he may be a dandy—he will never command in the field or in the council. But a woman with a pug nose—consider: Did you ever know such a one that did not in everything have her own way? that did not rule her husband, her children, her servants, her her house, her shoop-keepers, her whole world?

There are refined kinds of sentiment as there are of sugar; man for instance, takes in the lump—hard, though easily melted with a tear; but with a woman it is always moist.

☞ Six of the Butcher family are in the Union army.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children!" The disease it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood.** Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by DR. J. C. AYER & CO., *Practical and Analytical Chemists*, Lowell, Mass.

Sold by all druggists every where.

CHRONOMETER TIME!

The HOUSE No. 19 High street, occupied by Mr. Todd. Apply to
mch7 EDWARD RUNDLETT.

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since, very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The place is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to

DR. GOODALL,
DENTIST,
60 Congress St.
PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, that he had of late many calls to insert teeth upon VULCANIZED RUBBER, that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, or the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices or open joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Besides all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the section is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $50.00 for on upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the usual rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,

☞ PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large square Reservoir, the over larger than the warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in the city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—OF THE—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pots is used for respiration, the objection to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The heat passing from the fire-pot through the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape, and are turned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the best in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1840; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world... Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one than will not fade or change, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Teeth on Vulcanized Rubber,

SOME OF ITS ADVANTAGES.
1st. It is stronger and lighter than any known material.
2d. From two to six times the amount of sustenance and nourishment can be obtained by it.
3d. When the arch is irregular we can by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.
4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.
5th. Teeth mounted upon this base can be kept clean and sweet as easy as a ranger, as when finished the work presents one whole piece.
6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.
DR. A. P. STEVENS, *Surgeon Dentist,*
No. 5 Daniel St., Portsmouth,
Has had four years of practical experience in making this material, and will guarantee to fit a denture in all cases entrusted to his care.
Portsmouth, Jan. 1, 1863.

SPEER'S SAMBUCI WINE
PURE AND FOUR YEARS OLD,
OF CHOICE, OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.
SAMBUCUS FREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Dissentism, Chronic Complaints.

Every family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians who have tried the Wine:

Gen. W. Scott, U. S. A.	Dr. Ward, Newark

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in cases touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1862. 3tawly

SATURDAY, FEBRUARY 7, 1863.

THE REBELLION.

A dispatch from the headquarters of the Army of the Potomac, says there is every indication that the enemy has much weakened his forces on the Rappahannock.—Rain was falling on Thursday night, with the prospect of another muddy time.

On the 3d, Charleston was thoroughly blockaded, our iron-clads lying inside of the wooden vessels. The iron-clads New Ironsides, Montauk, and Passaic are already near Charleston, and the Patapsco is on her way from Fortress Monroe to Hilton Head.

The fight at Fort Donelson, on Tuesday, lasted from 1 P. M. to 8 o'clock in the evening, when the rebels retired in great disorder southward. Their killed is estimated at 200, and their wounded at 500. Our loss was 2 killed and 41 wounded and missing.

Our forces at Vicksburg are now repairing the crevices of last fall, to keep the water out of camp. The water in the old canal is 16 feet deep, but doing little execution. The rebel force at Vicksburg is estimated at 50,000. It is believed that this is the largest number that can be brought to its defence. One thousand negroes will be sent from Memphis to work on the canal.

The rebel Gen. Kirby Smith has been ordered to command the Department of Louisiana and Texas.

☞ The U. S. steamer Pocahontas captured the British blockade running steamer Antona, Jan. 5, with a cargo of brass cannon, powder, rifles, and other military stores for the rebels at Mobile. An officer on board her writes thus:—

Her pilot, who came on board at Havana, left Mobile but two weeks ago, and was promised $2,000 for safe pilotage. He seems to be disappointed, but takes it easy, and who knows may become a staunch Union man hereafter. He says the people in and about Mobile suffer much. Shoes, $12 and $14 a pair; coffee, $1 per pound; salt, scarce and very dear. He says that the success of the Democratic party at the last elections fills the rebels with new hopes. They count upon an early truce, by which they might profit. If the Repubblcan party had had a majority at the last elections, he says, the rebels would have laid down their arms; and but for that, peace would have been sought on the best terms possible.

☞ The Massachusetts Legislature is discussing the project for compelling *all* able-bodied citizens to engage in military drill. The proposition met with general favor, and it was proposed that in case such a bill was reported to the Legislature, that the charters of the present volunteer companies should not be interfered with—allowing persons to choose whether they will enter the volunteer or compulsory organizations. If war is always to be—as it always has been — the normal occupation of man, there is no little argument in favor of such a plan. But is the world's sword never to be beaten into the plowshare?

☞ A San Francisco dispatch states that a crew was being shipped for the U. S. steamer Saginaw, preparatory for her departure to the Mexican coast to protect American interests there. The same dispatch says several hundred Secessionists have gone or soon will leave for Guaymas for the purpose of crossing the Sonora and Chihuahua into Texas. One party, including Judge Shatwick and Dan Showalter, had reached the Rio Grande when last heard from.

☞ Port Hudson, which is twenty miles above Baton Rouge, on the Mississippi, stands on an almost perpendicular cliff, full two hundred feet in height, the river below making one of those sudden serpentine curves which render the Mississippi the most tortuous stream in the world, and abruptly narrowing its dimensions to three quarters of a mile from twice that width above and below. Inland, too, the position is eminently favorable to the rebels, because difficult of access to our troops. Unlike Vicksburg, the approaches to which are as good as could be desired for an invading army, consisting for the most part of hard, well made roads, the country at the back of Port Hudson is generally swampy, intersected with cotton-woods, ravines, and other topographical obstacles. The only roads are of the poorest description.

☞ The length of the coast telegraph line, which the Government proposes to lay from Fortress Monroe to Galveston, touching at the naval stations intervening, is 2500 miles, and can be laid for about $1600 a mile, in specie.

☞ Wigfall has turned up again. He has been making a speech in the rebel Congress against secession. The threatening attitude of some of the Confederate States does not please him. He says:

"I am not here going to sow the seeds for another disruption of this Union. We are stupid people in this school if we cannot turn to advantage the severe lessons of experience."

ITALIAN OPERA.—At the Boston Academy of Music, on Monday evening next, Mr. Grau commences a brilliant season of Opera, with a splendid double Company of the most celebrated artistes, including Miss Kellogg, Mlle. Morenzi, Mad. Lorina, Mlle. Cordier, Sig. Brignoli, Susini, Amodio, Bazilli, &c., with a full Orchestra and chorus. The list of Operas announced is exceedingly attractive, and includes Martha, Lucrezia Borgia, Norma, Linda di Chamounix, Il Poliuto, Les Vespres Siciliennes, Un Ballo in Maschera, Roberto il Diavolo, Il Trovatore, Ernani, Don Giovanni, I Puritani, Traviata, Figlia del Regimento, La Juive, La nocce de Jeanette, and Meyerbeer's latest and most successful work Dinorah, or The Pardon de Ploermel.

The season will open with Flotow's popular opera of Martha, on Monday Feb. 9, in which the esteemed prima donna Miss Clara Louisa Kellogg, will make her entree as Lady Henriette. The role of Lady Nancy will enable the new and charming prima donna contralto, Mlle Catrina Morenzi, to make her debut in a gay and sparkling character wherein she has obtained much popular and critical applause. Brignoli and Susini, in their well known impersonations of Lionel and Plankett. On the second night of the season, the celebrated dramatic artiste Mad. Virginia Lorini, will make her debut in the role of Lucrezia Borgia, in which character she has won distinction in all the principal opera houses in Europe, and more recently in her native city of New York. The production of Meyerbeer's newest work, Dinorah, (now the principal event in Europe) will enable Mr. Grau to introduce to a Boston audience the *piquante* and delightful cantatrice Mlle. Angelina Cordier, whose interpretation of the brilliant and difficult music of "Dinorah" has won for her the greatest success.

Never before have the Bostonians been favored with so attractive a musical feast. Mr. Grau is one of the most enterprising and indefatigable of impresarios, and deserves the uniform success he meets.

CONGRESS.

THURSDAY.—In the Senate, the bill to temporarily supply the vacancies in the executive Department was passed. Mr. Wilson's bill to encourage enlistments and the enrolment and drafting of the militia was taken up. Mr. Carlisle's motion was discussed at considerable length, and was rejected, 13 against 28. After a long debate the bill was recommitted. A resolution was adopted requesting the President to inform the Senate the number of volunteers and drafted men actually mustered into service by the several States and the time when their service expires.

In the House, Mr. Stevens reported back the Senate's amendments to the Legislative, Executive and Judicial Appropriation bill. The House disagreed to that restricting the mileage of members to ten cents per mile to and from Washington. A committee of conference on the disagreeing amendments was asked. A joint resolution was passed to revise and codify the naval laws. The Naval Appropriation bill was considered.—The second section of the Naval Pension act of June 14th, 1862, was amended so as to give the parties therein mentioned $20 instead of $15 per month.

FASHION AND DIRT.—No truly sensible person will adopt any fashion which is decidedly uncomfortable or known to be injurious. Neither will or can any really *neat* person practice or countenance any habit which is not neat and clean. These are plain, incontrovertible statements, and have nothing to do with the well-known fact, that the folly or absurdity of a fashion or habit, has no influence in deciding its adoption or rejection.

The absurd practice of powdering ladies' hair is again becoming fashionable—and although it will be laughed at and denounced, as hoops were at first, yet a "fashion" can no more be stopped, than "the avalanche." The only way is to grin and bear it, whether a nasty creature dashes her head or drabbles her "tail."

☞ At Cincinnati a prisoner named Flemming, sentenced to imprisonment for life for murder in the second degree, has been ordered back by the Supreme Court for a new trial, after an imprisonment of fourteen years and five months.

☞ Arthur Shawcross, the son of an English nobleman, who had run through a wild career of dissipation, was smothered to death in New York, Monday night, while under the influence of a narcotic, which he had taken as a relief from the effects of a prolonged and violent spree.—Such was the end of an ill-spent life.

☞ News is now passed between the Sandwich Islands and New York in less than two weeks! President Lincoln's message was read and printed in full in Honolula fourteen days after its delivery in Washington.

☞ The Sunday School connected with the Berkely street Church in Boston is said to be the largest in New England. It has 650 pupils.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Paul Jennings' story of the Burning of Washington—Mrs. Madison.

"About sundown I walked over to the Georgetown Ferry, and found the President and all hands (the gentlemen named before, who acted as a sort of body-guard for him) waiting for the boat. It soon returned, and we all crossed over, and passed up the road about a mile; then they left us servants to wander about. In a short time several wagons from Bladensburg, drawn by Barney's artillery horses, passed up the road, having crossed the Long Bridge before it was set on fire. As we were cutting up some pranks a white wagoner ordered us away, and told his boy Tommy to reach out his gun, and he would shoot us. I told him "he had better have used it at Bladensburg." Just then we came up with Mr. Madison and his friends, who had been wandering about for some hours, consulting what to do. I walked on to a Methodist minister's, and in the evening, while he was at prayer, I heard a tremendous explosion, and, rushing out, saw that the public buildings, navy yard, ropewalks, &c., were on fire.

"Mrs. Madison slept that night at Mrs. Love's, two or three miles over the river. After leaving that place she called in at a house, and went up stairs. The lady of the house leaning who she was, became furious, and went to the stairs and screamed out, "Miss Madison! if that's you, come down and go out! Your husband has got mine out fighting, and d—n you, you shan't stay in my house; so get out!" Mrs. Madison complied, and went to Mrs. Minor's, a few miles further, where she stayed a day or two, and then returned to Washington, where she found Mr. Madison at her brother-in-law's, Richard Cutts, on F street. All the facts about Mrs. M. I learned from her servant Sukey. We moved into the house of Col. John Taylor, corner of 18th street and New York Avenue, where we lived till the news of peace arrived.

"In two or three weeks after we returned, Congress met in extra session, at Blodgett's old shell of a house on 7th street (where the General Post-office now stands.) It was 3 stories high, and had been used for a theatre, a tavern, an Irish boarding-house, &c.; but both Houses of Congress managed to get along in it very well, notwithstanding it had to accommodate the Patent Office, City and General Post Office, committee rooms, and what was left of the Congressional Library, at the same time. Things are very different now.

"The next summer, Mr. John Law, a large property-holder about the Capitol, fearing it would not be rebuilt, got up a subscription and built a large brick building (now called the Old Capitol, where the secesh prisoners are confined,) and offered it to Congress for their use, till the Capitol could be rebuilt. This coaxed them back, though strong efforts were made to remove the seat of government North; but the Southern members kept it here.

"It has often been stated in print, that when Mrs. Madison escaped from the White House, she cut out from the frame the large portrait of Washington (now in one of the parlors there,) and carried it off. This is totally false. She had no time for doing it. It would have required a ladder to get it down. All she carried off was the silver in her reticule, as the British were thought to be but a few squares off, and were expected every moment. John Suse (a Frenchman, then door-keeper, and still living) and Magraw, the President's gardener, took it down and sent it off on a wagon, with some large silver urns and such other valuables as could be hastily got hold of. When the British did arrive, they ate up the very dinner, and drank the wines, &c., that I had prepared for the President's party.

"When the news of peace arrived, we were all crazy with joy. Miss Sally Coles, a cousin of Mrs. Madison, and afterwards wife of Andrew Stevenson, since Minister to England, came to the head of the stairs, crying out, "Peace! peace!" and told John Freeman, the butler, to serve out wine liberally to the servants and others. I played the "President's March" on the violin, John Suse and some others were drunk for two days, and such another joyful time was never seen in Washington. Mr. Madison and all his Cabinet were as pleased as any, but did not show their joy in this manner.

"Mrs. Madison was a remarkable fine woman. She was beloved by everybody in Washington, white and colored. Whenever soldiers marched by, during the war, she always sent out and invited them in to take wine and refreshments, giving them liberally of the best in the house. Madeira wine was better in those days than now, and more freely drank. In the last days of her life, before Congress purchased her husband's papers, she was in a state of absolute poverty, and I think sometimes suffered for the necessaries of life. While I was a servant to Mr. Webster, he often sent me to her with a market-basket full of provisions, and told me whenever I saw anything in the house that I thought she was in need of, to take it to her. I often did this, and occasionally gave her small sums from my own pocket, though I had years before bought my freedom of her."

To be concluded.

[We have just enough of these interesting recollections to make another chapter, especially on Mr. Madison, by Paul Jennings, his body servant. The closing paragraph of this chapter affords food for sober thought. Paul Jennings, the slave, buying *himself* from the poor widow of a deceased President, whom he loved, and whose memory he loves still; yet he preferred to be free; and when free, out of his earnings, he gave her small sums from his own pocket.

Could he take care of himself? Has he any rights which white men should respect? Why did he not kill somebody as soon as he was free, and then run North? Why did he not become a nuisance and a pauper? Let the worshippers of slavery ponder these things.] U. T.

☞ The European steamship lines have decided to make passage money payable in gold or its equivalent in currency.

SYMPATHY.

Fellow-worker, toiling brother,
Come into the fields with me;
Share the sheaves support each other,
So with us it ought to be.

Lean upon me in your trouble,
And support me with your joy;
Friendship can a lifetime double,
Hatred will two lives destroy.

Oh! remember, the Eternal
Says we in one barn together,
When with his right hand supernal
Sheaves of life he stows, to gather.

"LOVE ONE ANOTHER."

Look not for some great example,
Such as saints and martyrs give;
One command, so sweet and simple,
Teacher has the way to live.

In your watching, in your praying,
In your actions, great or small,
Keep within your heart this saying—
Love each other; that is all.

Alice Carey.

☞ Letters from New Orleans state that Gen. Banks is sadly discouraged at the state of affairs in his Department. He has too many troops to keep dile and too few to attack Port Hudson.

☞ The "no card" fever seems to have subsided in New York, one unfortunate wight having recently appended to the notice of his marriage, "no friends to send cards to."

☞ A woman with three arms and hands goes out to do housework in Brighton, England. The extra limb is said to be small but perfect from the elbow to the tips of the fingers.

Eastern Railroad in New Hampshire.

The Stockholders of the Eastern Railroad in New Hampshire are hereby notified that a special meeting of their Corporation will be holden at the Station House, in Hampton, N. H., on Monday, the sixteenth day of February instant, at ten o'clock, A. M.

To consider and determine whether they will ratify and confirm the doings of their Directors in executing a contract dated December 26, 1862, between said Eastern Railroad in New Hampshire and the Eastern Railroad Company, explanatory of the provisions of the Lease between said Roads, dated February 18, 1840, and in adjustment of all claims and disputes between the two roads.

By order of the Directors.
WILLIAM H. HACKETT, Clerk.
Portsmouth, N. H., Feb. 5, 1863.

Meinerth's Photographic VIGNETTES.

No. 7 Daniel Street, Portsmouth.

Rooms open from 11 to 3 o'clock every day, except Thursday.

Mr. MEINERTH has paid to the study of the VIGNETTE his especial attention, perfectly convinced with other artists on the same subject, that this style will eventually supersede and survive all others, as being the nearest to reality, and remotest to mere fancy and temporary fashion; and receiving already now the attention and preference of men of refined taste and judgment.

☞ Common Photographs and Ambrotypes taken as usual.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum has been expended in the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWEETS PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my neighbors, who were afflicted with the disease, and many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress after my meals, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWE.

From ELDER I. CHESLEY, *Lee, May* 31, 1843.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, JR, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

S. A. AVERY would inform Smokers that he has just received from New York a good assortment of SMOKING ARTICLES.

They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 302 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ New barque Annie E. Sherwood, (of New York,) Capt. Thompson, from Kennebunk for Portland, arrived here on Friday morning. She left Kennebunk, with a crew of eight men, on Monday night last, about twelve o'clock, and was driven off this harbor, where she came to an anchor about four o'clock on Tuesday afternoon. On Thursday she lost an anchor and chain, in the furious gale, and about daylight on Friday morning, having lost the remaining anchor and chain, she ran into this port. The crew suffered intensely from the severe cold on Wednesday and Thursday.

☞ The funeral of Mr. Franklin Gardner, late a member of Company G, 10th N. H. regiment, will take place at the Universalist Church, on Sunday afternoon next at two o'clock. The City Authorities, Home Guard, and Engine Companies will escort the body to the grave; by request we would state that the friends and relatives of the deceased are invited to attend his funeral without further notice.

☞ The brief cold term of Wednesday and Thursday terminated on Thursday night. On Thursday we had a slight fall of snow; and during the night snow, hail, and rain fell, a strong wind prevailing at the time and through most of the next day. On Friday morning the pavements were very slippery, but as a warm rain fell until late in the afternoon, the ice disappeared beneath its influence.

Communication.

"BLOODY BEECHER."—Some Northern allies of those lambs of peace, Fernando Wood, Marshal Kane, Jeff. Davis and Beauregard, are howling like hungry wolves at the heels of one Beecher who is living, and over the grave of another who is dead, —because the living Beecher, in a lecture spoke of our need of more martyrs and more bloodshed,—and is reported as having said, "Blood is the wine of the nations.—God feeds them on blood." And in a "little church" in Litchfield Co., Conn., the county where the deceased Beecher used to preach, "the old congregational society," have given some queer instructions to their committees "whenever" they hire a preacher, to wit, that he "shall not allude to the present war, either in prayer or sermon."

Uncle Toby would like to preach there *one* Sabbath,—and would pledge himself to conform strictly to the instructions,—but as he is a long way off, and the little church probably does not have preaching often, nor pay enough for travel, he can hardly expect to do so. However, he will do the next best thing he can in the premises, viz. quote a verse or two of Scripture for the instruction of those who rave and rail at the living "Bloody Beecher," and who say, "If his God is one who 'feeds the nations with blood,' it explains much of his preaching."

There is one prophet, Isaiah, styled the Evangelical Prophet, and quoted by Jesus more than any other. This Isaiah worshipped the same God whom Jesus calls "Our Father," and claimed to be his prophet.—Chapter 49 of his prophecy is full of predictions, usually supposed to relate to Gospel times,—and this chapter closes thus:—

"Shall the prey be taken from the mighty, or the lawful captive delivered? But thus saith the LORD, Even the captives of the mighty shall be taken away, and the prey of the terrible shall be delivered: for I will contend with him that contendeth with thee, and I will save thy children.—And I will feed them that oppress thee with their own flesh; and they shall be drunken with their own blood, as with sweet wine: and all flesh shall know that I the LORD am thy Savior, and thy Redeemer, the Mighty One of Jacob."

In the Book of Revelation, chap. 16, verse 6, the third Angel speaks of God as righteous, and says—"they have shed the blood of saints and prophets, and thou hast given them blood to drink, for they are worthy."

These passages, with their contexts, really look as if there is a God who judgeth in the earth—and terrible as well as righteous are his judgments, however long they tarry.

U. T.

☞ A bill was introduced in the rebel Congress Jan. 28th for condemnation to the public use of all cotton within the Confederate States. The plan is to give the owner a receipt for the price of it at 12 1-2 cents per pound, sell it to the Government of France or dealers in England, and let the purchasers see to its exportation.

☞ Jeff. Davis and his brother have purchased plantations in the interior of Mississippi, as a refuge for their slaves.—Their old estates are on the Mississippi, below Vicksburg.

☞ The Richmond correspondent of the Charleston Mercury says French bankers have tendered the Confederacy a loan of 75 million francs. Had he said a hundred millions, it would have been a bigger lie.

☞ A Fortress Monroe letter says the steamer Patrick Henry will soon endeavor to get to sea as a privateer. She mounts 8 heavy guns, and is strongly iron-plated.—She was formerly the Yorktown.

DEATHS.

In Eliot, Me, Feb. 5, of diptheria and croup, JOHN HOWARD BARTLETT, aged 2 years and 3 months, eldest son of Sylvester and Clementina Bartlett.

At Brookline, Mass., Feb. 4, JOSEPHINE A. SHEARS, wife of William Shears and daughter of the late Abner Peckham, of Providence, R. I. aged 31 years.

☞ The Funeral of Mrs SHORES (postponed from yesterday on account of the weather,) will take place this, Saturday, forenoon from the Stone Church, at 11 o'clock.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 5th, barque ANNA E. Sherwood, Thompson, Kennebunk. [See Local column.]

☞ Dr Dessauer would inform his friends and old customers in Portsmouth, and the public generally, that he will be in his office (see advertisement) from 8 o'clock A. M. till 8 P. M.; and that he will furnish Spectacles to suit every one, from 50 cents each and upwards. tf

☞ Hon. Theodore D. Weld, of New Jersey, will address the citizens of Portsmouth at the Temple on Saturday evening next. Subject—"The Rebel issues, and the lying pretences of the conspirators."—Also on Sunday evening, on "Truth and its antagonists." 2t

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. $1.25 per year, in advance.

Legal Notices.

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of WILLIAM BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of said deceased, will present his account of administering said estate, at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Jan. 13, A. D. 1863.

By order of the Judge,

Jan23 S. D. WINGATE, Register of Probate.

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire:

Respectfully represents MARY BATSON, of Newcastle, in said County, that SAMUEL BATSON, of said Newcastle, has lately deceased, intestate, having at the time of his decease, a family homestead, situate in said Newcastle, described as follows, viz: bounded northerly by the road leading to Fort Constitution; easterly by land of the town of Newcastle and George Vennard; southerly by land of said Vennard; and westerly by land of William Neale; that your petitioner is Widow of said deceased, and has been and still is in the occupation of said premises; that no release or waiver of the right of homestead has been made; that the minor children of said deceased are Abby Neale, Clarinda Batson, Harriet H. Batson, Sarah L. Batson, Frances M. Batson and Thomas E. Batson.

Wherefore she prays that a homestead of the value of five hundred dollars be set off to her agreeably to the statute in such case provided.

MARY BATSON.

Dated the Thirteenth day of January, A. D. 1863.

Rockingham ss. Probate Court at Portsmouth in said County, January 13th, A. D. 1863

Upon the foregoing Petition it is Ordered, that a hearing be had thereon at a Court of Probate to be holden at Portsmouth in said County, on the third Tuesday of March next, at ten o'clock A. M.; and that the Petitioner notify all persons concerned or interested therein to appear at said Court, and show cause if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

ja23 S. D. WINGATE, Register of Probate.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every plate cooked alike, and at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city and vicinity, who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Railt, Mrs. Ann T. Perkins, James W. Lyford, Francis T. Jarvis, Thos. M. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, (1. Melvin Huntress, Jos. D. Ward, Wm. Jones, F. Shores, Wm. P. Newton, Horton D. Walker, Benj. Chesver, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry E. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Sides, John Senter, Wm Ball, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Tredefren's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very due—no dust need escape into the room—a continuous fire may be kept through out the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this store an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use; Job Work attended to with dispatch.

E. A. STEVENS,
No 46 Market St.

From the Journal

HON. THEODORE D. WELD,

of New Jersey, who has recently been speaking in New England, to very great acceptance, will deliver addresses in this city—at the TEMPLE on SATURDAY and SUNDAY evenings, February 7th and 8th.

His subject on *Saturday* evening will be "The Rebel Issues and lying pretences of the Conspirators." His subject on *Sunday* evening will be, "Truth and its Antagonists."

Mr. Weld has spoken in Concord, Manchester and Nashua, last week to large and appreciative audiences.

We have seen notices of him elsewhere, which present him as a candid, clear and logical reasoner, free from cant. He uses up the Secession doctrine in a forcible manner. We are pleased to find the Temple selected for his use, for the Ladies should have an opportunity also to listen to his eloquence.

Let there be a large turnout of our citizens both men and women, to hear the doctrine of Secession properly handled by one who understands, how to do it. On Saturday evening, at half past 7 o'clock, on Sunday evening at 7 o'clock.

TO THE SONS OF PORTSMOUTH ABROAD.

Ten years have nearly passed away since, on the 4th of July, 1863, the scattered Sons of Portsmouth came home by hundreds, and in partaking the hospitality of the old homestead, renewed their old acquaintance and revived the recollections of their early days.

It was at the close of the ever-to-be-remembered occasion that a wish was generally expressed that in ten years there should be a like gathering. We have been reminded by the Chronicle of the matter, and a ready response from those gentlemen in Boston who projected and so handsomely sustained their part of the business, warrants us in saying, that the present prospect is that there will be a general gathering *at home* of the Sons of Portsmouth next Fourth of July.

FROM THE 16th REGIMENT.

We give below an extract of a letter from a member of one of our Portsmouth companies to a friend here, received this week. It is dated at Camp Carrolton, La., about eight miles above New Orleans, Jan. 10, 1863.

We are under the direction of our Lieut. Col. who is one of the smartest little fellows I ever met in my life. He was the first man who enlisted in Concord when the rebellion broke out—Henry W. Fuller—perhaps you know him. He is a lawyer but quite young. We all like him very much indeed. He commenced in the ranks and has fairly earned his position. We have been brigaded with the 110th and 162d N. Y. and 26th Conn. Vols.—the brigade to be commanded by Brig. Gen. Emery. I don't know much about Gen. Emery, only that he is a regular army officer and is very thorough in his discipline. Capt. Thacher and myself have just been out to purchase some provisions for our mess. We have a little of everything to eat. To-day we are going to have company to dine with us. Our Major and Chaplain are the guests. We are going to have prepared sausage meat fried, coffee, tea, pickles, bread and butter, fried mush (*hasty pudding*) and *lettuce* salad.

All our boys are well as usual. I think we are the only company but has some men in the hospital. Nothing but *bullets* will ever kill Company K.

Did you know that the good people of Portsmouth and all New Hampshire, and all New England did not more than half comprehend the greatness of this rebellion? Could you see the desolation and ruin all about where we are encamped, you would exclaim, like one of old, when he saw with his own eyes, "My Lord and my God." The very spot where we are now encamped, was, 15 months ago, one of the most fertile and fruitful plantations on the Mississippi. But now how changed. Beautiful mansions left all furnished for use, now occupied for our hospitals and by our officers. Large orange orchards gone to destruction for want of pruning and cultivation. Fences torn down for firewood and *text floors*. Everything going to destruction.—Ask where the folks are.—All gone to *de war.*—Women and all. O tell the young men of the North that when they are willing to leave their homes and business in the same proportion, as the young men of the South have done already, this awful tide of blood will cease to flow within three short months. There are no *traitors* here. The South are perfectly united. Thus you see they have a great advantage over us at the North.—Don't have any fellowship with *traitors*. Flee from them as you would from the prince of darkness.

Rumors are current here and at N.O. that we are to be ordered to New Orleans to protect the city. You know Col. Pike and Gen. Banks are fast friends, having been in Congress together; therefore I think we shall fare very well. At any rate our guns will all have to be changed before we ever go into action. They are miserable things. I tell you we are going to have music up river.—There is a tremendous force gone up—steamer after steamer loaded to the water's edge with troops. As I close I am pained at the sad fact that one of our number has gone to his eternal home. Lieut. Prescott Jones of Company E, died to-day of typhoid fever. He belongs in Wilmot Flats, N. H. He was as strong and hearty as any man in the regiment.

Our rations are very good indeed, just as good as you can get in Portsmouth. I send you our Bill of Fare. Do you think we ought to grumble? Here are ten days' rations to our company of 66 men:—

Pork 147 lbs.; beef 412 lbs.; bacon 99 lbs.;—beans 41 qts.; peas 10 1-2 qts.; rice 39 1-2 lbs.; corn meal 150 lbs.; potatoes 150 lbs.; coffee 26 1-4; tea 4 3-4 lbs.; sugar 99 lbs.; vinegar 26 1-4 qts.; candles 8 1-4 lbs.; soap 28 lbs.; salt 13 qts.; 5 qts. molasses, which is an extra ration, delived occasionally; with 22 oz. bread daily to each man. C. T. W.

WEATHER.—There have been great changes the past week. The Thermometer here was 13 degrees below zero on Wednesday *morning*. But once before had it been below zero this winter.—On Thursday in the morning it was 9 below—in the evening 27 above. On Friday morning it was 38 above—and the rain was coming down.

The Barometer on Thursday morning was at a higher point than we have any record of here—being 31.08. On Friday morning it had descended nearly an inch, to 30.10.

"NEW ENGLAND OUT IN THE COLD."—The thermometer, during Wednesday and Thursday, stood, *at its lowest*, in various places as follows:—Portsmouth, N. H., 13 below; Littleton 24 Great Falls 24; Rouses' Point 89; St. Albans 30; Burlington 22; Montpelier 22; St. Johnsbury 18; Wells River 23; Woodstock 27; Concord, N. H., 16; Peterboro', 22; Manchester 20.

BUY CALIFORNIA WINES

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let man, woman and child who has Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and

The Port is excellent because it is pure.

PROPOSALS FOR GRANITE.

PORTSMOUTH, N. H., Jan. 28, 1863.

Offers will be received until the 14th day of February next, for the delivery upon the wharf at Fort Constitution, Portsmouth Harbor, of the following described good, sound, cut granite scarp facing, for which the price will be stated by the superficial foot, face measure.

1st. Three courses of stretchers, of lengths to be designated, and of widths not less than 2 ft. 3 in.; one course of 2 ft. 4 in. rise,—80 linear feet; one course of 1 ft. 6 in. rise,—115 linear feet; and one course of 1 foot rise,—200 linear feet.

2d. One course of 4500 linear feet, of 2 ft. rise, to be headers and stretchers alternately; the stretchers are not to be more than 8 ft. long on the face, and to average in width equal to the rise, and not to vary more than 3 inches from that width; the length of the headers on the face, is not to be less than the rise of the course, and they are not to be less than 5 feet long. The headers will be dovetailed 2 of 1 in. to 1 ft. from the irong.—the ends of the stretchers of this course being chamfered to correspond.

The beds of the headers, and their bullds and joints, for 3 inches more than the rise of the course and the beds, builds, and joints of the stretchers of all the courses, are to be ground, hammered straight," that is—out of wind, true to the square or bevel, with good, full joints, ready for laying. A draft line 1 inch wide will be cut around the face of each stone, and these lines on the vertical joints, will have a level or batter of $\frac{1}{4}$ of one inch. to 1 foot.

There will also be required, to be delivered upon the wharf of Fort McClary, opposite Fort Constitution, the following described courses of stone, of headers and stretchers alternately, and to be of the same character as to the manner of workmanship, as to joints, beds, builds, draft lines, dovetails, &c., as that just described for Fort Constitution: to wit,—2,420 linear feet of 2 ft. 4 in. rise; 3,150 linear feet of 2 ft. 2 in. rise; 3,530 linear feet of 2 ft. rise; 1,100 linear feet of 1 ft. 6 in. rise, and 1,100 linear feet of 1 ft. 3 in. rise; excepting only, that in the courses of 1 ft. 6 in. and 1 ft. 3 in., the stretchers shall not average less than 1 ft. 6 in. in width, the beds being dressed back accordingly, for 3 ft., and that the bevels or batter of the vertical joints, shall be $\frac{1}{4}$ of 1 inch to 1 ft. rise.

The above material is to be delivered as follows, provided the wharves shall be in readiness, as is expected; to commence at each Fort between the 15th and 25th of April, a due proportion first, of such of the lower courses as shall be designated; one third at least by the 31st of May, an additional third by the 15th of June, and the balance by the 31st of July. The wharves are expected to have 12 to 14 feet of water, at high tide.

The material must be satisfactory to the United States Engineer, or his agent, who is the right will be reserved to reject any bids not approved as to amount, or so to surrender, two of whom, of approved responsibility, will be required, to ensure the faithful performance of each contract. Payments will be made as reasonably desired, from time to time, with deductions of 15 per cent., till the completion of the contract. Proposals will be addressed to the undersigned, at Post Office box, No. 120, Portsmouth, N. H.

H. W. BENHAM,

3w U. S. Engineers.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim for the business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dimness of the head, Dizziness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pimples on the Countenance, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and let at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 5—1y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed. Dr. Dow's success is perfectly certain in the new mode of treatment, that most obstinate complaints yield under it, and the affliction soon gives place to perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 7 A. M. to 9 P. M.

April, 1862—1y 3taw

CERTAIN CURE

in all cases, of Ne Ne Changes Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unrivalled attention and extraordinary success gained a reputation, which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1863—1y 3taw.

Have you used the Strela Matches?

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of twenty cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Dr. GOODALL,

DENTIST,

60 Congress St.

PORTSMOUTH.

DENTISTRY.

No. 60 CONGRESS STREET,
Portsmouth, Jan. 1st, 1863.

DR. GOODALL

Would respectfully inform his patrons and the public, (by by had of late many calls to insert teeth upon VULCANIZED RUBBER,) that he has purchased the best VULCANIZER in the market, and is now prepared to do all work upon RUBBER, as well as the other bases of GOLD and SILVER as formerly, if preferred.

The Rubber has several important advantages, viz.: It is very light and elastic, and consequently is perfectly easy to the muscles of the mouth and cheeks. There are no interstices at the joints to collect food, &c.; consequently they can be worn night and day, and are very easily kept neat and clean.

Beside all this, the most accurate fit is obtained, as the Rubber is Vulcanized directly upon the plaster model, and the suction is of course much stronger than in plates of Gold or Silver.

Any one who is waiting for their permanent teeth will, I am confident, be perfectly satisfied with the Rubber, as a base. The expense is but a little more than for Silver, and you get the same teeth (in blocks) that you would pay $60.00 for an upper or lower set on Gold.

In New York and Boston, and throughout the West, Vulcanized Rubber is used almost to the exclusion of the other bases, and by the best Dentists too. I will warrant a perfect fit and teeth from the best manufacturer in the country, S. S. White.

ALL OTHER OPERATIONS IN DENTISTRY I will do at the same rates. I will here mention that my price for EXTRACTION is 25 cents.

AMOS PEARSON,

TEACHER OF MUSIC,

PORTSMOUTH, N. H.

☞ PIANO-FORTES FOR SALE.

Marriage Certificates.

For the use of Clergymen, Justices, and others who perform the ceremony—for sale at the Chronicle Office, by the single, dozen, or hundred copies.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the ventilation top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT" VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objections aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating apparatus have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to convey heat to any part of the cone, as they pass off in a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATTHEWS' VENETIAN HAIR DYE.—The celebrated Dye was first prepared in 1840; since that time it has been USED BY THOUSANDS, and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It cannot be surpassed or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one application will last crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

april 17 SAMUEL F. COBB, Agent.

Teeth on Vulcanized Rubber.

SOME OF ITS ADVANTAGES.

1st. It is stronger and lighter than any known material.

2d. From two to six times the amount of suction can be obtained by it.

3d. When the arch is formed over or by building out the depressions—which can be done to any extent—give the mouth a more natural appearance.

4th. No bad taste arises in the mouth by its use, as the secretions of the stomach and mouth do not affect it in the least.

5th. Teeth mounted upon this base can be kept clean and sweet as easy as a saucer, as when finished the work presents one whole piece.

6th. While in all ways it is better, save in a few peculiar cases, it is much cheaper than Gold.

DR. A. P. STEVENS, *Surgeon Dentist,*

No. 5 Daniel St., Portsmouth.

Has had four years of practical experience in making this material, and will guarantee satisfaction in all cases entrusted to his care.

Portsmouth, Jan. 1, 1863.

SPEER'S SAMBUCI WINE

CURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT.

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints.

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, use in Europe and America in Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting in diseases of children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, in imparting a healthy tone to the digestive organs, and blooming, soft and healthy skin, and fair complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a collection of specifications and official decisions relative to patents.
These, besides its extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 2, 1862. 3tawly

Morning Chronicle.

Portsmouth, N. H.

MONDAY, FEBRUARY 9, 1863.

THE REBELLION.

A Texas paper contains an account of the capture, off Sabine Pass, on the 21st ult., by an expedition from the Magruder fleet, of the Federal brig Morning Light and a schooner, with 12 guns, ammunition, etc., and 109 prisoners. Magruder, on the 4th, proclaimed Galveston open to commerce, but Com. Bell issued a proclamation on the 20th, declaring Galveston, Sabine Pass, and the whole coast of Texas under actual blockade.

The fleet of 120 vessels had sailed from Newbern, all bound South.

Com. Bell, commanding the U. S. forces off Galveston, sent a proclamation to the foreign Consuls, dated Jan. 21, stating that the city was liable to be attacked at any date, and allowing twenty-four hours for innocent and helpless persons to withdraw.

The Ram Queen of the West ran the blockade at Vicksburg, Monday morning at daylight. A hundred heavy siege guns opened on her as she steamed past. A rebel steamer also opened fire on the Queen, which replied to and crippled the rebel steamer. The Queen was under fire three quarters of an hour.

A correspondent writes to a Western paper that when Gen. Sherman retired from Vicksburg, supposing the expedition had been abandoned, the rebels sent 11 steamers up the Yazoo for supplies, and our fleet having returned in the nick of time, they are now blocked in; and the rebels have only two steamers between Vicksburg and Port Hudson.

There is some fear that Morgan contemplates a raid on Lexington, Ky., and the bankers and business men there have gathered their money and valuables preparatory to an escape. It is also reported that Shelbyville, Tenn., has been captured by the Federal troops.

Gen. Davis' division, with cavalry and artillery, has been sent from Nashville to intercept the rebels who attacked Fort Donelson under Gen. Morgan. 135 rebels were buried there by our men. The rebel Gen. Forrest was wounded.

The N. Y. World has a copy of a bulletin which was posted in Richmond on Tuesday afternoon, which states that all the churches and hotels in Savannah were taken for hospital purposes. Facts seem to warrant the conclusion that the attack on Savannah, if not on Charleston and Wilmington, too—for it is understood that the three cities were to be attacked simultaneously—has begun.

By Telegraph, Sunday, to Messrs Hutchings, Debey, and others.

[The first paragraph of the following is a synopsis of a sensational 'special' to a Philadelphia Sunday paper, and should be received with due caution.]

There is no considerable rebel force at Fredericksburg,—not more than 18,000, which is force enough to prevent our crossing at this season. The rest have been sent to the Blackwater and to Vicksburg, but their railroad communication being complete the rebels could in 72 hours mass a large force at Fredericksburg.—Last week the President determined to reinstate Gen. McClellan; the Cabinet was in flurry; Sec. Chase threatened to resign; so also did other radical members; the President yielded for the present, but within two weeks will place him in command; Gen. Hooker's appointment was temporary, &c.—Nothing decisive should be expected from Vicksburg for 30 days; it will require that length of time to complete the canal and capture the city.

The rebels have crossed the river at Glasgow, Ky.; they are committing depredations and carrying off Union citizens.

The Department has received no official account of the affair off Charleston.

Gen. Rosecrans' official report shows that our victory at Fort Donelson was complete and decisive.

George Francis Train was arrested at St. Louis on Saturday, and ordered to leave the state in 30 minutes or go to jail: he left the state immediately.

SECESSION is often considered as attributable to the doctrines inculcated in the Southern mind by John C. Calhoun, no farther back than thirty years ago. But whoever reads carefully the record of the struggle which the advocates of free government had with the champions of slavery in the constitutional convention, and the numerous writings of Jefferson and Madison relating to that subject, can see that the identical spirit of hatred of popular freedom had then grown to an alarming extent in the minds of the Southern aristocrats, which is now nothing less than a tornado of madness and destroying passion. The opposition which distinguished members from the South offered to the union of the confederacy after the Revolution, except with the most solemn and *expressed* guarantees to the slave power, in the Constitution, nearly prevented any successful formation of a Union at all.—*Subaltern, in Portland Press.*

☞ Portland is in a flutter, at the prospect of a fancy dress ball on the evening of the 17th.

NEW HAMPSHIRE ITEMS.

—— A mad dog was shot in Manchester on Thursday, after having bitten three sheep, a colt, and several dogs.

—— Last week was the fifth week of the session of the S. J. Court at Manchester; and it is probable three weeks more will be required to go through the old docket.—The Mirror says "a very good amount of business has been disposed of, some 26 verdicts having been given. Everything is being done up thoroughly, and the Judge is disposed to give all who wish a chance to have their cases heard. Judge Doe is quite popular with the bar."

—— Dr. L. M. Knight, Medical Director of Hancock's Division and Surgeon of the 5th N. H. regiment, has resigned.

—— Chaplain M. M. Hanson, Captain Pierce and Lt. C. Parks, all of the 5th, have also resigned,—Capt. Pierce on account of ill-health, Lt. Parks in consequence of disability resulting from a wound at Antietam.

—— Mrs. Barton, widow of the late Hon. Cyrus Barton, formerly of the firm of Hill & Barton, publishers of the New Hampshire Patriot, but more recently editor of the Reporter, published at Concord, died of disease of the heart last Tuesday evening while visiting a neighbor in Keene. Col. Barton expired while making a political speech some years ago at Loudon, we believe, of a similar disease.

—— Lt. Col. Seth Eastman, of the 1st Infantry, has been relieved from duty as Mustering Officer of the State, and is awaiting orders. He is succeeded by Maj. Jordan, of the 5th infantry, an able and efficient officer. He is disabled for active service by a wound in the shoulder joint received in the Mexican war.

—— The Governor and Council have been filling up the vacancies in the Second. Adjt will soon be published.

—— Adj. Gen. Colby has just returned from a visit to our regiments at Falmouth. He reports them as comfortable as could be expected during a winter campaign. They are in excellent fighting trim, and are full of confidence in their new commander.

—— The N. H. Journal of Education, a monthly magazine published several years in Concord, has been discontinued.

—— The Amoskeag Machine Shop, at Manchester, has already sent out 60 steam Fire Engines. Four or five orders for steamers are now on hand.

—— The Milford Daily Republican has been discontinued for want of support. So they go.

TRAIN.—George Francis has given some of his roaring, rousing, ringing speeches in Chicago; and the Times closes a very fair notice of him, with the following true summing up:—

"Train talked about many other things, and told many stories, the charm of which lay in the inimitable style in which they were uttered, and never failed to bring down the house. Having set himself up as a general censor, he is, of course, exempt from criticism—in fact, he cannot be criticised. He may be hissed, laughed at, abused, praised, liked, or hated, but he never can be neglected. He is one of those men who are enabled to say a foolish thing in a wise manner, and a wise thing so comically that one laughs in either case, and forgets the doctrine in the grimace which accompanies its delivery."

PRESIDENT LINCOLN AS A MILITARY MAN.—The following, is an extract from a speech delivered by Mr. Lincoln in Congress, when he was a member from Illinois:

By the way, Mr. Speaker, did you know that I am a military hero? Yes, sir, in the days of the Black Hawk war, I fought, bled and came away. Speaking of Gen. Cass's career, reminds me of my own. I was not at Stillman's defeat, but was about as near as Cass was to Hull's surrender, and like him I saw the place soon afterward. It is quite certain that I did not break my sword, as I had none to break; but I bent a musket pretty badly on one occasion.

If Cass broke his sword, the idea is, he broke it in desperation; I bent the musket by accident. If Gen. Cass went in advance of me in picking whortleberries, I guess I surpassed him in charges upon the wild onions. If he saw any live fighting Indians, it was more than I did; but I had a good many bloody struggles with the mosquitoes; and although I never fainted from loss of blood, I can truly say I was often very hungry.

Mr. Speaker, if I should ever conclude to doff whatever our Democratic friends may suppose there is of black cockade Federalism about me, and thereupon they shall take me up as their candidate for the Presidency, I protest they shall not make fun of me, as they have of Gen. Cass, by attempting to write me into a military hero.

☞ "Things are not always what they seem." In Grace Church, N. Y., on a week day funeral service, rather a seedy looking overcoat with a man inside of it, took a place in rather a fashionable pew. The dapper major domo of this fashionable resort of the religious, could not allow that, and removed seedy-coat to give place to a young and gaily dressed lieutenant, who seemed to enjoy the distinction. On the congregation rising, the three stars of a Major General were discovered on the under coat, and Maj. Gen. Banks' face was discovered above it.

☞ Gen. Sickles has been nominated for a Major General.

CONGRESS.

FRIDAY.—The Senate passed a resolution expelling G. E. Badger from the Smithsonian Institute Board of Trustees and appointing Professor Agassiz.

In the House, the Senate's amendment to the Post Office bill, authorizing the Postmaster General to contract for carrying the mails in steamships from San Francisco to the several ports in Oregon, at a sum not exceeding $24,000 per annum, was concurred in.

☞ A vessel arrived at St. Thomas reports having spoken the privateer Alabama on the 15th ult., in lat. 26 45, lon. 62 25. At the latest dates from Havana it was rumored there that the Alabama, after her encounter with the Hatteras, went to Port Royal with her prisoners, and would remain in that port some days to repair.—There is no confirmation of the reported destruction of the Florida by a U.S. vessel.

☞ The alleged poisoning by rye coffee is making some noise in Brooklyn. An examination was made by Dr. Bauer, the Health officer of Brooklyn, who discovered that the sickness was caused by the continued use of coffee made of rye, and he was confirmed in his opinion by making experiments upon a dog. He therefore ordered (by what authority is not made so clear) the police to seized upon the packages on sale in the store from which the coffee had been procured. Whatever this case may amount to, it is certain that Rye often contains ergot, or spurred rye, in dangerous quantities. The books say that in France fearful epidemics have been known to spring from the use of such stuff in flour. It is well known as a medicine to induce abortion. If rye is used at all for coffee, it should be carefully picked over. That the large manufacturers do this is not presumed.

THE OPERA IN BOSTON.—Mr. Grau is noted for keeping his promises punctually, and he has prepared a fine entertainment for the Bostonians.—*N. Je Cpn. Adv.*

We quote this in order to show in part what is in store for us. Mr. Grau, who is confessedly the very prince of impressarios, has taken unwearied pains to organize a company capable of affording the highest gratification to all lovers of the Opera; and we anticipate for him the most brilliant success from a musical corps so competent, and a selection of pieces so attractive.—*Boston Courier.*

☞ As Mr. Abel Wentworth, the Town Auditor of Canton, Mass., was crossing a pond on Wednesday, the ice gave way at the depth of about five feet, and he became fastened in the mud. His screams drew some boys, but all they could do they could not save him. He soon became chilled, and when finally taken out in about three-quarters of an hour, was frozen to death. He was a single man, 72 years old, and was universally esteemed.

SAD AND DISTRESSING DEATH.—The wife of Mr. L. D. Files, of Gorham, died last week under circumstances both strange and sad. Mrs. Files for several weeks past has had a special religious interest, and after several days apparently experienced a hope. The next day after her friends rejoiced in her conversion, she became perfectly insane, requiring three or four persons to hold her. Aftercontinuing thus for nearly two days she sank into a deep sleep, from which it proved impossible to arouse her. She continued in this stupor some days, when she died.—*Portland Argus.*

A CONFESSION OF TREASON.—The notorious F. W. Hughes, who intrigued last fall to secure the nomination for the United States senatorship in Pennsylvania, but failed on account of his too open display of sympathy with the rebellious slaveholders, has just published an address to his "Democratic friends," in which he abuses New England, and declares that if the alternative lies between the subjugation of the Southern States or separation from the New England States, he prefers the latter.

The foreign and domestic diplomatists at Washington are very angry at Bull Run Russell's reports of their private conversations. If ever a man wrote himself a vulgar, hungry, cowardly snob, surely that man is Russell.—*Boston Post.*

GOOD.—It seems there is one army inspector who don't wink at the rascality of contractors. The Newburyport Herald says a few days since a shoe manufacturer in Essex county, Mass., had a lot of shoes returned on his hands with a large hole cut through the bottom of every one, so as to effectually preclude the possibility of their subsequent acceptance by any less conscientious inspectors.

Austria must be a jolly place for editors. Out of 127 political journals, the most are in opposition to the Government, and the greater part of the editors of these are in prisons at the present time. In Vienna, the capital, the editor of every opposition sheet is now in jail.—*Boston Post.*

☞ Contraband goods having reached the rebels from New York city, through the West, Government has ordered that no goods be shipped thence to the West without special permission from the Custom House.

Keep your body sound; as wine savors of the cask it is kept in, the soul receives a tincture from the frame through which it works.

☞ The Bangor Whig heard recently of a party of amateur fishermen on the Kennebec, embracing one or two of the Augusta clergymen, who became lost in the fog upon Winthrop pond, a few weeks ago, and wandered round all night in a drenching rain.

☞ The stolen certificates of indebtedness have been recovered by the Secretary of the Treasury, and are now in possession of the Government, amounting to two millions and a half.

☞ The English keep the son of the king of Delhi—rightful owner of millions upon millions of treasure, lands, kingdom, &c.,—in a small prison at Rangoon and allow *five dollars* per month for food and clothes.

☞ The average attendance at Saint James's Sunday School, Boston, (Catholic,) is 1300. Hence the Berkeley Street School is not the largest in New England.

☞ It is calculated that the private property of the Imperial family of Austria amounts to nearly £2,000,000 a year.

☞ Last month is said to have been the warmest of the last 38 Januaries, with three exceptions, 1838, 1843 and 1858.

Eastern Railroad in New Hampshire.

The Stockholders of the Eastern Railroad in New Hampshire are hereby notified that a special meeting of their Corporation will be holden at the Station House, in Hampton, N. H., on Monday, the sixteenth day of February instant, at ten o'clock, A. M.

To consider and determine whether they will ratify and confirm the doings of their Directors in executing a contract dated December 26, 1862, between said Eastern Railroad in New Hampshire and the Eastern Railroad Company, explanatory of the provisions of the Lease between said Roads, dated February 18, 1840, and in adjustment of all claims and disputes between the two roads.

By order of the Directors.
WILLIAM H. HACKETT, Clerk.
Portsmouth, N. H., Feb. 5, 1863.

Meinerth's Photographic VIGNETTES.

No. 7 Daniel Street, Portsmouth.

Rooms open from 11 to 3 o'clock every day, except Thursday.

MR. MEINERTH has paid to the study of the VIGNETTE his especial attention, perfectly convinced (with other writers on the same subject,) that this style will eventually supersede and survive all others, as being the nearest to reality and remotest to mere fancy and temporary fashion; and receiving already now the attention and preference of men of refined taste and judgment.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA; and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

PORTS. CIRCULATING LIBRARY.

JAMES F. SHORES, 3d, No. 1 Congress Block, has just issued a new Catalogue of his Circulating Library. The books have all been re-numbered, and the arrangement of the catalogue will be found much more convenient than the old one. As the old catalogues are now useless, the patrons of the Library will be kind enough to lay them aside and send for a copy of the new one, which will be furnished gratis to all who wish for them.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; It saves Carpets; It saves Furniture; It saves Labor; It is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

Smokers's Articles.

S. A. AVERY would inform Smokers that he has just received from New York a good assortment of SMOKERS'S ARTICLES.

Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

Messrs. Editors:—As there has been considerable misunderstanding, and thereby some cavilling, in relation to the operation of the new Steam Fire Engine at the fire on the Portsmouth Navy Yard on Wednesday morning, it is proper that the *facts* in the case should be stated, and then the public may decide respecting the merits or demerits of the "machine." At the time the alarm was given, half past five—there was no one on the Yard capable of managing the engine, and not even men enough to take it to the fire. The arrival of the master machinist, and a number of his men, soon demonstrated its working qualities, and the fact, that, in ten minutes after its arrival at the scene of action, even with the thermometer at 15° below zero, two heavy streams of water were brought to bear upon the flames, puts to flight the silly idea that the engine is a failure. It continued in operation about two hours, to the satisfaction of all present, especially to those who were operating at the brakes of the hand engines.

We do not undertake to write up the superior qualities of the engine, as we have no interest in the matter, save to let the truth be known in regard to its workings upon this particular occasion. We suppose, however, that the superiority of the Steam Fire Engine over the common hand engine is acknowledged by every one possessing any knowledge of the two. NASSAU.

TREATMENT OF DESPERATE CASES OF FEVER, in their sinking and last stages and also severe cases of Neuralgia, with Nitrous Oxide or Laughing Gas.

Several eminent physicians of Philadelphia, Ohio and Alabama have, for several years past used this Gas in various diseases with the happiest results, restoring and saving the lives of several cases that were considered hopeless, and prolonged the lives of several others, as they think. It relieved delirium, gave strength to the pulse, color to the lips and skin, and ability to converse when all other remedies had failed.

It is a diffusive stimulant and safe, and is not necessarily confined to desperate cases, but may be used in any case where the blood requires more oxygen, or the system is in a low and feeble condition, and in consumption, asthma, and poisoning, &c.—*Boston Med. & Surg. Journal.*

We learn that Doctor Folsom, of this city, is prepared to administer nitrous oxide, or Laughing Gas, for medicinal purposes.

☞ The funeral of Mr. Franklin Gardner, late a member of Company G, 10th N. H. regiment, at the Universalist church, on Sunday afternoon, was attended by the City Authorities, Home Guard, and a large concourse of citizens. The services were solemn and impressive.

☞ Mr. Edward A. Rand, of this city, has been appointed to the Greek Tutorship in Bowdoin College. He graduated at Bowdoin in 1857, and has recently been pursuing the study of divinity at the Bangor Theological Seminary.

☞ We understand that Phil Pelham's Minstrel Troupe and Brass Band, 13 performers, are to give two "Grand Concerts" at the Temple, on Thursday and Friday evenings next. Particulars hereafter.

☞ Gov. Yates says Illinois now produces twice as much corn as any other State; also twice as much wheat; in neat cattle she ranks first; in hogs, but little behind Ohio; and in the value of live stock of all kinds she is almost the second State in the Union.

☞ A man by the name of Gregg, an officer, was recently dismissed from the army for fraudulently getting his pay seven times over, and who contrived to get pay for a month or two even after his dismissal.

A STRAY SILVER DOLLAR.—The Selectmen of Warren, R. I., were at last accounts in a state of consternation at the aspect of a silver dollar dropped into one of last Sunday's contribution boxes.

☞ The Tribune's Washington dispatch says there were two circles of blockading ships off Charleston Harbor—the outer one in deep water, seven miles from Fort Sumter, the inner one was upon the bar. Sailors in the Navy Department are certain that the rebel iron-clads went down only to the latter.

☞ The World's correspondent, with the Banks expedition, writes that Admiral Farragut's fleet was diminished in numbers to such an extent that it will be impossible for him to attack Port Hudson until it is reinforced.

☞ "Burleigh" writes from New York to the Boston Journal, as follows:—

The election of Gov. Morgan to the Senate, has produced a profound impression. It is a Weed triumph and a Greeley defeat. David Dudley Field, as the extreme Republican candidate, was pitied against Fernando Wood, the extreme Democratic candidate. Both have been laid out cold.

☞ Com'r Fairfax, formerly of the San Jacinto, has been ordered to the command of the iron-clad Nantucket, at Boston.

☞ Horace P. Russ, the inventor of the Russ pavement, died recently at Halifax, N. S., where he had been for some years engaged in gold mining.

☞ The President has determined to rescind so much of the general order which dismissed Col. Tom Ford, of the 32d Ohio, from the service, for cowardice at Harper's Ferry, on condition that he tenders his resignation, to take effect the day he was cashiered.

☞ A woman named Sault murdered three of her step-children, aged seven, nine, and fourteen years, on Monday morning, in the northern part of Columbia county, Pa., severing their heads from their bodies and throwing the remains into the fire. She is in jail.

☞ A Washington despatch reports an affray in the House between some civilians and two army officers. Revolvers were freely drawn, whereupon the two officers (Capt. O'Beirne and Lieut. Keelan) at once withdrew.

☞ A penny paper in New York says that a strong-listed servant girl in that city was recently assaulted by a couple of scoundrels, named John and Elam Mile, and that she flogged them both. We have heard that a miss is as good as a mile, but here was a case in wh h a Miss was as good as two miles, and a little better.

ITALIAN OPERA.—At the Boston Academy of Music, on this Monday evening, Mr. Grau commences a brilliant season of Opera, with a splendid double Company of the most celebrated artistes, including Miss Kellogg, Mlle. Morenzi, Mad. Lorina, Mlle. Cordier, Sig. Brignoli, Susini, Amodio, Bazilli, &c., with a full Orchestra and chorus. The list of Operas announced is exceedingly attractive, and includes Martha, Lucrezia Borgia, Norma, Linda di Chamounix, Il Poliuto, Les Vespres Siciliennes, Un Ballo in Maschera, Roberto il Diavolo, Il Trovatore, Ernani, Don Giovanni, I Puritani, Travinta, Figlia del Regimento, La Juive, La noces de Jeanette, and Meyerbeer's latest and most successful work Dinorah, or The Pardon de Ploermel.

The season will open with Flotow's popular opera of Martha, on Monday Feb. 9, in which the esteemed prima donna Miss Clara Louisa Kellogg, will make her entree as Lady Henriette. The role of Lady Nancy will enable the new and charming prima donna contralto, Mlle Catrina Morenzi, to make her debut in a gay and sparkling character wherein she has obtained much popular and critical applause. Brignoli and Susini, in their well known impersonations of Lionel and Plankett. On the second night of the season, the celebrated dramatic artiste Mad. Virginia Lorini, will make her debut in the role of Lucrezia Borgia, in which character she has won distinction in all the principal opera houses in Europe, and more recently in her native city of New York. The production of Meyerbeer's newest work, Dinorah, (now the principal event in Europe) will enable Mr. Grau to introduce to a Boston audience the *piquante* and delightful cantatrice Mlle. Angelina Cordier, whose interpretation of the brilliant and difficult music of "Dinorah" has won for her the greatest success.

Never before have the Bostonians been favored with so attractive a musical feast. Mr. Grau is one of the most enterprising and indefatigable of impressarios, and deserves the uniform success he meets.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to bake six large pies or six biscuit, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be VERY SNUG for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Rutt, Mrs. Ann H. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, Mr. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Caney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harrant, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel F. Pryor, Cushman Pryor, of Treffethen's Island; Geo. B. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

E. A. STEVENS,
No 46 MARKET ST.

BUY CALIFORNIA WINES

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who use Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.
